#### **Chapter 2804**

Galia was startled for a moment, then rushed over and plunged into Mother Shu's arms, crying even more sadly: "Mom, woo woo woo, I saw these two children, and I thought of my two children, They died as soon as they were born. I was still lying on the birth bed. I didn't even see the baby's face. It was a pair of twins. Mom, I gave you your grandchildren. ..."

Mother Shu was stunned.

Then there were tears.

When people are old, they all want to have children.

Hearing that his two grandchildren died as soon as they were born, the old man burst into tears, and then hugged Mimi and Tiantian in his arms.

"It's good to come back, it's good to come back, Galia, you are still young, you and Ming Zhen will be able to regenerate after you, stop crying, come in quickly." Father Shu wiped his tears and said.

In this way, Galia followed Shu Ming's father and mother into the hall of Shu's house.

Two little ones followed, you look at me, I look at you.

Although they are only three years old.

But I have learned a lot.

"That aunt is not a mother." Mimi said to Tiantian.

Tiantian rolled her eyes: "That woman is a badass!"

"But Dad likes that girl."

Sweet: "Sister..."

The elder brother hugged his younger sister together, and the two small figures looked extremely lonely.

"Brother, will you take you to find your mother?" Tiantian said after a long time.

Honey nodded.

Brother and sister held hands and walked towards the gate lightly.

The two little ones were too small, and no one paid attention to the two of them. When they reached the gate, Mimi suddenly stopped.

"What's wrong sister?" Tian Tian asked.

"Brother, I'm afraid." Mi Mi didn't dare to leave.

"What are you afraid of, there is a brother here, the brother will protect the sister, and will not let the bad guys take the sister away." Tiantian said while patting her chest.

Mimi shook her head: "Brother, look, the two people outside the gate look like ghosts."

Tiantian followed Mimi's eyes and looked out of the gate, and sure enough, outside the courtyard wall, there were two men who were big in size and three in size, long and ferocious.

"They... are really scary." Tiantian was also scared.

"Sister, let's go back first. When there are no ghosts at the door, my brother will take you to find your mother, okay?" Tiantian looked at Mimi and said.

Honey nodded.

The two little milk dumplings went back hand in hand again.

The two burly men standing outside the door only looked at the adults of the Shu family, especially Galia, but ignored the two smiling ones.

One of the burly men took out his mobile phone and dialed a set of numbers: "Eldest young master, we have seen it clearly. It is the fourth young master's wife who is back. It's really true. What do you think we should do now?"

A gloomy voice immediately came from the other end: "The reason why we were exiled abroad and couldn't come back to Nancheng for the rest of our lives was because of Galia, this damn woman! I made her for me! I will give you how much money you want. !"

The burly man smiled lightly after hearing this: "Young Master, if you want us to deal with the Fu family, we really don't dare to make trouble, but if we kill a fourth young lady, we can still get it at our fingertips, so you can prepare the money. .Wait for our good news! We will definitely deliver the head of that woman named Galia into your hands!"

"It's a deal!" The other end snapped and hung up the phone.

## **Chapter 2805**

No one in the entire Shu family knew that at this moment, outside the Shu family's fence, someone was already staring at Galia.

Including Galia himself did not find out.

At this moment, Galia was immersed in happiness.

Being able to enter the Shu family, integrate into the Shu family, and be accepted by the Shu family is Galia's ultimate goal.

For this purpose, Galia really went to great lengths.

From start to finish, from front to back, how many times she has planned, each time is very careful, each time is very meticulous. Finally, she has achieved today's achievements, allowing her to truly enter the Shu family.

very nice.

The Shu family is a big family that can be counted in the entire Nancheng and even the whole country. Not to mention that Darius is a person with good habits, a talented person who is gentle and elegant, and others are also very capable. The company he founded has a market value of tens of billions.

There are also the antiques, calligraphy and paintings in the Shu family's family, as well as the inheritance passed down by the ancestors of the Shu family, and the influence of the Shu family in the whole country is not much worse than that of the Fu family.

Can you count how many women in the country have broken their heads and want to marry Darius?

Countless.

Let's not talk about the country, let's talk about the whole Nancheng, how many women are envious and jealous of that woman named Galia?

Galia, He De He Neng, can be favored by Darius and love him for a lifetime.

And she!

At this moment, it was Galia.

However, she was not originally called Galia.

Her original name was Su Cui'e. Fifteen or sixteen years ago, Su Cui'e was a very small girl. After graduating from college, Su Cui'e came to Haicheng without a good job. With her cleverness, she became a personal assistant for a budding female star at the time.

At that time, the female star's agency did not treat her Su Cui'e well, and the female star did not treat Su Cui'e well either.

However, Su Cui'e has an advantage in following female stars.

That is to see more, more horizons.

In particular, some people and things in the upper class that she saw made Su Cui'e eye-opening, even dazzling.

Seeing that the little stars who take care of themselves can interact with some rich and bright people every day, and can go to high-end places every day, eat Western food and drink coffee, that day is really elegant, fashionable and exquisite.

Su Cui'e was envious at the time, she thought that she could live a life like this, it would be worth dying.

Then one day, the little star's crew suddenly needed an extra. At that time, no one could be found, so Su Cui'e was asked to be an extra. This opportunity changed Su Cui'e's fate slightly.

She played the role very well, and later many people asked her to play a small supporting role.

At that time, Su Cui'e felt that she was also a little star.

She broke with the little star she cared for, and set up her own business to become an actor.

However, it was only after she really entered the circle that she realized that it is really difficult to be a star. In order to get a role every day, in order to be on the camera, she had to ask her grandfather to tell her grandma, and sometimes she had already eaten three meals. , but when an important mission called her to accompany the meal, she still had to go.

But even so, Su Cui'e couldn't play a role that suits her.

Even if it's a small supporting role.

Only then did Su Cui'e realize that being an actor is not so easy and that being a star depends on good fortune.

But, she's already mixed in this circle, what can she do? No matter how hard it is, she has to bite the bullet, not to mention that she has coaxed her into awkwardness with her old club. She is even more prominent than her old club when she is blocked, isn't she?

Just like this, after a few more years, Su Cui'e finally gained some status. With the capital, she can compete with her old club. However, she found that the little star she once cared for was actually in the most popular one. When suddenly died.

The cause of death made Su Cui'e extremely frightened.
