Chapter 2905

Let me go, Mr. Hill Author: Shallow South Chapter 2905

Dear reader, i did a mistake that Charity gave birth to a baby boy, named Levi not Lisa. Please continue it with her son name Levi.. Thank You..

Chester had not heard such mean words from Charity's mouth for a long time.

As if a basin of cold water was poured down on the spot, it was completely cool.

He didn't say a word for a long time until Charity hung up the phone in anger.

Chester sighed and looked at his lower body.

Why was one leg disabled at that time, it would be better if it was the third leg.

He would rather be punished and be a eunuch for the rest of his life than be disliked by the woman he likes.

Chester wanted to light a cigarette in melancholy, but considering the children in the room, he held back.

On the other hand, after Charity hung up the phone, she regretted it.

She wanted to slap herself.

It's none of her business whether Chester was dirty or not. Why was she so cheap and impulsive? Wasn't she disgusted and irritated by Cindy's words?

It was said that when she hit a snake and hit three inches, Cindy was amazing. She didn't say that she was not worthy of Chester, and she didn't say that Hank Jewell and his wife hated her, so she disgusted herself with Chester's past.

It stands to reason that Charity should be calm as if it has nothing to do with herself.

But somehow...it's going to be irritating and irritating.

It seemed that those past events that were reluctant to go to remember had been turned over again.

But she also knew that Chester couldn't be blamed entirely. If Sarah hadn't provoked it when they were dating, Chester misunderstood that he had betrayed her, and his character would not have become what it was later.

It's just...Charity really didn't feel clean.

She wanted to forget it but what if it's not clean. She and Chester were just neighbors now, she helped Mrs. Robbins, and she owed him favor.

The way Charity scolded Chester just now was with an undeserved emotion.

After thinking about it, Charity finally picked up the phone and sent Chester a message: [Sorry, I was too aggressive just now, don't take it to heart.]

Could Chester not take it to heart? Charity's impulsiveness meant that she still cared.

If Charity calmed down, she would consider herself a friend and a neighbor of Chester.

Chester: [Charity, how can I make you not feel dirty.]

Charity: [It's all over.]

Chester: [Does it mean that if I don't have that thing, it will be clean.]

Charity: [? ? ?]

Was that what Charity thought.

Charity shuddered: [Don't be nervous.]

Chester: [Don't worry, you are busy with Auntie Robbins's affairs now, I won't hold you back at this time.]

Charity was not well. Did it mean that Chester would not be able to do it now, Was it possible that when Mrs. Robbins recovered, he would go crazy?

Chester: [Go ahead, I won't disturb you, lest you see me and make you angry. Charity, I really don't have any other delusions about you, I just want to be able to see you often in a nearby place. If you don't even want to do this and think I'm dirty, I can only completely destroy the things that have betrayed you.]

Charity: [.....]

She regreted it now and wanted to take back what she said before.

...

Afternoon.

After Chester coaxed Levi to fall asleep, Nanny came over and said embarrassingly, "Mr. Jewell, give me the child, you can go back and rest for a while."

After being a nanny for half her life, she has never seen a man against her. The child who is not related to him is so attentive, and it is also very strange. Levi actually likes Chester very much. Every time he sees Chester, he smiles very brightly.

Chester wanted to hug his son for a while, but the phone rang, and when he saw the call, he frowned, afraid of disturbing the child, so he quickly pressed the mute, and handed Levi gently into Nanny's hand.

Something?"

After pressing the connect button, Ji Ziyuan heard Ji Zehao's voice.

"It's okay Laozi can't call you, you have that idle but visiting Ruan Yan's mother from the countryside, but you don't have time to come back to see me and your mother, Ji Ziyuan, you are too chilling for Laozi."

"If you only have this nonsense, then I'm hung."

Ji Ziyuan can actually hang up directly, but he wants to find out what Ji Zehao and his wife want to do.

"You come back at night, your mother misses you." Ji Zehao said.

"Saw it yesterday." Ji Ziyuan said lightly.

Ji Zehao said fiercely: "Your mother really wants to see you, Ji Ziyuan, if you don't come back, don't want to go on time tomorrow that country woman's operation." "

"Just you?" Ji Ziyuan disagreed.

"If you don't believe it, just ask Dr. Wang," Ji Zehao sneered, "You want to please Ruan Yan's mother and daughter, so you ask Dr. Wang to operate, don't wait until tomorrow to prepare for the operation, the attending doctor does not enter the operating room, I see how you can raise your head in front of Ruan Yan's mother and daughter." "

In the end, it is his own son, and Ji Zehao understands where his son's weakness is.

In the past, Ji Ziyuan was cold-blooded and ruthless, and there was really no weakness, and once people moved their feelings, it was easy to find weaknesses.

"See for yourself." Ji Zehao snorted coldly, "Just come back for a meal, we won't eat you again." "

After hanging up the phone, Ji Ziyuan's eyes were full of coldness.

After a while, Dean Yang called and said vaguely: "Ziyuan, if you go home, Dr. Wang's granddaughter was taken away while playing in the park.... "

"Okay, you tell Dr. Wang that the operation is on time, I will go back to Ji's house tonight, and the child will come back."

Ji Ziyuan looked at the time, and it was only half past one in the afternoon.

He called Tang Kai over, "You find someone to find out where Dr. Wang's granddaughter has been taken, and bring people out as soon as possible." "

"How shameless." Tang Kai said angrily, "In order to threaten you, even such a young child will not be spared." "

"Yes, try in every possible way to force me to go back to the Ji family, I want to see what they want to do?"

Ji Ziyuan was also very puzzled, could it be that Ji Zehao's two children did not have enough money? Or do you want to return to the Ji Group?

"Mr. Ji, do you want me to bring more people..." Tang Kai said uneasily.

"No, you just go with me, they shouldn't do anything to me, it must be something on me, either money or power."

five p.m.

Ji Ziyuan got in the car and prepared to go back to Ji's house.

When the car drove out of the villa, Ning Xiaoxiao's car happened to drive back from the other end.

Ji Ziyuan opened the window, and next to him, Ning Xiaoxiao almost lowered the window in the driver's seat.

The four eyes were facing each other, and Ning Xiaoxiao's eyes flashed unnaturally, after all, he had only scolded him like that in the morning, and he was a little embarrassed for a while.

Instead, Ji Ziyuan spoke first, "I just came out of your house and slept for two hours in the afternoon. "

"Well, I heard the babysitter say."

Ning Xiaoxiao heard the nanny on the phone say that Ji Ziyuan accompanied the child for a day, feeding and coaxing the child to sleep, and playing with the child.

"I'll go out on an errand, and I'll come back later." Ji Ziyuan said.

"Hmm." Ning Xiaoxiao bowed his head, "That..." "

The man's deep gaze looked at her.

"Nothing, next time."

Ning Xiaoxiao waved his hand.

After the car drove away, Ning Xiaoxiao was still a little annoyed, how should she persuade Ji Ziyuan to let him dispel that extreme idea.

Lost a leg, if there is one less leg, it will be enough, I hope he is just an impulsive thought.
