## **I'm Sorry My Love Novel Alternative**

### Chapter 2714

You are such a bad person, does the Fu Group want to keep you for the New Year?

personnel!

Fire her!

immediately! immediately! Fired!

After she was fired, she was sent to the police station, and she was told that she publicly blackmailed our company's customers in front of the whole company! The

manager of the personnel department looked at Chairman Cui and Cui Yingying in embarrassment: "This..."

It's really embarrassing.

This is obviously not about Galia!

Galia joined the company from the first day, It is very clear that people are uneducated and have not graduated from junior high school, and what they do is also the cheapest job in the whole company.

But this cheap job was taken by Galia, who did not graduate from junior high school . The girl, she is well-organized. Remember that

the salary offered by the company is the salary of one person. In the past, this job had to be done by five or six people, so that I could barely finish the work, and I often made mistakes.

But Galia came to the company. After that, after her overall planning and classification, the two people completed the work of five or six people.

Later, Galia was promoted to the fashion department, and the little girl recruited in the grocery room was a college student who was recruited by Galia herself. Galia's degree of education was barely able to handle it. The

college student's overall planning ability was indeed comparable to Galia's, but that college student was not as capable of enduring hardship as Galia.

Galia squatted on the ground alone, and spent the morning separating the parcels, and then she was able to push the goods as high as the hills and deliver them to the department one by one.

It can also remind people in the department that which is important and which is not.

That little college girl can't do that.

Just because of Galia's outstanding work, all the staff and leaders of the company are looking at her.

With the foundation of a junior high school student and a low-level employee with a meager salary, they have achieved something that a supervisor may not be able to do. The fashion department also took a fancy to her and her solid professional fashion experience. , Galia, who was hired exceptionally.

Galia's education background, the personnel department was very clear from the beginning.

These are enough for the company to recruit employees.

As for what she had done before, she did not violate the law or violated social virtues. Even if she did something wrong before, would she take it with her for the rest of her life wherever she went?

This is really outrageous!

And Mr. Lin!

The general manager of a dignified company came to the Fu Group in such a domineering manner. He didn't talk about business or cooperation, but he grabbed an employee who had worked there before and suppressed him to death!

Just because they used to work under you, you suppress them?

Is there any reason for this?

it is good!

Even if you have the right to suppress others, you can't call all the leaders and staff of the Fu Group together, just like Galia is annoying and the whole company is trying prisoners!

What is this for!

The manager of the personnel department is very angry!

He hesitated for a long time, he really didn't want to help Zhou, he raised his head and said seriously to Cui Yingying with a death-like expression: "Miss Cui, I have something to tell you, we have gathered all the Fu Group to discuss Galia. It's not Galia!

It's Lindazhou!

We all thought that Lindazhou wanted to discuss cooperation with the Fu Group.

Who knows, he will fire our Fu staff here and slander our staff here In this matter, it was Lin Dazhou's fault!

Lin Dazhou, you should lose money!"

Cui Yingying glared at the Personnel Department, stomped her foot, and turned to look at Chairman Cui: "Dad! Look at him!"

Chairman Cui After hitting haha, he said lightly, "Fire Galia!"

## Chapter 2715

"What!" The manager of the personnel department was stunned, and he looked at Chairman Cui in disbelief.

Others were also waiting for the old chairman in disbelief.

Galia looked at the old man in disbelief.

After a while, she suddenly smiled.

After all, they are parents.

No matter how the chairman is, he can't justify it if he doesn't speak to his daughter.

In Galia's eyes, a trace of desolation flashed.

She worked so hard to live out herself, like a human being, and she did it, but in the end, the world was still unfair to her.

Is it because Cui Yingying has a father who is the chairman?

So, all her efforts were in vain?

Galia was not reconciled, even if she died, she still wanted to ask

“why?” Galia looked at Cui Yingying and then at Liao Jie.

To be precise, she just glanced at Cui Yingying, and then looked at Liao Jie.

Liao Jie was the first to pick up all of this.

“Liao Jie! I’m asking you, why!” Seeing that Liao Jie didn’t speak, Galia immediately questioned him sharply!

Liao Jie raised his head and smiled contemptuously: “Why! Because Galia, you are too ignorant of yourself, because you are so disgusting! How come you don’t have any eyesight?”

Do you think we got into trouble back then? In that case, you are so stubbornly pestering me, and I have become a life-and-death situation for you. During your time, you have become a nightmare for our family!

Not only my nightmare!

You are also my parents’ nightmare!

You are such a person, do you think I will want to see you again in my lifetime? ”

“You don’t want to.” “Galia answered truthfully.

“Since I know that I don’t want to see you in my life!” Why don’t you just get out of this company! why! Liao Jie clenched his fists angrily and looked at Galia with red eyes.

He continued: "You know that I want to cooperate with this company, if you are a little bit ashamed, if you know a little bit of shame, you will You should hide far away, right?"

But you can still break the scalp and you want to stay in the company?

Let me ask you, why are you?

You don't have to answer, I can answer it for you!

Galia, I know you still want to rely on me! Still not reconciled, you want to prove to me that you have made progress now, you can do it now, and now you have the ability to walk side by side with me!

You are now capable of being worthy of me.

You have to show your grace in front of me!

But Galia, don't you think you are ugly and disgusting like a naked nympho?

I can't see how ugly I am!

I can't even cover my shame..."

Hearing Liao Jie talking about herself like this, Galia's heart felt like a knife.

She really wanted to take a step forward and slap Liao Jie's face to pieces!

But she has to calm down!

She is very annoyed, but she knows that only calmness can deal with such vicious people at this time!

She smiled at Liao Jie and motioned to Liao Jie: "You continue..."

Liao Jie was very disdainful. He smiled: "Galia, I have never been such a ruthless person, you should know that you have been with me for three years, I have reminded you many times, I didn't intend to pursue you.

I was going to let you go.

In such a short time, you should remember every word I said to you.

I have reminded you many times that you should resign voluntarily!

As long as you voluntarily resign, as long as you don't dangle in front of my eyes, I promise not to pursue your past.

Even if you go to another company to look for a job, I will give you a free hand!

I should have reminded you more than once, right?

## Chapter 2716

I know!

You are a particularly trustworthy person, don't worry, I won't let you down this time!

I remind you every time, whether I call you or remind you face-to-face, in fact, I have a recording.

Every time I remind you, I kindly persuade you to let you resign voluntarily!

I have all the recordings! Hearing this, Galia smiled: "

Recording, can you take out your recording and listen to it?" "

"As long as you're not too ugly, why don't I take it out?" Liao Jie smiled contemptuously again.

He looked at Galia with a disdainful expression.

The meaning in his eyes seemed to say, I once gave you a face, and I have already opened my eyes to you, I am right You have done the best of benevolence and righteousness. It is your reminder to me, and I did not take my warning to you seriously.

Then, now, you are at your own risk!

He took out a recording device from his briefcase without hesitation, and in front of this The faces of many people were broadcasted directly.

There were really at least three times.

He said to Galia: "I advise you to resign, if you don't resign, you will be responsible for the consequences! "

Three times, almost all of them.

"Well, yes, you did warn me many times to let me resign, but the warnings were fruitless, so you killed me like this, right?" Galia looked at Liao Jie calmly.

Liao Jie said proudly, "I said, I'm not that ruthless and unscrupulous person. At first, I gave you face, and it was you who gave shame to yourself. Don't take it lightly to this point.

Now that things have come to this point, the chairman of the company has come forward to fire you.

In front of so many people, do you think your face looks good?

You are an employee of the Fu Group. It stands to reason that you should know the rules of the Fu Group. The Fu Group does not easily fire employees, but once fired, it will be difficult for you to find a job in Nancheng.

Because, other companies will fire you because of the Fu Group instead of you!

Galia, you call yourself shooting yourself in the foot! "

"So what? "Galia smiled firmly: "I can't resign, and I can't be fired by the company!" "

Liao Jie: "You..."

Galia shrugged: "You said it yourself just now, if I was fired from the Fu Group, I would have a hard time in Nancheng or even in the whole country. Get a job again, because my reputation will be completely stinky.

You say, I may be fired from the company?

Can't!

Liao Jie sneered: "My father-in-law, the chairman of the company has spoken. Do you think this matter is up to you? " "

" Liao Jie ! Don't deceive people too much! At this time, the director suddenly stood up, pointed at Liao Jie, and scolded angrily.

The director's face turned red with anger: "Galia has been working in our company for more than two years, and she has been conscientious and conscientious, and you, your company only later Find our company to work with us!

Who in the world decides. Because you want to cooperate with us, your ex-girlfriend who works for our company will have to let you resign?

If she doesn't resign, you warn her over and over again!

If the warning fails, you just come to forcibly use your power to get rid of her!

You also recorded audio.

You are a great general manager of a company, you don't feel ashamed or ashamed!

You're still here to show off your recordings!

You are so good!

Thank you for dumping Galia. If Galia really still loves you to this day, she is really blind! "

I also think that it is Galia's blessing that you dumped Galia!" You have no right to make Galia resign from his company! "The manager of the personnel department couldn't help but say.

" Isn't she blind? Behind her, Cui Yingying suddenly sneered: "Since you don't love my boyfriend anymore, and since you don't want to be blind, why do you have to stay here and cooperate with my boyfriend?" Isn't that slapping yourself in the face?

Galia, don't think I don't know what you're thinking!

Grab a man with me, you have no way!

Dad, get rid of her now, I'm sick of seeing her!

Let her die out of Nancheng! "

"I want to see, who has the right to fire the boss of the company?" "At this time, a voice suddenly came from outside the reception room.

## Chapter 2717

Hearing this voice, everyone was stunned.

The voice was low and magnetic.

This voice rarely appears in the company. In a year, it is in the company for dozens of days. Unless the company has a big meeting, when there are big decisions.

Because the owner of this voice has been looking for his sister outside.

As everyone was stunned, the owner of the voice also walked into the reception room.

"Mr. Yan!" The director of the personnel department shouted first.

Immediately after that, the director of the fashion department said, "Mr. Yan, why are you back?"

"Mr. Yan..." After that, it was Liao Jie.

The reason why Liao Jie was able to be successfully tendered by Fu Group was from Christopher from the very beginning.

When Christopher went to Liao Jie's city to look for Galia's whereabouts, he accidentally discovered that this big fashion company is very powerful, the order is very good, and the company's husband is very young, so young that Bie Christopher is still young.

Christopher has always felt that if a company's decision makers are young, everything is well communicated, and they are motivated and motivated.

For example, Fourth Master Fu, who was in charge of a large group company of the Fu Group, was only thirty years old at that time.

In the past ten years, the Fu Group led by President Buddha has expanded more than ten times its business volume compared to that of Mr. Fu Zhengxiong.

Christopher likes to deal with young people.

Therefore, after he came back from other places, he directly told the fashion department and other decision-makers of the company to ask them to go to that city for public bidding. If Liao Jie's company can win the business volume of Fu Group, it means that Christopher is not wrong. .

The Fu Group immediately went to that city to conduct the bidding. As Christopher had guessed, Liao Jie's company easily won the bid.

The entire Fu Group valued Liao Jie and Liao Jie's company very much.

But what Christopher didn't know was that Liao Jie himself and the Fu Group had long been related, that is, Liao Jie was the boyfriend of Cui Senshi's daughter.

Although Liao Jie did not cooperate with the Fu Group before, it was because of the pressure of Director Cui, and Mr. Cui knew Arron. Arron was the least able to bend the law for personal gain, and he was the least able to let anyone in the company cover up his relatives and give them to their relatives. Open the back door.

Therefore, Director Cui has always warned Liao Jie that he must make his company stronger and better first.

It was precisely because of his strength and excellence that Christopher noticed them again. In the end, Christopher inadvertently matched them, and finally Liao Jie and Fu Group cooperated.

Moreover, it wasn't because he walked through the back door of sensible Cui, but he was upright and fair.

Therefore, this is the strongest point that Liao Jie has always forced Galia to let her resign from the Fu Group.

He Liao Jie has the support of Christopher and the support of his old father-in-law. In addition, his company is indeed very good, so he is not afraid of anything.

He just wanted to force Galia away.

At first, seeing Galia was disgusting.

In the end, it was he who was upset!

Therefore, Galia must be forced away.

However, Liao Jie never thought that Christopher would be there at this time.

And came a sentence: "Galia is the proprietress."

Liao Jie stared at Christopher who had walked in, and watched Christopher walk in front of Galia. While sitting down, his arm was also around Christopher Yan's shoulders.

This time, not only Liao Jie was stunned.

All the people in the company opened their mouths and widened their eyes. The picture was surprisingly consistent.

Christopher turned a blind eye.
