

Returning from the Dead His Secret Lover Chapter 1911

People will change

Huo Sijue: "..."

In just a few seconds, his face was not very good-looking.

In the afternoon, Wen Xuxu left Guanhaitai and drove to Wangjiaolou.

What she didn't know about Wangjiaolou at this time was that a vigorous birthday party was being held. It was Zhou Xiuying who came to congratulate her?

Of course, those noble ladies in the capital.

"Mrs. Lan, look, I'll just say it. Everyone is thinking about you. When they heard your birthday, they all came.

" Well."

" ..."

In just a few seconds, these noble ladies gathered around with precious gifts, and of course they were all compliments.

Zhou Xiuying was a little embarrassed.

She moved here now, counting the time, it has been more than half a year. In this half year, her life has undergone earth-shaking changes. Staring at the hat of the widow of the Lan family is better than that of the obscure daughter-in-law of the Shen family. Much more popular.

In the end, Zhou Xiuying was very kind, so she could only invite all these people into the house.

When Wen Xuxu came over, she just saw this scene. In the hall of the ancient house full of banquets, the woman she was familiar with was surrounded by the stars and the moon.

Not to mention overjoyed.

What is she doing?

Wen Xuxu frowned slightly, and parked the car at the door of the tower. After she got off, she went in with her bag.

“Sister-in-law, are you...?”

“Ah?”

In a word, the laughter and laughter in the hall of the ancient house stopped immediately, and they all looked towards the door.

It turned out to be the lady of the gods?

Immediately, everyone’s expressions changed, and she immediately sat there and restrained a lot, and Zhou Xiuying even flashed a trace of panic in her eyes, and she hurried out.

“Xuxu, why are you here? You didn’t even tell me a word.”

“I came to see you, are you...?” She looked at the people in the hall and asked again.

Zhou Xiuying’s face suddenly became even more unnatural.

“Yes...it’s my birthday, these ladies, they insisted on coming to celebrate, but it’s really embarrassing to see so many people here.”

“It’s your birthday, sorry, sorry, I forgot about it.” When

Wen Xuxu heard this, he quickly apologized.

She really didn’t remember this matter. There are too many people in the Shen family. She is in charge of Guanhaitai now, and there are so many things. It is impossible to remember these days one by one.

However, since she was allowed to catch up, she had to show something.

Wen Xuxu took off a green bracelet on her wrist.

“Sister-in-law, I’m so sorry, I couldn’t remember your birthday, and I didn’t have time to prepare the gift. This bracelet was photographed by my child’s father at an auction a few years ago. I’ll give it to you today, I hope you don’t want it. Disgusting.”

She handed it over.

Immediately, there was a gasp in the hall.

This bracelet is pure in color and has a good water head. At first glance, it looks like a high-quality jadeite. Moreover, the lady of the Shen family also said that it was auctioned by her husband.

sky!

It's definitely worth a lot of money.

Everyone showed envious expressions, and of course, they couldn't help but feel a little embarrassed, because their gifts were nothing compared to this one.

Zhou Xiuying didn't accept it at all, and in the end, Wen Xuxu forced it into her hand, and she accepted the bracelet.

Next, due to the arrival of Wen Xuxu, the banquet was not as open as it was just now. Many people would think about it when they spoke, and they would not dare to speak out if it was too much.

"Mrs. Lan, are you still going to our cheongsam party?" "Mrs. Zhang, look at what you said, this

is a daily pastime. Of course Mrs. Lan will go, right?"

Zhou Xiuying.

Zhou Xiuying was even more embarrassed.

In fact, not only this cheongsam party, but also many, many activities. Since she moved to this Wangjiaolou, she has not gone to work in the restaurant opened by Huo Sixing, and has been interacting with these noble ladies. .

Wen Xuxu sat next to him and ate the vegetables casually, and didn't pay any attention to them.

Until someone mentioned the sons and daughters of the Lan family.

"Mrs. Lan, is your daughter a junior this year? I heard that she was an exchange student abroad. She is very good. Have you thought about how to arrange it after graduation?"

"Not yet."

Zhou Xiuying Just have to bite the bullet.

Then Mrs. Gui became even more enthusiastic: "Do you want to go to the audit department? I heard that your daughter is studying finance and accounting, so it is very suitable to go there."

Zhou Xiuying: "..."

"What do you think? Mrs. Lan talked to her some time ago. We said that Miss Lan is likely to work abroad. She met the foreign minister's wife over there, and she made a very handsome boyfriend. It is said that she is a nobleman over there or an officer.

"My God!"

Suddenly, there was a sound of envy in the hall.

Returning from the Dead His Secret Lover Chapter 1912

What is the truth of your kneeling for him?

Of course, there are a lot of regrets mixed in this envy, because many people actually came here with the purpose of forming a family with the Lan family.

Wen Xuxu finally couldn't listen anymore, and with a "pop", put the chopsticks on the table.

"Sister-in-law, did Shanshan tell you these things?"

"..." In the

hall, everything was silent!

And Zhou Xiuying, even after turning around, looking at her younger brother and sister whose expression finally cooled down, her face turned pale immediately.

"Xuxu, I..."

"Sister-in-law, if there are some things that are not confirmed, don't talk nonsense. I went to country Y this time because of my son's illness, and found that there was no such thing as you said, Shan Although Shan has been to the foreign minister's wife, it was all because of President Lan Ling, and there was no interaction after returning to school."

“As for your boyfriend, that’s even more impossible, I’ve never heard of it. Shanshan mentioned it.”

Wen Xuxu didn’t save her face, and in front of everyone here, she exposed her lies.

She really did not expect that one day this woman would become such a person. There is nothing at all, but it is well known by everyone she preaches in the country.

Is this deliberately preventing the two little guys from getting back together in the future?

Or has she really begun to admire vanity, and has begun to like to use her own children to put gold on her face?

When the words fell, Zhou Xiuying’s face immediately flushed red, and those noble ladies immediately began to discuss, and of course the expressions on their faces became ridiculed and contemptuous.

Ten minutes later, when all the guests had left, in the huge hall of the ancient house, Zhou Xiuying, who had lost her face, finally sat there and stared at Wen Xuxu with anger.

“Xuxu, what do you mean? In front of so many people, I can’t get off the stage. Do you want me to be unable to stay in the capital in the future?”

“...”

She was still concerned about this issue.

Wen Xuxu also looked at her coldly: “Then what do you mean? You deliberately spread so many rumors here, and you made my son almost come back, what are you trying to do?”

“...”

In a word, this aggressive woman’s face turned pale immediately, and her arrogance went down.

“I...I don’t know what you’re talking about...”

“Don’t you know? Do you want me to tell you again? Zhou Xiuying, over the years, our family of gods has treated you well, and Huo Sijue and I have two. Is it true that people are benevolent to your husband and wife? Why do you treat my son like this? If you don’t agree with the two of them being together, you can tell me, as for how cruel it is to destroy my son?”

Wen Xuxu's tone began She became excited, and when she thought that her son was almost closed in her own world and never came back, she was so angry that she trembled slightly.

Zhou Xiuying was completely choked.

She was blushing and blushing, as if someone had slapped her hard, and she couldn't speak for a long time there.

Wen Xuxu: "Zhou Xiuying, let me ask you a question now, what did you tell my son at that time? Why did you kneel in front of him? Huh?"

"I...I..."

"Speak! !"

There was a sudden roar, which scared the servants in the hall to their faces.

Zhou Xiuying shivered all over, and finally, she faltered: "I... I just think this relationship is unrealistic, they are aunts and nephews, it's impossible."

"Is that so?" Wen Xu Xu sneered.

"Auntie? Is that really the case? If it's for the sake of the child, you should at least look for us first, not my child. He's only 19 years old, what does he know?"

"..."

"Zhou Xiuying, did you do this because my son is not healthy?"

Suddenly, Wen Xuxu stared at the woman and said something like this.

Zhou Xiuying was so frightened that she raised her head suddenly, her eyes widened in panic, and immediately denied: "No, that's not the case, Xuxu, don't misunderstand."

"Misunderstanding?" Wen Xuxu sneered again one sound.

"I'll analyze it for you, is this a misunderstanding? Huo Yin was 7 years old when the three of them were brought to God's house. At that time, his father and I were always very busy. To snatch the White House, we had to focus all our energy on that matter. Therefore, the three brothers and sisters became the concubines of the family of God to take care of them, including you."

"I remember hearing the most at the time. The praise comes from Mo Bao and Ruoruo. They are both praising how sensible and well-behaved they are, but Huo Yin doesn't have one. If you are not satisfied, you will get angry and throw things at home, right?"

Wen Xuxu looked at her and asked coldly.

Zhou Xiuying's expression became even more dodged, she lowered her head and said nothing.

Seeing this, Wen Xuxu continued: "Later, the matter of Tong Hui broke out. The child locked himself at home for three days and three nights and didn't come out. At that time, the entire Shen family should have known that there was something wrong with him. Bar?"

Returning from the Dead His Secret Lover Chapter 1913

He is not a monster!

"...No, no."

"No? Then why does Shanshan pay special attention to him? Zhou Xiuying, you cover up very well, but you forgot that your invisible instructions to your child will make her behave. Come out."

Wen Xuxu reminded her again.

Yes, without this woman's advice between her two children, Lan Shanshan, who was only ten years old at the time, would not have been able to pay such careful attention to Huo Yin.

She is kind and sensible.

However, at the age of ten, if you want to pay attention to one thing or a person, you will definitely pay attention because you have been guided.

For example, her mother told their siblings to be careful about Huo Yin watching Haitai, what kind of child he was, and then the smart Lan Shanshan remembered it.

However, Zhou Xiuying never thought that her exhortation would eventually turn into more meticulous care and care for the child by this daughter, which probably came from the kindness in her bones.

Zhou Xiuying finally turned pale.

She didn't expect that the woman in front of her was so smart that she could analyze what she had done to the child just by looking at her son.

So, what did she do to him?

In fact, even now, Zhou Xiuying doesn't think she is wrong, because, wasn't his father Huo Sijue such a terrifying person back then?

Killing all Shu Jingzhai's people, she will always remember the bloody scene.

But what's wrong with her?

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

She just doesn't want her daughter to marry someone with a mental disorder. What's wrong with her?

Zhou Xiuying calmed down, and after straightening her temples, she sat down in that chair.

"Yes, you're right. I did find your son and begged him to leave my daughter. But Wen Xuxu, I really don't think I'm wrong. You suffered so much when you married his father. , Could it be that I can't bear to have my daughter go your way, am I wrong?"

"What?"

Wen Xuxu was struck by lightning!

This woman, she actually... is for this? ! !

She was angry, and in just a few seconds, after the raging anger burned from her chest, she stood up from the chair with a jerk.

"Zhou Xiuying, you are so ridiculous. Huo Sijue appeared as a sub-personality because he was forced by the gods. What does this have to do with Huo Yin?"

"I went to ask, this disease is inherited Yes, Huo Yin has been like this since he was a child, and when Tong Hui had an accident, he even showed signs of it, do you think he will not be in the same situation as his daddy?"

She even fought back immediately.

Wen Xuxu was so angry that her eyes were all black. She pointed at her and wanted to say something several times, but in the end, she was too angry and was very disappointed.

She couldn't say a word at all.

Human nature, really nothing more than that!

Wen Xuxu finally left. After she stumbled out of the watchtower, when she got into the car, she, who hadn't cried for a long time, rolled down her tears.

She never thought that the son she was holding in her palm turned out to be such a freak in the eyes of others.

Wen Xuxu was sad for a long, long time.

When Huo Sijue found her, she was still sitting in a cafe in the city center, staring at the people outside the car in a daze. In her crying red eyes, the sadness was thick like ink that couldn't be wiped away.

Huo Sijue came in, and after seeing this scene, he who had already heard about it, except for the anger that rose in his heart.

He still hurts badly...

"Okay, don't be sad, this matter has nothing to do with her in the first place, Lan Shanshan is already an adult, we can go to her directly and ask her what she means."

He After passing by, he sat down beside her, hugged her in his arms, hugged her and comforted her.

Who knows, just this sentence, this woman is in his arms again with tears like rain.

"Yinyin is really a good boy, he has no problems, no..." She finally found a safe arm, and suddenly, like a river bursting its banks, she cried out in the man's arms.

Indeed, no mother can tolerate being told that her child is a monster.

Huo Sijue took her back.

That evening, in country Y, when Lan Shanshan was coming out of school, he called her.

"Uncle..."

Lan Shanshan was nervous when she saw the phone number, and had a natural awe for this person.

There is also nervousness, afraid of saying the wrong thing.

But this evening, the head of the Divine Family on the phone had a very gentle tone.

“Shanshan, I have already heard your aunt Wen say about you and Huo Yin. I just wanted to ask you this call, what are your plans for this matter?”

“Ah?”

Lan Shanshan was asked at once . To the head is blank.

On the one hand, she thought that everyone didn't know about this matter, but she was suddenly asked so bluntly by the other parent.

Also, what did she plan to do?

She... is a junior, what can you do? Isn't it all about listening to the parents?

“Uncle...Uncle, you can go directly to my mother about this matter.”

A little girl with a blushing face, in the end, she could only bear a hint of shyness as a girl, and she dared to ask the other party to find her mother.

Also, marriage matters must be decided by their parents.

Unexpectedly, as soon as she finished speaking, the uncle on the phone said with a hint of coldness: “Your mother disagrees, she thinks that Huo Yin may inherit my mental disorder, so I called you. “

“...” It's

like a thunderbolt!

Lan Shanshan stood there holding the phone, and it took more than ten seconds before she heard her trembling scolding: “Is she sick?!”

Then she hung up the phone.

She even forgot that the person on the phone was the person she was most in awe of and dared not to be rude.

Returning from the Dead His Secret Lover Chapter 1914

Do you like me?

When Lan Shanshan booked her plane ticket and returned to the apartment, just as she simply packed her luggage and was about to leave, suddenly, the door of the apartment was opened from the outside.

“Yinyin? Why are you back?”

She dragged her suitcase and stood in the living room, looking in surprise at the boy who appeared out of the door panting.

Yeah, how did he come back?

Shouldn't he be eating at the Countess's restaurant at this time?

She looked at him suspiciously.

But he found that after he came in, his eyes were fixed on her suitcase, and he didn't speak, and the breath on his body suddenly became very scary.

“Where are you going?”

“I... I have a little bit of a trip back to the country beforehand.”

She explained hesitantly, but those eyes didn't dare to look at him, as if she had done something shameful, with If he looks directly, he will be caught.

But she didn't know that just after she avoided her sight, the red in the eyes of the young man in front of her became even more terrifying.

“Are you sure you're going back to China? Wasn't that noble who arranged for you to study elsewhere? Like their noble school?”

“Huh?”

Lan Shanshan finally raised her head.

noble?

What noble? Also, what does he mean by aristocratic schools?

She couldn't understand his words at all, but Bingxue's cleverness still sensed his anger, so she spoke again: "Yinyin, I'm really returning to China."

"..."

There was almost no warning. This guy suddenly rushed over and snatched the suitcase in her hand, and then threw it aside!

"Boom—"

The loud noise made Lan Shanshan stunned.

"Huo Yin, what are you doing? You—"

"Bang!" There

was another muffled sound.

Only this time, the suitcase was replaced by Lan Shanshan herself, and she was suddenly pushed by him behind the wall with his fingers, and the very tall boy, like an iron tower, held her whole body. shrouded in his shadow.

Lan Shanshan's head was stunned.

She opened her eyes wide, like a frightened deer, looking at this young boy who had suddenly become so terrifying in horror.

"I'll ask you again, where on earth are you going?"

He said every word, the slightly reddish beautiful ink pupils made one's scalp numb.

Lan Shanshan swallowed.

He was so scary, she couldn't hold it anymore, she instinctively shrank back, she looked up at him, and finally said the truth: "I... I'm really going back to China, I'm going to find my mother."

"?"

"Yinyin, I just want to ask you one thing, you... do you like me?"

No one thought that when this girl was forced to have nowhere to go, she mustered up the courage to stand in front of this young man. Take the initiative to ask this sentence.

Huo Yin's head was empty on the spot.

He didn't have time to take back the anger on his body, he just felt that his brain was suddenly hit by a heavy hammer, and he stared at the girl condescendingly, and it was blank for several seconds.

She is asking him... do you like her?

"If... if you like me, then you must remember to wait for me to come back this time, don't run away, and don't lose me, if I come back, we'll be together, okay? ?"

Lan Shanshan was still looking up at him.

However, as she spoke with a red face and red ears, a layer of water mist surged up in those black and white eyes, and in the end, the crystal water droplets rolled down from the corners of her eyes.

Huo Yin paused again.

After a long time, he slowly stretched out his hand, wiped the tears from the corner of the girl's eyes, and stared at her.

"Okay..."

he said.

His voice was hoarse, but very clear.

Lan Shanshan finally burst into laughter. She looked at this guy with so much joy that she didn't even realize that she had already stood on tiptoe and kissed his lips gently. !!
!!

Time stood still.

The air seemed to freeze suddenly.

For more than a minute, the pair of boys and girls remained silent. They were clearly doing the most intimate things, but at this time, each other's minds were blank.

The only thing left is the softness between the other's lips, and the scorching breath that is real enough to touch.

This is probably the first love.

The most beautiful thing in the world is that when you like that person, that person just likes you.

In the end, Huo Yin didn't even remember how the person in front of him disappeared.

All he knew was that after regaining his senses, he looked at the empty living room, and after a while, he reached out and touched his lips. A hint of blush appeared at the base of his ears, and a satisfied arc appeared at the corners of his mouth.

But after being satisfied...

wait a minute, he's not a boy?

——Lan

Shanshan also fled all the way to the airport.

After finally boarding the plane, her mood still hasn't calmed down, her mind is in a mess, and her little face has always been hot like a big apple.

God, what was she doing not too long ago?

She just didn't dare to think about these things anymore, because when she thought about it, she wanted to find a hole to burrow into.

Returning from the Dead His Secret Lover Chapter 1915

Wait for me to come back

However, it cannot be denied that her heart is full of joy.

It was as if the thing she had been hanging in her heart for so long had finally fallen to the ground. She was very happy and felt a happiness she had never felt before.

The flight flies over the clouds.

When they arrived in China, it was already late at night. Since no one was notified, Lan Shanshan could only take a car home after getting off the plane.

“Master, please look at the corner tower.”

“Wangjiaolou?” The

taxi driver glanced at her in the rearview mirror in surprise.

“Girl, are you going to Wangjiaolou? Are you from the Lan family?”

“Ah?”

Lan Shanshan immediately looked up at him. “Master, how do you know about the Lan family? Are you...?” The

master smiled: “Of course I do. I believe everyone in the capital knows where Wangjiaolou is. However, something happened to Wangjiaolou today. , I seem to have heard that the Lan family widow had a conflict with the Shen family.”

“What did you say? Conflict?”

Lan Shanshan’s expression suddenly changed from behind.

What conflict?

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

What is her mother doing?

She was so anxious that the cold sweat broke out, and she immediately sat in the back and asked: “What kind of conflict is it? Master, can you tell me?” The

taxi driver: “I also heard people say, Let’s say it was the Lan family widow’s birthday banquet today. Later, the wife of the Shen family passed by. As a result, there was a dispute over her daughter’s affairs. Later, the wife of the Shen family left angrily. The widow of the Lan family couldn’t bear the pressure, so in the afternoon , I can’t think about it in Wangjiaolou.”

“!!!”

What did she want to do? Still can’t think of it! !

After Lan Shanshan’s heart suddenly sank to the bottom, she was so angry that she trembled all over.

Lan Shanshan immediately took out her mobile phone in the car, and she didn’t care that it was so late, so she called someone.

“Hello?”

“A... Auntie, I'm Shanshan, I want to ask, what's going on with my mother...? I heard the driver say in the car just now that she can't think about it, what happened? What?”

She couldn't wait to ask when she heard the voice, and there was a hint of crying in her tone.

Because she knew that if this was true, how bad the relationship between the Lan family and the Shen family would be in the future, what hope would she have to be with that boy in the future?

Fortunately, after hearing her anxious voice, the person on the phone hurriedly comforted her: “Shanshan, don't worry, your mother is fine, just chatted with me at noon, worried that I would blame her, then I couldn't think about it for a while.”

“Auntie...”

Lan Shanshan couldn't hold back her words when she heard these words, and her tears fell.

Forty minutes later, the city central hospital.

As soon as Lan Shanshan got here, she ran in quickly.

“Hello, may I ask, is there a patient named Zhou Xiuying here?”

“Zhou Xiuying?”

The nurse on duty frowned.

Just as he was about to check it out, a tall boy suddenly came out of the elevator. It was this man. When he saw Lan Shanshan, his eyes lit up immediately.

“Sister? Why are you back?”

“Tianhao?”

Lan Shanshan was also shocked.

Moments later, when the sister and brother arrived at the internal medicine inpatient area, Lan Shanshan probably learned about this from her brother's mouth.

“Let me tell you, this is because Huo Yin's mom is a little bit bullying. Our mom just said at the birthday party that you found a boyfriend outside, and she exposed it in front of so many people. You say, can our mother have any face?”

Lantian Hao said angrily.

Boy friend?

Lan Shanshan stopped immediately and turned to look at her brother: "Who told her that I have a boyfriend? When did I have a boyfriend?"

Her intuition found that something was wrong.

Because, this boyfriend, she can't always think it's Huo Yin, she and Huo Yin haven't told their family yet, even they themselves, she only pierced the window when she got on the plane not long ago Paper.

Sure enough, as soon as she finished speaking, the younger brother next to her stared at her inexplicably.

"It's that noble officer, didn't you tell Mom about this? Otherwise, she would tell those noble ladies?"

"I didn't!!" Lan Shanshan was so angry that her face was ashen.

noble officer?

It was the second lieutenant Wells.

When did she say it was her boyfriend? Every time she called, she didn't mention it at all.

Lan Shanshan felt more and more that something was wrong. She accelerated her pace and walked towards the ward, but before she moved the door of the ward, she heard the nurse's desk talking there.

"You said, how did the Shen family solve the matter that the lady of the Shen family caused the Lan family's widow to commit suicide? It's not like that, is it?"

"What's so strange about that? , it's normal to ignore it."

"Alas..."

In just a few short conversations, it turned out to be all accusations against the Shen family.

Lan Shanshan's face became more and more gloomy, she ignored them and went directly to the ward.

"Crack-"

When the door of the ward was opened, Lan Shanshan saw at a glance that the person inside was lying on the hospital bed and eating apples. Although his face was a little pale, it was fine at first sight.

Returning from the Dead His Secret Lover Chapter 1916

You are really unreasonable

“What are you doing?”

Lan Shanshan walked in and came to this hospital bed step by step.

Zhou Xiuying, who was eating apples, panicked immediately. She looked at the daughter who suddenly came back in shock, and for a moment she forgot how to reply.

“You...”

“Tell me, which one did you sing? Suicide? Why did you commit suicide? Do you still think you’re justified? When did I tell you? I’m looking for a boyfriend outside? Or a nobleman? Officer? Huh?”

She didn’t give her any face.

As soon as she got to this hospital bed, she started asking questions, and after every question was thrown out of her mouth, it was fierce.

Lan Tianhao was a little angry when he saw it next to him: “Lan Shanshan, what are you doing? If you don’t take care of your mother when you come back, why did you teach me a lesson as soon as you opened your mouth? You are a daughter, not a mother!”

He also accused his sister. .

When Zhou Xiuying saw her son helping her, she immediately felt a little bit of confidence in her panic.

“Yeah, I’m your mother. It’s fine if you don’t help when you come back. You even opened your mouth and scolded me? Do you still have any conscience?”

“Conscience?”

“Do you know what conscience is? The premise of talking about conscience is that you can stand upright and stand firm, but what about you? What are you doing now? You are making such a fuss, and now people outside are saying that the family of God is bullying others. , this is what you want to see?”

“ ... ”

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

“Or, you really did it on purpose, what do you want to do? Do you think your husband’s surname is Lan now? Moving into the Watchtower, under the heaven In fairness, it can be smeared by you, and your right and wrong have been reversed? Even the family of God can’t help you?”

She scolded furiously!

That’s right, this matter should be her mother’s intention. She really can’t understand, what is her mind thinking? She thought that she had the strength to compete with the Shen family now?

Also learned to incite public opinion! !

Lan Shanshan is going crazy.

However, Zhou Xiuying didn’t think she was wrong at all. After a brief moment of anger, she immediately shot back: “Don’t talk nonsense, I was just ashamed to see people doing this.”

“Yes, Lan Shanshan, you Why are you saying it so badly? This is our mother, is she so bad?”

Lantian Hao was also helping. When Lan Shanshan heard

it, she was so angry that she sneered at them: “Is that so? She knows better than me, and what happened between you? Only you know best.”

Staring at her face, his tone also became very cold.

Zhou Xiuying: “ ... ”

After a sudden panic in her heart, she didn’t even dare to stare at her daughter at the very least.

In fact, this daughter, she was a little scared. From childhood to adulthood, she was always too smart, and she couldn't escape her eyes when she wanted to do anything. On the contrary, her younger brother was a little duller.

So, when she got older, her father died again. In this family, she basically made up her mind about many things.

Zhou Xiuying did not speak in the end.

Because after a while, Wen Xuxu and Huo Sijue from the Shen family came over.

"Shanshan, don't blame your mother, come out, auntie has something to say to you." After Wen Xuxu arrived, she saw the mother and daughter who were arguing in the ward, and after persuading her, let her Go out and talk.

Lan Shanshan just came out.

As soon as she came out, before making a sound, the little girl's eyes turned red.

"Okay, don't cry first, this matter is not as serious as you think, we will handle it, don't worry."

Wen Xuxu still comforted her.

Lan Shanshan wiped away her tears until her emotions eased, then she looked up at the two elders in front of her and choked up, "Thank you auntie."

In the end, she could only thank this auntie for her tolerance. .

Because, at this point, she really didn't know how to express her apology.

Seeing her sad look, Wen Xuxu reached out and touched her head, with a trace of love and care: "You don't have to be so polite with us, and you don't want to take anger on your mother because of this, your mother will do it. So much, in fact, is for you."

"For me?"

"Yes, for you, Shanshan, you have to remember that in this world, every mother only wants to be good to her children, maybe She will do some wrong things for her children. But you must remember, don't hate her for it, because no matter what she does, her original intention is for you."

Wen Xuxu finally looked at the little girl, Very earnestly exhorted.

Lan Shanshan was stunned.

She stared blankly at this elder who was also a parent, and then thought about her own mother, and suddenly, she felt that there was really a world between the two.

Not about identity and status.

It's character!

Her mother, Lan Shanshan, should really be ashamed of this!

Lan Shanshan finally watched the couple leave, and when she returned to the ward again, her emotions had calmed down.

But Zhou Xiuying in the ward looked even more like a hedgehog when she saw her coming in. Before Lan Shanshan spoke, she immediately questioned her sharply.

"What did she say to you? Did she tell you everything?"

"?"

Lan Shanshan frowned at her.

Unexpectedly, immediately, when her mother saw her expression, she exploded!

"Yes, I admit, I just wanted to keep you from being with her son, I knelt down and begged her son, but what was wrong with me? Shanshan, you are my daughter, I can watch you marry a man A mental patient?"

"..."

For a second, the ward was completely silent!

Returning from the Dead His Secret Lover Chapter 1917

Do you know the word shame?

Lan Shanshan actually thought about this question, why would Huo Yin erase his memory?

At that time, she felt that she was indeed not brave enough at that time, but because of the way the two got along in Ya'an.

And later, when this young man heard that she cared about other people's irresponsible remarks, and he went back without hesitation, she wondered several times, is it really necessary for him to forget her?

She was skeptical.

But at that time, because Huo Yin had already forgotten.

She didn't dare to ask again, and she didn't dare to beat him, for fear of angering him and making her unable to stay by his side.

It was not until today that she finally realized that her suspicion was right, and there were really other reasons for it.

"Mom, do you know what you're doing? You know... because of your kneeling, did he suffer? He finally had to ask the psychiatrist to erase the unbearable memory you caused to you, He just survived!!"

She broke out completely.

Staring at this mother with red eyes, when the pain and anger in her heart reached its peak, she scolded the mother angrily, and in the end, only this sentence remained in her mouth.

Yeah, does she know how much damage she's doing to people?

Her child is a child, isn't someone else's child a child?

"I...I..."

Zhou Xiuying never imagined that after that incident, the child she knelt down and begged was actually so serious, and she panicked immediately.

"Shanshan, I... I didn't think so much at the time, I just... just wanted him to leave you."

"Then you can't do that either!!" Lan Shanshan still roared.

"When I was young, my younger brother had epilepsy, and when you were teased by the children next to you, you acted like crazy every time. Why didn't you think about how you were feeling at that time? Ah? Why didn't you think about twenty years later? You

What does his mother think when he says someone else is mentally ill? How can you be so selfish?"

Lan Shanshan cried.

After she burst into tears, at this moment, she stared at this mother, how sad, how disappointed, how disappointed.

How can she do this?

Beside him, Lan Lan Hao finally understood, and immediately, he stared at his mother with an incredible expression on his face.

"Mom, did you really do this? Why do you say that Huo Yin is mentally ill? Huo Yin has no problem? Where do you see that he has a mental problem?"

"I...I..."

"Because she saw Huo Yin's daddy killed Shu Jingzhai back then!!" Lan Shanshan roared with blurry tears.

"His daddy has a mental disorder, so he thinks Huo Yin also has it. That's why she did that."

"Are you crazy? Can this matter be compared? Uncle Huo was crazy, all because of the uncle's enlightenment. He forced his family to break down, and he is crazy, but don't forget, he saved the whole world, what is in your mind? How can you do such a thing?"

Lan Tianhao listened to his sister After the words, he was also angry.

Although he is not as smart as his elder sister, he has grown up under the education of his father Lan Rong since he was a child.

Zhou Xiuying's face turned completely pale.

She didn't expect that this son would also blame herself in the end, and was forced to retreat. She could only insist on the hospital bed that she was all for Lan Shanshan.

"For me?"

Lan Shanshan didn't believe this at all.

Because she found out that if it was Zhou Xiuying, who was timid and cowardly, they still believed in God before, like kneeling and begging Huo Yin, they would definitely not be able to do such a thing.

But now, she did.

Lan Shanshan calmed down, those eyes with teardrops under their long eyelashes, looking at this mother was a stranger she had never seen before.

“If you still want me to forgive you, then you should apologize to Aunt Wen and Uncle Huo in person, including Huo Yin, and you should also say sorry to him.”

“I...”

“Also, tomorrow, I’ll move out from Wangjiaolou, and we’ll find a new place.”

Unexpectedly, the girl even said something like this with a cold and pretty face at the end.

When Zhou Xiuying heard this, she immediately panicked.

“Move out? Where to move? It belongs to our Lan family!”

“It belongs to the Lan family, but we are not qualified to live in now. I don’t want to discredit grandpa. If his fame is ruined in our hands, Then we will redeem it after 10,000 deaths!”

Lan Shanshan scolded her in a fierce voice, her voice echoing throughout the ward.

Zhou Xiuying was as white as paper.

In such a short moment, suddenly, she seemed to be standing in front of her, just like her husband, the man who was always gentle and honest in the eyes of everyone.

He looked like he was standing in front of her with anger wide open and upright.

Yes, no one knew that Lan Rong was completely different at home and outside.

He is a good person in front of outsiders, but as long as he returns home, all the rules are clearly listed, including her Zhou Xiuying, can’t do anything that goes against moral decay.

Returning from the Dead His Secret Lover Chapter 1918

each other's luck

Zhou Xiuying finally collapsed.

The next morning, when Huo Sijue heard a call from the White House, saying that the Lan family was going to move out of Wangjiaolou, he was taken aback.

"Why?"

"I don't know, it was President Lan's granddaughter who came to look for us early in the morning. She said that she would return the house to the museum, so that people in the world could come to know more about her grandfather, and experience them when they founded the museum. The hardships of a peaceful and prosperous world."

When the White House official said this, he couldn't help but sigh.

Yes, such a sensible child is really rare. She has tolerance and pattern. The key is that she can give up these easy-to-find glory and wealth, which makes them adults feel a little ashamed.

Huo Sijue was also stunned for a while.

But in the end, his heart was still relieved, because it showed that he really did not see the wrong person.

"Understood, then assign a different courtyard to them. Don't be so high-profile. If she doesn't agree, you can say that now their identities are different, and the White House still has to guarantee the safety."

This man is also a smart person, At the end of the sentence, guessing that the girl might disagree again, he deliberately said something.

The White House said yes.

So, at noon that day, Lan Shanshan and her younger brother moved with their luggage to a community called Jasper Lake.

"Shanshan, where is this place? It's where some retired senior cadres of our White House live. If your grandfather is here, it should be here too. So, you don't have to refuse."

"...Well then . . . Thank you Uncle Zhang."

Lan Shanshan finally agreed after taking a look at this not-so-luxurious and upscale community.

Beside him, Lan Lan Hao was completely listening to his sister.

Unexpectedly, but after the siblings entered the house assigned to them, Lan Shanshan ordered to open again.

“Tianhao, we still have to pay monthly for this house in the future. We can’t live with others for nothing. When we buy it, we can live in peace of mind.”

“Okay.”

Lantian Hao readily agreed.

Anyway, they are still young and have hands and feet, so they are definitely not afraid.

That night, a family of three stayed here.

And after Lan Shanshan settled down, she went to Guanhaitai overnight and found Wen Xuxu and Huo Sijue.

Of course, there is Shenzong Yu.

When Shenzongyu saw her for the first time, he thought of the person who called him his twenty-ninth cousin grandpa, and he would change his name to his great grandfather, and might even become his great-granddaughter-in-law.

He felt very uncomfortable.

“A... Auntie, I’m here to apologize on behalf of my mom, my mom... My mom shouldn’t...”

“Hey, Shanshan Shanshan, what are you holding in your hand? This is for me What to eat? Come on, let me see, I haven’t eaten yet?”

Lan Shanshan hesitated to tell what her mother did, but suddenly, Wen Xuxu rushed over After interrupting her, she snatched the basket from her hand.

Seeing this, Lan Shanshan could only focus on this basket first.

“Yes, I brought it back from Atlas. Auntie, didn’t you say the turkey there is delicious? I brought a few back.” She lowered her head and opened the basket.

The result...

“It’s delicious, it’s very delicious, let’s go, let’s go to the kitchen and chop it up.”

Then, the aunt dragged Lan Shanshan away without any explanation.

Lan Shanshan’s mind was completely dumbfounded.

It wasn’t until the two of them got to the kitchen that Lan Shanshan heard the aunt look outside beside her, then closed the kitchen door and whispered, “The old man doesn’t know about Yinyin, don’t tell me.”

Lan Shanshan: “...”

Just raised her head and stared at her for a while, and suddenly, her eyes turned red.

Is she... worried that after the old man finds out, he doesn’t like her even more?

Lan Shanshan couldn’t describe her mood, she just felt that something was rushing up from the tip of her nose, and when she lowered her head, the hot liquid rolled down from it with a “pop”.

“Hey, don’t cry, it’s so good, why are you crying?” Wen Xuxu was in a hurry when he saw it.

But soon, she found that this little girl was crying and laughing again...

“You...”

“Auntie, you are so kind to me, I am really lucky to have met such a nice person, I... I...” She choked so much that she couldn’t say anything after that.

Seeing this, Wen Xuxu sighed.

Finally, she also put down the turkey in her hand, reached out and gently wiped the tears from the little girl’s face.

“You’re also very good, you know, how moved and happy I was when I saw your desperate attitude towards Yinyin? In their triplets, in fact, I was most worried about Yinyin. With a withdrawn personality, sensitive and fragile, what I fear most is the other half he finds in the future, not his beloved.”

Wen Xuxu also said with tears.

Yes, compared to this girl, I am lucky to meet her Wen Xuxu.

Then their mother and son, why aren't they grateful to have met such a considerate and sensible her? She didn't even know that her appearance would be a bright beam of light in the dark time of that boy.

Returning from the Dead His Secret Lover Chapter 1919

Is it finally time to have a wedding?

"Don't worry, as long as your mother has no opinion on this matter, my uncle and I will fully support you. If you want to get engaged now, we will arrange it for you immediately. If you want to go to school first, it doesn't matter, we have no opinion."

She was gentle With a smile, he gave the girl the greatest support and firm backing.

Lan Shanshan was instantly filled with joy, and her fair little face turned red.

"Auntie, my mother's side... Actually, don't bother, I agree." She said with her head down and blushing.

Unexpectedly, as soon as the voice fell, the aunt in front of her immediately shook her head.

"No, she is your mother, you must respect her, even if she does something wrong, but you are her child, marriage is important, you still need her permission and blessing, and you and Yinyin will be happy in the future. "

she reminded earnestly.

Lan Shanshan was instantly ashamed, and at the same time, she had a little respect for this aunt again in her heart.

Yeah, she really is a great woman and a great mom.

Lan Shanshan returned from Guanhaitai.

After she left, Shenzongyu, who had been sitting there sulking, finally got up from his chair, leaning on crutches and staring at his beard.

“Then what’s the situation now? That’s settled?”

“What? You’re not satisfied?”

Huo Sijue was still beside him at this time. Hearing this question, he just glanced coldly.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

Shenzongyu: “...”

What is this look?

Who is the head of the family? This bastard!

“Okay, grandpa, Shanshan is actually a good girl, you know? After she came back this time, in order to quickly cut off the connection between Zhou Xiuying and those noble ladies, she has already moved out of Wangjiaolou. “

“Think about it, with such brains, strategies, and tolerance, is there a girl in the capital who can match it? We marry a daughter-in-law, and we look at character and wisdom. What do you think?”

Wen Xuxu came out to make a round. Now, he complimented his daughter-in-law over and over in a soft voice.

Shenzongyu’s expression softened a little.

“I’m not saying she’s bad, I’m just worried that she grew up in Shujingzhai, and now she suddenly wants to marry us at Guanhaitai, for fear of people gossiping.”

“I’m not afraid, what are you afraid of?”

Huo Sijue said again .

These grandfathers and grandsons...

Wen Xuxu’s head is big.

In the end, there was no other way but to have dinner with everyone. The man also went up to rest. Wen Xuxu just found some time and went to the observation deck to find the old man.

“Grandpa, I

haven’t slept yet.” ” No.” The old man

was making tea and drinking from the observation deck. When he saw the granddaughter-in-law coming, he raised his hand and poured her a cup.

Wen Xuxu was also welcome and sat down opposite him.

“Grandpa, do you still think it’s inappropriate for Shanshan to marry into our god’s house?”

“It’s not inappropriate, but you think that in this capital, younger people may think it’s nothing, but many of my comrades in arms give me the same When they are old, they know it, and they will inevitably say it, have you forgotten the reaction of Lian Zhiqiang last time?”

Shenzong Yu saw that this granddaughter-in-law had also brought it up, so he spit it all out. come out.

This is indeed the case.

Wen Xuxu took a sip of tea and put down the cup.

“You are justified in your concerns, then you see, it’s better to go to the White House to find the person in power, let him make an introduction, and connect the Shen family and the Lan family.”

“What did you say?”

Shenzongyu was stunned.

Didn’t this granddaughter-in-law drink too much? He felt embarrassed, and asked him to go to the top person in power in the White House to make an introduction? Is she crazy?

“Grandpa, have you forgotten? The Lan family is the family of leaders. As the current White House, they will definitely weigh it. Who will be the descendants of this leader will involve a new round of power changes. Do you think that , Are they no one watching now? If there is no one, how can there be so many noble wives around Zhou Xiuying all the time?”

Wen Xuxu’s voice contained a hint of coldness, she looked at the old man in front of her and reminded lightly road.

Shenzongyu was really stunned again.

Yeah, why didn’t he think of that? Isn’t the current Lan Shanshan the sweet pastry that every major family in the capital has robbed? With her joining, no matter whether there is real power or not, the identity and status of the other party can be raised.

The old man finally understood, and immediately, he sat there staring at this daughter-in-law very embarrassed.

“Your brain... ah, okay, then I’ll go tomorrow.”

“Well, if you come forward, the marriage between the Lan family and the Shen family will be justifiable, and the White House should also vote in favor. After all, now Our Shen family is already under one person and more than 10,000 people, and after receiving a Lan family who has no real power, other people will no longer be able to make any waves, then they will have peace of mind and no longer have to worry about civil strife and power changes.”

Wen Xuxu He also lowered his analysis with a smile.

Shenzongyu didn’t want to speak.

Because, he found that as long as he spoke to the couple, whether it was the little bastard or this dead girl, he only had the share of being crushed by his IQ.

so angry! !

So, their family of gods is finally going to have a happy event?

Returning from the Dead His Secret Lover Chapter 1920

Do you miss me?

Country Y.

atlantis.

In the past two days, Ruoruo always felt that something was wrong with my brother. Either he was distracted, or he looked uneasy. Sometimes everyone was sitting just right to eat.

Suddenly, my brother ran to the room to stay for a few minutes.

What’s going on here?

Ruoruo ran in while Sixteen was busy in the kitchen that evening.

“Sixteen, do you think something is wrong with my brother? Also, little aunt... No, it’s Sister Shanshan, why did she come home all of a sudden?” The

little girl was full of doubts.

Lu Jin, who was cooking, heard this and glanced at her helplessly.

This little girl is actually very smart, but when she gets to her comfort zone, she is used to not thinking, and she is used to relying on others, so she can’t understand some superficial problems.

“Maybe...they quarreled?” Remember the website

“Ah?”

Sure enough, after saying this, the little guy’s pupils trembled.

Quarrel!

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

Why did the two of them quarrel? God, did something happen that she didn’t know?

Ruoruo finally realized that something was wrong, she ran out and sneaked to her brother’s door to take a look inside, and after a while, Lu Jin in the kitchen heard the footsteps of “bah bah bah” and ran away in a hurry return.

“Sixteen, my brother is looking at the phone!”

“Then what?”

“Then?” The little girl was asked again, she scratched the back of her head, and her big watery eyes showed blankness again.

Lu Jin: “...”

With a sigh, he handed her the handful of greens he was washing in his hand.

“Okay, you don’t need to worry about this matter, they will solve it themselves. What you have to do now is to pass the STEP test in the past few days and try to pass the test.”

Lu Jin reminded.

In an instant, as soon as the words fell, the little girl's pretty face stepped down immediately.

STEP is a math test in Atlanta. After graduating from the Royal Academy of Arts, she wanted to study here. Even though she didn't have a major here, she still chose one and got in.

And this major is media art, and mathematics has become an elective for that professor.

Ruoruo is very distressed, she doesn't like math, she didn't like it since she was a child.

"Sixteen, I won't. I didn't pass the last time. The professor is very angry." She pursed her lips and her eyes were red.

Because if she fails, it will involve her later graduation, and her job recommendation will also be affected.

Lu Jin was cutting vegetables beside him, and seeing her like this made his heart hurt.

"Okay, okay, don't worry, I will teach you, but you are more serious. From today onwards, after you finish your meal every night, go to my room and I will help you."

"Okay."

Little girl This broke into a smile.

I don't even think about it at all, someone just wants to tie her firmly by his side and doesn't want her to meddle in her own business.

In the evening, after the little girl was chained, Huo Yin, who was staying in the room downstairs, really had a much cleaner ear, but it was precisely because of this purity that he became even more upset.

He picked up the phone again.

There was still no movement. He didn't know how many times he looked at the avatar on the screen of the phone, but there was no information at all.

His handsome face became more and more gloomy, his eyes narrowed, and finally, he couldn't hold back, he took the mobile phone and clicked on the avatar, and then a few beautiful fingers tapped on it.

"Om..."

Suddenly, the phone vibrated.

He was stunned for a while, but he didn't react. When he saw the avatar that was opened on time, it was so coincidental that a message appeared.

[Lan Shanshan: Yin Yin, are you asleep?]

[Huo Yin: ...]

Also asked him if he slept?

Does she not know that he has been waiting for news from her?

He was a little angry, but in the end, he held back and changed a few words after deleting the ones he just edited on the phone.

[Huo Yin: No.]

[Lan Shanshan: ... Oh.]

At this time, Lan Shanshan has been struggling in bed for a long time. How is she thinking about telling this young man about this?

She wanted to tell him that things were all settled and they should be fine.

However, she was worried that after she said so, what should she do if she looked back at Haitai and disagreed? After all, when she passed this evening, it seemed that the old lady of the Shen family didn't like it very much.

Lan Shanshan hesitated for a long time before deciding to send another message.

But at this moment, her cell phone was suddenly called.

Lan Shanshan: "!!!"

"Hello? Yinyin?"

After a while, she covered her heart that was about to pop out of her throat, and pretended to answer the call calmly.

"What are you doing?"

Sure enough, on the phone, as soon as this guy opened his mouth, there was a hint of anger in his cool and cold voice.

When Lan Shanshan heard this, she panicked even more.

"I...I'm in bed now, doing nothing, but Yinyin, I...I went to your house today."
