

# PUNISHED BY HIS LOVE

## I'm Sorry My Love Novel Alternative

### Chapter 2468

Galia asked very puzzled: "Husband, you don't tell me when you go to Hong Kong, I want to know When you go to Hong Kong, I will let you do my shopping."

Darius's business scope rarely touches Hong Kong.

So Galia was a little curious about Darius going to Hong Kong.

At the other end, Darius said in a mysterious tone: "This, I want to keep it a secret from you for the time being."

Galia pouted: "If you have any secrets that I can't let me know, tell me quickly! If you don't tell me, I'll fly right now. I'm going to find you in Hong Kong!"

It's true that Darius has no big or small habits in front of him, Galia has always been very close to Darius.

At the other end, Darius finally smiled: "It's a surprise for you, isn't this your birthday coming up soon, I think you've not been wronged for a while, and I just want to give you something special on your birthday. A gift.

Hey!

In front of you, there is always a secret.

What I give you is..."Remember the URL

" Don't say it, don't say it! I want you to keep it secret! I want a surprise! Hee Hee hee, I want a surprise!" Galia was so happy that she even forgot that she wanted to make a villain.

“Alright, keep it a secret. I’ll be back tomorrow anyway.” Shu Ming said fondly.

Galia still insisted: “Don’t tell me when you come back! I want you to give me a big surprise on my birthday, it must be a big surprise!”

“Yes! My wife!”

Galia was satisfied. Said, “Then I’m hanging up.”

After closing the line, she looked at the three companions with a wide-eyed smile.

Before she could say anything, Suzi Rayna and Dalia said in unison, “I’ve prepared a birthday present for you, little aunt!”

“Haha!” Galia was very happy.

“Let me tell you, Ming Zhen gave me a birthday before and never gave me a surprise. He knew that I was greedy, and at most he would take me around the world to eat on my birthday.

Now, he wants to Surprise me.

Wow, I’m really looking forward to my birthday coming soon.”

“Aren’t you going to make a villain?” Rayna asked jokingly.

Galia nodded.

Then he shook his head again: “Make it, of course I have to make it! I have to make four at a time! Quadruplets! Humph! I’m better than all of you!”

“Look how happy you are.” Galia.

Galia is the pistachio among them.

A few days ago, there were too many things, and they had not seen Galia smiling like a child for a long time, looking at her as if she was fighting with a group of children for something to eat.

Now that Galia has returned to her heartless appearance, Suzi's heart is also extremely relieved.

In the end, the blow Galia suffered this time, the events of the Yan family 30 years ago were revealed. Basically, it was also because of her Suzi and her mother Alyce.

And his three children.

All this was caused by Galia holding injustice for their family.

That night, Suzi and Arron, who were lying in bed to rest, mentioned the matter: "Galia suffered these incidents for nothing because of us."

Arron put his arms around his wife's shoulders and said warmly, "Fortunately, This matter has passed smoothly, and it can be regarded as Galia's growth. We will help her more in the future. Isn't Galia going to act in a movie?"

In the movie she starred in, the Fu Group invested all of it.

Tell that director Kim to choose the best attractions in the world and the best props, so you don't have to worry about how much money you spend.

As long as Director Jin Jiaming wants to invite any actors, no matter how expensive, please come and play supporting roles for Galia. "The

Fu Group rarely designs the entertainment industry.

First, because there are no good films for him to invest in.

Second, Arron doesn't like the atmosphere of the entertainment industry.

## **Chapter 2469**

Therefore, he also knows very little about the industry.

As soon as he finished speaking, Suzi punched him on the chest: "Man! I didn't see it. After following you for so many years, I found out that you turned out to be a nouveau riche!"

Arron looked into his arms with deep eyes Not only teasing him, but also seducing his woman intentionally or unintentionally, he asked in a low voice: “What does your husband mean by a nouveau riche? It means...”

He put his arm around her tightly. point.

Suzi didn't notice it.

She curled her lips, raised her finger and poked his chest: “Look at you, the way you talk, it's like throwing money at people, and any expensive actor can be invited to play a supporting role for Galia.

How do you know, Are expensive actors willing to come?

How do you know, director Jin, can you like your rich and powerful style?

You say that you are not a nouveau riche, so what are you?

Nouveau riche!”

Look When his woman taunts him like this, the man is not angry at all.

Not only was he not angry, but he turned the woman on the bed with one flip: “Then you should know that as long as the upstarts work on the bed, they are also alive and kicking, because the upstarts generally mean that their minds are simple and unintentional. He has made a fortune, so he is called a nouveau riche, but generally a simple-minded um...animal, in this regard, the requirements are very strong...”

Yu Bi, the man has used all four limbs, and directly put the Women are divided into 'big' glyphs.

“You... what are you doing?” Suzi was very puzzled by the man's transformation.

A minute ago, he was still talking about Galia, but a minute later, he could think of this.

And can practice.

The man smiled wickedly: “At night, it was in our bedroom again, on the bed of our husband and wife, you were under me, under my complete control, you asked me what I was doing... Little girl, when did you become so pure?” The

woman blushed when she was told: “Old...husband, it’s only after nine o’clock, the girl is still doing her homework, I’m afraid she will hear, girl I’m in my teens, I know everything, we made such a big noise...”

To be honest, she was really afraid that her daughter would hear it.

Shen Weiyi now understands more and more.

Apart from being thin and not developing horizontally, the little girl looks like a big girl.

Moreover, many things, including physiological aspects, that Suzi didn’t know, Shen Weiwei knew.

Now Suzi is almost ignorant in front of Shen Weiyi.

On English, she speaks Chinese English.

As for Shen Weiyi, spoken English can almost be used as a professional simultaneous interpreter.

On the harm of puppy love in school, what Suzi didn’t know, Shen Weiyi knew all about it.

Because a little boy has quietly handed a small note to Shen Weiyi.

Whenever Shen Weiyi reported something like Suzi, Suzi wished he could go to those little boys to settle the account immediately.

Shen Weiyi looked at his mother with unremitting eyes: “Can you save some face for others, you go to school to find others like this, how can you let them study hard!”

Suzi was annoyed: “Then why did you give it to me? Look!”

Shen Weiyi also scolded coldly: “As your daughter, I have to be transparent in front of you all the time, otherwise I’m afraid you will worry, understand! Suzi, I found you my daughter!”

Suzi suddenly Laughed.

Sometimes it really is, she thinks she is Shen’s only daughter.

Since then, she has realized that her daughter is older, has a very independent personality, and knows a lot about adults, so she feels that when she wants to make stuff with her husband, she must not let her daughter know about it.

Otherwise, be ashamed.

Hearing Suzi reporting this to himself, Arron smiled gratified.

As expected of his Arron’s daughter. “But...” Arron didn’t mean to let go, but lowered his

pressure: “Wife, you seem to have forgotten that the sound insulation of our bedroom is the world’s top class.”

His lips kissed domineeringly.

## **Chapter 2470**

Suzi has never understood, how can his own man be so brave and good at fighting?

Now Arron is about forty years old, but he is alive and well, just like a young man in his 20s. Even though they have been married for so many years, Arron is basically at least four times a week.

Sometimes every day.

Not only that, but he is also prolific.

He has so many tricks that Suzi never imagined.

Not long ago, it made Suzi blush every now and then.

He fooled the three children out with Christopher to play, and also gave Sister Tian and Sister Li a holiday. In the huge flat, there were only her and him.

Before getting up, Suzi didn't realize what was wrong, and she muttered: "Husband, you didn't give me the public ration the night before yesterday, and you didn't call me the public ration last night, so tell me honestly if you are powerless now. "The

man snorted coldly and didn't answer her at all.

He just said to her: "Today, the two housekeeping aunts are on holiday. Your hostess is going to get up and serve your husband in person. Don't be lazy, get up and cook quickly."

Suzi immediately remembered when he heard it. Yes, the man gave the two aunties a day off yesterday.

Not only that, but the three children should have been taken out by Yan Broadband to play.

Just the two of them today.

She was so happy that she was about to get up as soon as she lifted the quilt, only to realize that she didn't even have half a piece of cloth on her body.

"Husband, dad, my... Where are my pajamas?" When she went to bed last night, she wore short silk pajamas well, and that silk pajamas were actually very interesting.

The upper sling is long and can't cover the front part that should be covered. The main thing is that the lower part is short, so it is half-covered, just enough to cover half of the buttocks. wrapped.

The main thing is still behind.

The entire back is actually hollow, and only the thinnest part of the waist can have elastic bands around the waist.

It looked like a sling from the past, but if you look at it from the back, it looks like the apron worn by women in ancient times.

It was bought by Arron and specially given to her.

It is also Suzi's favorite.

In the bedroom of the two, Suzi wore this pajamas the most, and pointed fingers at the man: "Wild man, hurry up and fasten the sling from the neck for me!"

"Your waist is not allowed to sound, only Raise your arms!"

"Wild man! My back is itchy, you scratch me!"

"Wild man..."

Before she could call out three wild men, the wild man was absolutely wild, like he was off the hook Like a wild horse.

No, it's more like a wolf king in the snow.

Absolutely let her have no strength to move all night until dawn.

But that night was not like that. No matter how Suzi was in his pajamas and bossy in front of the man, the man was always indifferent.

One night, Suzi was so anxious that she really wanted to bite the man twice. She was so anxious until twelve o'clock in the middle of the night that the man didn't move. She couldn't bear it anymore and fell asleep. She slept on one foot until dawn. are gone.

The damn man!

How much did he hate this pajamas? Could it be that in the middle of the night, while she was asleep, he took it off and threw it away?

Do you hate pajamas, or do you hate her and want to change it?

"Where are my pajamas! Arron!" Suzi's tone was filled with grievances and anger that he didn't even notice.

"Throw it!"

As expected by Suzi!

“Okay.” Suzi has always been calm: “You bought it for me, I don’t blame you for throwing it away, please bring me another dress from the changing room!”

“I’m sorry, I’m just sending an email. , I’m in a hurry, go get it yourself, there’s no one at home anyway, just the two of us.” Arron crouched on the workbench without turning his head.

Suzi looked back at Arron.

He also wears less.

To be precise, he didn’t wear it either. He wrapped a bath towel around him, and looked at covering his waist and thighs.

Think about it too.

He’s not too much either.

## **Chapter 2471**

Anyway, in your own home.

Take it yourself.

Suzi came out of the bed in a big way, and when she came to the door, she felt a little guilty.

Quietly opened the door, the aisle was quiet, and suddenly there was a wild boldness in my heart.

The children are not at home.

The domestic helper is not there.

It’s just her and him at home.

It’s such a wonderful feeling.

Suzi pushed open the bedroom door and walked lightly towards the dressing room with bare feet.

When I got to the changing room, I found that the door of the changing room was shrunk. Remember the website

“Dad, where’s the key to the dressing room?” Suzi shouted at the top of his voice.

Arron hurriedly walked out of the workbench, looked at Suzi who was clean and slender, and suddenly wiped his forehead: “Forgot! The key on the door of the changing room was taken away by the eldest daughter.”

“You... .” Suzi’s brows suddenly raised Lao Gao.

This... doesn’t it mean that she wants to... just go on like this?

So pure and pure, the old man and the ape-man have never been so open, right?

The woman blushed suddenly.

Her bare feet stomped on the ground several times angrily: “Fu! Shao! Qin! You did it on purpose! You did it on purpose!” The

man shrugged, not entangled with her.

Suzi was even more angry.

She didn’t care that she didn’t even wear a piece of cloth all over her body, she gritted her teeth and rushed in front of Arron: “You bastard! Are you deliberately trolling me? I’m your wife, and I don’t have any clothes. If you don’t wear it, it’s not mine who lost it, it’s yours who lost it! You hate it!”

She raised her pink fist and punched Arron in the chest.

Still not relieved of the hatred, but also pushed him.

Three pushes and two pushes, she pushed Arron into the living room.

In the silent living room, there was only Suzi’s coquettish and angry voice, which was very pleasant to Arron’s ears in the morning.

At this time, the towel on Arron's body had already been torn off by Suzi.

The man's eagle-like eyes suddenly fixed on his woman: "Little woman, do you like it?"

"What!" Suzi pouted, not understanding what he meant.

But the heartbeat is getting faster and faster.

"It's like this, you and I are in broad daylight, don't draw the curtains, and see each other sincerely. In the whole big room, hundreds of square meters, only you and me. Do you like this kind of sincerity?" While speaking, he was getting closer to her.

His voice was right above her head.

Her size is messy, and her heart is like a hundred mischievous deer rushing around.

Hi is like.

I like it very much.

Very fresh, very pleasant surprise.

But also very shy.

She lowered her head, resting her head against his chin.

The voice was as low as a mosquito: "You...why are you so annoying?" The

man raised his head and laughed wildly. After laughing, his rough big hand lifted her small hem and leaned down. She pressed her lips and treated her gently.

Then let go.

Then the man said gently: "Little woman, you have been my woman for more than ten years, why are you still so easy to blush and shy?"

Yu Bi, before Suzi could say anything, he abruptly bought the dips and put the Suzi hugged him and walked straight to the balcony.

Suzi was shocked: "You... what are you going to do?"
