

When His Eyes Opened Chapter 2306

Chapter 2306

Emilio was stunned for a moment, then said without changing his face: "Then let's wait and see!"

"Emilio, Don't you really feel scared? If you dare to swallow such a large property of the Jones family, you are not afraid of dying?" Norah sneered, "Even if our brothers and sisters do nothing, believe it or not, You can't keep what Travis gave you."

Emilio: "It's none of your business." After a pause, he said, "Believe it or not, even if I don't do anything, you will be punished in the future."

Norah's face suddenly turned gloomy.

"Those who do all the bad things will end sooner or later." Emilio reminded her.

"Haha! Are you scaring me?" Norah didn't even bother, "Didn't your good father do all the bad things? He is 73 years old. How many good people in this world don't live to that age? It's not fair!"

Emilio had no way to refute.

Indeed, Travis was worse than Norah! However, Travis lived happily until his death, and it was so unfair to those who were killed by him!

Suddenly, Mike came over with a glass of wine.

"What are you talking about! It's so exciting!" Mike walked to Emilio's side, put one hand on Emilio's shoulder, and looked at Norah with a smile.

The arrogance on Norah's face suddenly subsided a bit: "Our family is talking, it's not your turn to interrupt as an outsider."

Mike originally came to listen to the gossip, but he didn't expect Norah's attitude to be so arrogant.

"Your family? Emilio and you guys surnamed Jones shouldn't be considered a family, right? Didn't you join forces to hire a lawyer and plan to fight for inheritance with him?" Mike laughed and patted Emilio's shoulder, "Make room for me."

Emilio immediately got up and gave him his place and immediately ask the waiter to add a chair.

“Aren’t you the little white face next to Avery? Avery asked you to help Emilio?” The second sister glared at Mike with a bad tone.

“That’s right! Avery asked me to come. Are you upset? Hold on!” Mike glanced at everyone with a smile, “Let me guess how you plan to fight for your inheritance! It’s your intention to go to court to sue with tears in your eyes. Are you going to roll around? After all, the will was made by Travis himself, so there seems to be nothing you can do but play tricks.”

The second sister was so angry that blue veins burst out on her forehead, she wanted to have a big fight with Mike, but Norah pressed her down...

“Second sister, Ignore him. We can just follow our plan.” Norah said and gave Mike a contemptuous smile.

Mike: “Norah, does it feel good to kill? First, you used a knife to kill Elliot and Avery, but it didn’t work. Now you used a knife to kill your biological father... If Travis knew that the murderer came to eat his seat, it is estimated that Even if there is a resurrection technique to bring him back to life, I’m afraid I’ll be pissed off when I see you! Hahaha!”

“Mike, do you have any evidence?! If you don’t have any evidence, then you’re bloody!” Norah clenched her fists in anger.

“I don’t have any evidence, so go and sue me! I wonder if you dare to sue me.” Mike looked at Norah with a provocative attitude, “Don’t you think Avery and Elliot lost their memory of what you did before? Right? Do you understand being a man with your tail between your legs?”

Norah couldn’t eat her meal.

Keep sitting there and just make people see jokes!

She suppressed her anger, got up, and left with her bag.

Seeing Norah leaving, Emilio immediately raised his glass and toasted Mike: “Thank you for helping me!”

“You’re welcome. Norah is a paper tiger! it doesn’t look like that she is very powerful, she only dares to pretend to be ruthless in front of you! If she sees Avery and Elliot, she is guaranteed to be like a grandson! Elliot asked her to cheat Travis’s money before. She doesn’t dare not obey.” Mike said these words to the rest of the Jones family.

“Elliot is better than my father, and it’s normal for Norah to be afraid of him.” The second sister spoke for Norah, “And now the conflict in our family is not between Norah and father at all, but the unfair distribution of father’s inheritance. Except for Emilio, the rest of us all grew up with the father. Caleb and I joined my father’s company after

graduating from college. We worked diligently and obeyed my father's arrangements in everything, but my father did not give us a cent of his inheritance. It's you, can you not be angry?"

Mike: "What is there to be angry about! Travis gave you your life, forget it if you are not grateful, and take yourself as his creditor? If you want money, earn it yourself! No Which law stipulates that fathers must distribute property to children."

Mike's words made the whole table silent including Emilio.

"Didn't Avery also take her father's inheritance? I read the news before that her father gave her all the inheritance." The second sister suddenly remembered this.

"Yeah! Her father did give her the technology he researched, and at the same time, there are hundreds of millions more debts. If that inheritance is given to you, do you want it?" Mike laughed.

Everyone fell silent again.

Aryadelle.

Elliot had a dream.

It's hard to tell if this dream was a good dream or a nightmare. Because he dreamed that he was climbing a mountain.

The injury to his brain had not fully recovered, so when he climbed halfway up the mountain, he began to feel dizzy and could not see the road under his feet.

In order to prevent himself from falling, he held onto the handrail on the side of the mountain road and stopped to catch his breath.

At the same time, he looked up at the direction of G-Temple.

In the dream, he was the only one climbing the mountain, and he might have come out with Avery on his back.

There was a voice guiding him and asking him to go to the mountain, because his daughter Haze was on the mountain.

So even if he was dizzy and might fall down the mountain at any time, he still wanted to climb up without hesitation.

In the dream, he kept crawling, kept crawling... He was sweating, hungry, and felt like he was going to fall down in the next second.

At this time, G-Temple suddenly appeared in front of him.

All the tiredness was wiped away.

Imbued with a steady stream of energy, he released the handrail and walked quickly towards the temple.

A white light flashed before his eyes, and at the entrance of the originally quiet temple, suddenly many tourists came to offer incense and pray for blessings.

The dream world also changed from quiet to noisy.

He was suddenly afraid that Haze would be snatched away, so he struggled to squeeze out of the crowd and shouted Haze's name.

The tourists around him can't seem to see his presence or hear his shouting.

People laughed and walked towards the gate of the temple, but a barrier suddenly appeared in front of him. No matter how hard he tried, he couldn't break through the barrier.

Obviously the temple was right in front of him, but he couldn't enter.

The hope that rose was shattered in an instant.

"Haze! Haze! Dad is here to find you!" He screamed out of exhaustion.

After his cry, the surroundings suddenly fell silent again.

All the tourists in front of him disappeared.

Even the barrier in front of him disappeared.

It's just that the door of the temple, which was originally open, was closed at some point.

He stared at the temple gate, and seemed to hear the sound of cheerful footsteps.

It was the sound of child's footsteps!

His Haze, heard his cry!

Chapter 2308

Avery woke up suddenly.

She was awakened by Elliot.

Elliot's throat suddenly made a drink, the sound was like a roar and a whimper.

She woke up and heard better.

"Elliot...Are you having a nightmare?" Avery sat up and raised her hand to turn on the room light.

She saw Elliot sweating profusely, with a look of fear on his face.

"Elliot!" Avery's voice increased a little, trying to wake him up from his nightmare, "Elliot, wake up!"

Her voice brought Elliot back to reality from the dream.

Elliot opened his eyes, and there were obvious tears in the corners of his eyes.

"Elliot, did you have a nightmare? What did you dream about?" Avery stretched out her hand to wipe the sweat from his forehead, "Do you want to drink water? I'll get you some water."

Elliot immediately grabbed her arm, didn't let her get out of bed.

"Avery, I dreamed that I went to G-Temple. This dream is not a nightmare... It's just a bit bizarre." He looked at Avery's face, breathing heavily, as if he hadn't come out of the dream. "The beginning of this dream was that I was climbing the mountain. I don't know who told me that Haze was on the mountain. So I tried my best to climb the mountain... When I climbed the mountain..."

"Have you seen Haze?" Avery was a little excited, so she reached out and patted his back.

Elliot nodded: "Avery, I saw Haze. She should be Haze, because after I called Haze, she appeared. If you don't wake me up, I'm going to ask her if she is Haze..."

Avery couldn't help laughing: "You blame me for waking you up? Did you know that your body was shaking, you were sweating a lot, and you made some strange growls, which scared me. I thought you had a nightmare. I called you several times before you woke up."

Elliot said sternly: "I may have been too excited."

“Well. You saw Haze in your dream, what does Haze look like? Does he look like Layla?” Avery was looking forward to his answer, “Actually, I also dreamed of Haze, but the Haze in my dream has no face, because I haven’t seen her in reality, so I can’t imagine her in my dream.”

Elliot pursed his lips, his throat was a little dry: “Avery, my throat hurts a little, I’ll drink some water first.”

“Sit down! I’ll bring it to you.” Avery held him down, then quickly got out of bed and went to pick up a glass of water, “Elliot, drink slowly, the water I got for you is a little hot.”

Elliot drank all the water in the glass in one gulp and put the water glass on the bedside table.

“Avery, in my dream, Haze didn’t look like Layla.” Elliot frowned slightly, “She looks like when she was a child. Do you remember what I looked like when I was a child? I’m actually a little bit different from when I was a child now. The same. When I was a child, the lines of my face were softer and I looked better...”

“Hahaha! Everyone was cute when they were young! Those who look fierce now should also be cute when they were young! Little Children are all angels, no one is born a bad person, it is all caused by the environment and different encounters in the day after tomorrow... Where is your photo album? I want to see the photos of you when you were a child.” Avery said a little. No sleepiness anymore.

Elliot got out of bed and went to the study room to find an album.

Avery followed him and went to the study room together.

“Avery, what time is it now?” After Elliot showed her the photo album, he glanced at the sky outside the window.

It was dark outside, and it was impossible to tell what time it was.

“I didn’t check the time. It’s probably three or four o’clock!” After Avery took the photo album, she took his arm and went back to the bedroom, “If you are still sleepy, then you should continue to sleep. I have to continue to lie down while I look at the photo album for a while. My legs are a little sore after climbing the mountain these days.”

Elliot: “It means you don’t usually exercise.”

Avery: “You haven’t exercised for a long time, haven’t you? My body is definitely better than yours now.”

Elliot: “Then can I start exercising tomorrow?”

“No.” Avery refused without hesitation.

Elliot said helplessly, “Then stop laughing at me. Otherwise I would feel like a waste.”
