Chapter 2810

And then, is to find an opportunity to take the two children out of the large playground to play.

The more people there are, the better.

Then let the traffickers steal the two children, and then continue to do it again and again, and directly kill the two children!

Never leave trouble!

Because only she knows that these two children are indeed Darius's children, but Darius and the Shu family still don't know.

However, this was just the plan of the fake Galia himself.

She never thought that two three-and-a-half-year-old children are not easy to cheat.

Especially my brother.

The big bag of snacks in front of me couldn't attract my brother at all.

The little sister couldn't help it, she always stretched out her little fat hand to bar a snack, but every time she stretched it out, the brother beat the little fat hand of the little sister hard, and later made the little sister cry.

The elder brother put his arms around his sister and coaxed her: "Sister don't cry, my grandparents and my mother told us, let's not eat bad people's food, sister, have you forgotten? When father comes back, let father buy it for us, sister don't eat bad people's food, is the food you gave good?" The

younger sister nodded immediately: "Brother, my younger sister knows it's wrong."

Although the little girl really wanted to eat, she listened to her brother's words very much.

The elder brother said a few words in the ear of the younger sister, and the younger sister immediately nodded and smiled. Then she raised her head and looked at the fake Galia very simply: "Auntie... Mimi wants to tell you a secret." The

fake Galia was trying to curry favor with the two children, she immediately laughed "Okay, you can talk about it."

"Auntie, you squat down, I will tell you quietly." Mimi said with a smile.

Fake Yanyan crouched down immediately, her ears close to Mimi.

But never thought, secretly opened his mouth and bit Fake Galia's ear fiercely.

"Ow...you're enough! You little ba****!" Galia screamed again and again from being bitten, she pinched Mimi hard, Mimi cried in pain, and only then did fake Galia let go.

Galia immediately ran back to her room, then took out her mobile phone and called Darius: "Azhen, the two children you adopted are so uneducated, they

are really primitive and savage, that little girl My son bit my ear and almost bit my ear off."

Man: "What did you say, they..."

"Yeah, it's very savage, my ear was bitten, Darling... ... woo woo woo." Fake Galia was crying.

"Hey! When I find a chance, I will send them to the orphanage!" The man said without hesitation.

"Darling, Ming Zhen, thank you, we will have many more children in the future." Galia's goal was achieved.

As long as the two children can go to the orphanage, her only way is to kill the two children.

"Be good at home. When I have dealt with the matter at hand, I will come back immediately. Then we will send the child away together." The man said.

"Okay Ah Zhen, I'm hanging up."

"Goodbye." After

closing the line, the man's face turned black.

He drove faster, too.

An hour and a half later, he came to this humble hospital, got out of the car, and hurriedly walked towards the high-end ward.

When she came to the door of the ward, she saw a woman lying on the hospital bed.

At this moment, Mi Lu had just taken the medicine and was about to fall asleep. When she saw the person coming, she was stunned for a moment, and then she asked very alertly: "You... Who are you looking for? Did you go wrong? Ward?"

The man's voice was choked up: "Galia...I...I am your Ah Zhen."

Chapter 2811

Milu thought she was dreaming.

She pinched her cheek so hard that it hurt, is this true?

"You...what did you call me just now? You called me Galia?" She sat up and looked at Darius in disbelief.

Shu Ming held Mi Lu in his arms, his throat choked with excitement: "Galia, you are my Galia, I call you Galia, hit me, scold me!"

"You... did you really admit that I am Galia?" Mi Lu's tears burst down in an instant.

Darius burst into tears: "You are my Galia. You are my Galia..."

"Woooooo..." Galia cried out instantly.

Her voice was loud and rough.

But she just couldn't help it and cried.

Darius hugged her and wiped his tears.

Galia pushed Darius away and shouted with all her strength, "Get out! Get out of here! I hate you! The thing I hate most in my life is you... woo woo, you Hit me, you scold me, you kicked my ribs off, I hate you...you get out!"

"Ow... you kicked my ribs, you hit me... woohoo."

"I don't want you anymore..."

"I don't want to see you again in my life, get out of here..."

"You hit me so hard..."

"And your damn cousin Min Qingrong, you all beat me...you beat me to the death..."

"I will never forgive you in my life..."

"Go away, I don't want you anymore, I want to divorce you, divorce, divorce!"

Milu vented hysterically and cried hysterically, crying like a child's grievance.

so many years.

Has she finally come to terms with it?

Her husband, finally agreed to recognize her?

What to cry for?

People are like that sometimes.

Everyone has grievances, but who can the grievances in their hearts be released to?

Strangers, people who don't care about you, you have a huge grievance, and you don't want to express it to such people, what is the relationship between others and you, what is the relationship between you and others, and there is no vent.

Only when facing one's own relatives and one's lover, that kind of grievance is monstrous.

At this moment, Mi Lu... No, it was Galia.

At this moment, Galia really felt monstrous grievances.

She has been back in Nancheng for so long, and she wants to get close to her husband again and again. She has been the most humble and the lowest, but her husband still ignores her, and she does everything she can to please her husband.

In exchange, her husband punched and kicked her.

When she was beaten, when her rib was broken, she almost fainted in pain, but she still looked at Ming Zhen with a pleasing expression.

At that moment, she didn't feel anything.

At this moment, it is hate.

Just want to cry.

"Cry, cry, I know you've been wronged for a long time, I know, just cry in my arms. When you're tired of crying, just sleep, and I'll give you delicious food when you wake up. You buy it, you eat it to your heart's content.

You can only have the strength to hit me if you take good care of your body.

Cry..." Darius hugged Galia distressedly and muttered.

Galia pushed him hard for a while.

After a while, he threw himself into his arms and cried aloud.

Crying and beating and beating.

He kept shouting, "Darius, you are an as, you are an as, you are an as*..."
