

Chapter 3363

Though everyone was frozen in shock, Harvey was so curious that it showed on his face.

Harvey knew that a man with that nickname must've been a true expert. That man would probably be able to make Harvey fight a little seriously.

“It doesn't matter how domineering you act in other places, young man...”

“But when you're in Flutwell, it doesn't matter who you are. You will kneel! ”

“In any case, you should let go of Lady John right now! ”

“Save Young Master Garcia as well! I'll let you off the hook if you do! ”

“But if you refuse, then don't blame me for what happens next!”

The window of the box suddenly shattered

into pieces.

The next moment, a figure hopped right through the window.

Cracks formed on the marble floor as soon as he landed, akin to a spider's web.

His entrance was so domineering that the crowd couldn't help but take a step back.

The Indians were all shocked as well.

They truly believed that they were invincible when it came to martial arts, but they were surprised to see an expert of this caliber in Country H.

Such an expert would only show up in novels and movies...

Yet, he stood right before their eyes.

Harvey looked at Bulldozer's figure, curious.

He could tell that this was an elderly man in his fifties. Bulldozer's face was extremely pale, but his bloodshot eyes were enough to

show that he suffered from a lack of sleep for a very long time.

The disparity made him seem like an extremely fierce person, as if he was about to rip someone to shreds at any moment.

"I don't have much patience, young man! I'm giving you three seconds ! Let Lady John go and save Young Master Freddy!" Bulldozer exclaimed, a furious look on his face.

Harvey sized up Bulldozer before letting out a huge sigh.

“I’m sorry, but you’re not worthy enough .”

“How dare you?!”

“You ignorant fool!”

Bulldozer’s face darkened in an instant; he felt that he had been greatly disrespected.

The next moment, he charged right at Harvey.

At the same time, his hands were blood red, with a foul stench coming from them.

These were the legendary Bloodshot Hands. People who got hit by them would be infected immediately; the excruciating pain would immobilize anyone instantly.

Naturally, Bulldozer wanted to show his strength to Harvey and make Harvey understand just how much stronger he was compared to him.

He wanted to teach Harvey a lesson!

Right as Bulldozer’s palm was about to hit Harvey...

A figure flashed, and she swung her sword.

Rachel showed up in the nick of time.

Clang!

Bulldozer quickly countered her attack; a terrifying power seeped out of his palm as he slapped Rachel’s sword away from him.

The shockwave from the impact alone blew several people away.

But Bulldozer and Rachel stepped back at the same time as if they were on par with each other.

“How dare you show off using someone else’s power?!”

Bulldozer’s hands trembled in rage.

“If it weren’t for this lady, you would’ve been a corpse by now!”

“How long do you think she can protect you? Do you think you can survive when I’m done with her?!”

Naturally, Bulldozer believed that Harvey was just using Rachel to flaunt his strength.
