Chapter 201

“Supervisor Chen, firing you is a decision made jointly by the company’s top management.” While Chen Ya was cursing, a calm and collected female director came to inform Chen Ya of the verdict. She picked up her coffee and took a sip.

“All these years, I’ve worked hard for the company, but in return, I’m abandoned by the company now that something’s gone wrong?” Chen Ya’s hysterical roar made Mo Yan want to cover her ears. Chen Ya’s voice was usually sharp, and the lethality of her random roar was doubled.

“Chen Ya, you also recognize that something’s gone wrong? Have we ever had a peaceful day since you entered Hong Jing? This is the company, a place to make money. It’s not specifically for you and Zhou Shuai to fall in love!” The director looked at Chen Ya with a fierce gaze, her words merciless.

“You, w-what do you mean by that? What do you mean not for me and Zhou Shuai to fall in love?” Chen Ya’s last bit of dignity was stripped by the director, and she was momentarily speechless. She could only ask back while stuttering.

“A small quarrel every two days, and a big fuss every three days. Do you think that everyone treats Zhou Shuai as a treasure like you? Have you ever thought about how many employees in the company you’ve driven out? You’re not satisfied when you see someone who’s beautiful, and you’re jealous when you see someone who’s better at work than you. Do you really think that the company is owned by your family? Does everyone have to treat you like a princess?”

“I don’t! I’ve signed so many orders for the company! You only remember these trivial things. Why didn’t you mention the times I earned money for the company? You guys are the ungrateful ones!”

The director sneered. “Your orders? How come you don’t remember them clearly? Which of your orders wasn’t gotten with the help of Chen Jin? You might as well go and ask how many of your so-called big clients are willing to pay attention to you without Chen Jin.”

This director had been dissatisfied with Chen Ya since a long time ago, but because it would implicate Chen Jin, she couldn’t say anything.

Now, Chen Jin was sent to retire, and Chen Ya was fired. If she didn’t vent her anger, how could she see past Chen Ya having had her way for so long?

“You! You’re slandering me! How dare you talk to me like that? I’m going to see Uncle Qin and make him fire you.”

The smile on the director's face became even more mocking. "Go! I'm waiting. I suggest you go quickly. Otherwise, when your Uncle Qin leaves in a while, you won't even be able to see him anymore. "

"What do you mean? "

"I mean it literally. Fortunately, Chen Jin was implicated by you this time and was completely dismissed. Otherwise, who knows how long it would have taken to get rid of you? "

Chen Ya's legs went weak, and she fell onto the couch.

"No, all of this is wrong. It wasn't me. I didn't do anything! Don't believe that little b*tch Mo Yan. I didn't make a mistake, and Uncle Qin shouldn't be dismissed either! "

"Chen Ya, the results of the investigation are out. You're just jealous that she's prettier than you and thus sabotaged her. It's useless to look for anyone to help you now. Leave obediently, and you can still retain your last bit of dignity. If you wait for the security guards to chase you away... Hah! "

Chen Ya seemed to have been drained of all her energy as she sat on the spot in a daze.

The director originally thought that the matter would end like that. However, just as she reached out to pull the door open, she heard a crash behind her. All the tea sets on the coffee table fell to the ground.

"Ahhhh! You're all liars! Mo Yan is the one who should leave the company! I've worked hard for the company all these years, and the company actually's treating me like this because of a little b*tch! " Chen Ya yelled as she smashed up the things in the office.

The pieces of the pottery flew up, and Mo Yan and the others did not dare to eavesdrop through the gap in the door.

However, even if they did not eavesdrop on the sound inside, they could still hear it through the door.

"B*tch, all b*tches! That b*tch Mo Yan deserves to die! "

The few people outside the door looked at each other, their gazes all focused on Mo Yan.

Mo Yan rubbed her nose. She really did not do anything this time. She did not expect Qin Yuan to be so ruthless and deal Chen Ya a fatal blow at one go. She did not even have the time to take out the evidence that she had kept.

The director in the office was first shocked by Chen Ya's actions. She immediately reacted and shouted sternly, "Stop!"

Of course, since Chen Ya had gone crazy, it meant that she didn't care what the director said. She picked up the vase by the desk and continued to smash it.

"Chen Ya, I heard that you just came out of the police station a while ago. Do you want to go back in again?"

Chapter 202

The director was no longer as calm as before. Anger had spread all over her face.

"Chen Ya, after getting notified that you're fired, you swore to take revenge on the company and maliciously destroyed the company's property. You will go to jail like this."

Chen Ya only felt refreshed when she smashed things. She did not think too much about it. However, when she heard the director mention the word "jail," she felt afraid.

"You!"

"I will make a list of the things you broke at the original price for you. I hope you can make up for the loss before you leave. Otherwise, I will sue you for destroying the company's property." This time, the director left without looking back.

After the director left, Chen Ya's sobbing could be faintly heard in the office.

Another hour passed, and Chen Ya appeared in the company corridor with her personal belongings.

There was joy, mockery, contempt, and disdain in the eyes of her colleagues. Among those people were Chen Ya's former lackeys.

However, Chen Ya deserved it. She had been bullying people in the company for so long.

Almost everyone in the company's first reaction whenever they saw Chen Ya was that something had happened again! Or perhaps, Zhou Shuai was having an ambiguous relationship with another girl.

Now that the dark clouds that had shrouded the bottom-level employees of the company had finally dispersed, how could they not be happy and fortunate?

Although Mo Yan was happy, she did not want to have any more interactions with Chen Ya. She was really annoyed to death by her.

However, as Mo Yan was in the elevator to send some documents downstairs, just a second before the doors closed, they suddenly opened again. She saw Chen Ya walking up with something in her arms.

The elevator door was closed, and the small space was quiet. Mo Yan and Chen Ya each occupied a corner.

“Mo Yan, remember this. We’re not done yet,” Chen Ya said fiercely to Mo Yan.

Mo Yan couldn’t be bothered with her barks. She was in a good mood, and she didn’t want to argue with a person who was about to leave the company.

The elevator arrived at Mo Yan’s floor very quickly. Until the door was closed, Mo Yan could still feel Chen Ya’s murderous gaze.

She mused, “Does Chen Ya treat me like a child, thinking that a few harsh words would scare me?”

Mo Yan sneered and walked toward the office without looking back.

There were victories and defeats in life. Those who could not afford to lose could only struggle in the quagmire. For someone like Chen Ya, since the matter was already over, Mo Yan would just have removed her from her life.

...

In the private room of the club, Qin Yuan and Luo Tao were talking about the development of things on Mo Yan’s side.

“This time, it was really out of my expectations. It went so smoothly that I couldn’t believe it,” Qin Yuan said as he took a sip of the red wine in his glass.

“It was done well.”

Qin Yuan didn’t expect Luo Tao to praise him at all. In an instant, goosebumps spread all over his body.

“Didn’t expect you to know how to compliment someone else!” Qin Yuan scoffed.

Then, he was glared back at by Luo Tao.

“I heard from Wen Ze that the Qin family has been severely suppressed in Jing City recently. is Uncle Qin doing well?”

Qin Yuan couldn't help but sigh. "My father said that I'm not allowed to return to Jing City for now. He said that Jing City has been too out of control recently. Without you controlling the situation, every member of the Huo family is going around trying to secure an advantageous deal for themselves."

"Does Uncle Qin have enough manpower? If not, I'll transfer two from abroad."

Qin Yuan understood what Luo Tao meant by sending two back. It was not to interfere with the internal affairs of the Qin family, but to ensure the safety of his father's life.

"My father said it's all right for the time being. Sigh, I'm worried too, but my father won't let me go back no matter what."

"Then you should just stay here. It's easy to hit rock bottom in Jing City."

"Yes, I contacted Mr. Blue Hair two days ago. He said that it would take a long time this time. Do you think I should also go abroad to take a look?"

Their plan was to take the project abroad and then return to Jing City. So if they could get the Qin family earlier, they would be able to settle down as soon as possible.

"No need. You control the domestic economy. You can do whatever you want with the private assets in my hands. Just don't let the Huo family lay their eyes on them."

"Why do you suddenly want me to take over?" Qin Yuan asked, puzzled.

Luo Tao frowned slightly. "I feel that someone has been keeping an eye on me recently. To ensure that nothing goes wrong, I won't be making international contact during this period of time. If there's anything urgent, you can look for me directly."

"Okay."

Chapter 203

Without Chen Ya's suppression, Mo Yan felt that the past few days had been very relaxing. However, for some reason, Luo Tao seemed to have something on his mind.

It happened to be a Saturday. Mo Yan and Luo Tao did not set an alarm. They were prepared to sleep until they woke up naturally.

If it was the former Luo Tao or, Huo Zhen, such a thing would never happen.

He had a fixed schedule. Every morning, he would wake up at a fixed time to practice boxing. It was an essential routine for him.

But after spending time with Mo Yan, he gradually found the joy of living a leisurely life.

There was no need to deal with the politics of the business world or the Huo family. Every day, he just needed to watch over Mo Yan, listen to her laugh, and listen to her tell many trivial things with relish.

Luo Tao woke up before Mo Yan. Looking at the person in his arms who was sleeping with a reddened face, Luo Tao couldn't help but kiss her forehead.

Mo Yan felt a heat on her forehead. She arched her body and went deeper into Luo Tao's arms, muttering, "Darling. "

That voice made Luo Tao's heart go soft. In addition, it was still morning, so the man's inevitable physiological reaction occurred.

Looking at Mo Yan's soft sleeping face, Luo Tao leaned close to her face and kissed her.

Mo Yan was woken up by Luo Tao's kiss. The saliva and air in her mouth were robbed at the same time. A pair of big hands moved around her body, leaving warm traces everywhere.

The pair of hands lifted her pajamas and caressed the skin on her waist. Her legs went a little weak from being touched.

"Luo Tao, " Mo Yan called out softly.

Luo Tao raised his face and looked into her misty eyes. "Why aren't you calling me darling anymore? "

Luo Tao's voice was low and hoarse when he spoke, causing Mo Yan's heart to tremble.

After he said that, Luo Tao buried his head back into Mo Yan's neck and nibbled gently. As Luo Tao's kiss gradually slid down, Mo Yan also became more aroused.

"No, don't kiss there. " Mo Yan panted to stop Luo Tao.

However, Luo Tao deliberately played tricks and took a deep breath on Mo Yan's breasts, causing Mo Yan to almost scream out loud.

Mo Yan felt a hot object gently rubbing between her legs. Although she had not experienced it, it did not mean that she did not know what it was. Her little face blushed as she asked softly, "D-Do you want to do it? "

Mo Yan's voice was very soft, but it was instantly captured by Luo Tao.

“What did you say?” The desire in Luo Tao’s eyes was not concealed at all. It was like a raging fire that was about to burn Mo Yan to ashes.

Mo Yan was so embarrassed by his stare that her face turned red. Her lips opened and closed several times, but she was still unable to say it out loud.

Seeing that Luo Tao was waiting for her answer, Mo Yan had no choice but to close her eyes and make up her mind. She kissed Luo Tao’s slightly thin lips directly.

Their lips and tongues intertwined, forming a silver line. Mo Yan felt as if her heart was about to jump out of her body.

Luo Tao caressed Mo Yan’s face and pressed hard against Mo Yan’s legs. He whispered in Mo Yan’s ear, “Clamp tightly.”

Being hugged by the hot body of Luo Tao, Mo Yan felt like she was having a wet dream.

After a while, when Mo Yan finally came back to her senses from the passionate moment, she noticed that Luo Tao had been staring at her deeply.

“Luo Tao, you... you don’t want to...” What she wanted to say was a little hard to say, so she couldn’t say it out loud. However, Luo Tao’s gaze made her make up her mind.

“If you want it, I can give it to you.” After saying that, Mo Yan quickly dug into Luo Tao’s arms and buried her red face deep within.

Luo Tao stroked Mo Yan’s black hair and sighed. It wasn’t that he didn’t want it, but he had already made a deal with Mo Cheng. Moreover, the situation in Jing City was still uncertain. He was afraid that something unpredictable would happen if Mo Yan followed him.

“Don’t tease me anymore. I won’t be able to stand it.” Luo Tao’s breath landed on Mo Yan’s ear. Actually, not only Luo Tao, but Mo Yan also felt that she wouldn’t be able to stand it.

Therefore, under the strange tacit understanding between the two of them, they both chose not to tease each other.

After a while, Mo Yan got up and prepared to take a shower before making breakfast. However, Luo Tao was like a puppy. Wherever she went, he would follow.

Only when Luo Tao was about to follow her into the bathroom did Mo Yan slam the door shut. Then, a gentle laughter came from outside the door.

Mo Yan gently patted her red cheeks with cold water. No matter what, she could not resist Luo Tao’s beauty!

It was too illegal for a man to look so gorgeous!

After changing her clothes, Mo Yan was ready to take a shower. However, when she saw the stained underwear, her face unconsciously turned red.

Chapter 204

That morning seemed to be no different from the previous ones, but there were some changes in the hearts of the two of them.

The most obvious change was that Luo Tao's gaze toward Mo Yan became even more passionate.

The two of them tidied up the house together, and Mo Yan asked Luo Tao if he wanted to go with her to see Mo Cheng.

Faced with his wife's invitation, Luo Tao naturally readily agreed. Taking advantage of his free time, he wished that he could be together with Mo Yan 24 hours a day.

Mo Yan suggested that the two of them wear matching outfits, but Luo Tao was unwilling, so Mo Yan whined to him.

Luo Tao could resist the temptation of beauty and money, but he could not resist the person he liked using the most adorable expression to pull his arm and ask if he could.

The result of him being soft-hearted was they both, the looker couple, attracting a lot of attention just by walking.

Luo Tao's brows were still locked tightly when he got into the taxi.

Mo Yan tried her best to widen her eyes and asked innocently, "Darling, do you not like wearing a couple's outfit with me?"

Luo Tao had discovered that Mo Yan had a special way of treating him. When the two of them disagreed on something, Mo Yan would use a soft voice to call him darling. She really knew him well.

Luo Tao rubbed Mo Yan's bun hard and messed up her hair that she had worked so hard to tie up before saying, "No."

Mo Yan glared at him angrily. Since earlier, she had felt that Luo Tao planned to mess up her bun. She did not expect him to rub it directly and let her effort doing it up go to waste.

Mo Yan only called Mo Cheng when she was about to reach school. Five minutes later, Mo Yan saw Mo Cheng running over while panting.

“Why are you running? I’m not in a hurry. You could have just taken your time to walk over.” As she said that, Mo Yan took out a pack of tissues to wipe Mo Cheng’s sweat.

Mo Cheng was about to happily accept his sister’s service, but a gaze pierced straight into his back.

Mo Cheng understood and turned to look behind him. He saw his brother-in-law, who had always been reserved and cold, staring at him. What made Mo Cheng the most speechless was not the man’s gaze, but the clothes on his body.

What exactly happened? Could it be that his brother-in-law had been switched out?

After Mo Cheng looked at Luo Tao, he turned his gaze back to Mo Yan.

Suddenly, Mo Cheng shouted, giving Mo Yan a fright. “You and Luo Tao are actually wearing matching outfits! And it’s in this style!”

“That’s right! You only just saw it?” Mo Yan said while smiling with her eyes curved. “The two of us have been watched the entire way here.”

Mo Cheng’s mouth twitched as he gave Luo Tao a thumbs up. That type of couple costume was obviously his sister’s type. No matter how he looked at it, he felt that it did not match with Luo Tao. However, Luo Tao forced himself to wear it. If that was not true love, then what was?

Luo Tao raised his eyebrows. Although he still had some opinions about the outfit, it had its value in obtaining the affirmation of Mo Yan’s younger brother.

“Did you specially come to see me today?” Mo Cheng asked.

Mo Yan nodded. Originally, she was planning to fetch Mo Cheng and go visit their mother together, but on second thought, since she was there, she might as well have Mo Cheng bring her around. For all she knew, she might meet the person who bullied Mo Cheng. Even if she did not get Luo Tao to retaliate on Mo Cheng’s behalf, she could scare them and teach them a lesson.

“You’ve been here for so long, but I haven’t taken a look around your campus. Show me around!” As Mo Yan spoke, she pulled Mo Cheng inside, while Luo Tao followed behind them.

After the guard confirmed that they were indeed Mo Cheng’s relatives, he let them in.

There were many children from rich families in Mo Cheng's school, and their families were all in the city. They would almost always go home on Saturdays and Sundays, so there were not many students in the school.

Mo Cheng took the two of them through the classroom, the field, the library, the cafeteria, the dormitory, and other places. Perhaps Mo Cheng had guessed his sister's thoughts, so he took the two of them around the campus in great detail.

What surprised Mo Yan was that when the three of them passed by, there were students who took the initiative to greet Mo Cheng and invite him to play basketball, and Mo Cheng responded to them with a smile.

That was very different from the situation Mo Yan had seen the previous two times.

This time, she suddenly came to see Mo Cheng and did not give him time to prepare. It suggested he had really relied on his own strength to change the situation bit by bit.

Chapter 205

Mo Yan suddenly had the urge to cry. Her little brother had already grown up without her knowing.

Luo Tao went forward to hold Mo Yan's hand and comforted her softly, "Why are your eyes still red? Mo Cheng's life is getting better. Aren't you happy? "

"I'm happy. It's because of happiness that my eyes are red. "

In order not to let her tears fall, Mo Yan tried her best to rub her eyes, but Luo Tao hugged her tightly.

"Mo Cheng has grown up. In the future, you don't need to support your family alone. Learn to rely on others more. "

"Okay. " Mo Yan's voice was nasal.

Mo Cheng looked at the two people who were stuck together and sighed. Did they not know when and where to show their affection? He was still single!

At that moment, a rough shout came from the basketball court.

"Hey! Mo Cheng, let's have a bet! "

Mo Yan poked her head out from Luo Tao's arms and looked at the person who spoke.

That person was big and round, with triangular eyes on his square face. He looked displeasing. No matter how she looked at him, similar to his appearance, he did not look like a good person.

“Mo Cheng, I dare you to bet on next month’s living expenses. ”

In the face of the boy’s provocation, Mo Cheng did not want to pay attention to him. He pulled Mo Yan and was ready to leave, but he did not expect that person to speak again.

“Mo Cheng, is that your sister next to you? She’s pretty! “As he said that, the boy flirtatiously whistled at Mo Yan.

This time, it was not only Mo Cheng, but Luo Tao also could not hold it in any longer, and his knuckles were cracking.

“Mo Cheng, if you don’t dare, ask your sister to come over and accompany us. It’ll only be for one afternoon. After she accompanies us, we’ll let you guys go. How about that?”

The boy kept provoking Mo Yan. Not to mention the two men who had always been protecting Mo Yan, Mo Yan herself had the urge to give him a good thrashing.

“If I lose, I’ll give you living expenses. Then what will you give me if you lose? ” Mo Cheng asked calmly.

“Me, lose? How is that possible? ” the boy said arrogantly.

Mo Cheng ignored him and pulled Mo Yan to leave.

“Wait! If I lose, I won’t collect money from students in the future. Haven’t you always wanted me to stop? ”

After the boy finished speaking, Mo Cheng became silent for a moment, then stated, “Okay, I’ll bet. ”

“Oh right! I’ll add another condition. If I win, let your sister accompany me for the whole afternoon. ”

“F*ck, you money collector of a bully! ” After the boy finished speaking, Mo Cheng, who had always been gentle, outrightly cursed.

Meanwhile, Luo Tao turned his wrist, his eyes revealing a dense killing intent.

“The bet is on. ” To everyone’s surprise, Mo Yan actually opened her mouth.

The boy actually laughed when he heard Mo Yan's reply. "Beautiful girls are more straightforward."

Mo Cheng frowned in disagreement, while Luo Tao looked at Mo Yan and did not say anything.

After the three of them entered the field, Mo Yan finally understood why the boy was so confident. His four other friends were of similar build. They belonged to the big-boned type. On the other hand, for Mo Cheng's team, although they were not short, they were all thin. The game was not easy to play!

Mo Yan was calculating in her heart when she saw Luo Tao walk over and kiss her on the forehead.

"You have to cheer for your husband."

Mo Yan was so embarrassed by his actions that her face turned red. She nodded and agreed.

The two of them spoke very quietly. Only they knew of their conversation.

When Luo Tao returned to the court, Mo Cheng bounced the basketball twice. He looked at Mo Yan in the audience and then looked at Luo Tao. "Can we win?"

Although his original intention in making the bet was good, it ended up involving his sister. But since his sister herself had agreed to it, he had no other way out.

"Why do you think we can't win?" Luo Tao asked lightly.

Mo Cheng scratched his hair and held back for a long time before saying, "They are very strong."

"If you can't win in a hard fight, use your smarts. If you don't have the smarts, learn skills. If you don't have anything and yet act impulsively, then you are harming others and yourself."

Mo Cheng always felt that his brother-in-law was insinuating and mocking him, but he had no evidence! Moreover, he never wanted to include his sister in the bet.

In the audience stand, Mo Yan's eyes were bright as she stared at Luo Tao. She did not know why, but when she saw Luo Tao's smile, Mo Yan did not feel afraid. Perhaps she had confidence in her heart, knowing that no matter if he won or lost the game, Luo Tao would protect her.

Chapter 206

When the game started, the opposing team showed their intention to use brute force; Mo Cheng's team member was "touched" by the strong boys.

As it was only a spur-of-the-moment idea, there was no official referee.

After the opponent used extraordinary means to score two goals in a row, Luo Tao's face completely darkened.

Mo Yan nervously stared in the direction of the playing field. She did not know basketball, only having watched a few games in school and accompanied her friends to watch the handsome guys.

Although she didn't know anything about basketball, she could feel the atmosphere on the court. It was simply intense.

Mo Yan held her breath. Suddenly, she saw a strong man raise his elbow, ready to head toward Luo Tao, who was dribbling the ball.

After Luo Tao passed the ball to Mo Cheng, Mo Cheng ran out of the three-point line, turned around, and jumped. The ball steadily fell into the hoop, and a wave of applause rang out.

At the same time, a discordant scream caused the match to temporarily come to a halt. Everyone present turned their gazes to the wailing boy.

They saw the boy hugging his elbow and rolling on the ground in pain. "Ah! My arm hurts so much. I think it's broken."

Luo Tao stood coldly to the side and listened to his wailing.

The boy who started the fight saw that his companion's injuries were not light, so he hurriedly instructed the others to send the injured boy to the infirmary. He himself stayed behind and glared fiercely at Luo Tao.

"Rascal, did you do it on purpose?"

Although it was a question, the tall and strong boy was already certain that it was Luo Tao who had done it.

Luo Tao raised his eyebrows indifferently, looking as if it had nothing to do with him. When he met Mo Yan's worried gaze, he still had it in him to smile at her.

Mo Cheng walked to Luo Tao's side and said, "You know clearly who's the one who played dirty. "

Seeing that the two sides were at loggerheads, Mo Yan could not sit still anymore. She ran all the way to Luo Tao's side and looked at him worriedly.

Afraid of the notorious school bully, even when the others saw him and his friends use brutal methods to score two goals, no one dared to say it out loud. Unexpectedly, Mo Cheng said it out loud. His voice was not soft, and almost everyone around the stadium heard it. He did not give the bully any face at all.

Feeling the gazes from all around him, the bully's entire face flushed red. He shouted loudly, "Who are you talking about, brat! "

Mo Cheng revealed a mocking expression and answered straightforwardly, "I'm talking about you. Weren't my two classmates forced to leave the field earlier because you guys were violent? "

"You—" The bully panted heavily as he raised his big fist and threw it at Mo Cheng's face.

Mo Cheng barely avoided it, but he almost bumped into Mo Yan behind him.

"Attacking when you can't win is really your style. "

Hearing her younger brother's incessant taunting, Mo Yan's heart pounded wildly. What was wrong with him today? No matter how she looked at it, the current situation was disadvantageous to them!

Just as Mo Yan's thoughts were running wild, another boy opposite them suddenly attacked Luo Tao, landing a heavy punch on Luo Tao's arm.

Seeing another boy coming up to hit Mo Cheng, Mo Yan couldn't care about anything else and pulled Mo Cheng over. The inertia caused Mo Yan to meet the other party's fist uncontrollably.

"Mo Yan! " Mo Cheng shouted loudly.

That boy used 100% of his strength in that punch. The sharp pain from her shoulder instantly made Mo Yan break out in cold sweat.

"Mo Yan! "

Luo Tao turned around and ran over, his eyes filled with anxiety.

"How are you? "

At that moment, Mo Yan was in so much pain that she couldn't speak, but in order not to make Luo Tao worry, she still shook her head.

Previously, Luo Tao was still able to tease those students with a playful attitude. However, after Mo Yan was injured, the nature of the matter had completely changed.

The other party long had their rationality clouded. Mo Yan's injury didn't stop them at all.

When Mo Cheng and Luo Tao were checking Mo Yan's injuries, they were also beaten up by each of them.

Mo Cheng asked a female student to help him call the ambulance while he continued to face the other party's attacks.

However, just as the situation was getting nerve-wracking, a figure suddenly flashed in front of Mo Cheng and kicked the person opposite him to the ground, causing that person to wai and be unable to get up.

Following that, everyone saw Luo Tao knock down the over 1.8 meter-tall strong and robust male students one by one.

The school teacher came just after Luo Tao had knocked the other party out.

Because the troublemakers were all lying on the ground, the disciplinary teacher had no choice but to have everyone go to the hospital first. They would be dealt with after they had recovered from their injuries.

Chapter 207

According to the doctor's diagnosis, Mo Yan's shoulder blade was slightly fractured. Although it was not at the stage of surgery, it still needed to be fixed.

Presently, Mo Yan had already been given painkillers and felt much better.

Mo Yan was just glad that she only had a slight injury and that it was her left shoulder. She did not need to be hospitalized and could still work normally.

The few people who had hit her were also sent to the hospital. Luo Tao didn't injure them too heavily. He hit them on the flesh, so although it hurt, the injury wasn't serious.

There were only Mo Yan and Mo Cheng in the ward at the moment as Luo Tao had gone to get Mo Yan's medicine and deal with the follow-up matters.

Mo Cheng sat beside Mo Yan, his eyes red.

“I’m sorry. I shouldn’t have bet with them. ”

Mo Yan rubbed his head and comforted him. Mo Cheng had been bullied before, so he naturally wanted to protect his classmates who had also been bullied. It was understandable that Mo Cheng would agree to the bully’s condition.

“What happened today was just an accident. I’m happy to see that you’ve changed so much. I don’t have to worry about you being bullied all the time. ”

Mo Cheng’s eyes became redder. In fact, he had been beaten up twice on purpose. Only by letting the bully and his friends hit him first could his attacks be considered self-defense. However, he didn’t expect that Mo Yan would take a punch on his behalf, and it was so serious.

“All right, it was just an accident. Don’t cry anymore. ” Mo Yan ruffled Mo Cheng’s messy hair.

Before she knew it, Mo Cheng was already a little taller than her.

Seeing that Mo Cheng was still silent, Mo Yan said, “About the fight this time, you can ask the teacher later on how to deal with it. ”

“Okay, ” Mo Cheng lowered his head and grunted.

A moment later, Luo Tao returned with the medicine. When he saw the support that Mo Yan had fixed on her shoulder, his eyes flashed heartache.

“How is it? Does it still hurt? ” Luo Tao gently placed his hand on the support and asked in a low voice.

“It’s fine. It doesn’t hurt anymore. ”

The pain-relieving needling treatment had a good effect. Mo Yan was much better compared to before. She smiled at Luo Tao and asked, “Did you visit those students? How are they? ”

Luo Tao’s eyes were gloomy as he mentioned, “They’re fine. I’ll be more careful next time when getting into action. ”

Seeing that Luo Tao’s expression was not good, Mo Yan sighed and grabbed him with her right hand. “I’m really fine. Don’t be angry. ”

Compared to being angry at Mo Yan, Luo Tao was more angry at himself for not being able to protect the person he liked. Seeing that Mo Yan was looking at him eagerly, Luo Tao sighed and changed the topic to Mo Cheng. “Were those the people who extorted you previously? ”

“Yes, there are two more. But something happened at home recently and they didn’t come to school. ” Mo Cheng raised his head and spoke. His gaze once again fell on Mo Yan’s shoulder.

Being stared at from both sides by the two, Mo Yan only wanted to sigh.

Just as the two of them were talking, Mo Yan’s phone rang. It was Xu Wan. She had sent a message to ask if Mo Yan wanted to go to the night market that night.

Mo Yan smiled bitterly and told Xu Wan what had happened earlier. It could be considered a sudden disaster.

Xu Wan typed: “Slightly fractured shoulder blade? Mo Yan, you’re amazing. You can even injure yourself by going to school. Which hospital are you in now? ”

Mo Yan thought about it and sent the name of the hospital to Xu Wan. She really could not bear the guilt in Luo Tao and Mo Cheng’s eyes. If Xu Wan came, she could still ease the atmosphere.

“Mo Yan, I’m going out with Luo Tao for a while. ”

Mo Yan was still replying to Xu Wan’s text message when she heard Mo Cheng say that. She nodded subconsciously.

It was not until the two of them left that Mo Yan realized that the two of them wanted to talk alone. What could not be said in front of her?

In the corridor of the hospital, the two men were silent, and none of them spoke first.

After a moment of stalemate, Mo Cheng asked in a low voice, “What did those people say? ”

“They asked for compensation and said that they would not let you off in school in the future, ” Luo Tao replied. After that, he sneered.

Mo Cheng frowned. “Luo Tao, is there any way to silence them without being discovered? ”

Luo Tao did not expect Mo Cheng to say such ruthless words the moment he opened his mouth. However, when he thought of Mo Yan, he understood Mo Cheng’s intentions. At that time, when he saw that Mo Yan was injured, he also wanted to be ruthless.

There were many ways to end a person without being discovered, but he could not tell Mo Cheng.

“I’ll handle this matter. You just need to take care of yourself at school. Don’t let your sister worry.”

Chapter 208

Not long after, Xu Wan arrived at the hospital with a bunch of things for Mo Yan.

Because Luo Tao wanted Mo Yan to stay overnight for observation, Xu Wan directly brought dinner for Mo Yan.

“How are you feeling?” Xu Wan put the things on the cabinet by the window and asked.

“I’m okay. It’s not too serious. It’s just a slight fracture. I’ll be fine after two weeks of rest.”

“Sigh! You’re really amazing. With just two days off, you managed to get yourself into hospital.”

Xu Wan took out a serving of nutritious soup from the bag. The moment the lid was opened, the fragrance instantly filled the entire ward. Mo Yan’s stomach began to growl uncontrollably.

“I’ve asked around before I came. If you have a bone fracture, you need to eat more food with high collagen content. Here, this soup’s from your favorite restaurant.”

Mo Yan drooled and looked at Xu Wan eagerly with puppy eyes. “My dear Wanwan, you’re too good to me. If I wasn’t married, I would have married you.”

Xu Wan clicked her tongue and mocked, “You change sides too easily! Luo Tao would cry if he heard that!”

Hearing Xu Wan’s words, Mo Yan thought of Luo Tao’s slightly red eyes when she was injured. Ah! If she betrayed him, he might really cry! Mo Yan could not help but laugh secretly.

“What are you thinking about! Why are you smiling so slyly?” Xu Wan looked at Mo Yan’s greasy smile and got goosebumps on her body.

“I’m not!” Mo Yan retorted.

“Where are Luo Tao and Mo Cheng? Why don’t I see them? You’re already like this. Why aren’t they guarding you and taking care of you?”

“They went out just now because they had something to do, but it was just nice. You don’t know how hard they were staring at me with those guilt-filled eyes. They stared at me until I felt like I was going to die.” Mo Yan’s exaggerated expression mercilessly ridiculed the two men, causing Xu Wan to burst into laughter.

“Oh right, you said your younger brother got into a fight. Is that true?” Xu Wan’s face was filled with curiosity.

She had some understanding of the situation in Mo Yan’s family. Her impression of Mo Cheng was still of a young man who did not like to talk and always had his head lowered. How could such a boy know how to fight?

“Yeah! When they played basketball, the other side kept playing dirty. In the end, they just started fighting.”

Although fighting was not good, Mo Yan still had a trace of pride when she mentioned Mo Cheng’s fight. Her younger brother did not only fight for her, but also for the other students who were bullied.

“The school bully provoked me, saying that if Cheng played a basketball match with him, he would not bully students anymore. You know how Cheng was also bullied before.”

Hearing that, Xu Wan felt a little emotional, but she was more curious about what made Mo Cheng change so much.

“Mo Yan, your brother has changed a lot! What happened? Does he have a girlfriend?”

“No, it’s just that when Cheng was bullied by the school, Luo Tao seemed to have said something to him. Then, when I came to see him today, I felt that he had changed a lot. And you know what? When I was at school today, I saw many of Cheng’s classmates greeting him.”

Xu Wan widened her eyes in surprise. It seemed that Mo Cheng had indeed grown.

“Luo Tao is so amazing. He was able to knock sense into Mo Cheng just by talking to him? What did they talk about? Tell me.”

Mo Yan shrugged. “I’m not sure either. They didn’t tell me. But I realized that ever since I married Luo Tao, everything seemed to start developing in a good direction.”

Xu Wan choked at her cringe words, giving her a hard knock on the head.

“Enough! Stop showing off your love. Don’t you know I’m still single?”

Mo Yan made a face at Xu Wan. “If you don’t like it, you can find one.”

Xu Wan rolled her eyes at her and asked, "Can you still go to work on Mondays like this? I heard that your sales department has accepted a new project. If you rest for two weeks, will it affect the project? "

Mo Yan waved her hand. "It's not that serious. I'll go to work on Monday as per usual. The injury is on my left shoulder, so it won't affect my work. Also, as long as I don't move my shoulder too much, there won't be any major problems. "

Seeing that Mo Yan was so sure, Xu Wan didn't say anything more. Then, Xu Wan told Mo Yan about the gossip concerning Chen Ya. She heard that after Chen Ya was fired, she had a fight with Zhou Shuai, and the two of them broke up.

The best way to relieve the pain was to have her attention diverted. Mo Yan listened to the gossip while enjoying the nutritious soup that Xu Wan brought.

Hearing that Chen Ya was not doing well, Mo Yan was inadvertently happy from the bottom of her heart, since Chen Ya had set her up too many times and harmed her so many times. Now that she was in that state, Mo Yan could only comment that evil would be rewarded with evil, and therefore, it was better to be kind.

Just then, there was a knock on the door. Mo Yan shouted to come in and saw Luo Tao and Mo Cheng walking in with a doctor behind them.

Seeing the person, Mo Yan shouted in surprise, "Cheng Xiao? "

"Mo Yan, long time no see, " Cheng Xiao replied with a smile.

"Do you work here? " Mo Yan asked in surprise.

"Yes. I just met Ah Luo downstairs and found out that you are also in the hospital. "

Luo Tao was just about to put the things in the cabinet when he saw a pile of things there, so he had to silently withdraw his hand and choose a different spot.

"I heard Ah Luo say that you have a scapular fracture. During this period of time, you need to eat more food with high protein and collagen content, and you can also eat food with high calcium content. Don't often move the wounded area, and come to the hospital for a regular check-up. "

"Okay! " Mo Yan nodded.

After saying that, Cheng Xiao looked at Luo Tao, who was peeling fruits for Mo Yan, and said with a smile, "Previously, I was worried about how you and Mo Yan were doing. I wanted to contact you guys, but I found that I didn't give my phone number. Now, seeing you guys like this, I feel much more relieved. "

“I still have to thank you for helping me find such a good husband!” Mo Yan said to Cheng Xiao mischievously.

After saying that, she sneaked a glance at Luo Tao, only to see the tip of Luo Tao’s ears turn red at a speed visible to the naked eye.

When Cheng Xiao spoke, Xu Wan felt something amiss. It was not until Mo Yan finished speaking that she realized who the doctor was.

Thus, when the two of them were talking, Xu Wan interjected, “Mo Yan, this is?”

“Ah! I forgot to introduce him! Wanwan, this is the matchmaker of Luo Tao and me. His name is Cheng Xiao. Without him, Luo Tao and I might not even have gotten to know each other!”

Xu Wan thought to herself, “As expected.”

“Cheng Xiao, this is my best friend, Xu Wan.”

“Hello.” Xu Wan was the first to extend her hand.

“Yes, hello.” Cheng Xiao politely shook her hand.

After that, Cheng Xiao told Mo Yan a lot of things to take note of before leaving the ward. Xu Wan also said that she would leave first after Cheng Xiao left.

Because the two of them left one after the other, Xu Wan caught up with the person in front after a few steps.

“Dr. Cheng, I have something to say to you. Can we talk in private?” Xu Wan looked at the person in front of her with a smile.

Cheng Xiao didn’t know what she wanted to say to him, but he still nodded and agreed.

“Ms. Xu, what’s the matter?”

“I hope you will not casually matchmake people in the future.”

Void of the previous courtesy, Xu Wan went straight to the point.

“Ms. Xu, what do you mean by that?” Cheng Xiao frowned.

“I would like to ask, when you proposed the marriage between the two’s families, did you have a good understanding of each party and their family backgrounds?”

“Of course. I have been in contact with Ah Luo for a period of time. Although his family background is not good, he is a righteous and steadfast person. That’s why I mentioned the marriage between the two families. ”

Cheng Xiao felt that Xu Wan was Mo Yan’s friend, so she was biased toward Mo Yan. It was definitely unfair for Mo Yan to talk to him.

Xu Wan curled her red lips, and a trace of mockery flashed in her eyes. “Since Luo Tao is so good in your eyes, then why didn’t you check out the female party before mentioning a marriage between the two? ”

Xu Wan’s words were not false. The Mo family was supposed to marry off Mo Lian. If Mo Lian and Luo Tao were together, who knew what kind of life they would have?

Cheng Xiao frowned and did not answer. Xu Wan continued, “If the woman was a haughty and arrogant young lady, would you still think it is a good match, what with different family backgrounds and views? Would you think that Luo Tao will become a live-in son-in-law or that the woman would lower her standards to match him? ”

Xu Wan’s words were like the tip of a needle, poking Cheng Xiao’s heart and making his face pale. He really did not think too much at that time. He only thought that since the older generation had made a marriage agreement, then it should be fulfilled. But if it was really as Xu Wan said, wouldn’t he have harmed Luo Tao?

Xu Wan was very smart in phrasing her words. She did not accuse Cheng Xiao of publicizing the marriage between the two’s families without knowing anything and causing Mo Yan to marry a notorious gangster. Instead, she used Mo Lian as an example and explained the problems that the two of them might have encountered after getting married.

Firstly, as Mo Yan’s good friend, she was dissatisfied with Mo Yan marrying a gangster. Secondly, she did not want Cheng Xiao to do bad things with good intentions in the future. After all, from the conversation between Mo Yan and Cheng Xiao just now, Cheng Xiao seemed like a good person.

“I-I’m sorry. ” Cheng Xiao stood on the spot listlessly.

Xu Wan saw that Cheng Xiao listened to her words, and her tone was no longer harsh. She patted Cheng Xiao’s shoulder.

Cheng Xiao looked at her in confusion.

“Fortunately, you got the right girl this time. Whether it’s Mo Yan or Luo Tao, both of them are living a happy life. You can be considered to have caused a good marriage by accident. ”

Cheng Xiao looked up. The woman's bright and generous smile was reflected in his eyes, and he was stunned for a moment. After a long while, he finally said, "Mhm. "

"Have you been lectured speechless? " Xu Wan raised her eyebrows and looked into Cheng Xiao's eyes.

Cheng Xiao was startled by her sudden advancement, and he hurriedly took two steps back.

"Okay! Dr. Cheng, I have finished my words, so I'll leave first. In the future, remember to learn more about the situation when you matchmake someone! "

Xu Wan left after she finished speaking, leaving Cheng Xiao standing in the same spot for a long time, unable to regain his senses.

...

Because of her injury, Mo Yan could only cancel her plan to visit her mother. She obediently stayed at home and called her mother to ask about the recent situation. From her mother's voice, her condition was pretty good.

Thus, Mo Yan briefly recounted her and Mo Cheng's lives. Of course, she could not mention the matter of hitting someone. She only said that Mo Cheng was much happier than before, and that she had gone to visit Mo Cheng at his school.

She did not end the call until Luo Tao asked her to eat.

Looking at the table full of takeout food, Mo Yan felt her heart bleeding. She had to recuperate for one to two months. Although they had more money now, they should not eat so extravagantly.

Mo Yan was crying in her heart as she scooped a large spoonful of tofu topped with crab roe into her mouth.

...

The next day, Mo Yan walked into the office under the expected watchful eyes of the crowd.

"Mo Yan, what happened to you? " Li Guoguo asked with concern.

"Nothing, I just accidentally got hurt when I went out on Saturday. "

"How is it? Is it serious? "

"It's okay. "

Seeing that it was time to go to work, Mo Yan urged Li Guoguo to go back to her work station.

Although Chen Ya had left, she could not relax. With her ease of attracting trouble, who knew when something might go wrong.

Unknowingly, Mo Yan had gotten used to that trait of hers. The only thing she wanted now was to live a peaceful life with Luo Tao and not encounter any troubles.

Just as Mo Yan was preparing to work, Xu Tian suddenly called out to her.

“Sister Xu, is there something you need? ”

“Yes, follow me upstairs for a meeting. ”

Mo Yan blinked her eyes and saw that everyone else was looking at her. She couldn't ask any more questions, so she stood up and left with Xu Tian.

After leaving, Mo Yan asked, “Sister Xu, what kind of meeting are you having? ”

“The company has recently accepted a project and needs a meeting with the supervisor of the sales department. ”

“A meeting with the supervisor? Then I... ” Mo Yan was a little hesitant.

“After Chen Ya left, the position of supervisor of Team A became temporarily vacant. CEO Song has said that you would be in charge of it first. ”

Mo Yan suddenly understood. Previously, she had agreed with CEO Song that if she won the Jing City project, she would be able to become her assistant. However, due to various reasons, she had lost the opportunity that time.

Now that Chen Ya had been fired, the supervisor position in Team A could very well be filled by her.

Mo Yan's eyes lit up. The salary of a supervisor and an ordinary employee was not on the same level. The day before, she was still worrying about how to earn more money, but presently, she was given such good news.

Xu Tian glanced at Mo Yan, who was obviously over-excited, and her lips curled into a faint smile.

Mo Yan's ability to work was obvious to everyone. When Xu Tian heard the news of Chen Ya being fired, she wondered if the successor would be Mo Yan. That morning, CEO Song called her to her office, she asked her about how she felt working with Mo

Yan and Mo Yan's attitude toward work. After receiving her answer, CEO Song asked her to bring Mo Yan along for the project meeting that day.
