

Chapter 5069

In a matter of seconds, the eight people were neutralized.

As the eight stevedores were killed, the killer who turned into a stevedore walked out of the cabin calmly.

After coming out, he skillfully locked the huge hatch and took the elevator down to the ground.

After rendezvous with his seven companions who had come down ahead of schedule,

The eight of them turned into stevedores and drove away the transport truck,

That had just filled with pallets in an orderly manner.

At this time, the pilot in the Boeing 777 had already started to apply to the tower for takeoff,

Requesting to take off immediately and return to Cyprus.

Since the original flight plan of the plane was to return immediately after unloading,

The tower did not have any doubts and let it go directly, so the plane restarted the engine,

Carried eight corpses, and taxied toward the end of the runway,

And soon rose into the air and disappeared. in the darkness.

At the same time, the eight fake stevedores skillfully drove the transport vehicle to the designated entry point,

After completing the stealing, and then struttingly walked towards the exit.

At this time, Charlie, who was hiding in the dark, was very puzzled.

He didn't understand why each of the eight people sent by the mysterious organization to perform the mission was in a state of sobriety and freedom.

If according to what May 47 said, in order to prevent the dead from remembering the location of the station when entering and leaving the station,

The organization will use drugs to make them completely unconscious before letting them go out to perform the task.

However, this rule obviously does not apply to these eight people.

Could it be that these eight people are not dead men?

From the basic logic, since the mysterious organization is not worried about these people remembering the location,

It proves that the status and importance of these people in this organization is higher than that of the dead men.

And since this mysterious organization did not guard against these eight people on these issues,

Then they did not need to borrow Bergen as a springboard,

Which also meant that Bergen was the destination of their trip.

As for the eight stevedores who were just killed, they definitely did not die innocently,

Because they themselves were cooperating with these eight people to hide their identities.

In Charlie's view, these eight people should have only temporarily helped the eight killers enter the country.

After they return from their missions, they will be exchanged out,

And then they will be able to complete all this without knowing it. And leave no clues.

So, he immediately instructed Joseph to find a way to investigate the eight stevedores,

Who were on duty at the airport tonight, check their details, and see where they came from.

After instructing Joseph, he immediately followed the eight people and left the cargo yard of the airport.

Along the way, he found that apart from these eight fake stevedores,

No other workers could be seen at the airport, and no one checked or stopped these eight people from leaving.

The eight people successfully walked out of the freight yard.

At this moment, a pure electric-driven van was parked outside the freight yard.

One of them walked to the left front of the truck, reached out, and touched the top of the tires.

He took the car keys, and then he gave the other seven people a wink, and the other seven immediately understood.

The man who got the key directly opened the door of the cab and sat in,

While the other sat in the co-pilot. As for the remaining six,

He directly opened the rear cargo door and they jumped in one by one.

Immediately afterward, the man in the cab hung up the forward gear,

Stepped on the accelerator, and the truck body shook slightly as the wheels turned.

But none of these eight people knew that at the moment when the body shook slightly,

Charlie, dressed in black, landed on the roof of the van like a fallen leaf.

No one noticed anything abnormal. The driver stepped on the accelerator,

And the motor-driven truck only made a slight motor rotation sound and quickly drove out.

After the car left the airport, it did not drive in the direction of the city,

But went all the way to the southwest and entered the suburbs south of Bergen.

Due to the long and narrow terrain, most of the land is within the Arctic Circle,

So the agricultural strength is relatively weak.

However, Bergen is located in the southern part,

The weather is relatively mild and the terrain is relatively flat,

So most of the suburbs here are farms of a certain size.

The degree of agricultural modernization in the West is relatively high,

So there are few relatively concentrated communities on the outskirts of Bergen,

And because the farms cover a relatively large area, the households here are also relatively scattered,

It is like one household is only tens of kilometers away from the next.

Charlie, who was lying on the roof of the car, looked at the surrounding environment and became more and more puzzled.

This mysterious organization sent eight killers from thousands of miles away,

And even killed eight airport stevedores, but they drove their cars to such a large and sparsely populated countryside.

What would their goal be?

At this time, the speed of the truck suddenly slowed down a lot, and the lights of the vehicle suddenly turned off.

Since the pure electric car does not have the roar of the engine,

The biggest noise when it is driving is the tire noise generated by the tires and the road surface,

As well as the low-volume whistle when the motor rotates at high speed.

Once the speed of the vehicle is reduced, the tire noise and the whistle of the motor will also decrease rapidly,

So the pure electric truck with the lights turned off at this time is almost as silent as a ghost on this quiet night road.
