

Mr Smith 161

Chapter 161: Why Did He Help Amber?

0 5 minutes read

Sean raised his eyebrows.

Why was he responsible for helping Amber?

Furthermore, Amber was so powerful that she could reverse the tide under Shen Ruyun's attack without his help, so if he also gave her a hand, would the others still have a chance to live?

Sean didn't say anything and faintly took a glance at Cindy.

"Isn't my mom your wife? How can you watch that old woman bully my mother?"

"Daddy, do you not love Mommy?"

Sean did not answer, and Cindy was a little anxious, her eyes red, and she asks a few more questions.

Is she making a punitive expedition against me?

It's not easy to ask such level-headed questions at such a young age!

Sean sneered, he loves Amber, but it's a lie made up by Amber!

He's not blind enough to fall for a pretentious woman like Amber.

Only a three-year-old child like Cindy would believe such a clumsy lie!

"Did your mother make you ask?"

Sean had always suspected that some of the questions Cindy asked him were deliberately taught to Cindy by Amber!

But it was the first time he asked it directly!

Cindy blinked her eyes, shook her head, and said, "No one ever taught me what to say."

"Daddy, do you like Lin Man a little more in comparison!?"

Sean's body shook, he lowered his head, his sharp sight locked onto Cindy's clear eyes.

Cindy's eyes were very similar to Sean's, especially with such a stare, the contours of her eyes, right down to the corners of her eyes, were similar to his to the extreme!

Sean was just about to admit it, but because of that glance, he hesitated!

He pursed his lips, and sounded out.

"You don't like Aunt Lin Man?"

This question, to Cindy, is a kind of answer.

Cindy's eyes got even redder as she pouted and said in aggravation, "But you're already married to mommy, and Lin Man will be the mistress between you and mommy!"

"We are the family!"

Sean suddenly stopped smiling and his face got gloomy at once, "You say Lin Man is a mistress? "

He sneered involuntarily, who said that?

How many people in this city dared to say that Lin Man was Sean's kept woman!

That must be Amber again!

She was really so scheming that she even cheated a three-year-old child!

Maybe Amber was the mistress.

Sean just turned around to go away, leaving Cindy here. His breath suddenly became chilled and he immediately went out of Cindy's vision!

"Dad! Daddy, wait for me."

Sean turned a blind eye, striding forward with a gloomy face.

There were many trees on the mountain road, and the shadow of the overwhelming boughs cast a layer of material chill over Sean's face.

He walked very fast, and his hands were clenched together tightly because of anger.

The cries of the child in his ears have gradually become inaudible, and Sean stopped walking.

The maids have all followed his mother and Tomas up the hill, leaving only one Cindy behind.

Sean is not afraid of losing Cindy, as this is the Smith family ancestral hall, and the entire mountain is owned by Smith family.

His only concern was that if Cindy was left unattended, what if she stepped on the moss and rolled down the stairs?

Sean frowned.

Cindy called Lin Man the kept woman, and he now was actually worried about that Cindy's safety?

He's not sick, is he?

Sean cursed himself. He was worried about Amber's daughter, but only if the watch that Lin Man had given him was still in Amber hands. according to the importance of Amber to Cindy. Smith was worried that if anything happened to Cindy, Amber would be so angry and even kill him impulsively!

Without hesitation, Sean turned around and returned the way he came.

Cindy's tears kept falling down after Sean disappeared.

The surroundings were dark, and apart from the sounds of birds and insects, the only sound was the rustling of leaves as the wind blew.

Cindy was so scared that her eyes were red because of her cry, and then she rushed up the stairs to look for Sean, slipping and almost falling.

Shen Ruoyun came out after making a phone call, and when she saw Cindy, she seemed to think of something.

She looked around, didn't see Sean, and sneered in her heart.

This little bastard was so unlucky that she actually met her here.

Shen Ruyun touched her pocket, there was a piece of chocolate inside.

She was used to going in and out of casinos, and sometimes when she was in the mood, she was not even willing to eat meals, and over time, she had some low blood sugar, so in her pocket, she always had candies and chocolates.

Shen Ruyun hadn't really expected that it would come in handy at this time.

"Cindy, come here, I will give you some candy, go somewhere with me later, okay? "

Seeing tears on her face, Shen Ruyun was even more certain that Cindy must have done something to anger Sean, or else she wouldn't be here alone!

Shen Ruyun looked proudly at Cindy, such an annoying little bitch, she would let Mr. Qian sell her far away!

Cindy reached for the chocolate, took a look at it, and then struggled to throw it to the floor!

"I'm not going to play with you, you bad woman, you bullied my mother, you...you're the devil! "

Cindy reached up, wiped her tears, and used the words she learned from Sean to attack Shen Ruyun!

Afterwards, she pulled a face to Shen Ruyun!

The hypocrisy on Shen Ruyun's face stiffened, "You little bastard, how do you talk to me? You are as disgusting as your mother "

Cindy looked up sharply and glared at Shen Ruyun.

"You're the bastard! You're the bitch! I'm going to tell my grandpa that even though he's taught you a lesson, you're still so uneducated! You are a shameless adult! "

Shen Ruyun's eyes were immediately full of anger as she heard the words.

Just now on the mountain road, just because of Cindy's words, Tomas had slapped her!

If she said something else again, wouldn't Tomas directly kill her at this time?

"You shut up!"

She subconsciously raised her hand and walked over towards Cindy.

After Amber and Cindy came to Smith family, Shen Ruyun hadn't had a happy single day, so she couldn't let them ruin her good fortune!

No matter how stubborn Cindy was, she was still a child, so seeing Shen Ruyun trying to hit her, how could she not be afraid?

She took a few steps back, the fear flashing across her face, "Mom..."

"What are you planning to do, Shen Ruyun?"

Sean's voice came from above the two of them, Shen Ruyun's movement was a bit awkward as she suddenly withdrew her hand.

"Sean... Well, I just saw that niece was here alone, so I'm worried about her falling and want to give her a hand."

Sean actually didn't see clearly what Shen Ruyun wanted to do to Cindy because of his position, and the reason why he stopped Shen Ruyun was that he heard Cindy called mom and her voice was full of fear.

Chapter 162: Don't You Like to Play Hide-and-seek With Your Mommy?

0 5 minutes read

Sean narrowed his eyes and swept a glance at Shen Ruyun.

"Dad!"

As soon as Cindy saw Sean, she ran a few steps towards him, reaching out her short hand and clutching Sean's index finger tightly.

Sean didn't want to ask Shen Ruyun that much, and as long as Cindy was alright, which could make Amber at ease, he would feel satisfied!

Sean reached out and picked up Amber, striding over towards the ancestral hall.

The Smith family members hadn't all arrived, and the rituals hadn't begun.

Fortunately, the ancestral hall was in a good location, built for ventilation on all sides, so it's not too hot to stand here.

Cindy didn't know where this place was, her small hands clutching Sean's trousers and she blinking her bright big eyes staring straight at Sean.

It seemed as if he was afraid that he would leave her behind again.

"Daddy, when is mommy coming over?"

Sean didn't move, his fingertip caught a cigarette, the ash layer sprinkled on the polished leather shoes, the rising smoke making Sean's expression so vague and look a little lazy.

"Why do you ask this? She will naturally come over later, and do you think that she will run away?!"

Cindy nodded her head in plausible understanding as she looked to her left and right, looking curious, "Daddy, what are we doing here?"

"Watching the view!"

Sean answered easily, and it was too complicated to let a three-year-old daughter understand what a memorial ceremony is.

“Can I play a game?”

Sean looked down at Cindy. Play a game?

He had just left this little girl on the hillside, and she still dared to play a game with him?

How dare you!

Sean raised his eyebrows and had some good ideas.

“The place here is so big, how about the two of us playing a game with your mother?”

Cindy suddenly got so excited and asked, “Can we? But is Mom here? “

“She will be coming soon! “

With a smile on his face, Sean led Cindy towards a hidden location.

Shen Ruyun had been watching Sean and his daughter since she met Cindy, and when she saw Sean walking towards a deserted place with Cindy, she subconsciously felt that her chance might be coming.

Sean managed to find a deserted place before letting go of his hold on Cindy’s hand and whispered, “Wait here and see if your mother can find you later! No running around, okay? “

Cindy was at a loss: “Why?”

“Don’t you like playing peek-a-boo with your mommy?”

“But Mom told me not to run around! She said she’d be anxious if she couldn’t find me!”

“Daddy, let’s play a game that doesn’t make Mommy anxious, okay?”

Sean didn’t know that Cindy had been once lost, let alone that Amber once almost went crazy because she couldn’t find Cindy last time.

When he heard Cindy’s words, he only thought that there is something wrong with Amber!

Did she really think that her daughter was so charming that everyone wanted to steal her?

Hilarious!

He was still angry at the fact that Amber said that his Manman was his home wrecker. He had to scare her to give vent to the anger in his heart.

He slightly frowned and impatiently reached out and patted Cindy on the head, saying, “It’s just a game, she won’t be anxious about something like this! Don’t worry. “

“If no one comes to look for you, you can’t come out, okay?”

After Sean instructed Cindy, he lit a cigarette for himself and returned the way he came, with a rare light smile on his face.

Last time at the hospital, he had wanted to make Amber anxious, but he ended up causing a wife abuse scandal!

This time, he wanted to see how Amber could find her daughter without his help!

Flicking the ashes from his fingertips, Sean took a few steps and met Shen Ruyun face to face.

“Hey, Sean.”

Sean gave her a faint glance, “What a coincidence, running into you twice along the way!”

Shen Ruyun was stunned for a while and a smile was shown on her face, “I came here on purpose to look for you, Mom and Dad said that Amber might be arriving soon, so you can go to the memorial ceremony now.”

“OK.”

Sean responded and headed out of the ancestral hall, Shen Ruyun then said, “Where is Amber’s daughter? Wasn’t she with you?”

“Why are you asking this?”

Sean took a glance at Shen Ruyun in a calm mood, his eyes seemingly carefree, but in fact, they were incredibly sharp, able to see into people’s hearts at any time!

“I am just asking casually, isn’t Amber always caring for her daughter so much? I was worried that she’d be angry with you later when she saw you weren’t with that child. “

Sean curled his lips, “Don’t worry about that, just mind your own business, especially the mansion under your husband’s name, you better redeem it quickly!”

“Otherwise if Mom finds out, you won’t be able to save yourself no matter how nicely you speak! “

The smile on Shen Ruyun’s face faded away, she still wanted to say something, and the phone in her pocket rang.

At this time, there could only be one person who called her.

Sean threw away the cigarette butt, then twisted it out with the tip of his polished shoe, faintly reminding Shen Ruyun, “Hey, your phone is ringing!”

“Well, I’m going to take a phone call, and you go there first. “

Sean nodded his head and walked out straight away.

His stride was large, but instead, it was Shen Ruyun, standing in the same place, her face covered with a layer of tree shadow, gloomy for no reason.

She looked back at the direction Sean was coming from, a horrible smile was hung on her face.

Amber came so quickly. When Sean reached the shrine, she was already there. Amber had changed into a goose-yellow dress, the injuries on her elbows and knees had been treated, standing in the crowd, looking so cool and refreshing.

Seeing Sean, she tugged on her skirt and came over.

“Where’s Cindy?”

“You are asking me where your own daughter is? Don’t you think it’s funny?”

Amber became anxious, “Sean, don’t joke about it, you were obviously the one who carried Cindy to the ancestral hall, and I just asked, and everyone said you were with Cindy!”

“Where did you hide her?”

Shadow of the sunshine through the tree leaves made Sean look so gloomy.

He took a glance at Amber, and found that her hands were beginning to shake, and felt even more exaggerated!

Amber was really getting good at acting!

There’s even body movement!

He really didn’t know whether to admire her or to sneer!

“Director White, if you can’t find your daughter, go call the police! What’s the use of looking for me? ” Sean showed a faint smile, “It’s just that your daughter has only been lost for a few minutes, so I’m afraid the police station will not even file a case. “

Amber’s hand suddenly climbed up, she reached out and firmly clutched Sean’s sleeve.

“Sean, you quickly tell me where Cindy is! It’s the anniversary of your third brother’s death and I don’t want to make a scene at Dad’s! “

Chapter 163: Sean, I Don’t Wanna Threaten You!

0 5 minutes read

Was Amber annoyed?

Was it so serious that she even wanted to let his father know?

Who knew if she was really worried about her daughter or if she was just currying favour by claptrap!

Sean looked at Amber with contempt and said in a low voice, “This is not so big, and Cindy is no longer a baby, how can she disappear? “

“Your daughter, find out for yourself! What’s it got to do with me?! “

Hearing this, Amber found that her eyes twitched.

She was in a panic and all she wanted now was to see Cindy!

Amber licked the corner of her lips and tried to speak calmly, “Sean, Cindy is still young, and this side of the ancestral hall is full of moss and mud, so I’m mainly worried about her falling down! “

“If Cindy does get hurt a little, Dad will probably blame you then! Hiding Cindy isn’t good for you or me, is it?”

Sean tugged felt irritated.

He hated the way Amber spoke, making everything so serious and horrible, and acting like she was caring for his reputation!

Each time he saw her like this, he felt so disgusted.

If she really cared about him, why didn't she explain it to his father when the wife abuse scandal came out in the first place?

Sean was standing in the same place, unmoved.

Amber suddenly reached out and clasped his small arm, with a bit of firmness in her eyes.

"Sean, I don't want to threaten you! Don't you dare make me!"

"Haha!"

Sean sneered. Amber's these words have no difference with threatening him!

He looked askance at her, his gaze cold and piercing.

"Worship to my third brother first! Don't worry, no one will be lost! "

Amber then let herself calm down and tell herself that worshipping Johnson was the most important thing to do today, which wouldn't take a long time.

Amber knew Sean's character so much, and she knew that he wouldn't take her to Cindy until she worshipped Johnson.

She could only suppress her panic, nodding her head and following Sean to the nearby shrine.

.....

After Sean left, Shen Ruyun answered the phone.

"Mrs. Smith, we have arrived, and where's the little girl you were talking about! Don't be kidding us! "

Her eyes suddenly flashed with some surprise, because she hadn't expect that in order to kidnap a three-year-old girl, Mr. Qian would actually come in person.

That's a great surprise!

"How could it be? Mr. Qian, you come up from the back side of the hill, not far from the shrine, there are some big rocks, and that little bastard is behind the biggest one! "

"Mrs. Smith, you better take me with you! "

Mr. Qian had been experienced in this, and he's not that easy to fool!

After all, this child, and Sean had an indirect relationship, Shen Ruyun and him was a mutual use of the relationship, if this woman was not involved, Mr. Qian couldn't rest assured.

"Mr. Qian, today is the death anniversary of my husband, so if I don't show up again, my in-laws will definitely look for me and... "

“If so, I don’t think you have enough sincerity in the cooperation with us. “

Shen Ruyun was stunned, because she knew that Mr. Qian had a hold on Shen Ruyun! That’s actually no less than a threat!

“Then move fast, I don’t have much time!”

Hanging up the phone, Shen Ruyun smiled. Cindy was hidden by Sean, so even if Amber found that her child was missing, the one who should be responsible was Sean!

As soon as Mr. Qian left, she would just watch the interesting show!

Amber and Sean were having a disagreement and lost their baby, so they couldn’t blame someone else, right?

In less than five minutes, Mr. Qian showed up, brought a few people with him, and met up with Shen Ruyun.

Shen Ruyun led people behind the stone, and when Cindy heard footsteps, she looked up in surprise, “Mama?! Is it Mom? “

Upon seeing that it was Shen Ruyun, the smile on Cindy’s face was instantly gone.

“Mom? Haha... “

Shen Ruyun smiled, nodding her chin telling the person behind him. “Mr. Qian, that’s her! She is the daughter of Amber! “

There were a bit too many people behind her, Cindy squeezed her hand in fear, she tilted her head and looked guardedly at Shen Ruyun.

Mr. Qian’s men smiled and stepped forward, “Little girl, let us take you to your parents, let’s go!”

“I don’t! Get away from me you bad guys!”

Cindy took a step back.

“You little bastard! How impolite of you! Shame on you!”

“I’m not a bastard! I have a mom and dad!” Cindy glared at Shen Ruyun and said, “You’re a bad woman, I’m not going with you!”

Shen Ruyun raised her hand and slapped Cindy on her face.

Her force was so strong that Cindy even fell to the ground!

Cindy’s eyes instantly reddened in pain, Amber had always protected Cindy since she was a child, much less hit her!

Cindy gritted her teeth and didn’t say a word, instead staring at Shen Ruyun with big, stubborn eyes.

“You are actually so brave!”

Shen Ruyun sneered, "Just a daughter of a bith, and you actually dare to glare at me! You really think you're Sean's daughter so that you can care for nobody?!"

"You're the bastard! Bastard! Bastard! "

"Our Smith family would never give birth to an uneducated and dirty bastard like you! "

After teaching Cindy, Shen Ruyun stood up straight and said to Mr. Qian , "Mr. Qian, the back side of the mountain is not close to the ancestral hall, but later when you take her away, it is better to use something to cover her mouth to let her make no sound! "

Mr. Qian's man had picked up Cindy and subconsciously covered her mouth after hearing Shen Ruyun's words.

Cindy then bit him hard, making the man feel great pain and have to release her, "I want to find my mother, you guys let go of me! "

Her eyes filled with tears, and her small hands kept patting the person who was holding her.

Mr. Qian looked at another man by his side. The man nodded and pressed a towel against Cindy's nose.

Soon, Cindy felt so sleepy and finally closed her eyes.

Shen Ruyun smiled faintly, and Mr. Qian looked at her face.

She subconsciously held her face. If it wasn't for this little bastard, how could she be slapped!

Mr. Qian didn't ask too many questions, and directly let people carry Cindy and leave from the back mountain.

Shen Ruyun saw the situation and took a detour, taking a different route to the ancestral hall.

The Smith family was already about to start worshipping Johnson, and from a far distance, Shen Ruyun could hear Tomas voice.

"Where's Ruyun? "

"Dad, I'm here, I just got a call!"

Tomas took a glance at Shen Ruyun, knew that she had just been beaten and must be uncomfortable, so he did not say anything and just let her in to give worship to Johnson.

After all, it's not the Dragon Boat Festival, the process of worship was very simple. Everyone just needed to light incense and pray in turn.

In just ten minutes, Amber had been greatly tormented, feeling that the ten minutes was as long as a century.

Chapter 165: There Will Be Heavy Rain Tonight

0 5 minutes read

Sean Smith thought maliciously, his stare at Amber White getting more and more gloomy!

He was sick, so he would almost believe that Amber White's daughter had something to do with him. Even if she called him father, the little girl wasn't close to him at all!

There was no possibility of being his daughter!

He shouldn't do the damn paternity test. When he went back, he would destroy her hair!

Standing in the crowd, Shen Ruyun smiled. When her eyes touched Amber White, there was a flash of pleasure in her eyes.

She rolled her eyes and said with a smile: "The ancestral hall is not a big place, Amber, would it be that your daughter went down the mountain by herself! By then, the slap of Sean will be suffered in vain!"

Mrs. Smith's movements stopped and she subconsciously glanced at Sean Smith's face.

Sean's skin was white, and Tomas Smith used a strong strength when he slapped Sean. The red mark on Sean's face was much heavier than those on Shen Ruyun's face!

Mrs. Smith felt distressed for a while!

Her son, she loved him so dearly, at first, the atmosphere between Sean Smith and Tomas Smith was not so tense!

Since Amber White married Sean, their family had changed!

It's all Amber White's fault!

Mrs. Smith took a look at Amber White. Amber White even didn't lift her eyelids. Now she just wants to find Cindy. It didn't matter what others thought of her or what she was thinking now!

Amber White ignored Shen Ruyun's sneer, she just said to her indifferently: "Get out of the way!"

Shen Ruyun's complexion became stiff, and he secretly hated Amber White for embarrassing her!

She stepped aside and watched Amber White angrily.

She didn't talk nonsense, at this time, Mr. Qian might have brought that small bastard home!

Even if Amber White had been searching here for three years, she may not be able to find Cindy White!

Amber White had just walked two steps, and a servant said with embarrassment: "Master, just now the weather station announced that there will be heavy rain tonight..."

This sentence, like a thunder on the ground, exploded on the heart of Amber White.

She subconsciously raised her head and glanced at the sky, which was covered by lush trees. The environment here was already gloomy. The sky was already overcast, and it looked like it was about to rain!

Shen Ruyun panicked: "Dad, you know, there have been landslides in the back mountain. Heavy rain is very dangerous! We need to go down before it rains!"

Tomas Smith frowned, he glanced at the weather forecast on his phone, and the servant's words were true.

This mountain was old and there was moss on the steps. If they didn't go down the mountain before the rain came, the road would become very slippery even if the mountain did not collapse.

And it was very possible to roll down the mountain!

This was a very serious matter. Tomas Smith weighed the pros and cons and decided to let everyone go down the mountain!

Amber White's heart was like an ice cellar instantly, she was almost crazy.

This was not the first time that Cindy White had been lost. Her daughter was timid, Amber didn't dare to think about leaving Cindy alone on the mountain with the rain, what would happen to her? !

She just came out of the hospital!

"No, I want to stay here and find Cindy."

Amber White's eyes were red, and her eyes were full of tears. She didn't even have the strength to deal with the Smith family. Her heart was covered with panic and despair, she's almost crazy.

"Leave her alone, she can't ask all of us to stay with her and wait for death, right?"

Sean Smith sneered, and said slightly.

Tomas Smith was angry: "Sean, if you could take care of Cindy well, would something like this happen?!"

Why did he lose the child? If Cindy White stayed here obediently, how could there be so much trouble to deal with!

The old man and Amber White were still struggling, did they have to push Cindy White lost on him?!

Did they think that he was free enough to fight against Amber White?!

"Dad, Sean is right. When we come to worship Johnson, most of the servants in the family are here. Isn't her daughter important, aren't we?"

"We can help her find her daughter, but we can't die on the mountain!"

Shen Ruyun suddenly said. Although she was suspected of taking revenge on Amber White, she was right!

In this situation, no one wanted to stay and help Amber White find Cindy White.

What's the difference between this and die?!

Tomas Smith frowned and sighed: "Amber, it's too dangerous to stay on the mountain. Let's go down the mountain to discuss countermeasures. I will help you find your daughter!"

The expression on Amber White's face faded: "Dad, you said that staying on the mountain is dangerous! I can't just worry about my safety, but ignore Cindy's life and death!"

"You can go down the mountain with them, I have to stay and continue to look for Cindy."

Cindy White's condition was still returning, and Amber White can't feel at ease if she can't find her!

Tomas Smith still wanted to persuade Amber White, but was stopped by Sean Smith's words: "Dad, since Director White said so, we don't need to stay here longer, let's go down the mountain. The safety of so many people is more valuable than her life!"

Sean Smith said this was extremely angry!

Amber White was shameless enough. When it came to this, she still didn't call out Cindy White, wasn't she just trying to get him Sean Smith to death? !

That being the case, he fulfilled her wishes!

Sean Smith said something bad. Tomas Smith changed his expression when he heard it. He lifted his foot and kicked it towards Sean Smith and kicked it on Sean Smith's knee.

The painful feeling came from the leg, and Sean Smith's figure stagnated.

"You bastard, I want to kill you!"

Tomas Smith was still planning to do something, Mrs. Smith suddenly stood in front of Sean Smith, she said with a sullen expression, "Stop! If you want to hit my son again, kill me first!"

"Kill both of your wife and your son, then you can help your good daughter-in-law!"

"You!"

Tomas Smith was very angry, and the Smith family was in a mess. The servants who had been in the Smith family for several years stopped Tomas Smith.

There was probably only Shen Ruyun who was glad to see this!

Tomas was so angry because of Sean's words, he took a few deep breaths before pointing his finger at Sean Smith, and said: "Okay! I won't hit him again. This mountain is so big. It is difficult for Amber to find Cindy alone!"

"Let this bastard stay here and accompany Amber!"

"The mountains are so dangerous, ten Amber White and Cindy White added up are not as precious as a son of mine! I disagree!"

Tomas Smith glanced at Mrs. Smith sideways and said, "That's it, you don't want to go down the mountain, stay with your son here!"

Amber White had already left to find Cindy White when they started to quarrel. Tomas Smith pointed in the direction of Amber White, and stared at Sean Smith, he said:

"Why haven't you gone to chase her! If Cindy is lost, you will be the one who would regret it afterward!"

Chapter 166: Director White, What A Perfect Actress You Are!

0 6 minutes read

Sean Smith snorted, he patted the dust on his trousers.

“Mom, go down with sister-in-law. I am young and strong. If the mountain really collapses, I must run faster than Amber White, at least I can live two more minutes than her!”

He said this because he intentionally wanted to make Tomas Smith angry. He knew that it must be Amber White and Cindy White who made a trap for him!

Even if Tomas Smith did not ask him to stay, he still had to stay to see what was Amber White going to do!

As soon as he finished speaking, Sean Smith moved and chased in the direction of Amber White. Tomas Smith was so angry, and he took a long time to react.

...

Amber White went crazy, she kept looking for Cindy White on the mountain. She felt guilty and regretted to death. She only hated that when she went down the mountain to change clothes, why didn't she take Cindy White back with her!

Following the mountain road all the way, Amber White directly crossed the crowded place like the ancestral hall. After searching for more than an hour, no one was found, but the sky became darker and darker.

The big raindrops fell from the sky, and the torrential rain came fierce and urgent. Amber White was soaked and her skirt was attached to her body, forming a slender and beautiful outline!

As she walked further and further, Sean Smith tugged at his shirt irritably, narrowing his eyes.

“Going forward is the reservoir of the back mountain. With such a long distance, a three-year-old child can arrive at this place? Director White, are you serious!”

Amber White pursed his lips and said nothing.

She lowered her head, and the wind and rain couldn't stop her.

Walking all the way around the reservoir, Amber White did not find Cindy White.

Going forward and crossing the reservoir was the way down the mountain.

Amber White's voice became hoarse, standing by the reservoir, she choked:

“Cindy! Cindy!”

The road next to the reservoir was slippery, Amber White stepped on the moss wet by the rain and almost fell into the river.

Fortunately, she stabilized herself in time and fell to the ground.

Sean Smith saw his veins jumping, the rain-drenched his clothes, and the raindrops slipped off his face. Not only was Sean Smith not embarrassed, but the unique stiffness between his brows set off the man's extraordinarily sexy and sultry!

He frowned, and the toe of his shoe touched Amber White's body with a bad tone:

“Did you die?”

Amber White sat up from the ground, her arms were stained with river moss, and there was a strong smell of fish.

She reached out and picked up something. It was dark, but Sean Smith could also tell it was a pair of children’s shoes.

“Cindy’s shoes?”

Amber White murmured, her heart seemed to be shackled by a pair of big hands, her breath broke, then she looked into the boundless water.

She took out the phone from her pocket and quickly called the rescue team.

As soon as the call was connected, Amber White’s tears flowed out.

The rain was heavy, and Sean Smith stood not far away, and could hear Amber White’s conversation.

“My daughter may have fallen into a reservoir in the eastern suburbs!”

“Three years old!”

“Please save her!”

Amber White reached out and wiped the drops of water on her face that she didn’t know if it was rain or tears.

“Isn’t the Dongjiao Reservoir on the mountain? Why are you going there? Now it is raining heavily outside, and our rescuers can’t get up to that mountain!”

The road on the mountain was slippery. On weekdays, this mountain was off the beaten track except for the Smith family to worship the old man!

In addition to the previous landslide, if they came to the mountain under the heavy rain, wouldn’t it be that they seek for the death in person?

Even if the rescue team wanted to help her, they can’t!

After hanging up, Amber White did not give up, she called the police.

Cindy White was missing. It was a case of missing children. The police checked the time when Cindy White was missing.

“Miss White, your daughter lost less than three hours of time, which does not meet our requirements for filing a case!”

Amber White sat on the bank of the reservoir and said to the phone: “But my daughter is only three years old. I found her shoes on the bank of the Reservoir. I am worried about her, please, please, help me find her!”

The police still said the same thing. It was not that they didn't help her, but that this kind of situation happened frequently. There were too many cases of children being lost. Many times, the police went out of the police station and were told that the children had gone back by themselves!

The string of reason in Amber White's heart was completely broken. She couldn't swim, and she cried out desperately with her arms around her knees and her legs.

Cindy White was her only support. As long as she thought of what might happen to her, her heart, like being torn in half by someone, was in pain!

Amber White had always shown her maturity and stability in the company, and Sean Smith was the first time he had seen her look like this.

She was crying hysterically, even if Sean Smith had always hated her, he couldn't bear it.

The big raindrops hit people's skin with a distinct pain. The cry of Amber White penetrated the sound of rain, and it had been transmitted into the eardrum of Sean Smith.

Sean Smith couldn't help but panicked with Amber White.

Cindy White was missing when she was with him after all. Could it be that she was really lost because of him!?

The twists and turns on the mountain road were not easy to walk, if Cindy White left because of fun and got lost here, maybe something really happened!

Sean Smith glanced at Amber White, who was crying almost to death, and then paused.

No, something's wrong!

Amber White had always loved her daughter so dearly. He lost Cindy White for no reason. She can handle it calmly and self-sufficiently.

This must be a trap from Amber White.

The old man went down the mountain. She couldn't ask the old man to do anything to him now, so she turned to win his sympathy!

Otherwise, how could Amber White have such a clear purpose and come directly to the reservoir?

The whole mountain belonged to the Amith family, and no one would usually come here. When Amber White changed her clothes and came back, Cindy White was missing. How could it be such a coincidence?

The shoes were left on purpose. Cindy White might have been taken down by Amber White's people and settled down!

Sean Smith licked the corners of his lips, his eyesight became dark and gloomy.

When Amber White cried anxiously, Sean Smith couldn't help but sneered: "It's useless for you to squat there. It's been two hours. If Cindy White really fell in the reservoir, she must be dead long ago!"

Amber White cried, and she lifted her head from the crook of her legs, looking bitterly at Sean Smith.

Sean Smith was unhappy.

During the three years of marriage, Amber White was seldom when she met him, but every time, her eyes were either respectful or gentle!

For the first time, Sean Smith saw hatred in her eyes!

After he was stunned for a moment, Amber White had already climbed up from the ground, and leaped towards him.

Amber White was very emotional, pulling on the collar of Sean Smith and said dumbly: "Sean Smith! You give me my daughter back, you give her to me back!"

"Sean Smith, Cindy is only three years old! You can kill a child, are you a human, are you still a man!"

The grief of Amber White was serious, her nails hit Sean Smith's chin, and the pain made him gasp!

Next to the reservoir, Amber White involuntarily fought against him, and Sean Smith almost slipped.

He squinted his eyes, staring at Amber White contemptuously, and said sarcastically:

"What a nice actress you are!"

"Shouldn't you jump into the water to save your daughter at this time?"

Chapter 167: Sean, I Regret It

0 5 minutes read

Hearing Sean Smith's words, Amber White paused, she glanced at him faintly and felt that her world had collapsed.

If she didn't give Cindy to him, how could Cindy be lost? !

It's ridiculous!

Sean was Cindy's father!

How could Sean make Cindy missing? !

Amber White choked.

"Sean, I regret it!"

"I regret meeting you."

"Regret falling in love with you."

"I regret marrying you more!"

She smiled, her eyesight was miserable, her tone was full of determination.

Sean Smith disagreed and sneered.

Amber White said the same thing last time in the hospital, saying something like “I don’t love you anymore” every day. If she didn’t love him, she could divorce him. Wasn’t it much easier? !

Amber White looked at the man’s indifferent face and moved slowly back.

Sean Smith noticed her movement, raised his eyelids, and glanced in her direction.

The rain was heavy, but it was strange that Sean Smith could still see the tears on her eyes.

Amber White’s eyes lost all luster, with a bit of hollowness, hatred broke away from love, and poured out from it.

Tears mixed with cold rain fell on her face, and Amber White’s heartache was numb to the point of no consciousness.

“You...what are you doing?!”

Sean Smith sensed that there was something wrong with Amber White. Almost when he spoke, Amber White smiled sullenly... She didn’t hesitate, turned around, and jumped into the reservoir!

Sean Smith’s eyes widened to the extreme, and his dark pupils suddenly tightened!

Was Amber White crazy? !

In heavy rain, the river was unstable. Besides, this was a reservoir, not the swimming pool in the backyard of the Smith family! How can Amber White jump in directly?!

Sean Smith took a step forward subconsciously, then he stopped.

Something’s wrong!

Was it Amber White’s show again?!

Her daughter may fall into the reservoir, and if Amber White wanted to jump into the reservoir to find her daughter. When this matter was known by the old man, the old man would blame him!

Sean Smith guessed that Amber White must be able to swim, otherwise she can’t have the courage to jump into the reservoir, right? !

Amber White fell heavily and eagerly, and huge splashes of water splashed. The current sealed Amber White’s breath, passed through her nose and mouth, and poured into her respiratory tract.

It choked her internal organs and made her aching.

But all this can’t compare with her heartache!

It’s like someone was holding a knife to cut her already fragile heart, the wound was deadly, and the bone was visible!

She bore the pain every minute, for Sean, she had lost everything!

If it weren’t for Cindy’s disappearance, she could still live on and survive!

What did she do wrong to be punished like this?

Amber White slowly blinked her aching eyes, her eyelashes burst open in front of the mist.

Fortunately, fortunately... she can finally be free!

Cindy, mommy was going to accompany you!

A string of blisters leaked out of her mouth, and a strange sense of familiarity lingered in Amber White's heart.

Her consciousness dimmed, and she suddenly remembered what happened eight years ago.

It was a yacht party.

When she was invited to participate in, she unexpectedly met Sean Smith.

She stared at Sean Smith's face, and her feet seemed to have taken root, tracing his eyebrows greedily.

After three years of absence, Sean had lost weight, but his temperament had taken a qualitative leap.

He had become mature and stable. In short, he was more handsome and more attractive!

However, before she could be happy, she was frightened by the indifferent glance of the man.

It seemed that a basin of cold water was poured down. In the scorching heat of May, she felt cold because of his indifferent gaze!

She was stunned, and watched Sean Smith gently hug a woman into his arms, not knowing what they were talking about.

Later, the woman turned around with a chuckle and met her gaze before she could see her face.

It's Lin Man, who hadn't seen her in three years.

She snuggled in the arms of the man with a smile, handsome man, and pretty woman, they were like a match couple!

At that time, she was standing on the deck shivering, afraid to ask Sean Smith why he ignored her, for fear of getting an answer that she couldn't accept.

She was desperate, clutching the corners of her dress, looking at the endless deep sea, tearing down her heart and tears.

The speed of the yacht was getting faster and faster, and the detection radar at the bottom of the ship had scanned the reef. If it's really about to hit it, all the people on the yacht would fall into the sea and drown.

Just when she was unprepared, the yacht made an unexpected turn and threw her into the raging sea!

She didn't know how to swim.

After falling into the sea, her breath was instantly deprived of cleanliness, she struggled a few times subconsciously, her body stiffened, then she slowly fell.

She didn't want to die, even if she would die, she had to say something to that man!

He told her, no matter where she was, in the crowd, he would find her.

She raised her head and waved vigorously at Sean Smith on the deck, but...

“Mr. Smith, you can’t go down, the sea is rough and dangerous!”

“Manman! Manman is there!”

The water passed over her head, and she watched Sean Smith jump off the yacht, watching him pass her indifferently, swimming in the direction of Lin Man.

At that moment, her heart seemed to be drowned in the sea, and all previous commitments and love seemed to become a joke.

Her body kept falling with her heart.

The coldness of the sea eight years ago was mixed with the dryness of the pond water right now!

Tonight and yesterday eve, like a dream.

Sean Smith, Sean Smith, the man she loved for so many years.

He changed and didn’t love her anymore!

He didn’t love her anymore...

Since the change eleven years ago, Lin Man was the only one that he can see!

He did not go into the water to save her, let alone now? !

Amber White was so dispirited, her strength was emptied!

...

The rain was getting heavier and heavier, and Sean Smith can see Amber’s situation because of the rain.

He suppressed his irritability and reached out his hand to wipe the rain off his face.

Suddenly, Sean Smith glanced in the direction of Amber White, the water was splashing fiercely, as if the woman was struggling.

Sean Smith licked his lips, the water in his mouth was a bit salty, and he frowned uncomfortably.

Although Amber White’s struggling movements were not great, she never stopped struggling. Sean Smith frowned.

Amber White’s show was decent!

She even knew how to struggle in the water!

If she really can’t swim, then this was another trap!

Didn’t she want him to jump down and save her?

Sean Smith’s brows tightened.

If he jumped to save her, wouldn't he be fooled by this cunning woman again!?

Since Amber White was so self-confident, it must mean that she had a Plan-B!

She hadn't won this game yet!

He didn't believe that Amber White was willing to give up all previous plans, and die like that!

Chapter 168: Amber, I Did It On Purpose

0 5 minutes read

Sean Smith sneered, and he just stood still, his eyesight was calm.

He was going to see, after Amber White climbed ashore from the water, what she did plan to come up with the trick!

He let her jump into the water, and she just did so?!

Sorry, he didn't see Director White had been so obedient before!

Sean Smith stood carelessly in the wind and rain, standing straightly, like a lifeless sculpture without fear of all-natural phenomena!

Gradually, Amber White struggled weaker and weaker in the water, and the water spread over her whole body.

The water in the reservoir was clear. Standing in the position, Sean can even see Amber White's gradually falling.

The expression on Sean Smith's face cracked, his eyebrows twisted tightly.

With the torrential rain, his chest concealed his anger.

Amber White, this woman, can't be underestimated, she was amazing!

Sean Smith couldn't help but sneer!

Now Amber White can take her own life and bet his patience!

Fine!

He wanted to see how long Amber White could hold her underwater without breathing!

She was looking for death by herself, even if something happened, what did it have to do with him?!

Sean Smith still didn't believe it. If Amber White had an accident, the old man can accuse him of murder, and then to pay the atonement for Amber White, he was thrown into prison by the old man!

Sean Smith's eyesight was deep, and the storm was about to come!

Over the years, many people had played tricks with Sean Smith. Amber White was not the only one, or even the greatest one!

But it was undeniable that Amber White was the one who had been lasting for the longest time!

Probably his tolerance for her was too high!

Sean Smith stared at the water, and the falcon-like vision was indifferent.

Time passed by, Sean Smith paused a little anxiously, his lips pressed tightly into a straight line.

Time passed by, and Sean Smith paused a little anxiously, his lips pressed tightly into a straight line.

After a pause, Sean Smith glanced at the delicate watch on his wrist!

He didn't know when the minute hand stopped. It was because the rain was too heavy and there was no shelter by the reservoir, so the water entered the watch!

He can't see clearly.

Some people could hold their breath in the water for only a few minutes, and the ripples on the water surface spread out, and gradually only the water ripples splashed by the water droplets were left.

He licked the corner of his lips and his eyes were faint!

Wasn't Amber White acting? She really can't swim?!

As soon as this idea appeared, it was cut off by Sean Smith!

It's impossible!

Amber White was not the kind of person who could give up easily. He knew from three years ago that she would not stop as soon as she got enough benefits. Similarly, she would not give up this time!

People like Amber White would not choose this method of death by jumping into the river and drowning!

He can't be shaken so easily, as long as he saved Amber White, he would be fooled by her!

Sean Smith stood for less than two or three seconds, then he ran in the direction of the reservoir, and jumped into the water!

Anyway, the old man liked Amber White!

In case Amber White died!

According to the old man's upright character, he could let him pay for Amber White's death. Wasn't he not worth the loss!

Amber White can't die!

At least she can't die this time!

Otherwise, Cindy White's loss was inseparable from him, and her death was even more inseparable from him!

In comparison, reputation was worth a few dollars!?

As soon as Sean Smith entered the water, his eyes became clearer than on the shore.

He soon saw the shadow of Amber White, the woman's body slowly fell, and Sean Smith swam in the direction of Amber White and stretched his hand around Amber White's Waist, her body was hard and cold, without any temperature.

She seemed to be dead.

Sean Smith's expression changed and he quickly helped Amber White out of the water!

On the shore, Sean Smith patted Amber White's cold cheek angrily and cursed.

"Shit!"

He pressed his hands against Amber White's chest, pressing down hard.

Sean Smith's face was covered with a layer of condensation, and was concealed by the rain. That handsome face was full of gloom and coldness!

Amber White spit out a sip of water, her eyelids were lifted, the sky was full of heavy light, and it was so dark, huge raindrops fell on her face, her strength was exhausted, she closed her eyes again, and the world became dark.

Consciousness was drawn into the boundless dreamland.

The tip of Amber White's nose smells of salty seawater.

She saw Sean Smith holding Lin Man back on the yacht, and she was floating in the sea, giving up the struggle, and slowly falling!

If it were not for the lifeguard on the yacht, Amber White would even think that she would be buried in the boundless sea.

After the party, Amber White wore a white gauze skirt. After falling into the water, the white gauze covered her body. Not only did she outline the beautiful body lines, but even the outline of her underwear was like a shadow!

Standing on the deck, Amber White was particularly embarrassed.

She and Lin Man were the only ones who fell into the sea, and they were all rescued, but it was a false alarm.

The passengers on the yacht reacted and whistled at Amber White.

Amber White's face turned completely pale under their eyesight.

She had never regretted attending a party so much.

Amber White was not afraid of being laughed at, but her embarrassment formed a sharp contrast with Lin Man not far away. Lin Man was held in his arms by Sean Smith, dressed in his generous suit, and looked lovely.

Her boyfriend, her lover, the care that once belonged to her, were all given to another woman?

Amber White shivered, she was covered by an ice cellar, and the mocking voice intensified. Amber White bit her lip and shrouded her shoulders and shrank on the stool. The clothes on her body seemed to be stripped for people to watch.

She felt ashamed, and her heart seemed to be torn apart by a huge hole.

Until she was handed a bath towel in front of her.

Amber White froze, followed the pair of fair fingers and looked up, she saw Lin Man's gentle face.

To meet her gaze, Lin Man picked up the corners of her lips, with a touch of gentle sneer on her face.

She shook off the bath towel and put it on Amber White, her slender body, standing in front of her, seemed to help her cover all malicious gazes!

But only Amber White can see her face, her face was frosty, high up.

"I let you go three years ago, why are you coming back?!"

Amber White's heartbeat was caught by the shackles, her breathing was tightened, and all her movements were suppressed heavily.

"What?"

"Amber, why are you deceiving yourself?" Lin Man stroked her wet hair, and said casually, "Sean no longer loves you!"

Her words were like a sharp knife, easily piercing Amber White's heart.

Lin Man ignored Amber White's chaos and went on to say:

"You know, the person he loves now is me."

"You saw Sean's choice just now, so I don't need to prove it to you."

"Amber, I fell into the water on purpose just now."

"Amber, I can swim."

Lin Man's words were soft and sounded good, but each word seemed to be embedded in Amber White's heart, which made her feel painful.

"Amber, you should wake up. Now Sean belongs to me completely."

"Even if you are bullied and humiliated by someone, he won't look at you more, he won't protect you anymore!"

Chapter 169: Regret?

0 5 minutes read

The rain didn't stop; Sean Smith glanced gloomily at Amber White who was lying on the ground, then he was angry.

Did Amber White think that he was blind?

He saw that she opened her eyes just now and heard her choking out of the water!

Why was she still lying unconsciously now?

She was planning to blame him, right!?

Sean Smith was half-dead and straightened up. He kicked Amber White's body with his toes and said calmly, "Dead?"

Amber White did not move.

Sean Smith had a pause when he saw this.

Was it that serious?

Or what other plans did she have?

Sean Smith reached out his hand and pulled the shirt that was stuck on his body; his eyesight was indifferent.

The wound on his body was soaked in water, and it cracked due to strenuous exercise, the blood fainted, and Sean Smith only felt agitated.

He squeezed his eyelashes and glanced at Amber White; she couldn't have been awake!

Sean Smith hesitated, squatted down, and observed Amber White.

He can't make sure if Amber White wanted to take this opportunity to have a close relationship with him?

Did Amber White still want to use it to deceive him?

Was he that stupid?

However, Amber White's face was so pale, lying soft on the ground; it didn't look like she was pretending it!

Sean Smith was upset; he was willing to jump down the river to fish her up; he had been kind enough!

Amber White drove away Manman. He was willing to save her; Amber White was still not satisfied! ?

He took a deep breath.

The sky became more and more gloomy, Sean hesitated for a while, then he suddenly leaned down and opened Amber White's mouth, took a breath, and his lips fell.

After crossing in one breath, Sean Smith's expression was dark and gloomy.

If he were not worried that he would be sick if he kept drenching with Amber White, he would not bother to care about Amber White's life and death at all!

This mountain had collapsed, and Sean Smith had observed it, and the rain would get worse and worse!

He didn't want to stay on the mountain with Amber White to die!

He hadn't found Manman yet!

If anything happened, wasn't it would make Amber White get the benefit?

Correct!

That's right!

He did all this for himself!

For the reunion with Manman!

Sean Smith gave Amber White artificial respiration for a while, and then pressed her chest again.

Amber White coughed out another mouthful of water. She struggled to open her eyes and faced the handsome face of Sean Smith.

Amber White's consciousness was still hanging in her dream. When she saw Sean Smith, she subconsciously pushed away from the tall man.

With the heart in her dreams remaining on her body like a knife, she sat up from the ground, her eyes blurred, her tone of sadness to the extreme:

"Aren't you already in love with Lin Man? Why do you save me?"

Sean Smith was stunned.

Amber White had not fully awakened from the dream. She reached out her hand, her tone stumbling, and sarcasm to herself:

"So? Mr. Smith, do you regret now?"

Sean Smith's eyebrows were pressed, and the amount of information was a bit too large. He didn't understand it for a while, and he sneered directly after hearing the second half of the sentence.

He leaned forward, stretched out his hand to pinch Amber White's chin, and pressed his fingertips so that Amber White had to look up and meet his sharp gaze.

"Regret?"

Sean Smith's tone was full of sarcasm: "What do you mean? I will regret it because of you?"

There was a tingling pain in the chin, Amber White's body trembled, and her consciousness gradually returned.

"What about Manman? Manman is the mistress?"

"Amber White, are you crazy!"

Who did Amber White think she was?

Sean Smith suddenly remembered what Cindy White had said before her disappearance. The faint anger on his body, even if it was heavy rain, couldn't hide it!

It seemed that he guessed right!

As a three-year-old child, what could she know? If Amber White didn't teach it, could she say such things by Cindy White?

The one who occupied the magpie's nest was Amber White. How could she be so shameless that she said such things? !

The voice of Sean Smith was tainted with wind and rain, and it hit Amber White hard:

"Manman and I met eleven years ago; we have always loved each other!"

"And you!"

"You're the one who wants to destroy our marriage!"

Sean Smith's tone was extremely heavy, and when he spoke, his fingers claspng Amber White's chin became harder.

Amber White cried out in pain, but the pain on her chin could not match the pain in her heart, biting her nerves bit by bit.

This emotion, intertwined with and entangled with the feelings in the dream, made her painful and completely recalled Amber White's deep thoughts.

Her eyes gradually became clear, and after several ups and downs, she still dimmed.

She thought it was a dream.

But she never expected that in reality, Sean Smith went into the water to save her.

She uncomfortably pulled away from the soaked hair on her face, her heart trembled, and said:

"Mr. Smith, you're right. I choked on water and got confused."

Amber White admitted, but Sean Smith was even more unhappy.

He felt strangely in his heart that Amber White shouldn't be this kind of reaction!

His anger was more like a punch into the cotton. It was soft and never hurt Amber White. The anger in his heart also filled, making him angrier!

"It's good for you to be self-aware. After all, no matter how insightful I am, I won't love you!"

Amber White felt another sting in her heart.

Sean Smith said as if she was a virus or the kind that can die if he got infected.

He saved her probably because he was afraid of taking responsibility in front of his father?

Yes.

It must be so.

Amber White chuckled and did not answer.

Right now, she just wanted to find Cindy quickly.

Amber White stumbled up from the ground and jumped into the water once. Her sanity recovered a lot, and her thinking gradually became clear!

She picked up the shoe of Cindy White again.

She was too emotional before, and when she calmed down, she suddenly noticed something.

First of all, Cindy was a sensible child; she can not be going to play in the reservoir alone.

Secondly, even if Cindy was playful and left the ancestral hall alone, she was so young that she could not run so far!

Amber White licked her lips; the most important thing was this shoe.

The moss was muddy from the ancestral hall to the reservoir, and Cindy's shoe soles were not stained with mud at all.

This was unreasonable; it seemed that someone deliberately dropped her shoes here.

Holding Cindy's shoes in one hand, she turned to look at Sean Smith:

"Sean, I have jumped into the reservoir. You have seen my joke. I know that you hid Cindy. Stop playing. Give Yinyin back to me?"

Sean Smith: "... Is your brain a decoration?"

Didn't he know how someone like Amber White became the director of the Smith Group's marketing department?

The injury on his back was so serious; if he hid Cindy White, he would have called her out long ago! Who would accompany Amber White in the rain here? !

Amber White and that little girl were also worthy of him staying on the mountain to abuse himself?

It's Amber White who had this suspicion!

If the old man didn't hit him, she would find a way to let him suffer!

Chapter 170: Cindy Is Here

0 5 minutes read

Sean Smith was irritated. When he was looking at Amber, his eyesight became more and more indifferent.

Amber White, "Sean, look, Cindy's shoes are so clean, so she didn't come here herself. I know you did it. Your revenge target is me, not Cindy. Please don't involve her in."

"Don't forget Cindy was sick because of overeating ice cream with you yesterday. With such heavy rain and heavy humidity, the mountains are not suitable for a child to stay here!"

"Give Cindy back to me; you can make trouble whatever you want!"

Sean Smith gave Amber White an incredible look.

What the hell did Amber White say? The ice cream event again? Was she planning to get even with him now?!

He was furious: "Where is Cindy? Shouldn't you know the best? Can I make another living person for you?"

In just a few words, the atmosphere between the two was once again tense!

Sean Smith wanted to speak, but the sharp cell phone ringing through the rain.

He glanced at the phone screen subconsciously; it was his mother.

Sean Smith was about to hang it up. He raised his head and looked at the more gloomy weather. He cursed and picked it up.

He didn't intend to stay on the mountain with such damn weather!

What if it's good news from his mother?

Thinking about it, Sean Smith reached out to connect.

"Sean, where is Amber White? I couldn't get through with her!"

"Director White is so busy now. She has no time to answer your call!"

Sean Smith made a weird sarcasm.

Amber White reached out and touched the phone when she heard the words. She tapped a few times on the screen of her mobile phone, but there was no response!

Her phone should have been soaked in the water for a long time before and was broken.

The voice on the phone stopped for a while, and Mrs. Smith whispered: "Sean, give her the phone, I have something to tell her!"

Hearing that, Sean Smith glanced in the direction of Amber White. Her pale face made her black eyes even darker. The pitying look seemed to touch his heart!

Sean Smith snorted and handed the phone over.

How scheming she is!

Relying on this pitiful look, she must have cheated a lot of people!

His father before, and his mother now!

Hiding Cindy was Amber White's trap from the beginning, right?!

When Amber White answered the phone, she glanced at the phone screen.

"Mom, what's the matter?"

"Amber, I think the rain is heavier than before. The road on the mountain is slippery, are you all right?"

Amber White instinctively heard the tension in Mrs. Smith's voice.

She thought that Mrs. Smith was too worried about Sean Smith's safety. She was also the mother of a three-year-old child, so she could understand her worries.

"Mom, don't worry, everything is good here. So is Sean. We are all right."

Mrs. Smith's heart settled a little bit.

"Amber, I am a little worried about Sean. You know how serious the injury on his back is. He can't touch the water! So don't let him get wet!"

Amber White glanced sideways at the man standing beside her. He stood tall in the wind and rain, and his clothes had already been wet.

Amber White saw that the gauze wrapped on his sleek back was red!

Amber White shuddered.

"By the way! We got the news about Cindy, she is fine, she is in the old house now!"

"Amber, you and Sean can't find her on the mountain! Take Sean down the mountain as soon as possible!"

Amber White was shocked, "Really?"

"Of course, it's true!"

The voice on the phone was a little quiet, and the rain was loud. Amber White vaguely heard the answer of Mrs. Smith, and her eyes were red with joy.

As long as Cindy was fine, she could afford everything.

Amber White can't afford the price of losing Cindy White; her daughter was all her life!

Although Mrs. Smith said so, Amber White still felt insecure and asked in a low voice, "Mom, can you let Cindy answer the phone!"

"Um....."

Mrs. Smith hesitated.

"What happened?"

"She is frightened and has been sleeping right now..."

Mrs. Smith's voice somewhat lacked confidence, but Amber White was worrying about Cindy White and ignored this.

Hearing this, Amber, whose eyes flashed with tenderness, said,

"Mom, don't wake her up. She had a fever last night and needs a rest. It's fine if she is safe now. Sean and I will go down the mountain now!"

Mrs. Smith initially thought she was going to fail to lie, but she didn't expect to have such a big turn.

She hurriedly responded, "Okay. I think the rain will be heavier. Come back quickly. And be careful on the way."

Amber White answered and hung up.

Cindy White was safe, then Amber was relaxed, her face full of satisfaction.

Sean Smith saw her reaction, and his eyes went gloomy.

The figure standing in the rain was dyed with a faint light, gloomy and deep.

Amber White didn't notice anything.

"Sean, Cindy has been found."

Sean Smith's eyes raised a huge wave, and he repeated the last words of Amber White.

"Has been found?"

"Yes! Now she's in the old house, let's go down the mountain."

Amber White was relaxed, talking and moving. She just took a step when Sean Smith stopped her.

"That's it?"

She was at a loss.

Sean Smith sneered.

"If I remember correctly, Director White, you just said that I hid Cindy?"

"Now you tell me, how can I hide Cindy White in the old house?"

His eyes seemed to have a hook, making Amber feel the threat.

The scene of being crazy before made Amber blush. Sean must be furious now.

She licked the corner of her mouth, "Sean, I..."

After a long while, she couldn't say her apology. Her mad behavior before reminded Amber that Sean might not accept her apology.

She hesitated for a short while, and Sean Smith moved.

He stretched out his long fingers and raised Amber White's chin, prompting her to raise her head.

Immediately, Amber White's jaw was pinched by him.

"So? Director White, you have been working in the workplace for so many years. It is so difficult to apologize to me now?"

Sean Smith squinted his eyes, the indifference gushing out from his body.

Amber White winced.

Since he had proposed it, she would apologize.

“Sean, I’m sorry.”

Sean Smith sneered, “What did you say?”

Amber White took a deep breath, raised her voice, and said, “Sorry, I misunderstood you today. Sean, I apologize to you!”

Sean Smith’s mouth curled up, and suddenly he retracted his fingers.

Amber White loosened her jaw, and a few words floated into her eardrum.

“Your apology is worthless!”
