Tasting All My Mates by Alexis Dee

Chapter 2

2-The Brutal Rejection

I started panicking the moment he put my legs down and reached for my panty while unzipping his pants.

That was a moment for me to catch and break and decide what I have to do. Either let him do whatever he wants to do and become his slave Luna Queen or kick him off me.

Once again!

I chose the one that was going to get me under his rage.

The moment his hold on my legs loosened up, I bent my knee and then kicked his chest with all my might

He budged, barely moved back but it gave me enough time to roll back in the bed and got off it from the other side.

“Enya!” he yelled, making fists of his hands and glaring at me angrily.

“No!” | shouted, “I said no!” | was ready to make a run for out but he was on the same side of the bed where the exit door was. He closed his eyes to comprehend I was really defying him before he opened them again and growled like a mad beast.

“If you did not come over here and surrendered, I will make your life a living hell, Enya!” he stepped back to lean his back against the wall and wait for me to obey him. I was still breathing like I haven’t stopped fighting, my heart never calmed down. It was just one of those moments where no matter what choice you make; your life is doomed.

“If you have seen me with someone else, what would you have done?” | spoke a bit miserably, hoping he would understand why I was resisting him so much.

“You with somebody else? A weak omega like you, having no class. You wear your sister’s rags, have you ever taken a look at yourself? Who would want to sleep with an omega who looks like a homeless slut?” his statement didn’t comply with a logical scrutiny, he just wanted to call me trash so that he can make his point clear that if he doesn’t want, nobody will ever want me.

“You have no idea how badly you are hurting me,” It was still painful because we have been in love since we were 15, I didn’t even know his this side existed until today when I had turned 18.

“Give me your virginity and I will make it up to you,” he was angry that I ruined his fun, that I barged in on him and caught him in an act with my sister.

“No!” | shook my head and rushed to the door in order to get out of here. The instant I unlocked the door, he grasped my hair from the back of my head in a fist full and yanked me back in the bed.

“Arghh!” | screamed in pain, instantly getting on my feet again to save myself from this monster of a mate.

There was no way he was going to set me free, so what I did next was my only best shot. I grasped his hair, pulling them while I grabbed his balls in my other hands.

“AHHHHH! Stupid bitch! What- are you doing?” he screamed at the top of his lungs now that he was hurting. His grip over my arms started to fade away as I didn’t hold back and pressed them even harder.

“Le-t go,” he muttered in agony. “AH! Owww!” he bit his bottom lip so hard that it started bleeding. That was the moment that I let him go and he dropped into the bed to compose himself. I leaped onto my feet and sprinted to the exit. Once I was out of the room, my sister stared at me with guilt in her eyes.

“Just go! Save yourself,” she murmured, stealing eyes from me. She had already dressed up, making me believe Corbin and I had been fighting in the room for quite some time.

I didn’t hesitate running towards the exit when I heard a loud and commanding voice ordering me to stop.

2-The Brutal Rejection

“You have crossed all the lines by attacking me today.” Corbin stood at the top of the staircase. His face had reddened from the pain and anger, he had his eyes narrowed at me as he kept breathing like a raging bull.

“I will give you one last chance to come upstairs and apologize in a way I want you to or else,” the cracking of his bones was all I heard as he made tight fists out of his hands.

Elaine was standing behind him witnessing it all. I hope she had realized how much trouble she had gotten me into. It isn’t like she and I were ever close, she had always hated me for one reason or the other but to go to the extent of sleeping with my mate just proved she was full of animosity towards me.

“Or el-se?” | demanded to know what he would do if I defy him. He will not talk to me, be angry at me or take time before he accepts me in front of the pack?

I was wrong to think he will be this harmless after his failed attempt of rape just happened a minute ago.

“I will reject you,” he declared while straightening his back. My jaw met the floor but the loud gasp came from Elaine.

I was frozen to my spot seeing the man I have befriended when I was 12 and had fallen in love with at . the age of 15 declaring to reject me.

My wolf howled inside me just at the thought of rejection, Nia was a calm and sweet wolf. She had only one desire and that was to get accepted by Corbin.

“So, what is it going to be?” he raised his brow after seeing the pain on my face, “Come upstairs like a good girl and we will sort it out in the bed,” he stepped to the side, offering me one last chance to make a decision that will change my future.

I lowered my face and closed my eyes, letting the tears fall down freely as Nia cried inside me.

“No!”

I murmured in a defeated tone, “No!” I repeated and this time, I raised my face to look at his face when I voiced my answer.

He looked disappointed, I bet he thought I would accept his offer out of the fear of rejection.

“Well,” he cleared his throat, preparing to say the words that were going to weaken Nia even more.

“1, Alpha King Corbin Shaun of the Crimson Fangs Pack reject the Omega called Enya Fosters,” as soon as he rejected me, my body trembled and I dropped to my knees.

It was over for me!
