

# **PUNISHED BY HIS LOVE**

## **I'm Sorry My Love Novel Alternative**

### **Chapter 2798**

I invite you to dinner, and I can also give you..."

Halfway through what Ming Sai said, she stopped talking. She just looked at the male inspector with pitiful eyes.

The male inspector was stunned.

To be honest, this woman is really beautiful.

When she is not crying, her eyes are bright and she can talk. When she looks at people, she can make people feel like a deer in her heart, but you just turn your eyes and she starts to cry again. Those tears, crystal clear and misty eyes, made people feel pitiful to see.

What kind of man would not pity such a woman?

"I'm sorry, I shouldn't have asked you, I... I'm leaving." Pan Mingsai turned around and left.

"Wait a minute." the man shouted.

Pan Mingsai immediately looked at the man with a tearful smile: "At noon, I will invite Mr. to have a meal at noon, and then I will tell you in detail, is that okay?"

The man nodded.

He didn't want to nod, he thought it was ridiculous.

He's been doing too many absurd things lately.

But on second thought, I've already done something absurd anyway, and it doesn't matter if I do it again.

"At noon, I'll treat you to western food." The man had already begun to fantasize about a romantic lunch.

Better to have something happen.

It's best not to let him be in charge. "

"Okay, thank you." Pan Mingsai thanked him again and again, then took out his contact information from the violence and gave it to the man, and then asked the man for his contact information, and then he left satisfied.

After leaving the hospital gate, Joan was waiting for her in the car.

"How about it?"

"Success! Today at noon, he invited me to eat Western food!" Pan Mingsai said proudly.

Joan smiled: "Look at your proud demo!"

However, Pan Mingsai said with a look of sympathy: "I'm really not optimistic at all. If this man told me that she faked Galia's test report, I really wanted to kill him personally!"

"Calm down, you have to calm down. Only when you are calm can you truly restore Galia's innocence and wipe out that group of people!" Joan held Pan Mingsai's hand and cheered her on.

"Don't worry, husband!" Pan Mingsai said firmly.

Noon is coming soon.

The man called Pan Mingsai as scheduled.

Soon, the two of them ate at a western restaurant near the hospital.

The man is really happy to eat this meal.

He heard the woman's grief, knew that the relationship between the woman and her boyfriend had broken down, that his daughter was in pain, that he knew many things about the woman, that the woman was actually from another place, and that she had not publicly disclosed in the city where she was located. This matter, she chose to come to a big city like Nancheng, thinking that no one would know about it.

"Where do you live now?" the male doctor asked Pan Mingsai.

Pan Mingsai handed the man the address of her hotel: "Here, I will wait here until the test results of my boyfriend and the child come out, and then I will leave, otherwise I will be really worried.

The man I have endured for so many years actually gave birth to a child with someone else behind my back? "

The man comforts the woman appropriately: "Don't be sad first, let's talk about it when the result comes out."

"Well." The woman drank some wine and drank while crying.

Although it is red wine, it also has degrees, and women are sad, so it is easier to get drunk.

After a few glasses of wine, when the woman stood up to say goodbye, she felt a little dizzy walking.

"I'll take you off!" The man put his arms around the woman's shoulders, went out and called a taxi. The man took the woman to her hotel all the way.

This is a really luxurious hotel.

At first glance, it is a place where extremely rich people live. As soon as they enter the door, they will be subject to various inspections. Fortunately, the woman is still conscious. After she told the doorman, the doorman reluctantly let the man in.

The man helped the woman to the door of the suite where she was, and the door suddenly opened from the inside.

"You're finally here, Doctor Zou!" A man said coldly in the room.

## **Chapter 2799**

Dr. Zou was stunned for a moment, then stammered and asked, "You...what do you want to do?"

Darius sneered: "What do you want to do? Then you have to tell me, what have you done during this time!"

The male doctor was still stubborn: "Are you kidnappings? You can't get out of such a high-end hotel. You are breaking the law. Let me go! Otherwise, I will call the police!"

"Okay, I'll give you your cell phone and call the police!" Darius handed the cell phone to the male doctor.

The male doctor was dumbfounded: "You...Aren't you afraid that I will call the police?"

Shu Ming sneered again, then stuck the male doctor's neck and said viciously, "You dare to falsify the DNA test report, how many years do you think you will be imprisoned if I want to call the police? ?"

The male doctor's legs softened immediately: "You...you...you already know, how did you know, that...that woman and... .. she doesn't look like her at all, and her voice doesn't look like you..."

His face was flushed red.

After that, he couldn't even speak.

"Uncle Mingzhen, don't be so excited, let him go! If you don't let him go, he will be strangled by you! Uncle Mingzhen!" Pan Mingsai comforted Darius.

Only then did Darius let go.

The male doctor sat on the ground, gasping for breath, and it took him a while to get his breath back.

Darius immediately said to Pan Mingsai, "Saisai, call the police immediately!"

Then he looked at the male doctor again, and said word by word, "I tell you! Not only do you have no establishment in this hospital, but you will never find a job in the medical field since then. Now, this is still light, and you still have to go to jail! You know the influence of our Shu family.

If I, Darius, want you to go to jail for a few more years, if I want you to sit through the bottom of the prison.

You don't want to come out again for the rest of your life.

And, I will tell those people to take care of you inside! "

Darius has never been such a ruthless person.

But at this moment, when he saw this male doctor, he wished he could kill this male doctor.

The male doctor was frightened and immediately knelt in front of Darius:  
"Shu... so you are Shao Shu... I'm sorry, Shao Shu, I... I didn't know it was you..  
..."

"I don't know!" Darius sneered: "How could you not know! You don't know who I am, how could you take such a big risk? Tell me, are you with them?"

"No...I can't say I...I can't say." The male doctor sat on the ground with a frown.

"Mingsai, call the police!" Darius ordered.

The male doctor suddenly knelt down in front of Darius and cried: "I beg you, Master Shu, I'm playing with you, don't call the police, if you call the police, my work will be over, and my home will be over. It's all over, don't call the police. I beg you."

"Since you don't call the police, let the truth of the matter go to me! I promise you, I will protect you, and I won't tell you about your affairs!" At this time, Darius could only assure the doctor first .

Although, he hated this male doctor very much.

"You...are you telling the truth?" the male doctor asked.

Darius sneered: "When did I, Darius, talk too much!"

"Okay...Okay, I'll say it!" The male doctor was heartbroken and began to tell Darius.

The male doctor's name is Sun Huawei.

His family was poor since he was a child, and he was admitted to a medical school with great difficulty. At that time, when he was in school, his family was poor and could not afford to eat and wear. The better girls in the school didn't like him. When he came back, in order to stay in Nancheng, he married her. An old maid who was eight years his senior who could not get married got married.

Not only was the woman older than him, but the woman was mainly ugly.

The pockmarked face, the fat all over her body, and the uglier thing is that the woman with sparse hair is comparable to an old man in his fifties or sixties.
