Chapter 33: Sister-in-Law Wants to See Me

After accepting Song Yun's offer, Mo Yan no longer cared about Chen Ya's strong hostility towards her. She turned around and left, leaving Chen Ya with a beautiful back view.

"Little vixen! I will definitely get you back!" Chen Ya was so angry that she tore up the document in her hand and cursed viciously.

As soon as she got off work, Mo Yan received the good news that her mother had successfully completed the first stage of her surgical treatment. She rushed all the way to the hospital. Her mother was lying weakly on the hospital bed, but her eyes were full of vigor. She seemed to be in good spirits.

Mo Yan carefully washed her mother's entire body and fed her a small bowl of chicken soup. Only then did she sit by the hospital bed and have the time to talk to her mother.

Mo Yan's mother was a very gentle woman. She lay quietly on the bed and looked at Mo Yan. Suddenly, she said, "Yan Yan, I am very pleased that you have found a good husband."

A good husband? Luo Tao's appearance suddenly appeared in front of Mo Yan's eyes. She panicked and almost dropped the apple that she was peeling, on the ground. Then, she pretended to be unbothered and asked, "Mother, have you already met him?"

She had never mentioned about Luo Tao to her mother. How did she come to the conclusion that she had found a good husband?

Mo Yan's mother patted the back of her hand comfortingly, she said, "It's the young man who has been visiting me in the ward the past few days. He calls me 'Auntie' very sweetly. I can tell that he's a good person. Yan Yan, don't be nervous."

Impossible. Luo Tao did not know about her mother. To Luo Tao, her mother should be Meng Xian.

Who else would visit her mother so many times? Mo Yan suddenly thought of something. She took two steps forward and started rummaging through the fruit basket on the bedside table.

As expected, at the bottom of the fruit basket, there was a card with the words: "Wishing Auntie a speedy recovery!"

And the person who signed it was "Qin Yuan".

He was the young boss whom she had met when she wanted to pawn the jade bracelet. He was also the young master of the Qin family whom Mo Lian had accused her of seducing, to force the Mo family to hand over her dowry, Qin Yuan!

Mo Yan was so shocked that her jaw dropped. When her mother saw this, she turned her head to look at her and asked in confusion, "Yan Yan, what's wrong?"

Why would a stranger whom she had only met once suddenly help her wholeheartedly? Mo Yan could not figure out the reason, so she decided to ask Qin Yuan face to face.

Shaking her head, Mo Yan smiled and said, "No, Mom, you should rest well. I still have something to do, I'll be leaving now."

After bidding farewell to her mother, Mo Yan rushed to Qin Yuan's jewelry store.

When she arrived at the store and found the cashier who had received her earlier, Mo Yan realized something that she had neglected.

It would be hard to see someone like Qin Yuan in such a hurry without an appointment.

Sure enough, the cashier said to her with an apologetic face, "I'm sorry, Miss Mo, our boss is not in the store today."

“Then... can you help me tell him? Tell him that Mo Yan wants to see him,” Mo Yan said with some uncertainty.

Since Qin Yuan helped her deal with her matter with the Mo family, he would probably be willing to meet her, right?

“Okay, I’ll let our boss know,” the cashier agreed.

At this time, Luo Tao was sitting in the small rented room, looking at the recent internal report of the Huo Corporation sent by his assistant.

Although to most people, Huo Zhen had either gone missing or even died, the real Huo Zhen, who had replaced Luo Tao’s identity, still kept a close watch on whatever happened in the Huo Corporation.

“These old guys, they think I’m dead, and they can’t wait to divide the company shares.” Luo Tao laughed coldly, his voice low and magnetic.

The assistant asked, “Fourth Master Huo, we have all followed your instructions. When can we pull in the net?”

“There’s no rush. Let’s wait a little longer. The real big fish hasn’t taken the bait yet.”

After saying this, Luo Tao rubbed his temples and looked at the darkening sky outside the window. He couldn’t help but feel a little puzzled.

Usually at this time, Mo Yan would have already gotten off work and started cooking. Yet, she still wasn’t home yet. Where did that woman go?

The look of Mo Yan wearing an apron and smiling as she asked him what he wanted to eat surfaced in his eyes. The corners of Luo Tao’s mouth subconsciously curled up into a small arc.

At this moment, Qin Yuan’s call came.

Once the call was connected, Qin Yuan anxiously shouted, "Huo Zhen, what should we do? Sister-in-law wants to see me now!"

Chapter 34: Mo Yan Was Angry

"Now?" Luo Tao couldn't help but ask. Mo Yan is late today because she wants to see another man?

Qin Yuan didn't notice Luo Tao's subtle annoyance and continued to shout, "Yes! Your wife is waiting in my shop right now! Do I go or not?"

Without any hesitation, Luo Tao said decisively, "Go quickly, don't let her wait for too long."

After Qin Yuan let out a wail, Luo Tao suddenly remembered something, and his face instantly darkened.

As Qin Yuan walked quickly, he muttered, "What should I do? I'm so nervous... Should I change my clothes? This is your wife..."

When he first met Mo Yan, Qin Yuan thought that she was just a mediocre woman who loved vanity, so he didn't care about her. But after he found out that Mo Yan was Luo Tao's wife, and Luo Tao even cared about her a little, Qin Yuan was a little flustered.

This would be the first time that Qin Yuan met Mo Yan after finding out that she was Luo Tao's wife.

Qin Yuan looked at the few pieces of clothes that the servants brought over and thought hard.

"You're not allowed to change clothes! Hurry up and go over!" Luo Tao was in a very bad mood. When he thought about how Qin Yuan was misunderstood by the Mo family as Mo Yan's lover, Luo Tao felt a strange emotion surge up from the bottom of his heart, which made him very annoyed.

Just as he was about to throw his phone away and hang up, Luo Tao thought of something and added, "Don't expose me. You can make things up as you go!"

After saying that, Luo Tao frowned and hung up the phone.

After sitting in the Qin family's jewelry store for about half an hour, the lady at the counter changed the tea in front of Mo Yan four times before Mo Yan received the news that the boss would be here soon.

It was indeed very fast. Not long after, the sound of a sports car's engine was heard from far away. Then, with a loud braking sound, a flamboyant red sports car stopped at the entrance of the shop.

The eyes of the lady at the counter lit up, and she quickly guided Mo Yan and said, "Miss Mo, that is our boss's car."

Qin Yuan held the door with one hand and flipped out of the sports car. He even made a prideful gesture. Then, he strode to Mo Yan and said, "Luo Tao's wife... Ah, no, Miss Mo, Hello."

Mo Yan didn't expect to see Qin Yuan looking like this. She was confused, so she frowned and replied, "Hello, Boss Qin."

"Uh, are you here to sell bracelets?" Qin Yuan remembered Luo Tao's instructions in his heart, to not mention anything about Huo Zhen.

Mo Yan's expression was indifferent as she said straightforwardly, "The person who forced the Mo family to hand over my dowry to treat my mother's illness a while ago, and even visited her frequently, was that you?"

Qin Yuan was stunned for a moment, then he replied, "Yes."

After getting a definite answer, Mo Yan's frown deepened. She asked in a deep voice, "Then may I ask why you are doing this?"

"Uh, because I want to help you." Qin Yuan scratched his head.

Actually, Luo Tao was worried about his wife being bullied, but he didn't want his wife to worry about being exposed, so he secretly helped her. He even specially ordered Qin Yuan to help her..

"If I remember correctly, this is only the second time we've met, right? Have you always been so fond of putting in a lot of effort to help a stranger?" Mo Yan's expression was solemn, her eyes staring straight at him.

What Qin Yuan was doing was really abnormal. She knew very well the principle of expecting things back in return. Therefore, she really did not dare to accept Qin Yuan's help with peace of mind.

"Don't be so serious." Seeing Mo Yan's expression change, Qin Yuan immediately wanted to explain, but then he remembered Luo Tao's warning. Thus, he stuttered, "Uh... I'm doing this as a man who has some feelings towards a special woman like you."

Qin Yuan had meant to talk about his respect for her. By "special woman", he meant his sister-in-law. However, he was at a loss for words, so he didn't say anything clearly.

However, when Mo Yan heard these words, she assumed that he was interested in her.

Mo Yan's face instantly darkened and she said sternly, "Boss Qin, please don't forget that I have a husband!"

Qin Yuan was stunned by her words and he subconsciously replied, "I know. It's okay."

His brain was very simple. He was just taking care of his friend's wife since his friend did not want his wife to know that he was helping her. What's the problem?

He didn't mind at all!

Seeing Qin Yuan not take her marriage seriously, Mo Yan instantly became even angrier. Her entire face was flushed red from anger.

Chapter 35: I Will Return It to You

Looking at Mo Yan's flushed face and fiery eyes, Qin Yuan realized that something was wrong. He tried to appease her, "Don't worry, don't be angry with me. I can buy you a bag..."

Qin Yuan was used to appeasing girls by buying them things. It was useless to Mo Yan who was offended.

Mo Yan found that although Qin Yuan's words were a little insensitive, he was physically very well-behaved. He had no intention of molesting her. Mo Yan calmed down and took a deep breath, she said, "Boss Qin, regardless of your intentions for helping me, I will first thank you for your good intentions. Because of you, my mother has the money for her surgery. You are our family's benefactor. But..."

Mo Yan's tone changed, she said coldly, "I am already married. I love my husband very much. Please don't have any other wicked thoughts! Think of it as you just lent me money. I will definitely return it to you as soon as possible with interest!"

After saying that, Mo Yan picked up her bag and stood up to leave.

Luo Tao paced around the house in a frustrated mood, but he could not tell what exactly he was unhappy about. Just as he was in a dilemma, Qin Yuan called him again.

"Huo Zhen, what should we do? Your wife scolded me and left in a huff!" Qin Yuan whined on the other end of the phone.

"She's angry? Did you bully her?" Luo Tao's voice suddenly turned cold as he said in a low voice.

"No, I didn't do anything! She told me not to have any wicked thoughts and said that the money would be returned to me with interest!" Qin Yuan was shocked and quickly explained.

Mo Yan told Qin Yuan not to have any wicked thoughts? Luo Tao was stunned when he heard that. He suddenly felt that the frustration in his heart had lessened a lot.

“What did she say to you?” Luo Tao asked.

“Uh, she first thanked me for my kindness and said that I was her family’s benefactor. She also said that she was married and that she loved her husband very much or something.” Qin Yuan tried hard to recall. Suddenly, recalling what she said, he said in surprise, “Does she really think of me as her benefactor?”

Hearing Qin Yuan’s nonsensical words, the corner of Luo Tao’s mouth twitched, and he hung up the phone without saying a word.

However, after hanging up the phone, he recalled what Mo Yan had said, “I love my husband very much.” He could not help but chuckle.

What a silly and innocent woman!

Luo Tao’s mood suddenly improved, so he decided to tidy up the house, mop the floor, and clean the windows.

When Mo Yan returned home, she saw Luo Tao wiping his hands and sitting on the sofa.

Luo Tao’s eyes were smiling. Just as he was about to talk to Mo Yan, he saw Mo Yan put her hands on her hips with an unpleasant expression and scolded, “Luo Tao, you’ve been at home all day. Can’t you cook dinner at night?”

Luo Tao was stunned. Then, he stood up and said innocently, “Didn’t you come back to cook?”

Moreover, he didn’t know how to cook at all! In the past, when he was alone in the small village, he would just cook random ingredients, and ate them.

Hearing this, Mo Yan became even angrier.

Today, in the company, Chen Ya bullied her and made her suffer for a whole day. Then, she learned about what Qin Yuan had done and became even angrier. She previously thought that her father paid

for her mother's treatment because he had a conscience. However, she found out that it was actually because Qin Yuan forced him to!

Thinking of this, Mo Yan felt wronged and angry. Moreover, having to cook dinner right after she came home? This was so unfair!

Hence, Mo Yan scolded again, "I do everything at home. Even if you don't work, you should at least split the housework with me! I work very hard every day and I even get bullied by other people. I..."

As she spoke, Mo Yan felt more and more wronged. Tears fell down, and crystal clear tears flowed down her fair cheeks.

It was the first time that he saw Mo Yan Cry. Luo Tao was so scared and he didn't know what to do. He quickly went to get a tissue and tried to say something incoherently, "Do you think it's irresponsible for me not to go out to work?"

Seeing Luo Tao rush to get a tissue, Mo Yan took it and wiped her tears. She pursed her lips and was worried that Luo Tao would blame himself. She explained, "I'm not complaining that you don't go out to work. In this society, it's normal for women to work outside while men do housework at home. It's just that since we're husband and wife, we should cooperate and live a good life together."

"Yes, you're right." Looking at Mo Yan's clear and clean eyes after she finished crying, Luo Tao felt his heart ache. He helped her wipe away her remaining tears and answered obediently.

Chapter 36: I Was Wrong

Mo Yan burst into tears and let out all the frustrations in her heart. Only then did she feel much better. At this moment, she saw that Luo Tao was not so angry anymore, so, she told him everything that happened in the company today.

Of course, she omitted the things that happened in the hospital and the Qin family's jewelry store. These were things that Luo Tao could not know.

“CEO Song gave me an opportunity. I must fight for myself. As long as I work hard, the more I do, the more money I will earn.” Mo Yan clenched her fists and said with high morale.

Luo Tao secretly remembered the name of the arrogant and domineering female supervisor, Chen Ya. He replied calmly, “Okay, I believe you.”

Mo Yan nodded, stood up, and put on her apron. She suddenly found that the floor was spotless and extremely clean. She could not help but be stunned for a moment.

Luo Tao followed her gaze and deliberately said in a somewhat aggrieved tone, “It’s not like I did nothing at home today. I mopped the floor and even cleaned the windows.”

After saying that, Luo Tao could not help but laugh and shake his head helplessly.

He had always been an autocratic and uncompromising person. But now, just to get sympathy from Mo Yan, he say so.

Mo Yan realized that she had wronged Luo Tao and felt a little ashamed. Her ears turned red. She blinked and said embarrassedly, “I’m sorry, I was wrong.”

“It’s okay, it’s not like I told you anyway.” Luo Tao shook his head.

Seeing how Luo Tao was understanding of her, Mo Yan couldn’t help but smile. She used to think that Luo Tao was cold and unsmiling, but at this moment, he looked quite cute. She couldn’t help but jump in front of Luo Tao and hug him tightly.

After hugging him, Mo Yan’s face turned red. She turned around and slipped into the kitchen to cook.

When it was dark and Mo Yan was ready to go to bed after taking a shower, Luo Tao went out and prepared to go running.

Even after moving to the city, Luo Tao still had the habit of exercising. However, he now only ran during the early morning and late night when few people were around.

While jogging, Luo Tao called his assistant.

“Yes, Fourth Master Huo.”

“Any updates on the investigation on the supervisor of Mo Yan’s company, Chen Ya, and the general manager, Song Yun?” Luo Tao adjusted his breathing while jogging and asked in a deep voice.

“Chen Ya is the niece of the deputy general manager of Mo Yan’s company, Chen Kang. She was promoted by Chen Kang as she was his relative. She is in a relationship with another supervisor, Zhou Shuai. Zhou Shuai is Mo Yan’s university classmate, and he once pursued her. And as for the general manager, Song Yun, there’s nothing to report, she and Mo Yan are on good terms” the assistant replied.

“Mm. Firstly, meet Song Yun secretly and ask her to help take good care of Mo Yan”

Luo Tao pondered for a moment and suddenly had an idea. He continued, “Forget it, you don’t have to do this. Tell Qin Yuan about this matter and ask him to meet Song Yun for me.”

After explaining everything, Luo Tao ran a few more rounds before returning home.

When he reached home, Mo Yan had already fallen asleep. There was a small lamp left on in the living room for him. Luo Tao quickly took a shower and entered his room.

Ever since they moved, the two of them had split bedrooms. However, Luo Tao felt that the quality of his sleep was not as good as when they were in the brick house in the countryside.

After they had split bedrooms, it was no longer simple wooden boards that separated them. Instead, they now had thick walls. Now, he could not hear Mo Yan’s soft breathing when she slept.

Luo Tao tossed and turned for a long time before he finally fell asleep.

At the morning meeting of the company on Monday, Mo Yan finished reading the review that she had written under the witness of dozens of people in the sales department.

After she finished reading, Chen Ya also walked up to the stage with a livid expression. She gritted her teeth and read her review about management negligence.

When she finished reading and left the stage, Chen Ya felt dozens of pairs of eyes staring at her, mocking her. After walking stiffly back to the office, Chen Ya was so angry that she started scolding Mo Yan again.

What she felt towards Mo Yan now was hatred. She hated her so much that she wished that her bones would be crushed and ashes scattered!

Supervisor Zhou held her shoulders and comforted her, "It's okay, Chen Ya. Everyone knows that you're being wronged. You didn't do anything wrong."

Chen Ya said hatefully, "After she met with the general manager, she started acting like a big shot. Mo Yan, that bitch!"

"Okay, okay. Chen Ya, let's not lower ourselves to the level of people who rely on their connections to get to the top," Zhou Shuai advised again.

Song Yun silently watched Mo Yan and Chen Ya take turns to read their reviews before leaving.

Her assistant hurried over and reported, "CEO Song, the young master of the Qin family who made an appointment to meet you has arrived."

"Well, let's go." Song Yun nodded.

Chapter 37: A Distinguished Big Shot

Qin Yuan had learned his lesson from the last time. This time, he followed Luo Tao's instructions and dressed very low-key. When he entered Mo Yan's company, he was even almost stopped by the security guards.

When Song Yun arrived at the reception room, Qin Yuan took off his sunglasses and glanced at Song Yun before standing up to shake her hand.

Song Yun smiled very politely. After the two of them sat down, she asked in puzzlement, "Young Master Qin, what brings you here?"

Although Song Yun's company was famous in the industry, it was still inferior to the Qin family's business, which was far bigger.

She was very self-aware. The young master of the Qin family, Qin Yuan, definitely did not come here to discuss business.

"Haha, I'll go straight to the point then."

Qin Yuan laughed. He knew that Song Yun was also a transparent person, so he went straight to the point. "I'm here to make a deal with you."

"Oh?" Song Yun raised her eyebrows, somewhat surprised.

"You have an employee under you named Mo Yan, is that right?"

"Yes, she's very good. What's wrong?" Song Yun vaguely had a premonition.

"Mo Yan is my sister-in-law. Since you have been taking care of her and you are only slightly older than me, I'll speak comfortably." Qin Yuan's face revealed a smile that no woman could refuse, he said straightforwardly.

Song Yun also smiled and asked, "I didn't know that Mo Yan was already married. May I know who her husband is?"

"I can't reveal who he is. In any case, he's like a brother to me. He's a person of high status. He can cause the capital to tremble with a stomp of his foot."

Qin Yuan deliberately kept her in suspense. Then, he moved closer to Song Yun and said with a smile, "I'm here to ask you to help take good care of my sister-in-law.. Don't let her be bullied in the company. As for her salary, please pay her more."

Seeing that Song Yun was a little surprised, Qin Yuan added, "Of course, I will also be investing in your company. I would just like a small portion to be given to Mo Yan. The rest will be my gift to you."

Song Yun did not immediately agree. She looked at Qin Yuan's expression and was very surprised.

How much of a big shot was Mo Yan's husband to have the young master of the Qin family personally come to ask her to take care of her?

If he was really an extremely honorable person, why hasn't Mo Yan brought him up yet?

Sensing Song Yun's doubt, Qin Yuan took a sip of tea and said, "I can't tell you the reason behind this, but I have a small request. I hope that you will keep this a secret and not let my sister-in-law find out. If you take good care of her..."

He winked at Song Yun and said meaningfully, "My big brother will definitely remember your favor."

Although she had many doubts in her heart, the deal Qin Yuan proposed was undoubtedly a good deal for a businesswoman like Song Yun. Therefore, Song Yun also smiled and said, "Alright, then thank you for your kindness."

After reaching an agreement with Song Yun, Qin Yuan whistled and left the room. He wanted to take the stairs and sneak to Mo Yan's place of work to secretly take a few photos for Huo Zhen to see.

Huo Zhen was such a stuffy and stubborn person, but he would definitely be happy to see Mo Yan's photos, right?

Just as Qin Yuan was fantasizing about receiving Huo Zhen's praise and was about to reach the sales department's floor in a good mood, he saw an unexpected scene.

After the morning meeting ended, Mo Yan returned to her work station. Zhu Zhu, whose desk was next to Mo Yan's, excitedly said to her, "Yan Yan, you're so amazing. You actually managed to get back at Chen Ya!"

Mo Yan smiled at her and did not answer. Instead, she focused on her own work.

Seeing Chen Ya, who always liked to bully others, make a fool of herself, Zhu Zhu was very excited the entire morning. From time to time, she would come over and gossip with Mo Yan.

"Mo Yan, let me tell you, when Chen Ya and Supervisor Zhou got together..."

Just as Zhu Zhu was about to start gossiping, she saw a figure behind Mo Yan and was suddenly frightened into silence.

"Sup... Supervisor Zhou!" Zhu Zhu stuttered.

Mo Yan turned around and found that Zhou Shuai was already behind her and looking at her silently.

Thinking of what happened last time, Mo Yan felt a chill run down her spine. She moved her body a few times in disgust and then heard Zhou Shuai ask, "Zhu Zhu, what are you talking about with Mo Yan?"

Zhou Shuai had caught her badmouthing him and Chen Ya. Zhu Zhu was so nervous that she immediately retreated to her work station. "Nothing!"

Zhou Shuai nodded and said in a clear voice, "Mo Yan, I don't remember where I put some of the clients' information. Help me look for them."

It was a legitimate and reasonable reason, so Zhu Zhu did not think it was strange. However, Mo Yan subconsciously felt a little nauseous.

Feeling Zhou Shuai's wild and wanton gaze on her, Mo Yan felt conflicted and refused, "I still have some things to do. Supervisor Zhou, look for it yourself."

Chapter 38: Showing Off His Skills

"Mo Yan, when your supervisor at work asks you to do something, how can you say no?" Zhou Shuai said with a faint smile. Chen Ya was not in the company, so he was more bold in asking her to go with him.

Mo Yan bit her lips and still refused, "I'm helping CEO Song with something. What is she going to say if I stop doing what she has told me to do, to help you?"

"What do you mean? I just need your help to find some things, why are you involving CEO Song? Mo Yan, do you not think of yourself as a member of the sales department anymore?" Zhou Shuai deliberately raised his voice a few degrees. It attracted the attention of the surrounding colleagues.

Hearing the discussions around her, Mo Yan clenched her fists. However, since she had no evidence of Zhou Shuai harassing her, she could not explain herself. At this moment, she was in a dilemma.

Seeing that Mo Yan was in a tough spot, Supervisor Zhou deliberately softened his tone and said, "Let's go. It won't take long to just find some information."

Having said that, Mo Yan had no other choice. She could only stand up vigilantly and leave with Supervisor Zhou.

She decided that if Supervisor Zhou tried anything funny, she would call her colleagues over and expose his true nature to the company.

However, Zhou Shuai brought her further and further away from everyone else. He even said, "The warehouse in the company is more remote. We are almost there."

As he said that, a cunning look flashed across Zhou Shuai's eyes. The image of him touching Mo Yan appeared in his mind.

Mo Yan had long realized that this wasn't the route to the warehouse. She secretly turned on her recorder pen and acted as if she did not know his intentions as she replied, "Okay."

They soon reached the entrance of a passageway that was covered in dust. Very rarely did people come here. Then, Supervisor Zhou stopped his pretense and turned around abruptly. He wanted to hug Mo Yan. "Mo Yan, I just know that you must've missed me so much..."

Mo Yan took a few steps back and scolded, "Supervisor Zhou! What will happen if Chen Ya finds out that you're doing this?"

"She won't find out. I've already cheated on her many times. You're next. Hehehe." Zhou Shuai laughed lewdly and took a few more steps forward, teasing Mo Yan.

Mo Yan turned around and entered the passageway. Looking at the long flights of stairs below, she said, "If I call someone over, your reputation will be ruined."

Zhou Shuai laughed out loud and did not stop his footsteps from approaching Mo Yan. He said smugly, "Call them then. Look, when they come, they will only call you an indecent whore."

"Why can't you just listen to me? I will make you feel very good." Zhou Shuai looked at Mo Yan's chest even though she was wearing a business suit and almost drooled.

At this moment, Mo Yan was already at the edge of the stairs. She secretly clenched the box cutter in her palm and was about to stab Zhou Shuai when something unexpected happened.

A leg suddenly appeared and kicked Zhou Shuai's waist, sending him flying to the wall.

Mo Yan was shocked and turned to look. Qin Yuan clapped his hands and cursed, "Damned hooligan."

Then, Qin Yuan grinned and said to Mo Yan, "I look cool, right?"

He was going down the stairs when he saw a man harassing Mo Yan. How could he just ignore the situation? He rushed down and kicked the wretched man away.

If Huo Zhen knew that he had saved Mo Yan, wouldn't he be even more grateful to him?

Zhou Shuai, who had been kicked away, had fallen to the ground. His head had unfortunately hit the wall, and he was crying out in pain.

Mo Yan looked at Qin Yuan who had suddenly appeared and was a little speechless. She put the box cutter back into her pocket and asked, "Why are you here?"

Qin Yuan scratched his head and said, "I'm here for business."

"Then why didn't you take the elevator? Why did you take such a remote staircase?" Mo Yan frowned.

"I just wanted to walk a little, can't I? Didn't I just save you?" Qin Yuan was worried that Mo Yan would not believe his excuse, so he deliberately showed Mo Yan a muscle-flexing action.

The corners of Mo Yan's mouth twitched. She thought to herself that Qin Yuan's body was nothing compared to Luo Tao's.

"Okay, Mo Yan. You go ahead first. I'm not done with him yet." Qin Yuan patted his chest and said.

Although he was suspicious, under Qin Yuan's repeated persuasion, Mo Yan left and went back to her work station.

Qin Yuan wasn't able to take some pictures of Mo Yan working, as he wanted. However, he was able to take a few photos of Mo Yan's back as she left. He also took a few photos of the lewd man and sent them to Huo Zhen.

His caption was: Today, I showed off my skills and subdued the hooligan who was harassing Mo Yan. I did good right?

After sending the photos, Qin Yuan squatted down beside Supervisor Zhou who was lying on the ground. He smiled evilly and said, "Damn hooligan, how shameless. How dare you touch Mo Yan? Guess what I am going to do to you now?"

Chapter 39: Don't Kill Him

Zhou Shuai spat at him and scolded back, "How dare you speak to me like that, you sneaky photographer!"

"Oh, are you sure you want to fight with me? Do you know who I am?" Qin Yuan reached out and pinched Zhou Shuai's mouth, causing him to cry out in pain.

After receiving the messages from Qin Yuan, Luo Tao went straight to Mo Yan's company.

After meeting Qin Yuan who was waiting at the passageway, Luo Tao walked towards Zhou Shuai, who was already subdued.

Qin Yuan looked around Luo Tao curiously and said in surprise, "Fourth Brother, why are you dressed so shabbily? Didn't you only wear custom-made clothes in the past?"

Seeing Luo Tao walk away without paying attention to him, Qin Yuan bent down and pulled on Luo Tao's pants while walking. He said in disdain, "What kind of cheap clothes are these? You even bought counterfeits. Hurry up and throw them away."

Luo Tao lowered his head to take a look and then said indifferently, "It was Mo Yan who bought them for me."

In an instant, Qin Yuan went quiet and did not dare to say a word.

Luo Tao squatted in front of Zhou Shuai, whose hands and feet were tied, and mouth was stuffed with a sock. There were several palm prints on his face.

Qin Yuan pulled out the sock that was stuffed in Zhou Shuai's mouth and put it into his pocket with disdain. Then, Zhou Shuai twisted his body and scolded, "Who are you people? How dare you do this to me in my company. I'm going to call the police!"

"Who are we people?" Luo Tao frowned and stared at him in disgust. His tone was indifferent.

Zhou Shuai looked at the tall man in front of him. He was wearing a mask, only his eyes could be seen. His disgusted expression, however, could clearly be seen. Zhou Shuai subconsciously lowered his head and almost peed his pants.

"Do you think Mo Yan is someone whom you can touch?" Luo Tao took out the tiger finger puppet that he had prepared from his pocket and put it on his hand.

Qin Yuan was a little afraid when he saw this. He could not help but advise, "Brother, don't kill him. It'll be troublesome if someone finds out."

If word got out and Huo Zhen was exposed, his enemies would find out that he was alive.

Luo Tao's voice was indifferent. "I know."

Seeing the two of them talking about his life and death so coldly, Supervisor Zhou was anxious. He struggled with all his might and said, "This is a society ruled by law! You'll go to jail if you kill me!"

It was a pity that the place he chose to violate Mo Yan was so remote. Even if he shouted with all his might, no one would be able to hear him.

Luo Tao's gaze was cold. He waved at Qin Yuan, signaling him to turn around. Then, he said, "I am disgusted by people like you, how dare you actually touch her?"

Then, waves of heart-wrenching screams and the sound of flesh and liquid came out from Zhou Shuai. Qin Yuan couldn't endure the sounds, so he reached out to cover his ears.

Ever since Mo Yan returned to her desk, she had not seen Zhou Shuai. Soon, it was the end of the work day. She still had not heard anything about Zhou Shuai.

Sighing, Mo Yan walked out of the company. Just as she was about to walk home, she suddenly saw Luo Tao's figure when she walked past a street corner.

Luo Tao was standing under a tree, wearing a mask, and looking at her quietly.

Mo Yan jogged over and asked while panting slightly, "Why didn't you wait for me in the company lobby? There's air conditioner there."

Luo Tao reached out and took her bag naturally. He held her hand and said, "There are too many people there."

Too many people? Could it be that Luo Tao was afraid of being seen by others and felt inferior?

After a moment of silence, Mo Yan said softly, "My colleagues know that I have a husband. You can come and pick me up openly."

Luo Tao smiled slightly and did not answer.

The next day, Mo Yan had just walked to her work station when Zhu Zhu pulled her to the side. Zhu Zhu said mysteriously, "Yan Yan, do you know what terrifying thing just happened in the company?"

Mo Yan frowned slightly and asked in puzzlement, "What is it?"

“Supervisor Zhou almost died in the company yesterday! He was discovered by the patrolling security guards at night. He had crawled out of a passageway and dragged his blood with him. Some of his guts were even poured out from his body!” Zhu Zhu said with her eyes wide open.

Qin Yuan actually beat up Zhou Shuai so badly? Mo Yan’s breathing stopped and her body stiffened.

After looking around, Zhu Zhu lowered her voice and said, “But the strange thing is, Supervisor Zhou said that he fell on his own. How is it possible that he fell so badly? I think that he must have encountered a ghost!”

Seeing Zhu Zhu’s serious look, Mo Yan’s smile disappeared. She imagined how Zhou Shuai’s intestines would look like poured out from his body, and subconsciously trembled.

“Alright, Zhu Zhu, quickly go do your work before Supervisor Chen comes and scolds you again.” Mo Yan saw that Zhu Zhu still wanted to continue gossiping, so she immediately persuaded her.

Zhu Zhu stuck out her tongue at her before returning to her work station.

Although Qin Yuan was the one who beat up Zhou Shuai, it was still because of her. Mo Yan could not help but feel guilty.

During Mo Yan’s break time, she walked to the small balcony and called Qin Yuan.

Chapter 40: Treat You to a Big Meal

Mo Yan exchange contact information with Qin Yuan when he happened to save her yesterday. Mo Yan held her phone nervously. Once the call was connected, she asked, “What did you do to Supervisor Zhou?”

“Nothing. I just punched him a few times,” Qin Yuan said innocently.

Huo Zhen was the one who attacked him yesterday. He really didn’t do anything.

“Then why did I hear that Supervisor Zhou was almost beaten to death?” Mo Yan asked with a frown.

He had expected Mo Yan to ask about this. Qin Yuan followed Huo Zhen’s words and said, “Oh, there’s just a few bumps on his head. He might have also fainted for a while. It’s not that serious. Don’t listen to rumors. Supervisor Zhou didn’t even call the police. It means that he wasn’t hurt too bad. He’s just ashamed of himself.”

“Really?” Mo Yan heard what Qin Yuan said and thought it through. She realized that it made sense.

“Of course! Hey, I’m busy right now. I’ll hang up first.” Without waiting for Mo Yan to ask more questions, Qin Yuan hung up the phone in a hurry.

After knowing that Qin Yuan didn’t almost kill him, Mo Yan heaved a sigh of relief. She didn’t feel sorry for Zhou Shuai, but she was worried that Qin Yuan had gone too far. If the police were to investigate what had happened, not only would she have to pay a fine, but she would also have to go to jail.

If Luo Tao were to find out about this, he would be so sad and blame himself.

With this thought in mind, Mo Yan was about to walk back to her work station. However, when she opened the door of the small balcony, she met Chen Ya.

Chen Ya’s face was livid. Her eyes were fixed on her face. The veins on her forehead were popping out as she asked, “What did you say on the phone just now?”

Mo Yan did not know how much of the conversation between her and Qin Yuan that Chen Ya had heard, so she could only say with a cold face, “Supervisor Chen, I don’t understand what you mean.”

“Supervisor Zhou was beaten up. Is it related to you?” Chen Ya took a step closer and asked sternly.

Shrugging her shoulders, Mo Yan replied, “Oh, so Supervisor Zhou couldn’t come to work because he was beaten up. Thank you for telling me.”

Chen Ya was speechless, and her long nails dug into her palms.

After saying that, Mo Yan walked past her and went straight back to her work station.

It was only the start of the day but she already had to deal with Chen Ya and Zhou Shuai's matters. Mo Yan was in a bad mood. Fortunately, in the afternoon, Song Yun's assistant handed her a pay slip, indicating that Song Yun had personally seen it.

"Eighty-six thousand yuan? How is it so much?" Mo Yan cried out in surprise. When she realized that her other colleagues were looking over, she couldn't help but cover her mouth.

The assistant smiled warmly and said, "CEO Song said that you helped her complete many difficult projects, so there should be a commission. This amount is accurate."

After confirming it for Mo Yan, the eighty-six thousand yuan salary was quickly transferred into Mo Yan's account.

In less than 20 days into her new job, she was already able to get a salary of more than 80,000 yuan. Mo Yan was dazed by the sudden joy, and she immediately started fantasizing about how her life would be like when she got rich.

She wanted to take Luo Tao on a trip, and treat him to a big meal.

Very quickly, her bubble was burst, because she remembered that she still owed Qin Yuan more than 500,000 yuan.

With a sigh, Mo Yan transferred 80,000 yuan to Qin Yuan and left 6,000 yuan for her and Luo Qin.

When she got off work, Mo Yan saw Luo Tao in her company lobby to pick her up. She immediately waved her hand and said, "Let's go, I'll treat you to a big meal today!"

Luo Tao knew that Mo Yan had money because he was the one who asked Qin Yuan to get a pay raise for Mo Yan. However, on the surface, he pretended to know nothing. He asked with a smile, "Is it payday? You're so happy."

"Yes." Mo Yan nodded, then took the initiative to hold Luo Tao's hand and said, "I'll treat you to a meal today. You can choose to eat whatever you want!"

With a smile at the corner of his mouth, Luo Tao followed her and said, "You are so generous. Let's go to the restaurant by the river."

Mo Yan agreed readily. She hailed a taxi and rushed to the restaurant by the river with Luo Tao.

Once they reached the place, Mo Yan was dumbfounded.

The place Luo Tao picked was actually the most luxurious restaurant in the city, the Alliston Music Restaurant!

A meal here could easily start from tens of thousands of yuan. How could a poor working class person like her afford it?

Looking at Mo Yan's bitter expression, Luo Tao laughed in his heart. He wanted Mo Yan to embarrass herself because of her lack of money so that she would be forced to confess her real identity. Thus, he said nonchalantly, "What's wrong? I heard that your family has always liked to eat in this restaurant?"
