Chapter 3319 Boris' eyes frantically twitched. Usually, he would kill off whoever spoke to them like this... But at this moment, his courage was gone entirely. But since he had already made all those threats, he could not just back down. After all, his pride was more

important than his life.

He was forced to a corner at this moment...

Yielding defeat was such a shameful thing for them!

Their pride would forever be gone!

They would turn into the biggest jokes in the city!

Their country would be embarrassed!

Donnie Burton's eyes twitched. He could not even say a single word at this point.

Harvey York wasted no time and waved his hand.

"Do it!"

Kayden Balmer grunted furiously before countless men behind him waved their hatchets around.

Screams of pain echoed throughout the entire place. It was ear-piercing, to say the least!

The bodyguards kept dropping like flies, screaming and struggling like lambs to the slaughter. "I'll kill you, you b*stard!"

Harvey was calmly sipping his tea while his enemies were being kicked around on the ground.

Boris furiously screamed while waving his watermelon knife, charging straight toward Harvey.

He was planning to take out the king at this moment.

Even though he was fast, he was still no match for Harvey's speed.

Before Boris' watermelon knife even came close to Harvey's head, Harvey had already slapped him across the face.

Boris screamed in pain as he was sent flying.

His nose was broken and his face was also covered in blood. He was in so much pain that he could not even hold his knife anymore.

He kept twitching while howling in pain. He had no strength even to stand back up at this point.

The women shrieked in fear. They had no intention of making fun of Harvey any longer.

Harvey calmly stood up with his cup in hand before stepping right on Boris' calf.

Crack!

"Aaagh!"

Boris' leg was snapped in half in an instant.

He kept rolling on the ground while his entire body was twitching due to the intense pain.

"Kneel. Surrender," commanded Harvey calmly.

Donnie was boiling with anger.

"You damn b*stard..."

"You will never humiliate us!"

"I surrender! I surrender!"

"Me too!"

The rest of the fighters groveled instantly, showing their submission after seeing Boris getting kicked around like a dead dog. Nobody thought that this was a shameful act in front of all those bloody hatchets. If they got to live another day, so what if they had to kneel?

They used to believe that pride was more important than their own lives, but they immediately changed their minds.

Only after facing a life-or-death situation, they understood the importance of human life.

Harvey slightly tilted his head before he saw Kayden and the others kicking all the fighters down before tying them all up.

Only Donnie was left standing. Eli Burton, Bohdi, and the others were at a complete loss.

Eli did not even know how to react to the situation.

His father was such a prominent figure, and yet he was no match against Harvey...

What... What...

Eli's eyes kept twitching. He was at a total loss for words.

Chapter 3320 "Harvey York!"

"You've crossed the damn line!" Donnie Burton screamed at everyone surrounding him.

"I'm still the manager of the Bharata Business Council! I'm a prominent figure here in Flutwell!"

"I will not allow you to humiliate me like this!"

"Kneel before you speak up!" exclaimed Harvey. "You want me to kneel?!"

Donnie was filled with unbridled rage.

"Who do you think you are?!"

"Only a handful of people can talk to me like this in the entire damn city! "Do you think you're from the Bauer family or the Golden Palace?!"

"Let me tell you something! Even if you belong to them, I won't allow you to embarrass me like this!"

Donnie gritted his teeth.

Harvey had strength in numbers...

But other than being a Kshatriya and having support

from the Bharata Business Council...

He was also an expert in Yoga!

He was on par with a King of Arms! He was confident with his strength. Even if he could not beat all those people, he believed it would be easy enough for him to make way for his son to escape.

After all, he was Cody Garcia's outer disciple.

That said, he had been extremely discreet. His skill was his trump card.

He did not want to expose himself...

But he had no other choice, especially when Harvey kept trampling on him ruthlessly.

"You little b*stard! I'll show you what it means to be an expert!"

Donnie stepped forward before he clapped his hands.

Bam!

Harvey coldly chuckled before he appeared in front of Donnie and swung his palm forward.

"Prajna Fist!"

Donnie's body trembled when the power surged within him. The roar of a dragon could be heard from his fist.

This was a form of embodiment in the art of Yoga. It was

a terrifying move that could kill an ox with a single hit!

But then...

Donnie was immediately sent flying by a single slap! The art of Yoga and the Demon Monks meant nothing to Harvey!

A bright red palm print could be seen on Donnie's face when he stumbled back up from the ground.

Before Donnie even stood up, Harvey stepped forward and slapped him again.

Donnie screamed in pain before falling to the ground.

Slap!

"A Yoga expert, I see!"

"The Prajna Fist!"

"You said that you can't be humiliated?"

"Do you think you're the main protagonist after watching a few movies?!"

"Stop pretending already!"

Harvey relentlessly insulted Donnie while slapping him around. At this point, his face was as swollen as a pig.

Slap!

"What are you going to do now?!"

"Your son's only following your example!"

"If he's scum, then you're scum too!"

"It's your fault that your son turned out this way!"

"You know what'll make me happy now, right?!"

Harvey calmly slapped Donnie around, making him shriek in pain nonstop.

Donnie was an extremely talented man in India. His confidence skyrocketed after he mastered the art of Yoga.

But then, he was getting beaten around like a dead dog. He had no strength even to fight back.

His confidence, pride, and arrogance were utterly shattered before Harvey.

"Come! Tell me how you're planning to give me a fair statement!"

Chapter 3321 The so-called noblemen were nothing but jokes in front of Harvey York. I

Harvey kept relentlessly slapping Donnie Burton around while everyone watched the entire sight, utterly shocked. Donnie's face was as swollen as a pig at this moment.

Eli Burton was completely dumbfounded.

The others might not know about Donnie's strength, but Eli did.

Not only was Donnie one of the Three Demon Monks, Cody Garcia's outer disciple...

He also mastered the Prajna Fist.

Back then, Eli saw his father could easily take out ten Indian bodyguards all by himself...

How come he was this weak when he fought against Harvey?

He was no different than a dead dog!

Eli instinctively slapped himself in the face to ensure he was not just dreaming.

Slap!

Donnie was sent flying by another slap.

After coughing out some blood, he struggled on the ground, desperately trying to stumble back up. Harvey composedly walked toward him before raising his palm.

Thud!

Donnie was so scared that he instantly slammed his knees on the ground.

At this very moment, his pride and status meant nothing to him.

He was utterly terrified!

Harvey let out a scoff before shifting his gaze toward Eli and Bohdi.

"Are you two kneeling or not?"

Eli and Bohdi looked at each other before kneeling down.

The crowd was shocked. They were at a complete loss. They could not believe what they just saw.

"Every single one of you will kneel in front of the hospital for three whole days. Remember that hat," said Harvey before he walked out of the box.

"If you even do that a minute less, I'll kill you."

On the next day, early in the morning. In the VIP

sickroom of Flutwell People's Hospital.

Mandy Zimmer's injuries were mostly cured after getting treatment from Rudolph and his team. Other than the soft tissue injuries that needed to be healed with more rest, everything else seemed to be nothing out of the ordinary. But because of the shock, she would need more time to recuperate.

After feeding Mandy some porridge, Harvey left the room when she was resting again. Lilian Yates went out to participate in a square dance early in the morning, but Xynthia Zimmer was still in the room.

Dark circles were completely surrounding her eyes. "Is everything okay, Brother-In-Law?" she asked when she saw Harvey. "Everything's fine. Rudolph is excellent at his job. Your sister's injuries will recover soon enough," replied Harvey to calm Xynthia down. "Besides, she'll be safe here. I'll leave the Hearthstone Corporation to you for the next couple of days.

"If you can't handle it, I'll just get a few elites from Sky Corporation to deal with this." Xynthia heaved a sigh of relief after hearing Harvey's words.

Mandy was not able to work in her current state, and Lilian knew nothing other than succumbing to her pleasures. Because of that, all that responsibility went to Xynthia instead.

After all, she was not well-versed in the job. If possible, she could use some help. While the two were chatting, Lilian came in from the front door before squinting at Harvey. "What's going on outside, Harvey? "Why are there so many people kneeling at the front door?"

Chapter 3322 Harvey York smiled.

"It's nothing. These were the people who previously hurt Mandy Zimmer. They're just kneeling outside to show their apology and give us a fair statement.

"So, that's it!

Lilian Yates' expression worsened. "We shouldn't be doing this, Harvey! We should be asking for their money instead! Make them give us something!

"It doesn't matter if they just kneel outside!

"They are all terrible people! Vengeful people! "You're humiliating them for doing this! "They won't show any guilt! "Rather, they might keep causing trouble for Mandy in the future!

"Just make them pay us a million or two instead! Stop making them kneel outside!"

Naturally, Lilian had been watching the sight for a while. She was getting goosebumps watching Donnie Burton, Eli Burton, and the others kneel outside.

"Are they really that intimidating to you?" asked Harvey while he poured himself a cup of tea. "Those people think they can do whatever they want in our country just because they have a pretty good background.

"They won't learn unless they kneel.

"As for them being vengeful people...

"You're absolutely right about that.

"But as long as we're stronger, they can only keep this grudge deep inside their hearts.

"I don't need the money...

"But, I do want everyone in Flutwell to know that they're seeking their deaths if they decide to go against Mandy." At this moment, Harvey kept a straight face. He wanted Eli and the others to serve as a cautionary tale.

Only then would the city know never to go against Mandy.

They would never remember the lesson if all they needed to do was to compensate with money.

Lilian furiously changed her expression.

"What's the point?! This doesn't do anything good for us!" she exclaimed.

"I have to pay Mandy's medical fees with my own money!

My retirement money! "If they're not paying up, then there's no way I'll pay for Mandy's fees!" "I don't care," replied Harvey calmly. "If you don't want your daughter to see you as her mother anymore, then you don't have to do it.

"It doesn't matter to me.

"I can't believe you only cared about money even now.

"Is money more important to you than your daughter's safety?"

Lilian let out a cold chuckle before she glared at Harvey.

"Enough with the big talk, Harvey!

"Let me tell you something! "Money is everything! "Don't think I'll allow you to be with my daughter just because you handed the company shares!

"You have no chance!

"Unless you get the money from the people outside, this isn't over! You hear me?!" .

Obviously, Lilian was trying to take advantage of her daughter's injuries to make more money.

After all, her daughter was never in any mortal danger...

This was a rare opportunity for her.

Of course, she had to take advantage of the situation.

"You're hopeless, Lilian.

Harvey heaved a sigh before standing up. "Your greed will be your downfall sooner or later."

"Are you cursing me, you b*stard?!"

Lilian was boiling with anger.

"I'm not even asking for your money! "Listen here! Don't even think of getting close to my daughter if you couldn't get the money!"
