

Chapter 59

Adina calmly explained about the background and dubious whereabouts of the 50% of shares of the Daugherty Corporation.

After she explained, she indifferently said, "In your opinion, is it reasonable for me to get back the shares that my mother left to me?"

"It's not reasonable."

Duke indifferently answered.

Dew's expression showed excitement.

This man had really taken her side!

When Duke said that, she had the reason to refuse signing the transfer agreement of the shares. Even her grandmother could not criticize her.

Adina's expression turned cold.

Indeed, she should not have entertained this man. She had wasted her time talking to him.

When she was about to speak, Duke's voice was heard.

"Miss Daugherty, if I were you, I would use all methods to get back 100% of the shares." The man's voice was filled with coldness. "How can you give half of your mother's legacy to others?"

Adina was startled.

Was this what he meant when he said it was unreasonable?

Did she misunderstand him? "Duke..." Dew's lips shivered. "You... .." She opened her mouth, but she did not know what she should say.

She gave birth to two sons for the Winters family, but Duke embarrassed her in front of Adina the bi*ch. This made her feel like she had been slapped a few times ruthlessly. "Haha!" Ruby awkwardly chuckled to ease the atmosphere. "Duke, you may not know that Dew and Addy are very close, so Addy is willing to give half of her shares to Dew. This is between the sisters, so let's not interfere, Come, Duke, just keep eating. You haven't taken more bites yet..."

If the discussion continued, the other half of Dew's shares might also need to be given away because of what Duke said, Old Mrs. Daugherty's gaze at Duke was filled with more admiration. She indifferently said, "Simon, is the share transfer agreement ready?" The housekeeper went to prepare it after Old Mrs. Daugherty gave her order. At this time, he stood at the entrance of the dining hall with the documents. Dew and Ruby stared at each other, and they saw unwillingness from each other's eyes, Half of the shares was worth a few hundred million. How could they be willing when they had to give them away like this? But Duke was here. If Dew refused to sign it, her image in Duke's mind would be totally ruined. She wanted to marry into the Winters family and become the mistress, so this share was nothing to her! Besides, Adina the bi*ch might also not be able to see the sun tomorrow!

If Adina died, these shares would still go back to her! When Dew thought about this, there was finally more sincerity in her smile. She walked over and took the initiative to leave her signature on the agreement.

In this way, Adina got back the 25% of the shares.

She kept the agreement away, and she looked very calm, as if this was just a small matter. "Please enjoy yourselves. I'll go and rest for a while."
