

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel

Chapter 2814

In order not to disturb that Galia, I didn't dare to ask your mother for pictures of you when you were young.

Isn't that enough proof that they are our children?

Besides, what if it's not our children?

As long as you come back, that's it. "

"Mingzhen..." Galia fell into Darius's arms, crying hard.

Even if it was a brief separation, the two were inseparable, even Shen Weiwei, who was watching from the side, was very sad.

However, all three of them knew that they had to separate now.

When Darius left, he didn't dare to look back at Galia.

He was afraid that Galia would cry.

After going out the door and getting into the car, Darius also sorted out his emotions in the car for a while before driving back to the company.

No one knew that Darius had gone out this morning. Darius returned to his office, took off the sticky beard and wig, and continued to work.

I took my commute and he drove home on time.

The fake Galia was waiting for him at home.

The fake Galia was very talkative, and she talked very speculatively with her parents.

The whole family loves her.

Only two little babies.

Seeing that Darius was back, the two little babies rushed towards Darius crying as soon as they saw that Darius was back.

However, when Darius approached, Tiantian would let Mimi.

"Dad, Daddy..." Mi Mi was in Darius's arms, feeling extremely safe.

Shu Ming's heart was bleeding.

On the surface, he also pretended to be nothing: "Have you been obedient today?"

Both little babies nodded.

"You have to be obedient for the past few days. After Dad is done working for the past few days, he will take you to play, okay?" Darius asked.

The two little babies nodded quickly.

Darius turned his head and looked at the fake Galia again: "Galia, I'm in a relationship. For our happy life in the future, I plan to..."

"Come in and talk." He said again.

The fake Galia immediately understood.

When the two brought in supplies, Darius sincerely asked her for her opinion: "I plan to give these two children away, so you have to be nice to them these few days, otherwise, if it spreads out, people will say that our Shu family treats the children. No, you must leave a good reputation for yourself, even if the two children are disrespectful to you, you should bear with it, okay?"

"Silly husband, of course I will listen to you. I will definitely be good to the two children." She will be able to bear it if she lives at home for a few days, and she will definitely be very, very good to the children.

After agreeing with the fake Galia, Darius began to show his affection with Galia in public.

After a few days, everyone in South City knew that Darius's wife had returned, and she would add a very grand wedding in the near future.

The fake Galia's face was full of happy smiles.

She was very happy.

Her happy days began from then on, even if she stepped on the shoulders of the real Galia, so what!

"Galia, you have been living abroad for so many years, and so many people have helped you. For our wedding, do you want to draw up a list, a list, and invite them all?" Darius seemed to casually ask fake Galia's opinion.

Chapter 2815

Fake Yanyan was stunned, then overjoyed: "You...are you telling the truth? There are really many people who have helped me over the years, and I really need to thank them. And they... .."

Shu Ming looked at the fake Galia calmly: "And what?"

"Many of them are very poor, but in such a poor situation, they still helped me. One year I had a serious illness, and the cost alone was hundreds of thousands of dollars. Those people helped me put it together. I thought about it. Wearing..."

"That's a life saver! Hundreds of thousands! Even if we repay others ten times and a hundred times, it will not be enough to repay others' kindness to us. You are so stern, and you have listed all your benefactors. I plan to make a list every time. Someone gave them a house. In Nancheng, the big flat in the center of the city!" Shu Ming lived extremely generously.

"You... what did you say?" The fake Galia widened her eyes.

"What?" Shu Ming laughed: "Doubt your husband's economic strength?"

Fake Yanyan: "A suite in Nancheng, a flat floor in the city center, costs tens of millions of units. You...do you know how many people are helping me?"

Darius pursed his lips and smiled: "My lovely lady, don't tell me, after so many years, if there are 10,000 people who have helped you, then your husband really can't understand it, hundreds of billions, I It's really going to go bankrupt.

You don't really have 10,000 people, have you helped you?

If this is the case, the husband will take it back. "

The fake Galia smiled sweetly: "10,000 are real, no husband, just dozens of people. I think dozens of people are also a lot of money, if you really want to give them a suite, then It will cost hundreds of millions. I will feel bad, but..."

Seeing how she was about to stop talking, Darius immediately stopped her: "But what is it, baby, you can earn money back if you have it, do you doubt your husband's ability to make money?"

My husband tells you, over the years, your husband is indeed a bit decadent and earns less.

But now that you are back, your husband has more motivation, and he will make more money in the future. I estimate that the money we gave out will definitely be earned back in a year. Don't worry. "

Fake Yanyan nodded immediately: "Well, well, good husband, good, I will listen to you."

Speaking of which, she said in a half-joking and half-serious tone: "Husband, you plan to reward so many people, why don't you plan to reward me? Do you think that all the hardships I have suffered over the years are well deserved? And I lost your two children, so you blame me?"

As he spoke, Fake Yanyan's tears flowed out.

Darius immediately hugged Fake Galia distressedly: "After we hold the wedding, after rewarding your friends, we will do justice, in the future my money will be your money, and your money will be mine. From now on, the entire Shu family is yours.

How do you still want your husband to reward you? "

Fake Galia pouted and smiled: "Really!"

"Stupid or not!" Darius hung her nose.

Fake Yanyan immediately broke into a smile, and then hugged Darius tightly.

At this moment, Darius's expression was grim.

From their conversation for a while, he had made it roughly clear.

she!

This fake Galia is here for money!

for money!

Moreover, the appetite is not small!

However, Darius still didn't know how many people there were.

He didn't hesitate to kill them all, none of them could escape.

Otherwise, I'm sorry Galia!

And it will let the crime escape, and maybe in the future, I will deceive other people.

"You won't have a hard time in the future for my baby. Everything will be fine in the future. From now on, we will plan our wedding, and then we will entertain a wave of our benefactors before the wedding, what do you think?"
Darius seeks Fake Galia's opinion.
