

Chapter 5113

Hearing the words of Charlie, the seven cavalry guards and May 47 sitting on the other side were stunned!

They didn't know why Charlie would suddenly ask such a question,

But the expressions of these eight people were a little excited at this time.

May 47 was the first to speak, clenched his fists, and said sharply:

“Mr. Wade, if what you said is true, we dead soldiers will definitely organize to break out of the siege!”

“Even if we die, we will die under the sun!”

The person heading Cavalry Guard also subconsciously said:

“That's right, Mr. Wade... If this really happens,”

“Cavalry Guards will definitely take the opportunity to fight to the death!”

May 47 sighed: “To all the dead soldiers Generally speaking,”

“The shackles of the organization are mainly the poison in the body and their own family members.”

“Once the trouble of the poison is solved, the dead soldiers will be able to use their own strength to desperately defend the safety of their relatives,”

“And have the opportunity to lead their family members to escape.”

“My God, this is the biggest dream of every dead warrior for dozens of generations of ancestors,”

“And once given the chance, every dead warrior will go all out for this dream!”

May 47’s words made the other Cavalry Guards agree and show empathy.

Like these dead men, they all longed for the day when they could completely break away,

From the control of this mysterious organization.

The reason why he never stood up against the organization was mainly that the poison in his body was powerless to resist.

It’s not like none of their predecessors have done this before,

But whether they resist or escape, the maximum lifespan of each of them after escaping is only seven days.

Therefore, this kind of thing has no chance of success at all, over time, no one is willing to do it.

But if what Charlie said really happened, and the poison in their bodies was suddenly completely eliminated,

They would stand up and resist to the end like dead soldiers.

After seeing the attitudes of several people, Charlie nodded in satisfaction and asked,

“Does Commissioner need to take antidote regularly?”

“I’ve never heard of it.” The leader of the Cavalry Guards said:

“Commissioner is mysterious and keeps a low profile.”

“We have no way of knowing whether he will take the antidote like us.”

Charlie asked again: “Then every time After the antidote is delivered,”

“How is it distributed to you and all the dead men?”

The man explained: “Every time the antidote is delivered,”

“The Commissioner will personally connect with the postman who is responsible for delivering the antidote.”

“Ten pieces form a letter, wrapped in waterproof wax paper,”

“And then sealed with special wax and seals. Every time the antidote is delivered,”

“The Commissioner will personally check the packaging of each letter.”

“After asking the question, give these antidotes to his bodyguards,”

“And then his bodyguards will personally distribute them to us, cavalry guards.”

He continued: “When the antidotes are distributed, we according to the system , line up to receive the antidote,”

“And after receiving the antidote, we must take the antidote immediately,”

“And we must not take the antidote away quietly.”

“Together with them, we distribute the antidote to the dead man and their family members.”

“The overall process is basically the same.”

“The dead man and his relatives must also complete the medication under our supervision.”

“In this way, the whole process of taking the medicine at one time is considered complete.”

Duncan on the side couldn't help asking: “I have a question to ask,”

“Since you can only live for 7 days without the antidote,”

“Why do they supervise you to take the antidote? How about going on?”

“Is there anyone who deliberately refuses to take the antidote they gave you?”

The man smiled wryly, and said: “Whether it is us or the dead, we have always thought about resisting,”

“Although it shows that we know that we have no ability to fight with them.”

“The whole organization fights, but there are still some flukes, so in the past,”

“Many dead soldiers deliberately did not take the antidote,”

“Left the antidote for many people to one person, and then tried to help that person escape from the station.”

“Hoping to exchange help from the outside world by asking for help and exposing the inside story of the entire organization,”

“But all failed without exception, but because of this kind of thing happening,”

“The organization’s requirement is that someone must supervise when taking the medicine.”

Hearing this, Charlie said, “That is to say, the antidote given to you has a special anti-counterfeiting method,”

“But only one person, Commissioner, will know the specific method of anti-counterfeiting,”

“So after the antidote is delivered, he will be responsible for the anti-counterfeiting.””

“He comes to connect and verify the authenticity, and after confirming that there is no problem,”

“They will be issued to the Cavalry Guards first, followed by the dead and their families.”

“Yes.” The man nodded and said: “The whole process is actually very strict.”
