## Chapter 141

In the afternoon, Mo Yan had just sent away the police who had come to question her when an unexpected person greeted her.

“Lin Ye? Why are you here?”

Mo Yan looked at the youth's slightly pale face in surprise. She did not remember telling Lin Ye that she was hospitalized.

Lin Ye looked Mo Yan up and down, and after confirming that she was fine, he said, “I'm here to see you.”

“To see me?” Mo Yan raised her eyebrows slightly. “How did you know that I was hospitalized?”

However, just as she finished asking, she thought of Lin Ye's identity. She pursed her lips and did not say anything more.

“Apart from coming to visit you, there's something else I need to tell you.”

“Yes,” Mo Yan replied and waited for him to continue.

“This is another project of the Lin family. You can take a look.” As he spoke, Lin Ye handed over a document.

Mo Yan did not accept it. She only looked at him quietly. After a long while, she said, “Is this compensation? Or is it a bargaining chip for a private settlement?”

“No.” The young man's tone was calm.

“Although the Lin family is protecting Lin Peng now, when the time is right, they will hand him over to you. You can do whatever you want with him.”

“What do you mean?” Mo Yan asked with a frown.

Did he mean that even if she had the evidence, she could not do anything to Lin Peng? Then why did she take such a big risk?

“Miss Mo, you can consider this project.” Lin Ye didn't explain to Mo Yan, but handed over the document again.

Mo Yan looked into his calm eyes, an unknown flame rose from the bottom of her heart. “Since the Lin family has the ability to suppress the matter, why did you come to me

with this thing? Is this a peace offering? Do you want me to forget that he schemed against me? Or do you want to seal my mouth?"

Mo Yan's stern questioning caused Lin Ye to frown slightly. He did not mean what Mo Yan thought, it was just that he was not good with words.

It was true that the Lin family would protect Lin Peng for the time being due to some reasons, but they knew what Lin Peng had done with the Lin family's influence all these years. They would stop protecting him after he turned twenty.

"You're overthinking it. I've only looked at your plan and thought that your plan was very good, so I'm giving this to you," Lin Ye lowered his eyes and explained.

"Ha! Not compensation? What a weird time to give me this." Mo Yan had a mocking expression on her face. Every time she thought of Lin Ye's words, she felt like a clown. The so-called evidence that she risked her life to get was a pile of trash.

He really was from a wealthy family in Jing City. Even the police investigation could be interfered with. Lin Peng was a rotten person, and the Lin family wasn't any better!

Facing Mo Yan's anger, Lin Ye was even more at a loss for words.

It was indeed as Mo Yan had said. His father had only agreed to let him give the project to Mo Yan today because of what Lin Peng did. However, this was also an opportunity.

This project was an internal tender of Lin Group. Those who could participate were all companies that had cooperated with Lin Group before. If the project is successful, it would be of great help to Mo Yan's work.

"It's not compensation." After a pause, the youth continued, "Since you're in a bad mood, I'll come and see you another day." After saying that, he stood up and left.

Mo Yan didn't know if she was mistaken, but she felt that the youth seemed to be a little disappointed.

The youth had just when he bumped into Luo Tao. The two of them glanced at each other and then brushed past each other.

After returning to the ward, Luo Tao noticed the documents on Mo Yan's bedside table, and his eyes darkened.

"What's wrong?" Luo Tao asked as he placed the things he bought on the side.

Mo Yan's gaze was also fixed on the documents. She did not say anything and no one knew what she was thinking about.

Luo Tao placed his large hand on Mo Yan's forehead and asked, "Are you not feeling well?"

Mo Yan seemed to have just recovered from the familiar warmth and forced a smile. "You're back."

"Mm." Luo Tao passed the lemonade to her, but Mo Yan only held it in her hand.

"Did someone come here?"

Luo Tao's voice seemed to be a fuse, instantly igniting the bitterness in Mo Yan's heart. She couldn't figure out why she had done everything?

Hugging Luo Tao's waist, Mo Yan buried her face in his arms and asked in a muffled voice, "If I can't get them punished, then is everything I've done worth it?"

At this moment, Mo Yan was a little lost, as if the faith in her heart had instantly collapsed.

And Luo Tao didn't know how to comfort Mo Yan. He could only say that Mo Yan had done the best she could.

Luo Tao's heart ached as he stroked her back. Actually, when he met Lin Ye in the corridor, he knew what had happened, but he couldn't do anything.

"Just let it go like this? It's really unfair."

Hearing Mo Yan's slight sobbing tone, Luo Tao's heart ached even more. He gently kissed Mo Yan on the top of her head. "I won't let it go like this. I will make Lin Peng pay the price."

Luo Tao's voice was incomparably cold, causing one's scalp to go numb.

After crying for a long time, Mo Yan finally stopped.

Thinking of Luo Tao's words just now, she was shocked and hurriedly said, "Don't do anything stupid. If the worst comes to the worst, we will deal with him together."

Seeing Mo Yan's exaggerated expression, Luo Tao couldn't help but chuckle.

Carefully, he pulled Mo Yan back into his arms. "Don't worry, I won't do anything stupid. With such a good wife, how could I let it go?"

Mo Yan nodded and grabbed onto Luo Tao's clothes even more tightly.

A warm aura circulated between the two of them, and the unwillingness in Mo Yan's heart slowly dissipated.

"There's something I want to ask you," Luo Tao said.

"Hmm?" Mo Yan snuggled in his arms and snorted lazily.

"If, I mean if."

Luo Tao emphasized this word twice, causing Mo Yan to laugh out loud. She straightened up and looked at Luo Tao with a pair of bright eyes.

"If, if what?" Mo Yan laughed.

Luo Tao stared at Mo Yan, as if he wanted to remember every single change in her emotions.

"If you were really taken away by Lin Peng last night, what would you do?"

Mo Yan's pupils instantly constricted. The shadow that Zhou Shuai had on her was brought back to her mind, Mo Yan's body could not help but tremble.

Luo Tao saw her flustered, so he hurriedly hugged Mo Yan again and comforted her, "Don't be afraid, Don't be afraid. It's my fault, I won't mention it again."

That's right, she had acted alone last night. What would happen if Lin Peng really caught her?

The more Mo Yan thought about it, the more she felt sick to her stomach. She grabbed tightly onto Luo Tao's clothes and said with a trembling voice, "I won't do it again. I won't do it again in the future."

She was really lucky to escape last night. Or was she thinking too simply?

Luo Tao had never thought that Mo Yan would have such a big reaction. He had always seen Mo Yan acting as usual. He thought that it was all in the past, but he didn't expect...

“Don’t be afraid. I will accompany you wherever you go in the future. I will be by your side.”

In the future, he would not do such a stupid thing and protect her behind the scenes. No, he would really stand by her side.

After Mo Yan calmed down, she said, “I would not let him touch me. I would rather die than be touched.”

After receiving such an answer, Luo Tao was shocked for a moment. Then, he clenched his fists. “Life is more important than innocence.”

“Yes, but I don’t want others to touch me. I just want to completely belong to the person I like. Maybe I’m too extreme. If I have to spend the rest of my life in such a shadow, I think it will be very tiring. So, if I encounter danger in the future, you must come out and protect me at the first moment.”

The corners of Luo Tao’s eyes were somewhat moist for some reason. He was silent for a long time before he hugged Mo Yan’s waist tightly.

“Okay, I promise you.”

He loved this woman, and his heart ached for her. He wanted her to belong to him alone. Suddenly, Luo Tao felt that status was no longer important. If Mo Yan did not accept the real him, then he would use his actions to move her. She could only belong to him alone.

“Honey, what do you want to do if we become rich and powerful in the future?”

“Do what?” Mo Yan repeated, she thought for a moment and said, “Rich and powerful! Then I’ll send those who bullied me to prison first and get the punishment they deserve. Those who escape the law through family connections are scum. I’ll deal with them.”

Luo Tao knew she was talking about Lin Peng. He chuckled and listened to her continue.

“After settling everything, I will quit my job and take you to travel around the world. When we are tired, we will find a small town with a good view. I will open a dim sum shop and you will be my assistant. Every day...”

As he spoke, Mo Yan actually fell asleep.

Luo Tao placed her back on the bed and gently asked Mo Yan on her forehead. His eyes were filled with endless tenderness.

Luo Tao's parents had passed away when he was a child. Although his grandfather loved him very much, they were still men after all. They did not know how to show love. Apart from his grandfather, there were not many people in the Huo family who were sincere to him.

Living in such an environment, Luo Tao's emotional state was naturally different from ordinary people. It was only until he met Mo Yan that he changed little by little because of her...

### **Chapter 144**

The four of them left in two separate times. Xu Tian and Li Guoguo left in the morning, while Mo Yan and Luo Tao left in the evening.

Li Guoguo kept everything that she wanted to say inside.

Mo Yan sent the two of them off in the airport, while Luo Tao waited not far away. Due to his good looks, Luo Tao attracted the attention of many girls just by standing there, while Li Guoguo kept looking around.

"Sister Mo Yan, is that brother-in-law? Why didn't you ask brother-in-law to come over too?"

Mo Yan smiled and said, "He said that there are too many people here. When we return to C City, you guys can meet him."

"Alright!" Hearing Mo Yan say this, Li Guoguo nodded in disappointment.

After boarding the plane, Li Guoguo was still curious about the outstanding figure in the crowd.

"Sister Xu, have you seen sister Mo Yan's husband? Didn't you say that sister Mo Yan's husband is a gangster who has been to prison? Why doesn't he look like one?"

Xu Tian glanced at Li Guoguo indifferently and covered her legs with the blanket without answering.

Seeing that Xu Tian was about to sleep, Li Guoguo quickly spoke again, "Sister Xu, did sister Mo Yan tell you about her husband? Her husband is tall and handsome, and he gave her such an expensive bracelet. No matter how you look at it, it doesn't seem like what the rumors say."

"Why are you asking about this?" Xu Tian felt that something was wrong with Li Guoguo's words and asked.

“I’m just curious! Sister Xu, you don’t know, but when sister Mo Yan and I went shopping on the first day, her husband was afraid that she didn’t have enough money to buy things in Jing City, so he specially transferred 20,000 yuan to her. Where did sister Mo Yan find such a good husband? I want one too! He’s handsome, rich, and dotes on his wife. He’s really the perfect boyfriend in my heart.”

Li Guoguo put on a look of longing, but the jealousy in her eyes didn’t escape the eyes of Xu Tian, who had been wandering the workplace for many years.

Xu Tian saw right through her

She didn’t know what to say.

The corner of Xu Tian’s mouth curled up slightly in an unnoticeable arc. “Yes, such a husband is indeed very good.”

“Right! So when sister Mo Yan comes back, you must ask her to introduce her husband to us. Otherwise, I will be angry.” Li Guoguo pouted and said unhappily.

“Why?” Xu Tian asked.

Li Guoguo did not understand and looked at Xu Tian with a face full of questions.

“Why are you angry because she didn’t introduce him to you?”

Li Guoguo was stumped by the question. She thought for a moment before explaining, “Because, because we are good friends! How can she not introduce me to such a good husband?”

“Introduce you? And then make you miss her husband?” Xu Tian directly exposed Li Guoguo’s thoughts.

Li Guoguo’s expression froze, and then she frowned and asked back. “Sister Xu, what do you mean?”

“No matter how good Mo Yan’s husband is, he’s still Mo Yan’s. No matter if he’s tall, short, fat, or thin, he’s still your friend’s husband. Do you think it’s good for you to keep talking about other people’s husbands behind their backs?”

As she spoke, Xu Tian’s gaze had already landed on Li Guoguo’s face. Li Guoguo felt a little uncomfortable being stared at, so she awkwardly avoided Xu Tian’s eyes.

“I’m just curious. I don’t have any other intentions, sister Xu,” Li Guoguo said with a dry smile.

“Well, it’s best if you don’t. Otherwise, if you have any thoughts, I’ll spit on you.”

Xu Tian closed her eyes and pulled up the blanket. She turned around and buried herself in it. She had nothing else to say to Li Guoguo.

The moment Xu Tian turned around, a storm quickly appeared in Li Guoguo’s eyes. There was hatred, disgust, jealousy, and all sorts of emotions. Even as she gritted her teeth, she could not control the gradually distorted expression on her face.

From the beginning, Xu Tian and Mo Yan were like two high and mighty luminaries, while she was invisible and was looked down upon by others.

Li Guoguo clenched her fists and glared at the back of Xu Tian’s head...

After leaving the airport, Mo Yan did not know where to go. Their flight was at night, and they still had the whole afternoon.

“Those two are Xu Tian and Li Guoguo? Which one is the short one?” Luo Tao suddenly asked while holding Mo Yan’s hand.

“The short one carrying the pink suitcase is Li Guoguo, and the tall one with the gold-rimmed glasses is Xu Tian. Why?”

Luo Tao had shown that he was not interested before, but now he was asking about them? This made Mo Yan feel a little confused.

“I feel that Li Guoguo’s gaze towards me is a little inappropriate.”

“Inappropriate? You mean she’s curious about you? That’s right. She has been curious about you ever since she knew that you are so nice to me.”

Seeing that Mo Yan was smiling without a care in the world, the corners of Luo Tao’s mouth also curled up. He touched her head and did not continue this topic.

In the afternoon, Mo Yan and Luo Tao strolled around Jing City and bought some specialty products for her mother and Mo Cheng.

She didn’t believe everything Mo Lian said.

In the evening, the two of them arrived at the airport two hours earlier. Mo Yan didn’t know why, but she felt that Luo Tao seemed a little uncomfortable.

“Luo Tao, what’s wrong?” Mo Yan asked.

Luo Tao frowned and looked around. He shook his head and said, "Nothing."

In the past, he usually took a private plane or a first-class cabin. This was the first time that he had waited for him in the airport lobby like this.

Mo Yan thought of the high-speed train that he took to the capital city. He should have never taken a plane before, so she understood his discomfort.

Although the two of them had very different thoughts, they came to the same conclusion, which was that they would not continue this topic.

Before boarding the plane, Mo Yan vaguely mentioned a few things about taking a plane. Luo Tao found it funny at first, but when he thought about Luo Tao's identity, he understood her intention.

It was already very late when the two of them arrived in C City, so they directly took a taxi back to their small rental house.

/

The moment the lights were turned on, Mo Yan, who was walking in front, suddenly turned around and hugged Luo Tao, saying, "Welcome home."

Luo Tao was stunned by her sudden action, then he chuckled and said, "You too, welcome home."

The house was not big, but it was a place that could be called home by the two of them.

The two of them had been tormenting themselves for the whole day. Mo Yan originally wanted to make some supper, but was stopped by Luo Tao, who told her to wash up first while he ordered two takeout meals.

Taking a shower was not a problem, but her injuries were not completely healed. It would hurt if she touched them.

Standing in front of the mirror, Mo Yan looked at the wounds all over her body and could not help but sigh. For the past few days, she had used a towel to wipe her body. She had the help of the nurses in the hospital, but now only she and Luo Tao were left...

Mo Yan did not have a plan, so she could only wash the other parts of her body first.

The moment the water rushed into her body, Mo Yan suddenly shivered. There were only three words in her mind. It really hurt.

After about half an hour, Mo Yan had washed the other parts of her body, but the injury on her back was still difficult for her to clean. If she did not clean her body, it would be difficult to apply medicine.

Seeing that the sound of washing had stopped and Mo Yan still did not come out, Luo Tao could not help but ask what was wrong.

Mo Yan's face was flushed red. It seemed that there was only one way now.

After thinking for a long time, Mo Yan finally opened her mouth, "Luo Tao, can you help me wipe my back?"

Because Mo Yan's voice was soft through the door, Luo Tao only knew that she was talking and didn't hear clearly what she said, so Luo Tao walked to the door and asked again.

"I said, can you help me wipe my back? Otherwise, I can't apply the medicine."

The more Mo Yan spoke, the redder her face became. It was as if blood was dripping from it.

Luo Tao, who was outside the door, seemed to be stunned as well. He did not make a sound for a long time.

Just as Mo Yan was about to think of another way, Luo Tao opened his mouth. His voice seemed to be a little hoarse.

"Okay."

Mo Yan used a towel to cover her body. When she opened the door, the redness on her face had already spread throughout her entire body. Along with the cover of the water vapor, she seemed to have become a ripe fruit, waiting to be picked.

Luo Tao's Adam's apple rolled. His mouth was dry and his tongue was parched. Beads of sweat appeared on his forehead.

"Luo... Luo Tao." Mo Yan became even more shy from being stared at. Her voice even trembled slightly.

"Sit properly. I'll help you wipe your back."

"Okay." Mo Yan bit her lower lip and nodded.

Mo Yan turned the joint of the towel behind her and sat on the plastic stool. She used her arms to clamp the towel on both sides to prevent it from falling off, only revealing her snow-white back.

Luo Tao stared at Mo Yan's every move, and his Adam's apple moved even more violently. His gaze followed the back of Mo Yan's head and slid down to her fair neck. Below her was her fair shoulders that were as smooth as jade, and further down, the wounds that he saw made the thoughts in Luo Tao's mind instantly disappear without a trace.

Seeing his expression, Mo Yan asked, "What's wrong?"

"Does it hurt?"

Luo Tao's voice was filled with pity.

Mo Yan resisted the urge to cry and said, "It doesn't hurt."

### **Chapter 146**

Luo Tao wet the towel and gently wiped Mo Yan's back, as if he was facing a precious piece of porcelain, afraid that he might accidentally break it.

The two of them did not speak, and the bathroom was extremely quiet.

In the end, Mo Yan could not help but open her mouth, "Luo Tao, I'm really fine. These injuries will heal very quickly."

Touching the wound, Luo Tao's heart was aching, and he could only reply with an 'Mm'.

After thinking for a while, Mo Yan brought up another topic. "I mentioned the new project from Lin Group to sister Xu this morning."

"Mm, what do you mean?" Luo Tao knew that she wanted to change the topic, so he went along with her.

"Sister Xu said to let CEO Song take a look first before deciding whether to accept it or not, but I have a feeling that CEO Song will accept it. The project is not bad. Lin Ye will be the one who works with us on it. There won't be a situation like Lin Peng's."

"How did you meet Lin Ye?" Luo Tao's tone was flat.

Mo Yan raised her eyebrows. She felt that it was too troublesome to talk about the issue of being kidnapped and him having a phobia, so she decided to say something simple.

"We met at a cocktail party. He felt that our plan was not bad, so we chatted a little more."

"That's it?" Luo Tao's tone was confusing.

Unable to figure out what Luo Tao was feeling, Mo Yan nodded. "Yes, that's it."

Because her back was facing Luo Tao, Mo Yan could not see Luo Tao's gloomy expression. He knew that Lin Ye and Lin Peng were not close.

Luo Tao had met him a few times. Although they had exchanged greetings, they had only met before. How did Mo Yan end up talking to him? Qin Yuan did not have any news of Mo Yan having contact with the Lin family. However, he could not ask anything because of Luo Tao's identity.

After the wounds on her back were cleaned, Luo Tao carefully applied the medicine.

"Is it done?"

Although Luo Tao thought a lot, Mo Yan did not have too many thoughts. She was focused on the person behind her.

"Yes."

After saying that, Luo Tao gently kissed Mo Yan's shoulder. His lips slowly slid to Mo Yan's neck and kissed and licked, leaving clear hickeys.

"Luo, Luo Tao, Luo Tao."

Mo Yan felt her heart beating rapidly, and her body temperature rose as well.

Luo Tao's hand was wrapped around her waist, only separated by a layer of towel. His hand rubbed against her waist.

Luo Tao felt that he was changing a lot. Just hearing the names of other men would make him feel jealous. It seemed that from the moment she woke up from her injury, or more accurately, when she said "Completely belong to the person I like," she had personally released the beast in his heart.

He wanted to monopolize her, so that his name was the only one in her eyes, heart, and mouth. Regardless of whether it was a man or a woman, he did not want her to look at them.

Luo Tao's lips moved around Mo Yan's neck. His warm breath made her body go soft. Mo Yan felt his hand on her waist move up bit by bit, stopping on her chest and trying to massage it.

"Luo Tao, don't."

“Don’t what?” The warmth from Luo Tao’s breath seeped into Mo Yan’s ears, causing her body to tremble.

He increased the strength of his hand, and intermittent moans continued to flow out of Mo Yan’s mouth.

Sucking on Mo Yan’s earlobe, Luo Tao left a shallow bite mark on it.

Luo Tao’s tongue moved over Mo Yan’s ear, slowly entering her ear.

Suddenly, there was a knock on the door.

Mo Yan seemed to have woken up from a dream. She took away Luo Tao’s hand and suddenly stood up and turned around. Her bathrobe fell off.

Luo Tao was originally squatting behind her when suddenly, her snow-white body was completely exposed in front of Luo Tao.

Luo Tao’s gaze moved up. When their eyes met, Mo Yan could clearly hear his swallowing sound.

Mo Yan turned red. She quickly picked up the towel on the ground and was about to open the door when Luo Tao grabbed her.

“Where are you going?”

Luo Tao’s gaze was deep, as if he wanted to swallow Mo Yan into his stomach and leave nothing behind.

Mo Yan lowered her head and said softly, “Someone is knocking on the door. I’ll go open the door.”

“Just like that?”

Mo Yan smelled danger in Luo Tao’s voice and said with a strong desire to survive, “No, I, I forgot. I’ll go out and change before opening the door.”

Luo Tao’s gaze lingered on Mo Yan for a long time before he said, “Change your clothes. I’ll go and open the door.”

“Okay.”

Mo Yan nodded before Luo Tao let her go.

The next day, following what Xu Tian said, Mo Yan handed the project document to CEO Song.

CEO Song did not say anything after reading it, but told Mo Yan not to take this matter to heart. As for the project that Mo Yan brought over, Song Yun said that she would investigate it in detail before making a decision. Mo Yan nodded to show that she understood.

However, what surprised Mo Yan was that there was no gossip at the company during this trip to Jing City. On the contrary, because of her short absence, the rumors in the company about her were much less.

When Mo Yan went downstairs to her office, she met Zhou Shuai, who had been in the hospital for a long time. It seemed like he was intentionally waiting for her.

“Come with me.”

Although many people in the company stopped looking down on Mo Yan’s position because of this business trip, on the surface, Zhou Shuai was still one level higher than her. She still needed to listen to some orders.

Following Zhou Shuai into his office, this time, Mo Yan was not as reserved as before. She had experienced things like being kidnapped, jumping out of a car, and offending the Lin family’s young master. How could she be afraid of a mere Zhou Shuai?

Sitting opposite Zhou Shuai, Mo Yan waited for this person to speak with a calm expression.

“It was you who sent Chen Ya to the police station?” Zhou Shuai asked with a gloomy expression. He did not look at all pleased.

The corners of Mo Yan’s mouth curled up slightly. She smiled at Zhou Shuai and said, “What are you talking about? I don’t understand.”

“Mo Yan, don’t play dumb. What exactly is going on?”

Zhou Shuai growled in a low voice. He stared at Mo Yan like a caged beast. He had not been living well during this period of time. Previously, he had relied on his identity as the supervisor and Chen Ya’s boyfriend to do whatever he wanted in the company. Now, due to Chen Ya’s imprisonment and the fact that he had been hospitalized twice, the power in his hands had been divided, causing him to be hindered in every way he wanted to do.

Initially, he had planned to stand firm and kick Chen Ya out, but now it seemed that he still had to endure Chen Ya for a period of time.

“Supervisor Zhou, since you’re so worried about your girlfriend, why don’t you go to Jing City to take a look yourself?” Mo Yan was not moved by Zhou Shuai’s attitude and continued to respond in a tepid manner.

Zhou Shuai and Mo Yan looked at each other, as if an argument was about to break out.

Seeing Mo Yan’s cold expression, Zhou Shuai suddenly softened his tone and said to Mo Yan, “Mo Yan, Chen Ya indeed has many inappropriate actions. I apologize to you on her behalf. As long as you’re willing to withdraw the case, no matter what compensation you want, we can satisfy you.”

“Apologize? You want to apologize to me on behalf of Chen Ya?” Mo Yan said with a mocking smile. “Would Chen Ya agree?”

“And Supervisor Zhou, don’t be too full of yourself. Ha! If I tell you that the compensation I want is for Chen Ya to be locked up for the rest of her life, will you satisfy me?”

“Mo Yan! Don’t go too far. Chen Ya has a straightforward personality. Do you plan to scheme against her like this? Do you know that if she goes to jail, she will be ruined!”

Zhou Shuai slammed the table and stood up, his eyes glaring fiercely at the woman sitting opposite him.

“Go too far? Straightforward personality? Scheme? You must not be talking about the same person as me. Since Chen Ya was able to plan the kidnapping, she should have thought of the consequences. Going to jail is the punishment she deserves.”

Mo Yan said coldly.

“Mo Yan, we are colleagues in the same company, why do you have to be so ruthless? Let’s take a step back.”

“No, I would rather eat vegetarian food for the rest of my life in exchange for not seeing you guys again.”

Seeing that Mo Yan refused to accept his proposal, Zhou Shuai was also angered and warned, “Fine! Mo Yan, good job! Let’s settle this matter along with the two times that you hit me.”

“No problem, Supervisor Zhou. I’ll wait and see. But I advise you not to do anything illegal. Be careful that you don’t get yourself involved with Chen Ya as well.”

Not giving Zhou Shuai a chance to speak harshly, Mo Yan turned around and left.

Why did Mo Yan leave so quickly? What a joke. She had already said her piece. If she didn't leave quickly, Zhou Shuai, this despicable person, might make a move on her? Anyway, she never believed that a person like Zhou Shuai would not hit women.

Bang! As expected, just as Mo Yan closed the door, she heard the sound of something being smashed from inside.

With a smile on her lips, Mo Yan walked to the office in a good mood.

When Mo Yan walked into the office, she was surprised to find that Team A was very full today. Did no one have anything to do? Mo Yan muttered in her heart.

While Mo Yan was puzzled, everyone in the office was also sizing her up with either implicit or direct gazes.

Ever since she came to the company, there had been a lot of trouble. However, what made everyone sigh the most was Mo Yan's persistence and her unique luck.

Previously, she was able to sign a contract in such a controversial environment. This time, she even got Chen Ya, who was against her, into the police station. Her ability was really not to be underestimated.

If one had to ask how the company knew about Chen Ya's entry into the police station so quickly, it was all thanks to the other people who went to Jing City with the two sales teams.

Even though Chen Jin had tried to cover up the news, it was still inevitable for the information to be revealed.

### **Chapter 147**

The next day, following what Xu Tian said, Mo Yan handed the project document to CEO Song.

CEO Song did not say anything after reading it, but told Mo Yan not to take this matter to heart. As for the project that Mo Yan brought over, Song Yun said that she would investigate it in detail before making a decision. Mo Yan nodded to show that she understood.

However, what surprised Mo Yan was that there was no gossip at the company during this trip to Jing City. On the contrary, because of her short absence, the rumors in the company about her were much less.

When Mo Yan went downstairs to her office, she met Zhou Shuai, who had been in the hospital for a long time. It seemed like he was intentionally waiting for her.

“Come with me.”

Although many people in the company stopped looking down on Mo Yan’s position because of this business trip, on the surface, Zhou Shuai was still one level higher than her. She still needed to listen to some orders.

Following Zhou Shuai into his office, this time, Mo Yan was not as reserved as before. She had experienced things like being kidnapped, jumping out of a car, and offending the Lin family’s young master. How could she be afraid of a mere Zhou Shuai?

Sitting opposite Zhou Shuai, Mo Yan waited for this person to speak with a calm expression.

“It was you who sent Chen Ya to the police station?” Zhou Shuai asked with a gloomy expression. He did not look at all pleased.

The corners of Mo Yan’s mouth curled up slightly. She smiled at Zhou Shuai and said, “What are you talking about? I don’t understand.”

“Mo Yan, don’t play dumb. What exactly is going on?”

Zhou Shuai growled in a low voice. He stared at Mo Yan like a caged beast. He had not been living well during this period of time. Previously, he had relied on his identity as the supervisor and Chen Ya’s boyfriend to do whatever he wanted in the company. Now, due to Chen Ya’s imprisonment and the fact that he had been hospitalized twice, the power in his hands had been divided, causing him to be hindered in every way he wanted to do.

### **Chapter 148**

Without Chen Ya and Mo Lian, Mo Yan lived a very comfortable life.

Every day, Luo Tao would pick her up on time. Even if there was overtime, Luo Tao would wait for her.

While she was discussing business with others, he would sit at a shop a little further away with his computer.

At night, the lights in the coffee shop would turn on. The warm halo shone on the side of his face. Through the glass window, Mo Yan was lost in thought. She could not believe that such a handsome and perfect man was actually her husband. What good thing had she done in her past life to be able to marry him?

When Luo Tao noticed that she was infatuated with him, he would give her a gentle smile, causing Mo Yan's heart to beat wildly.

Actually, on the night that they almost did the deed, the person who knocked on the door was the delivery man, and the two of them did not continue. Luo Tao had also told her about Chen Ya when the two of them were eating. Although they could not touch Lin Peng, Chen Ya and Mo Lian would still be dealt with according to the law.

Just when Mo Yan thought that her life was getting better, a piece of news came...

“What did you say! Chen Ya was released?”

The sudden news made Mo Yan lose control of her voice, which attracted the attention of the people who were eating.

Xu Wan quickly gestured for her to lower her voice.

“Don’t be so agitated. I only heard the news, but I didn’t see her.”

At the same time, Luo Tao also received the news.

“The Lin family is protecting the two women?” Luo Tao’s voice was as cold as ice, making Qin Yuan feel a chill behind his back.

Swallowing his saliva, Qin Yuan said gloomily, “That’s right! They’ve even contacted my father and he told me not to interfere.”

“Why is the Lin family protecting them?”

It was understandable that they would protect Lin Peng, but to protect those two women?

“I heard from my father that the head of the Lin family came personally. He hoped that my family would not interfere. He said that he would give an explanation a year later.”

Not only that, what gave Qin Yuan a headache was that his father thought that he had taken a liking to Mo Yan and told him not to be too serious.

“What happened before?”

“Chen Jin went to the Lin family,” Qin Yuan answered quickly.

Luo Tao narrowed his eyes. It seemed that Qin Yuan had also noticed the abnormality in this matter. What did he mean a year later?

“Huo Zhen, what are you going to do? Go against the Lin family? I don’t quite agree with you. If the Lin family makes a move against you, your uncles will notice.”

Luo Tao rubbed his temples, which were throbbing all of a sudden, and said, "Let me think about it."

After hanging up the phone, Luo Tao closed his eyes and leaned against the sofa.

If it was before, he would have agreed with Qin Yuan without hesitation. But now, whenever he thought about what those people did to Mo Yan, he wanted to tear them apart.

On this day, the couple went home in silence. They did not know how to tell each other about this matter.

The development of the matter was a little faster than everyone expected. Two days later, Mo Yan saw Chen Ya, who was still arrogant in her red dress, at the company.

And when Chen Ya saw Mo Yan, she was like an angry hen. She flapped her wings and rushed towards Mo Yan.

"Mo Yan, you bitch, how dare you scheme against me!"

Mo Yan grabbed her wrist. "Chen Ya, do you still want to stay in there for a few more days? If you want, I'll fulfill your wish."

"Don't be so smug! I'll teach you a lesson in the future." After saying that, she fiercely shook off Mo Yan's hand.

Xu Wan walked to Mo Yan's side and looked at her worriedly. "Mo Yan, are you alright?"

Mo Yan lowered her eyes and let out a long sigh. "When the time comes, I'll deal with me. Be more careful of her in the future."

Just as Mo Yan and Xu Wan were talking, Mo Yan's cell phone rang.

"I'll go outside to answer the call."

Mo Yan walked out of the noisy cafeteria, found a quiet corridor, and answered the call.

"Hello, Mo Cheng?"

Mo Cheng knew that she was working, so he didn't call her during the day. Did something happen?

“Sis! Mo Lian brought a lot of people to our house, saying that she wants to take back the house Dad gave us.”

Mo Yan heard Mo Cheng’s voice on the phone, and she could vaguely hear the sound of the door being knocked on.

“Cheng, I’ll go over right now. Call the police if they try to blackmail you again. If they want me to spread the news that Mo Lian is in prison, they can continue to make trouble.”

“In prison?” Mo Cheng asked.

“I’ll explain it to you when I have time. Tell them this first. I’ll go over right now.”

“Okay.”

Mo Yan was about to call Luo Tao again, but her hands suddenly stopped moving. All kinds of images flashed through her mind. Some were of her caring for Mo Cheng, and some were of her confronting Mo Lian. So, did Luo Tao already know her identity?

Mo Yan didn’t dare to confirm, so she could only suppress her fear and put her phone back into her clothes. Then, she asked Xu Wan to help her apply for leave, and left the company in a hurry.

...

At this moment, in the neighborhood where Mo Yan used to live, Mo Lian was blocking the entrance of the corridor with a group of people.

Mo Lian was livid.

Not only the residents in the building, even the people she brought to bring her things over looked at her with a strange gaze. This made Mo Yan angry. She was only waiting for Mo Yan to come, and she wanted to personally chase Mo Yan out.

/

But to Mo Lian’s surprise, the person Mo Cheng called first was not Mo Yan...

“Brother-in-law.”

Mo Cheng, who was anxiously waiting for Mo Yan on the third floor, saw the man and his eyes lit up as he called out.

Although the man was only wearing a white shirt and black trousers, he was extremely eye-catching. The surrounding crowd unconsciously opened up a path for him to walk to the entrance of the corridor.

“Move aside.” Luo Tao looked at the woman who had caused trouble the moment she came out.

Mo Lian stared at the man in front of her in a daze. The last time she saw the man, she sent someone to investigate him. The information she obtained indicated that he was Luo Tao.

And this was something that Luo Tao had thought of long ago. In order to prevent people from suspecting him, he had made up false information.

After confirming that Luo Tao had indeed done a lot of terrible things, Mo Lian finally let go of her thoughts about Luo Tao. However, this sight made Mo Lian a little restless.

“Are you really her husband, Luo Tao?”

Luo Tao did not answer. Seeing that Mo Lian was still blocking in front of him, he wanted to turn around and enter. He would not lay a hand on a woman.

“Stop him, don’t let him enter!”

Mo Lian saw that Luo Tao was treating her like air again, and her anger rushed to the top of her head. This time, Mo Lian did not only bring the people who moved, but also some of the thugs she had hired. These people knew best how to make people ‘accidentally’ get hurt.

She brought these people here to teach Mo Yan a lesson. That night, she woke up in an unfamiliar villa and saw the Lin family’s young master sitting on the sofa with a vicious expression.

Although Mo Lian was stupid and vicious, she quickly realized that she had been played by Mo Yan. The Lin family’s young master did not say anything and directly sent her back to the hotel.

However, not long after that, the police came to question her. She pretended to be unwell and escaped the first time.

After she told her parents about the incident, the two of them asked her to not tell the truth no matter what. She only told the police that she did not know anything and fainted after eating. As this was also the truth, the police could not interrogate her further.

The second time, someone brought her away for interrogation. Initially, she could not hold on any longer and wanted to tell them everything. However, someone came to tell her that her phone had not been repaired. Now that there was no concrete evidence, she grit her teeth and say that she did not know anything.

Mo Lian was still acquitted in the end.

On the first day she returned, Mo Lian came here and vowed to take revenge for what happened in Jing City.

Her goal was to get back the house that Mo Yan's family was staying in.

When the time came, she would have Mo Yan roll down a flight of stairs. It would be best if she could fall into a vegetative state or a half-paralyzed state.

Mo Lian's plan was good, but she did not expect Mo Yan to give her a warning before he arrived. She had no choice but to give up on directly opening the Mo Yan family's door with violence.

However, Mo Lian was pleasantly surprised that Mo Cheng was also there. It would be best if she could take care of the two of them together.

Luo Tao looked coldly at the few tall men in front of him.

"I'll say it for the last time, get lost."

The few burly men stood at the door without moving. They looked at Luo Tao with clear contempt.

Luo Tao moved his wrists a few times, but they remained expressionless.

One of the men could not hold it in and said, "What? With your small body, you still want to fight with us?"

Seeing that someone spoke first, the rest of the people did not remain silent. They laughed even more mockingly at Luo Tao.

### **Chapter 150**

All of you attack together?"

Luo Tao's tepid words and his seemingly ant-like expression instantly ignited the few of them. A man raised his fist and punched at Luo Tao.

Mo Yan happened to see this scene. Before she could even scream, she saw Luo Tao kick the man's knee.

With a crack, the sound of bones breaking was exceptionally clear in this quiet environment.

As the onlookers had already dispersed when they saw that the situation, only Luo Tao, Mo Yan, Mo Lian, and the people she had brought with her were left in front of the corridor.

No one had expected Luo Tao to be so ruthless, and they were all stunned for a few seconds. It was not until the man with the broken bones let out a wail that the others regained their senses.

This time, no one rushed up one by one, and all of them pounced on him.

Mo Yan felt that her heart was about to stop. She watched helplessly as a man's fist came at Luo Tao. Luo Tao turned around and kicked the man's side face. The man was kicked to the ground.

From the man's action of coughing up blood, it could be seen how much strength Luo Tao used. Then, he punched another man's face. That man's nose bridge was hit hard, and he let out a shrill cry.

After beating down four people in a row, the remaining two looked at Luo Tao as if they were looking at a demon.

It was clearly a fierce fight, but there was not a trace of emotion in Luo Tao's eyes, as if he was facing a group of people he already considered dead.

If one ignored the blood stains on his fist, one would not be able to tell that he had fought with someone before.

"You're not fighting anymore?"

Raising his hand to look at the blood stains on the back of his hand, Luo Tao frowned slightly.

Seeing that the person in front of him did not speak, Luo Tao was about to go upstairs when he was suddenly stopped by a voice.

"Luo Tao."

Hearing the familiar voice, Luo Tao's body instantly stiffened.

He was originally dissatisfied with the Lin family releasing Chen Ya and Mo Lian. Mo Cheng gave him a call and gave him an opportunity to vent, so he did not notice Mo Yan's arrival when he attacked them.

"You're here."

Luo Tao subconsciously put his hands behind his back to prevent Mo Yan from seeing the blood on his hands.

The way his eyes drooped made Mo Yan mistakenly think that she had seen a child who had made a mistake.

“Yes.”

Mo Yan walked to his side, took out a tissue, and smiled at him lightly, “Hand.”

Luo Tao obediently extended his hand to her, making the smile on Mo Yan’s face become even more obvious.

After wiping off the stains on Luo Tao’s hand bit by bit, Mo Yan pulled Luo Tao up the stairs as if she didn’t see Mo Lian, leaving Mo Lian and the others standing there like clowns.

“Sister!”

Before Mo Yan reached the third floor, she heard Mo Cheng call out cheerfully.

Mo Yan walked a few steps to Mo Cheng’s side and pulled him around. When she saw that Mo Cheng was fine, she couldn’t help but sigh in relief. Ever since the bullying incident, Mo Yan had always been worried that something would happen to Mo Cheng.

“Why did you suddenly come back here?” Mo Yan asked Mo Cheng with a mixture of concern and blame.

“Isn’t today Saturday? I just came back to take a look.”

After Mo Cheng’s reminder, Mo Yan remembered that today was his rest day. It was right for Mo Cheng to come back. She just didn’t expect to bump into Mo Lian so coincidentally.

“Thank God nothing happened to you. What would I do if something happened to you?”

Mo Yan was relieved and sat down on the sofa.

Ever since Mo Cheng called her, her heart had been on edge. Here, she saw Luo Tao fighting with others, and her heart almost jumped out of her throat. Now that she knew that everything was fine, she felt completely exhausted.

Luo Tao sat beside Mo Yan and hugged her to gently comfort her.

Before the three of them could finish speaking, the loud banging on the door resounded throughout the corridor.

“Mo Yan! Come out!”

When she heard Mo Lian call her name, Mo Yan's body instantly stiffened. She did not dare to raise her head to look at Luo Tao, but the banging on the door continued, forcing her to brace herself to open the door.

The moment the door opened, Mo Lian finally stopped calling Mo Yan's name. Instead, she said to the people behind her, "Throw! Throw all this junk out!"

Those who had come to move the things had witnessed Luo Tao's martial prowess and were originally unwilling to get involved in this mess. However, Mo Lian's pay was really high, and Mo Lian had said that she would give them double, which was why they were willing to follow her.

"Come in if you dare! I've already called the police just now."

Mo Yan blocked the door with a cold face and did not let these people enter the house. Luo Tao and Mo Cheng also stood behind Mo Yan and looked at the group of people in front of them with the same cold gaze.

"Call the police? Ha! Mo Yan, this is the house that my father bought and has already given it to me. Is there any use in calling the police? Would they care about me cleaning up my house?"
