

“No.” Travis dare not lie.

If he said that he had found Haze, he felt that Avery could immediately come to Bridgedale, block his door, and force him to hand over Haze.

“However, I have a clue of Haze.” Travis added, “Avery, Margaret is dead. Regarding the resurrection technique, wouldn’t it be good to let it develop naturally? You have to cut off my fortune to be happy? If someone finds your daughter and doesn’t return it to you, how do you feel?”

“Travis, what we are talking about is the same thing?” Avery asked.

“Why isn’t it the same thing?! You must still care about your daughter, right? For me, making money is more important than my own flesh and blood!” Travis angrily said, “Avery, I don’t want to waste time on you and Elliot. So, as long as you don’t hinder me from making a fortune, I won’t touch your daughter!”

“Travis, have you found my daughter?!” Avery heard his words, and was a little unclear.

“No! But I’ll be able to find your daughter soon! So you’d better not mess with me!” Travis said impatiently, “When I find your daughter, I will definitely eat and drink and let someone take care of her. The project is on the right track, and I will naturally find the right time to return your daughter to you!”

After Travis finished speaking, Avery did not answer immediately. So Travis hung up the phone.

Travis believed that Avery would definitely put Haze’s life first.

“Dad, what did Avery say?” After Travis hung up the phone, Emilio immediately asked.

“What can she say? What dare she say? Our new project, continue to advance! I am more and more convinced now that it was God who helped me in the sky and let me survive several times!” Travis said in a high spirit, “The self-help, God help! I have never relied on anyone before! Margaret is just a pawn in my hand! With her or without her, I will succeed!”

From the expression on his father’s face, Emilio saw the ambition and courage that a successful person should have.

It also allowed Emilio to see the biggest difference between himself and his father.

He didn’t have the drive to succeed that his father had.

...

Avery entered the master bedroom in despair with her mobile phone in her hand.

She went to the bed and sat down, but couldn’t lie down.

Her brain was running at high speed, thinking of a way.

It was obvious that she had told Elliot a few days ago that she would find Haze in the future, and let her subordinates find it.

Because she didn’t want to put the two of them in danger because of looking for Haze.

Elliot agreed to her at that time. But now, when she heard of Haze’s whereabouts, she couldn’t sit still.

She took a deep breath and adjusted her emotions. After a while, her emotions gradually calmed down.

She lifted her long legs, got on the bed, and lay down.

WHEN HIS EYES OPENED

Avery couldn't help thinking of Emilio.

Travis said that he had the clues of Haze, so Emilio must also know.

Two days ago, Emilio called her to ask her for dinner, but she refused.

At that time, Emilio's reaction was very unhappy.

Avery knew Emilio was unhappy, but she didn't want to say anything to explain her attitude.

But now, she wanted to contact him again.

She didn't know if Emilio would care about her.

She really wanted to know Haze's whereabouts.

Travis would never tell her, and now she has to see if she can ask anything from Emilio. Thinking of this, she sent a message to Emilio: [Next time you come to Aryadelle, I will invite you to dinner.]

It was daytime in Bridgedale. After Emilio received her message, she immediately replied: [When you called my dad, I was by his side.]

Emilio's meaning was self-evident. He knew what Avery wanted to say, and he was dismissive of it.

Sure enough, Emilio's message came again soon: [Avery, you are too realistic. When I have use value, you can take care of me. I kicked it out of nowhere as if we never knew each other. Your face is really ugly.]

Avery looked at the message he sent, her cheeks burning.

Emilio seemed to be right, but not right. From his standpoint alone, he is indeed what he said.

After Avery thought briefly, she replied rationally: [I am very grateful for your help in the past, and I am willing to help you when you are in trouble in the

future. The reason why I don't want to get too close to you has nothing to do with you, but because of your dad. You clearly know the reason, why pretend not to know? Your father wants to use false technology to make money against his conscience. Instead of stopping it, you are waiting to enjoy it. I am ashamed.]

Emilio: [Since you are ashamed, why did you send me a message?]

Avery: [Your dad said he knew about Haze's whereabouts. Is that true? I feel like your dad might be lying to me.]

Emilio: [If you send me a message just to make sure it's true or not, then I'll tell you that what my dad said is true. He doesn't need to lie to you about something so important.]

Avery took a deep breath and immediately asked: [How did you find Haze's whereabouts? Haze is now in Bridgedale?]

Emilio: [I have nothing to comment on. After all, I have to wait for my dad to succeed and enjoy it. If I told you now, wouldn't it ruin my dad's plan?]

Avery: [Emilio, I'm sorry, I didn't mean to mock you.]

Emilio: [Why do you have to apologize to me? I was what you thought, if it wasn't for my dad's property, why would I be scolded by him every day with my tail between my legs?]

Avery looked at his message and didn't know how to reply.
