

# Chapter 5039

With Evelin's words, Elaine fell into a cold ice cellar.

She was not in the mood to bother her if her request was too much.

She only knew that Evelin, who had been covering her at the Institution, was no longer concerned with her life.

The uneasy Elaine sat alone on the bed,

Watching Evelin and the two pack their personal belongings, she panicked and was afraid.

Staying up until noon in anxiety, the prison guard came to the cell again.

After the roll call was over, she said to Evelin and the others,

"Have you three packed your things? Your lawyers have arrived."

"Now you can go through the formalities with me and prepare to be released from prison."

Evelin nodded. She opened her mouth and said,

"We've all packed up, and we can leave now."

"Okay." The prison guard said, "Come with me."

After that, she took Evelin and the two and started to leave.

At this time, Elaine hurriedly asked:

“Is there any news about me? When will you let me out?”

The prison guard asked in surprise, “Sister Elaine,”

“Don’t you have to wait a few more days to get out of prison?”

Elaine blurted out: “I’ve already called my son-in-law and asked him to get me out today,”

“Haven’t you received the news?”

The female prison guard shook her head and said, “I haven’t received any news yet.”

“Today it is only three of them getting released from prison in your cell, and no one else.”

Elaine immediately became nervous and blurted out,

“Stephene, please say hello to your warden and tell them my case has been overturned,”

“And the person who framed me has also been caught, can you release me earlier?”

“This...” The female prison guard said embarrassedly,

“Sister Elaine, it’s not up to us to let people go, it’s up to the police or the court,”

“Or you can go to the playground after the meal later. Call your son-in-law to ask?”

Elaine could only nod her head uneasily, and at the same time she made up her mind,

That when she goes out later for fresh air, she must call Charlie as soon as possible,

And let him rescue her, if it was really impossible,

At least she had to let the prison guards put her in the solitary cell,

Otherwise, she might really be beaten to death.

Afterward, the prison guards took away the three,

While the others began to line up at the restaurant.

The three had just left, and Chloe, who had been suppressed by Elaine recently,

Walked up to her, gritted her teeth, and whispered: "You are dead!"

Elaine said in a panic: "Don't be too arrogant! My son-in-law is very powerful!"

Chloe sneered: "So what? Can he come in to protect you? If not, then I will kill you first!"

She said again: "Don't worry, everything you did to me,"

"I will get it back tenfold! I'd rather be locked up here for the rest of my life!"

Elaine's legs can not help but be a little weak.

And the former prison guard Jessica also stepped forward and said with hatred:

“Your son-in-law caused me to lose my job and go to prison, and you tortured me for so many days,”

“This afternoon. When you get to the cell, I’m going to break your legs,”

“And let you lick the floor clean with your mouth!”

Chloe looked at Jessica and said with a smile,

“Jessica, you can only break her one leg.”

Jessica asked inexplicably: “Why?! I’m willing to break both her legs!”
