Chapter 2784 – 2785

Chapter 2784

At that end, Arron smiled: "Yo, listen to my daughter-in-law's tone, my daughter-in-law has become a big boss in the arena?"

Suzi said angrily: "Humph! I've been a Jianghu boss and his wife for almost 20 years, what's the matter, I can't be a Jianghu boss 1\."

"Yes, yes!" Arron said fondly: "My wife is a well-deserved gangster."

"Husband, tell me quickly, what kind of daring force is that daring force?" Suzi asked.

Arron sighed: "Those people don't know where they got the information from, saying that I quit the main city of Nancheng often. Nancheng is now headless, so there are only a few people who are extremely smart and want to muddy the water in the entire Nancheng."

"Bastard!" Suzi scolded angrily.

Arron smiled and said at the other end, "Don't worry, I'm still investigating, please comfort Galia first, and don't act rashly, or you will startle the snake."

Suzi nodded: "I see."

"I hang up first."

Suzi immediately remembered something: "Shaoqin, wait a minute."

Arron: "Huh?"

"The doctor in the hospital who does DNA, you need someone to follow him first, but don't let him know."

Arron said: "I have sent someone to follow him."

"Well, good." Suzi said.

"There's more." Here, Mi Lu suddenly interjected.

Suzi looked back at Mi Lu: "What's wrong, Galia?"

There were still tears on Mi Lu's face, but she said with a smile: "Help me...Thank you for the only one, I haven't seen you in four or five years, the only one has really grown up, she is no longer a child, she He is a great god, and he is an adult with a written character, a gentle temperament, a careful mind, and a very genuine temperament."

Suzi nodded: "Yes, this time thanks to the unique. After all, she is much simpler than us adults. She doesn't forget to think about complicated things when she sees things. Sometimes, things are very simple.

This is a scammer who wants to fish in troubled waters!

The first one should start with the quack doctor! "

Hearing what Suzi said, Mi Lu leaned on Suzi's shoulder with confidence: "Suzi, I finally... I can finally have a bright future, can I finally go home?"

Suzi: "Galia, you have come back. Now Shaoqin and I have been deployed, and we will give you justice. Tell me now, where have you been all these years?"

That year, in the hospital, you were injured so badly, how did you get out of the hospital?

So where did you go after you left the hospital? "

Suzi couldn't wait to know what happened back then.

Hearing Suzi ask this, Lost's face immediately dimmed.

"What's wrong, Galia?" Suzi asked.

Mi Lu's tears fell again in an instant: "Suzi, I was so sad at that time, because I saw with my own eyes that it was Ming Zhen who hit me with a car. It is better for me to die outside, because I love Mingzhen too much. If I die in Mingzhen's hands, I will live forever, and I will still be sad after the eighteenth.

I would rather die than be sad.

I still had a breath and was able to climb out of the ward.

I sneaked out of the ward while you were all away. At first, I hid under the window outside the ward, and I couldn't walk because I was suffering from ischemia and various injuries.

At first I saw that you were looking for me, and I was worried that Ming Zhen would find me.

When I almost thought I couldn't get out, I was suddenly picked up by a man.

"A man?" Suzi asked, "What does he look like?"

Mi Lu recalled: "He was very good-looking, he was about the same age as Brother Shaoqin, and people didn't like to talk. He picked up my colleague and covered me with ether, which made me dizzy, and when I woke up I was in a nanny van at the time."

"Nanny car?" Suzi asked.

"Yes, it was a nanny car. The car drove so fast, I didn't know how long it took. When it stopped later, I knew that I was already on the boat with the nanny car." Mi Lu said in a meeting.

Suzi thought thoughtfully: "On the... ship?"

Chapter 2785

Mi Lu smiled bitterly: "Yes, on the boat."

"Where is that person going to transport you?" Suzi asked.

"Exit." He sighed, "I didn't know that I left the country until a month later. I was very desperate at the time. I thought it was Ming Zhen who wanted to destroy me completely, and then sent me abroad to let me fend for itself. .

However, it wasn't until I went abroad that I found out that the heat didn't seem too familiar to Ming Zhen.

But also know a little Ming Zhen. "

Thinking of this, Mi Lu looked at Suzi: "However, the man who took me from the hospital has always treated me... It's not bad, he found me a professional and all-round doctor. Follow me and help me heal along the way, but my condition is not too serious.

After going abroad, the man asked her wife to take care of me.

His wife is also very good.

Just restrict me from going out every day.

I asked them what they were, but they refused to say anything. I could only see every day that there were many people taking orders from that man, as if that man had a huge sphere of influence.

It's just that he usually has a gloomy face.

In this respect, it is a bit like Brother Shaoqin.

It just seems that there is something "eldest miss" above that person.

"Qin Shuang." Suzi blurted out.

"Qin Shuang?" Mi Lu asked.

"It's the nephew of Shaoqin's father's original wife. Qin Shuang always wanted to marry Shaoqin back then. Isn't this marriage impossible? Later, after Qin Wenyu's death, Qin Shuang also left Fu's house. She returned to her own home. She went home. She originally thought that she could spend the rest of her life in her own home. Although the Qin family was no longer a wealthy family, they were still very rich.

Maybe Qin Shuang should not die.

Not long after she got home, she actually got a lot of wealth. It can't be said that the wealth is rivaling the country.

But there are billions. "

Mi Lu was stunned: "She... With these billions, she can do whatever she wants, and she can find whatever husband she wants, what else is she not satisfied with? ?

Could it be that she wants to seek revenge on you? "

Suzi nodded: "When did I offend her? It never happened. The first time I saw Qin Shuang, she gave me a slap in the face. From the beginning to the end, it was her wishful thinking that she wanted to marry Shaoqin.

But in the end, she still hates me.

Hate is inexplicable. "

With a sigh, Suzi said helplessly: "Maybe, God must help Qin Shuang. Not only did Qin Shuang get a fortune, but their Qin family also has a very loyal servant named Cheng Feng."

"Cheng Feng?" Mi Lu asked.

"Yes, the one who took you abroad from the southern town." Suzi said.

"Where is this person?" Mi Lu asked, "Actually...he didn't treat me badly after he took me away. He found someone to heal me and asked his wife to take care of me. I take good care of it.

At that time, my face was deformed by the chance of being hit by a car.

He also got someone to fix my bones.

Although the medical beauty technology was not very good, if my face was not corrected at that time, there would be sequelae. "

"Is your face straightened at that time?" Suzi asked.

Mi Lu nodded: "Well, they not only helped me repair my facial bones, but also saved my child, it's really not easy, so although Cheng Feng took me away, I don't really hate it. he.

The reason why I ran away from him was that they kept me locked up, I don't know where they came from, and I was going to have a baby, I was afraid that

they would hang on to me like this, and after I gave birth, They sold my baby again.

So, then I ran away. "

"Really...really you escaped?" Suzi asked.
