chapter101: Grandma, you look more beautiful than them

0 4 minutes read

“Grandma, other children’s grandma would take them to and pick them up from school. But for me,it is the first to see you, grandma, you look more beautiful than them.”

Mrs. Smith was moved.

She looked down and looked at the girl.

Her arm moved, and her heart was soft!

She frowned and tried to calm down.

Just a hug,it didn’t mean that she accept this girl. Anyway,it’s a battle between her and Amber White,Cindy was just a innocent kid.

Anyway,she was innocent.

Moreover, if she didn’t hug her,would Amber White be willing to reconcile?

After hesitating, Mrs. Smith bent over and hugged Cindy White.

The three-year-old child was so thin,it was not hard for her, but when she took her up, the woman clearly saw that the scary on the girl’s face turned to a happy smile.

Because of this smile,she’s eyes turned bright.

And she pouted.

This child was really cute, but it was a pity that she was not Sean’s daughter.

As soon as she thought of this, she sighed and she thought about the relationship between Amber White and Sean Smith, then she thought of Lin Man.

She felt sad.

When would his son had his own children? !

Mrs. Smith licked her lips, If Amber White existed, her son could not live happily.Forget it!

The most important thing was let Amber White persuade Tomas, for god sake,her son couldn’t be hit anymore.

The woman took a deep breath and looked at Amber White,she said: “Amber, I have done all your requirements! I know Sean, he won’t beat you, could you explain it to your dad, could you?”

Amber White raise her eyebrows, she had been the woman’s daughter-in-law for three years, it was the first time she called her ‘Amber’.

She was still indifferent, when Shen Ruyun noticed,she whispered: “sister-in-law, Mom has done what you said, could you compromise,too?”

Amber White ignored Shen Ruyun, she reached out and took Cindy White from the hands of the woman. She said, "Mom, I will handle this matter, I promise!"

The woman nodded.

Everyone in the room, only she could save him!

Mrs. Smith only had such a baby son, and she was not willing to scold him. But her husband was beating him by a whip, she felt her heart was bleeding!

What she wanted was Amber White's promise. Otherwise, she won't apologize!

"Good, go ahead!"

Amber White put down Cindy White and took her to the direction of the study room.

.....

In the study room.

There was a smelling of blood, Sean Smith was kneeling down the ground. the high-cut shirt that he wore was already tore off.

The flesh on his back was blurred, and because of the silence, he could even hear the sound of blood falling.

His face was pale, and there were countless sweats on his forehead. He took a heavy breath and swallowed his saliva.

Just such a slight movement, he still felt the wound that was touched, and the painful feeling that came from him.

He involuntarily snorted.

He raised his head and glanced at Bo Yunshen. The sweat on his forehead fell into his dark eye. The pain was accompanied by the pain on the back, which made him much painful.

He blinked, but he could only see the whip which was in Tomas' hand.

Sean Smith licked his lips and sneered.

The man was really strict.

Anyway, it was Amber White who was really tricky!

He was wrong, it's smart to gain the old man's favor.

Amber White was so capable that she could even let the old man beat his son like this! Marvelous!

Tomas looked at the newspaper in his hands which reported the stampede affairs, and he couldn't help but be annoyed. His gaze finally fell on Sean Smith again, who couldn't regret it. So the old man was more angry.

Tomas' hand which was holding the newspaper trembled. Then he threw the paper to Sean Smith. He said, "Is this because of you,too?"

The newspaper fell on the ground in front of his eyes, Sean Smith scanned at the content, then he stared at the position where his sweat fell on.

For a long while, he said: "You don't have to slander me. If you want to beat me, you don't have to find excuse!"

Anyway, the explanation was not very useful. No matter how he explain,if Amber White was hurt,he did it.

He had a terrible life.

His father didn't believe in, because he believed in a wicked woman.

It was Amber White who let Lin Man leave, it was her who forcibly come into his life and destroyed his life!

But his father ignored all of these things!

In his father's opinion, the wicked person was him!

If Amber White was the victim, then everyone in this world was a poor person!

As soon as he finished, he felt that his father's breath was heavier. The man stared at Sean Smith. His eyes were like a sharp knife, he felt shame on him!

The old man's hand was still trembling, he took a few deep breaths before he looked at Sean Smith, he asked: "If it wasn't for you, why did Amber blocked by reporters when she sent Cindy to the school?!"

Ah?

What?

Was it his fault that she was blocked by reporters?

He was a human, how could he know this?

It seemed that Amber White was the man's kid, not him.

Sean Smith was annoyed, and he pouted.

"It could be so many reasons, For example, what method did she use to marry me? Who's Cindy White's father..."

"a woman like her was blocked by reporters, met a stampede affair, and hurt by that, I think it's fair."

Every word he said would made him feel painful.

But he restrained it and said what he wanted to say.

His sweats fell into the wounds, his back was hot, the painful feeling made him tremble.

Amber White had so many stories, but he was not a reporter. If he was, he would also do those things.

At that time, he wanted to ask her for advice. How did she gain the man's favor.

Was this strange?

Wouldn't Tomas feel ridiculous when he asked those questions? !

After Sean Smith finished, he smiled.

It seemed that he didn't feel pain, he was diehard!

Chapter 102: Dad, I don't have such a big kid

0 4 minutes read

Tomas' face turned to dark suddenly, he covered his heart which jumped fast and cursed,

"Bastard! They are your wife and child!"

"wife is what you forced me to marry, that's it, I have to admit her. But the child...Hum, Dad, I don't have such a big child."

Sean licked his lips lightly, signing that Amber was really awesome!

She not only wanted to let him recognize Cindy, but also had the ability to let the old guy believe that Cindy was his child!

However, he wouldn't recognize Cindy and never!

Did they think he is easy to be cheated during the three years after Manman left while he left a bad impression outside?

He didn't have the memory that he slept with Amber! So he never recognize the mistake which never existed!

Tomas was completely annoyed. The blue veins were bumped up because of his anger while his face flushed. He stepped back, touched the whip placing on the table and then slashed on Sean's back hard without hesitation, "Just keep on stubborn!"

"Wuuu..."

Sean turned pale suddenly.

The wounds which had been alleviated during their communication became three times painful than before after Tomas whipped him.

Sean bit his teeth and tried his best to straighten his back, as if he would fall down at any time. The sweat kept oozing from his forehead.

He took a deep breath and sneered.

Damn Amber!

She could be trapped by Tang Tian with such a small trick!

Did she use all her stratagem on him?

Did she want to change him to be obedient? Or she wanted to change Cindy White's surname to Smith and then let Cindy inherit Smith Family's property?

Or did she have other intentions?

No matter what Amber want, she wouldn't achieve as long as he was alive!

Sean was in a daze because of the pain. The beads of sweat flowed down along his back and face, finally fell on the ground. There was no pain on his face, only the trembling eyelids and the chest ups and downs frequently showing his true feeling.

When Amber arrived at the door of the study, she heard the mocking words, "wife is what you forced me to marry, that's it, I have to admit her. But the child...Hum, Dad, I don't have such a big child"

Amber's hand froze in the air. During this second of her hesitation, she heard a sound of whip which was extremely loud!

Amber and Cindy shivered without any preparation!

Then they heard the stuffy hum of Sean and the curse of Tomas. Amber withdrew the hand which was about to knock the door, and then she hid all her expression, held Cindy's hand and intended to leave.

Cindy didn't move but pulled Amber, "Mom, don't we save dad? Let's help dad, okay?"

Amber's heart shrank, causing her lips trembled.

Cindy wanted to save Sean, while Sean cursed Cindy bastard inside!

Thinking of this, Amber's heart was like being gouged out!

She didn't speak but pulled Cindy and wanted to go back!

Mother Smith was relieved after Amber went toward study, but the moment she sat down on the sofa with the help of Shen Ruyun and Fang Weiwei, she heard the whip sound from the study again!

It as if whipping on her body, which caused her stood straight suddenly and turned to the direction of study.

Seeing Amber walked back holding Cindy, Mother Smith's heart was seized hard again, "Amber! What's wrong with you!"

"I have apologized to you and I have hugged the kid. Do you want to kill Sean? You have said that you would deal with that thing well!"

Amber's face was extreme dark. Seeing that, mother Smith said, "Didn't you hear that? His dad was whipping him again! When I came out just now, he was already dying!"

"Please, just pity me, save my son, okay?"

Amber kept in a daze and then caught a phone in her pocket, said coldly, "Mom, it's not easy to deal with that thing. I have to give a call now."

Shen Ruyun sneered, "Why is it not easy to deal with? You said that the company was making a clarify plan just now, I don't think it can come out so soon."

"The most emergency was to calm dad down. Once you clarify to dad, it would be solved. However, you didn't even enter the door! Do you really want to kill Sean?"

Mother Smith's eyes were full of doubts now. That was true. Even if Sean abuse Amber, Amber just needed to lie to Tomas, then it was over!

Why didn't she clarify?

Did she really want to give Sean a lesson taking advantage of this chance ?

Thinking of this, Mother Smith's eyes went black.

There was a layer of gloom on her face. She glanced at Shen Ruyun, "Since it's simple for you, you can explain to dad now, my sister-in-law! And by the way, explain the mansion of..."

"Amber!"

Shen Ruyun screamed, which scared Mother Smith.

Shen Ruyun pulled mother Smith's hands in panic, "Mom, Amber must have things to deal! Just let her give a call now, okay?"

Amber sneered and then walked toward outside.

She called Lu Yi outside.

It was very important to clarify the abuse wife accident. The public relations department was still working at this time, including Lu Yi.

Just when he made a cup of coffee for himself, he got the call from Amber.

"Amber, what's up? Don't you go back Smith family with Sean?"

Amber licked her dry lips and said lowly, "Help me to call my father-in-law."

"Humm?"

Since Lu Yi asked her, Amber had to explain the progress of Sean being whipped by Tomas.

"Lu Yi, you help me to make Tomas away, I want to say something with Sean."

"Why? Amber, you can explain this with only a few words, but why do you make it complex?"

Lu Yi was confused. Amber had explained in the meeting to the public relations department.

Lu Yi really couldn't understand why would Sean admit that and he couldn't figure out what would Amber do.

Chapter 103: Cindy can't get wronged!

0 4 minutes read

Amber turned around and found that mother Smith was telling something with Cindy holding Cindy's hand.

The light was gentle, Amber couldn't see Cindy's face clearly. Under the colorful neon outside, what she saw had been changed.

Looking at the villa, Amber spoke, "Lu Yi, you must understand that I can be wronged, but never allow Cindy get wronged. Please help me."

Lu Yi became silent, then he swallowed, "Okay, I know you are very hard, so you don't want to tell me that. But you have to remember that no matter what difficulties you meet, I will be behind you and be your solid backing."

Amber clenched her phone until her fingers became pale.

She had already found Lu Yi's true feeling to her after getting along for a long time.

He helped her for many times and saved her many times. But Amber couldn't reply his feelings.

It was a little embarrassed. Amber didn't know what to say, plus the messy thing here, she could only replied, "Thank you, Li Yi."

Lu Yi laughed pleasantly, "Amber, don't be so humble to me!"

After hanging up the phone, the breeze blew beside her ear, which was muggy and made Amber can't breathe.

Amber put back her phone and walked in the villa.

Mother Smith squatted down to hold Cindy's hands, while Amber coming out for that call, "Cindy, you have to persuade your mother to save your dad later, understand?"

Saying the 'dad', Mother Smith was still uneasy.

Before being his own child's dad, Sean had to be called dad by a child which was not his.

But Sean was in danger now, Mother Smith couldn't mind take it seriously. She was clear now that there was only Cindy in Amber's heart.

She was heartless enough that maybe she hated Sean and the whole Smith family!

Or she wouldn't be so hesitating, regardless of Sean's life!

Mother Smith only wished that her only son could live well, so she had to regard a three-year-old girl as her last hope.

Thinking of the words of Cindy just now, Mother Smith licked her lips and coaxed, "Don't you say that your friends in kindergarten are all be picked up by their grandmother? If you help grandma to persuade your mom, and save your dad, I promise you to send you to school if I am free."

Only if Sean could escape from this punishment, she could send Cindy to school for a month, let alone only one day.

Now Sean was her life!

If he suffered, she also suffered!

Cindy blinked and said lowly, "Grandma, even if you don't send me to school, I will persuade my mom!"

"Good girl!"

Mother Smith replied and felt Cindy more endearing.

Cindy was even better than Amber! If she was not Amber's daughter, or she was Sean's kid!...

That would be perfect!

There was a little gentleness in Mother Smith's eyes.

Jiang Xue, who was standing beside was a little uncomfortable.

Why did Amber can be so open to have affairs with other men? Not only that, she also took that bastard to Smith family and let Sean admit that bastard!

She and Shen Ruyun was too careful even if they used a little money, and now, they had to be threatened by Amber!

It was Amber influenced the Smith group's stock market and had a big loss, but now, mother Smith ignored it and began to follow Amber's orders!

What nonsense!

Jiang Xue was so annoyed. She stared at Cindy and said, "Mom! She is just a bastard! How can she call Sean Dad? What's more, What can she do? She is the same like Amber!"

"She would rather help Amber than help us!"

What did mother Smith's words mean? Did she want the little bastard divide property of Smith group with them?

What did they get after marrying Smith family? Dead husbands?

Amber married Smith Family with a child, she had husband, kid, marriage, and maybe she would have love in the future!

A bastard wanted to get the property of Smith family? No way!

Mother Smith glanced at Jiang Xue. She knew clearly what she meant in her age!

But now, Mother Smith wanted Amber to persuade Tomas while Amber was a stubborn one!

How could she let Jiang Xue make troubles for her.

"Why are you still saying nonsense now! If Cindy can't help me, can you? Bastard, bastard, if your dad hears it, I will now help you when you get the whips!"

Jiang Xue's face changed to dark. Seeing Mother Smith's gaze, Jiang Xue forced a smile, "Mom, I'm sorry..."

After Amber hung up the phone, Tomas got the call from Lu Yi. He stopped the whip which stuck with the blood of Sean. The blood smell became even stronger in the air.

Sean looked up, seeing the old guy was accepting a call.

He was too painful to hear the words in the phone.

Sean moved his legs a little, which pulled his wounds, causing him gasped.

Tomas turned to Sean, noticed Sean's movement, and then his eyes flashed a little cold light.

Noticing his gaze, Sean lifted his lips with a playful smile, which made Tomas angry again.

Lu Yi asked a document from him. After Sean took over the Smith Group, Tomas didn't manage the affairs of Smith group, so he didn't know where the document was placed now.

The important documents were put in the safe box of bedroom in the second floor.

"Uncle, i have sent someone to pick up it, maybe he will arrive in ten minutes."

Tomas replied him , then hung up the phone and walked toward the study door. When he passed by Sean, he paused and looked at Sean with gloomy look, "It's not the end! Our Smith family can't have you such bastard! Wait me here!"

Sean sneered.

Would he let go of him if he didn't abuse Amber?!

Now he had lashed him. If later, the old guy knew the truth and asked the reason why she didn't explain, he would be cheated by that woman again!

Chapter 104: What does director White do? Laugh at me?

0 4 minutes read

Did she really think he was stupid?

The old man is getting on in years. So it was normal that the old man couldn't figure out something. If the things developed as their willings, the one who would suffer was only him in the future!

He was right and didn't tell any lies, Cindy White was indeed not his child!

His father was so angry at his excessive remarks!

If he did abuse his wife, was his father really planning to kill him?

That's weird. Was Amber White really so good?

Tomas was so upset by Sean Smith that he slammed open the study door and walked out to the second floor.

When Mrs. Smith sees Tomas coming out, she subconsciously wants to go to the study to check on Sean Smith.

She doesn't know what's going on with Sean now. As soon as Mrs. Smith made a move, Amber White stopped her, "mom, let me in."

Mrs. Smith hesitated and looked suspiciously at Amber White.

Tomas hit Sean Smith because he abused his wife. Apparently, the people who knew what happened were Amber White and Sean Smith.

That guy was too stubborn, and he insisted that he had indeed abused his wife.

Every word that came out of his mouth could kill her!

She heard Tomas' words before he left his study. She could only hope that Amber White could persuade him.

Otherwise, when he gets downstairs, Sean will keep getting beaten up!

She pulled her legs back, looked at Amber White and nodded. "okay! Tell Sean to compromise to your father!"

Her lips quivered, she took a deep breath, and then she said, "you give him good advice. If he listens to you, I can let go of everything that happened before."

Amber White froze.

Knowing what Mrs. Smith meant, she reached out, picked Cindy up and pushed her into Mrs. Smith's hand. "please help me look after Cindy."

Mrs. Smith unconsciously reached out to support Cindy's chubby body and nodded to Amber White.

She was eager for Amber White to hurry in. She listens to everything Amber White says!

Amber White took a deep breath!

What her mother-in-law said was terrible and sharp sometimes, but it was all because that she loved her son!

Amber White was also a mother. If this happens to her, Amber White would do more than Mrs. Smith.

And Mrs. Smith never did anything out of line!

Amber White was relieved to give Candy to Mrs. Smith.

She was worried about her three sister-in-law, especially jiang xue and shen ruyun.

Not only do they say bad words, but they are also evil!

Although she was not familiar with them, she knew that shen ruyun and jiang xue would not hold back a lot of resentment because Cindy is young.

Slowly she looked at shen ruyun and jiang xue and walked towards the study.

As soon as Amber White's figure disappears, shen ru yun sneered, "what's that look? Does she really think her daughter is a treasure?"

Mrs. Smith glared at shen ru yun.

"Mother, if you indulge her in this way, she would bully you when she comes to power?"

Shen ruyun felt very wronged, she was trying to speak but was stopped by Fang weiwei, "Now mother's heart is messy, can you say less to let mother quiet?"

"You can talk about it after the Sean's problem is solved."

Shen ruyun looked at Mrs. Smith and then looked at Fang weiwei!

Now that this had happened, she did not believe Fang Weiwei was not anxious. She pretended to be good, but she must secretly curse Amber White in her heart.

Bah! Did she have the right to teach her a lesson!

If not because that Amber White had her secret, plus Sean Smith got beaten up by his dad, and her mom is in a bad mood, she's sure to get her mom to let Amber White suffer a lot!

!

Shen ruyun shook off fang weiwei's hand and angrily sat down on the sofa.

Amber White opened the study door and saw Sean Smith's bloody back.

Amber White's heart leaped. She closed her eyes and opened them again.

In the study, the smell of blood is heavy and the light is bright. Amber White's eyes are interlaced with Sean Smith's wound, which made the wounds look more terrible.

Sean Smith was kneeling in his study with his back to Amber White. His white shirt was stained with blood, and sweat was streaming down his temples

She rubbed her arms. The air conditioner in the study was on, but not so hot as to make him sweat so much. It only proved that he was in pain!

But Amber White did not hear his pain except for a muffled snort and a sharp retort when she was outside the study.

She thought it was Mrs. Smith who loved Sean Smith. That's why she said it hardly. She even thought that Sean Smith was Tomas's son. He would not really beat Sean Smith to death.

The corners of her mouth moved and the words failed to come out.

Sean Smith noticed a shadow overhead. He thought it was Tomas, but he didn't see him walk on. Sean Smith was surprised and looked sideways.

His body froze when he saw her. She had seen his misery, and now she must be proud of it?

Sean Smith's face was dark. After his father left the study, he did not get up from the floor for fear that his father would come back and ask him to continue kneeling.

His movement would tear a wound. It was he who would suffer when the time comes!

If he had known she would come in, he would have gotten up in pain!

“What does director White do? Laugh at me?”

The corners of Sean Smith’s mouth were a little stiff, and his eyes were covered with shadow.

Amber White moved her eyebrows.

At this point, Sean Smith’s attitude showed no sign of softening.

She bit the tip of her tongue and looked at him, “you don’t have to taunt me like that. At the company, I’m the White director, but at home, I’m the rightful Mrs. Smith.”

His eyes moved and he sneered: “Mrs. Smith, oh... “

Did she mean that he would call her Mrs. Smith later?

The news of abuse grabbed the headlines as soon as it came out!

She knew all about it!

She was wounded and beaten that night by the taxi driver!

She only needed to make it clear to Tomas, so that he would not be beaten today.

Didn’t she like him very much? Now she was willing to see him beaten?

Chapter 105: I just want a promise

0 4 minutes read

He took the taxi driver to the police station to avenge for her.

But the first thing she did when she woke up was scold him. She went to the Smith’s house with him, but she didn’t help him.

He would not have tried to save her if he had known she would do this to him.

Sean Smith was very angry. Although he was badly injured, she felt nervous.

She took a deep breath, and the smell of blood went into her nostrils, which make her sick!

She said after a while, “Sean, I know what you’re thinking. But I’m not going to explain it to dad today.”

Sean Smith paused.

Even if she did not say it, he had knew it.

He dimly heard his father talk about Lu Yi on the phone. It must have been told him by this woman.

She’s really amazing. Not only could she make his angry father leave, but she could get approval from his mother!

His mother and sister-in-law must be looking after Amber White's daughter, so it's very quiet outside.

Amber White is the perfect person who make everyone obey her.

And did he need to hand over the company to her if she wants it.

Sean Smith's lips turned pale. He looked away and asked, "Are you here to make a deal?"

He thought about it for while and then added, "you are Mrs. Smith, and Cindy White became my daughter. My dad will give you the money if you need it. What else do you want from me?"

In fact, he had no idea what else she could expect from him.

Does Amber White want his feelings?

She wants him to love her with all his heart?

That's impossible.

He only loved Man man.

Amber White forced Man man to leave tong city three years ago and became Mrs. Smith!

That wasn't enough. She also wanted to erase the trace of Man man.

How insatiable she is!

Amber White had no idea what Sean Smith was thinking. She lowered her eyelashes and said slowly after listening his words, "Sean, I called you the day before yesterday."

She had thought about that she could not explain since he had decided that Cindy was not his child before she came to the study.

He even hates Cindy White!

Sean Smith could ignore Cindy White, but she couldn't.

Mrs. Yue wanted Sean Smith to apologize.

But he didn't want to. This is her only chance to make a deal with Sean Smith.

Sean Smith still couldn't change his attitude towards Candy after he had suffered so much, so she wouldn't hesitate any more.

"The day before yesterday?" Sean Smith frowned.

The day before yesterday, Amber White called him to apologize she wrongfully accused him of beating Cindy White after she left the Han Wan Xiang Xie .

Then she said nothing.

Did he not understand what she meant?

Sean Smith sneered. He wiped the sweat from his face with his hand, which made his wound ache.

He froze and looked at Amber White.

She said, "Xiao pang's parents refused to negotiate, so I want you to apologize."

"You should know better than I do. It is a little troublesome, I don't want Cindy to be unable to attend kindergarten in Tong city because of this thing."

Sean Smith licked his lip, and suddenly wanted to laugh.

He got whipped by his father for such a stupid thing?

It was easy to cope with to let Cindy go back school. Why did Amber make it so complicated?

He licked his lip and said, "for the bastard?"

Amber White was stimulated by Sean Smith's words. She didn't like Sean Smith calling Cindy 'The bastard'. No mother wants her child to be called bastard.

Amber White tidied her hair behind her ear, walked over to Sean Smith, and said,

"Sean, I have told you many times that Cindy is only a child. You can call me whatever you want, but don't insult her with 'bastard.' Because I'm afraid one day..."

You'll regret it.

Amber White couldn't finish the sentence when she was interrupted by Sean Smith's sneer.

He must have pulled his wounds while sneering, so he gasped, "Are you afraid to teach Cindy White to be like you?"

"Trying every mean to achieve your destination!"

Sean Smith said it word by word with resentment.

Amber White felt sad, so she took a deep breath.

He had been married to her for three years, but he had always loved Man Man. She didn't even appear in front of him. After such a long time, his bad feelings towards her did not diminish with time.

However, it kept going up.

Sean had gotten along with Cindy for a long time, he must know Cindy well!

Amber White had no expression. She closed her eyes and opened them again, and she looked very cool.

Sean Smith hated the way she behaved like she was wronged.

He kept thinking that if there was a victim between Amber White and him, it was him!

"Am I wrong?" Sean Smith asked.

"Have I wronged you?"

Amber White just looked at him without saying a word.

It was only that thing that Sean Smith couldn't put down three years ago.

She smiled and said slowly, "I just want a promise."

Golden sunshine kindergarten is the only kindergarten selected by Amber White after Cindy White got lost, which has a good environment for her to take care of.

Chapter 106: Even If I May Be Killed,I Will Not Do As You Wish

0 5 minutes read

Finishing speaking,Amber licked the red lip and looked at Sean again.

Sean had been staring at Amber hatefully.It was originally an ordinary action that one stuck the tip of tongue out of mouth.But Amber was a beautiful girl with rosy lips and pretty white teeth so when she did it,she looked more charming!

Sean stunned for a while,eyes fixed on Amber's red lips.Suddenly he regained consciousness!

Not knowing why,Sean remembered that on that Friday night,Amber was lying on his bed with her white waist naked in the air.

The pain on his back seemed to have been halved by his transferred thoughts.After realizing that his thoughts had been affected by Amber,Sean was very upset.So he didn't hesitate to reply with resentment when hearing her words:

"What promise?To go to Cindy's school and apologize disgracefully?"

"Amber,all is your daydream!Even if I am killed by my dad,I will never do as you wish!"

Wasn't it ridiculous to apologize to Yue couple?

They were nothing but good-for-nothing.Did they deserve his apology?There must be something wrong with Amber's brain.

Her behavior and thoughts were really at variance with her identity—The Director of Marketing Department in Smith Company.

Even to his father he had never said the three words"I am sorry".

Why did Amber think that Cindy was so important to him that he would even be willing to grovel to an ordinary person in order to let Cindy go to school?

It was impossible that Amber could get what she wanted without any effort easily!

Neither Amber nor Cindy could be benefited in this case.

Thinking of this,Sean's fingertip slightly wiped the sweat on the forehead,no smile on his face.

"I will still say so.It has nothing to do with me if such a bastard can't go to school.It's your duty,Amber!"

“A young girl as she is beat her classmate and made him fractured! Well, Amber, it is you who gave birth to her and brought up her. You should have thought of such a day! Director White, you are always good at getting around others? How come you have no ideas when faced with Yue couple?”

Amer felt that Sean really hated her. After such a hard time, he was still reluctant to admit defeat. Instead, he just said such a thing!

Was it really meaningful?

Seeing that Amber was silent, Sean felt slightly better in his heart and smiled happily and bitterly, “If you want, you can call my dad. You may be happier if you see he kill me!”

“Well, of course you won’t be killed by your father,” Amber looked at him and whispered, “before I came in, your mother discussed with her several sisters in law that if your father continues to hit you, she will stop taking medicine...”

As soon as Amber said these words, Sean’s expression became more complex.

The three older brothers of Sean have passed away in succession. In just a few years, and his mother had experienced three times of bereavement.

After such a heavy blow, Sean’s mother had already suffered from a serious heart disease!

The doctor had explained more than once that his mother must take the medicine on time, or she might die suddenly at any time!

It was not a secret in Tong City!

When Johnson passed away, his mother couldn’t stand the heavy blow and went to the ICU. After being rescued for nearly 2 months, she survived.

Amber knew that since she had said such a thing, it was no longer negotiations but a threat to Sean.

She also understood Sean’s mother. It was the biggest tragedy in the world that offspring died before its eldership.

Since usually Sean was deeply loved by his mother, Amber didn’t believe that after she said that, Sean would be indifferent!

As she had expected, in the middle of the conversation, the blue tendons on Sean’s eyebrows twitched, and his back suddenly straightened. This action accelerated the bleeding speed of blood from the wound on back.

Sean’s lips were whiter and even fainter.

“She’s making a fool of herself!”

His eyes were dim and all the light in his eyes was broken which were covered with heavy shadows!

Before entering the door, Amber was asked by Sean’s mother to persuade Sean not to be stubborn.

Tomas went upstairs. Sean’s mother was worried about Sean’s physical condition and had to take care of Cathy. She was very nervous and her heart would not be able to bear it.

She would need to take medicine later!

But before Sean's problem was resolved, his mother might not want to take it!

The more Sean thought, the more irritable he was. His eyebrows twitched suddenly and he felt uncomfortable in his heart. He didn't want to see Amber complacent, but he also worried about his mother.

He moved a little, wanting to stand up from the ground. But the range of motion was too large which made his back in great pain immediately! His face was suddenly twisted and his thick and long lashes were shaking.

Sean took a deep breath. His dark pupils were covered with a layer of heavy fire. His look at Amber was like a sharp hook which shaved her face and made it paler.

She had been suffering from Sean's hurt for three years, but it seemed that she didn't have enough lessons. She was still affected by one of his eyes.

Amber pursed her lips and said, "I don't know if your mother is being naughty. But I know you're now the only son of your mother. Every mother, in order to save her children, will forget her fear of death."

"Sean, the matter of mistreating your wife was not true to say the least. If you hurt your mother because of this matter, you will lose more than you gain, right?"

"Well..."

Sean sneered and thought that whether Amber was indicating that she would even sacrifice herself for Cindy if necessary.

Hearing what Amber said, Sean just thought that she was really a hypocritical woman who always pretended to be a warmhearted one.

There were a great number of anger in his heart which even made his each blow get hot.

Amber squatted down slowly as if she had not seen it. Because of her action, the distance between them was getting closer. And Amber's nose thus smelled the strong bloody smell!

It was highly possible that Tomas was really angry. This time, he didn't show any mercy!

Amber's eyes fixed on the back of Sean's skin that was badly hurt. Her eyes flashed, fingertips striking the blood mark on his back. When her fingertips touched the wound on his back, Amber instinctively felt that Sean's body slightly shuddered.

They were close together. With Amber's action and Sean could even smell the smell of Amber's body. The detergent on her clothes smelled light and natural, and the fragrance of jasmine from the hair tips when her body shook was also charming.

It seemed that their distance was shortened by the fragrance.

At this juncture, was Amber determined to seduce him by getting this close?

He sneered in his heart again.

Amber noticed the disdain on his face, and her eyes couldn't help moving, "Sean, you're a smart man. You should know that I asked Lu Yi to send your father away with the excuse of calling him. There isn't much time for you to think about it."

Threat!

She was threatening him again!

As Sean's voice just fell, Sean felt like a shock went through his body, and his eyes were full of disgust!

Chapter 107: I Should Have Watched You Die in That Driver's Hands

0 5 minutes read

He unconsciously pushed Amber, but because of the wound, he failed to push her away. Instead, he made Amber's fingers rub on his back!

Sean cursed in pain: "Damn it. Amber, I should have watched you being killed by that driver! "

Amber, this mean woman, wanted him to suffer more?

Didn't she say she loved him desperately?

How come she didn't forget to threaten him and remind him at current situation!

He took two heavy breaths, ignored the injury and pushed Amber away from his side.

Amber was unprepared. Suddenly, she fell down and hit her forehead on the desk in the study. It hurt deeply.

She stood up awkwardly from the ground, holding the stool in her hands.

Sean's mouth was drawn and his face was unnatural.

When Amber fell, she didn't make a sound. Sean heard a muffled voice. He licked the corner of his lips. He didn't mean to. It was all her fault to lean so close and scratch his wound!

Maybe she meant to do it and play the battered-body trick for the old man?

Amber turned her head and looked at Sean. The light made the man's face blurred and scornful.

Sean thought Amber would leave angrily, but she just reached out and rubbed her head that was hit just now, and asked him in a low voice:

"Sean, have you decided yet?"

"You know mother's condition better than I do. As long as you agree to my request, I'll explain it to dad right away!"

"Amber, you know my mother's physical condition but you still dare to threaten me with her. Are you insane?" He was biting his lips and teeth, and his tone was loud to the extreme: "Do you really think that I dare not hurt you! Your bone marrow is valuable, but I don't care! "

Amber shook her head. "Sean, you can't ask me to put myself in your family's shoes if you don't care about Cindy!"

"I have only one daughter, Cindy!"

Sean's breathing was heavy!

He felt terrible!

He had always hated being threatened, and even more hated being threatened with people he cared about!

Amber did the both, but the old man defend her well, which made him feel helpless for her!

Sean's mouth moved. Before he could speak, Shen Ruyun's exclamation came through the door that was not fully closed.

"Mom, what's wrong? Don't scare me. How do you feel? "

After listening to a sentence, Sean's face suddenly turned dark!

After three years of marriage, he and Amber never offended each other. It was the first time that they were in such a situation!

Amber made such a big fuss just for such a small thing. What about later?

This time if he compromised, who knows what condition she would bring up next time?!

He frowned and clenched his teeth. It was impossible for Amber to bully and control him with this incident!

Sean turned sideways, peering through the half closed study door to see what was going on outside.

He didn't see very clearly.

As soon as Shen Ruyun's words came to an end, Fang Weiwei opened her mouth again: "Mom, you've been worrying about the fourth brother all night. Did you forget to take the medicine?"

"Mom, you should be clear about your health. How can you be so careless?"

The door of the study wasn't closed. Mother Smith didn't make a sound.

No one in this room was talking. It was very quiet around. Sean could hear the voices of the three sister in laws of the Smith family clearly.

Their voices were different, clear and easy to recognize. As soon as Fang Weiwei finished, Jiang Xue eagerly followed: "Mom, where is your medicine? I'll get it for you."

Three people rushed to Mother Smith and surrounded her.

"What kind of medicine?"

Mother Smith interrupted Jiang Xue's words with a sneer. Her voice was not as usual, and it was full of strength. After saying these four words, Mother Smith was obviously panting, and her voice was lower and lighter. She seemed to be suffering from pain, saying some angry words!

"Your father is so cruel that he has to hit Sean to death! I only have Sean. Why not kill me as well! Why not let me die of illness! "

"Even if I take medicine well, even if I recover, I'll be angered to death by your father! It's better to save the medicine for his Smith family!"

Mother Smith's words were very direct, which made Sean's eyebrows jump!

When Tomas started to hit Sean, Mother Smith followed him into the study, and she begged him, advised him, cried and even made trouble!

But Tomas wasn't affected. His parents loved each other deeply. In the early years, Mother Smith had four sons.

Everyone in the family obeyed Mother Smith and her temper was spoiled to be wayward!

Sean knew that. If Amber didn't explain, Mother Smith would have to use her trump card sooner or later to protect him!

At present, this was mostly the case!

If the old man didn't stop! His mother would go to the hospital surely!

Mother Smith said that and she reached out and pushed Jiang Xue's hand away. It seemed that she was going to fight Tomas to the end.

The sweat on Sean's sideburns shook, and Amber leaned over again.

When speaking, it may be because she was close. He could even feel the breath of Amber.

"Sean, you should have heard. Mom's not in a good situation. I know that you are a filial child and you are not able to bear... "

Sean's face was blue at once, and he suddenly turned his head to face Amber's near face.

Amber used to crouch behind Sean. She didn't expect Sean to turn around suddenly. It was not a long distance, but because Sean's action, it suddenly got closer.

Amber moved back a little uneasily.

"You know her physical condition and dare to use her health to threaten me!"

"Amber, that's enough!"

He took a deep breath. Amber was such a cold hearted woman!

Didn't she just say that a mother would do anything to save her child?

what he said was like she understood his mother very well. But his mother refused to take any medicine at this time. Why wasn't Amber soft hearted?

He was going to be pissed off by Amber!

Amber didn't answer Sean, as soon as the air was quiet, the movement outside began to become clear.

Fang Weiwei's voice was full of disapproval: "Mom, what are you talking about? The fourth brother has been hurt by father. You don't want him to worry about you, right? Take the medicine first! Okay?"

"Yes, Mom! What the elder sister-in-law said is reasonable. If something happens to you, who will take care of the fourth brother? The cold hearted fourth sister would never do this!"

Mother Smith's words were intermittent, and he seemed to suppress some pain: "I won't take..."

Sean heard this. His five fingers tightly clenched together. The blue veins on the back of his hands raised, looking vigorous and ferocious.

"I won't take the medicine. If Tomas hit my...son later again, who knows if I have...the chance to take care of him! "

Chapter 108: Grandma, Are You Very Uncomfortable

0 5 minutes read

Mother Smith was struggling to finish these words.

He couldn't see her face, so he enriched his imagination. The picture of his third brother, Johnson, was pronounced dead that day emerged in front of his eyes.

At that time, he and his mother were waiting for news outside the emergency room. As soon as the doctor announced the news of Johnson's death, she covered her chest and her face was blue. Then she cried for a long time. At last, Mother Smith didn't say a word, and fell straight to the ground!

Outside, three sister in laws persuaded Mother Smith to take medicine. Sean even heard Cindy's voice.

"Grandma, are you very uncomfortable? Mom said that you should take medicine if you are uncomfortable. You should take medicine obediently."

Cindy could see that Mother Smith's face was bad, then her situation must be very serious!

Sean's frozen face suddenly melted. He bit his teeth and said, "I promise you! I promise you what you want! You go out now! In front of my mother, you'll explain it to my father! "

Wasn't Amber trying to make him apologize to Mr. and Mrs. Yue?

He'll go!

Men can take temporary setbacks. How can a man's face compare with his mother's health?

He would admit he lost. Anyway, it was not the first time he was threatened and calculated by her successfully!

Sean had a blue face. Even when he was whipped by Tomas, he didn't find it was so rough to spend time!

He thought that after he promised, Amber would go out to explain to Tomas, but she was still standing still.

If it wasn't for Amber's occasionally blinking eyes, Sean would have doubted whether the woman in front of her was just a lifeless sculpture.

It was his mother who was not taking medicine and in danger. Amber didn't worry about her. Sean couldn't do the same thing.

He suddenly reached out, grabbed Amber's collar, pulled her to him, and his thin breath fell on Amber's face. Amber could even see his distinct eyelashes shaking.

"What else do you want?"

Sean had a wound on his back. As soon as this action was done, Amber instinctively noticed that the smell of blood around her was a little stronger. However, there was nothing different with Sean. Instead, he had a pair of eyes with a faint cold light!

"I have promised you, what? Not satisfied yet!"

Being insatiable, wasn't Amber afraid of falling short of success?

Amber reached out to pull Sean's hand holding her collar. It was extremely hot outside. Sean's hand was cold and chilly. Amber exhausted her strength and failed to break free from Sean's shackles. She simply wrote herself off as hopeless and acted recklessly.

"Sean, I can't trust you."

Sean thought he misheard. His empty hands picked his one ear and he smiled wryly, saying, "Amber, what did you say?"

She couldn't trust him?

It was weird. Couldn't Amber trust him?

If she couldn't believe him, why did she want him to promise her?

Playing with him? Or was she kidding him with his mother's life here?

Sean's heart thumped twice, but not because of he was moved, but because of he hated her. He wanted to strangle Amber to death at this time!

"What do you mean?"

As soon as he finished, Amber looked down and her eyes fell on the hand that was holding her collar.

Sean was beautiful and charming. He was like a darling created by God. Even his hands were flawless, like a pine tree with distinct bones!

Amber tightly stared at Sean's wrist. On his wrist, he wore a Patek Philippe limited edition watch with a dark gray watch band, which set off the man's wrists more vigorous and powerful!

The emotion in her eyes didn't hide. Sean realized Amber's intention at once!

His lips were stretched in a line. His eyes were sharpened and cast on Amber's face.

Amber who was fearless, looked down on Sean and said softly, "I need some chips."

Sean suddenly released his hand, even strongly pushed Amber out of his eyes, and his voice instantly coagulated, just like winter snow, fluttering on Amber's heart.

After melting, it was all cold.

"Anything but this watch."

With that, he lowered his head and reached for his wristwatch.

This watch was sent by Manman as a birthday gift on his twentieth birthday. It was also a token of affection between them!

When he was twenty years old, he had a car accident. He had traumatic sequelae and forgot many things.

Fortunately, after he woke up, the watch was still there. He didn't forget Manman!

For so many years, many things around him have been changed. Only this watch, which has been following him and has never been changed! Sean hardly ever took it off, except when he had to take a bath!

As time went by, Sean took care of this watch and made it as a new one!

Even his movements of touching became the lightest.

The man immersed in his memories, and he did not notice the pain in Amber's eyes at all.

Her eyes flashed and she was pushed away by Sean. She held against the ground with one hand, and her body was tight into a line.

The lamp shadow fell from her head, projected her forehead hair into fragments, which were immersed in her eyes!

Amber paused and said, "Sean, I know this watch is a token of love between Lin Man and you. I don't want anything but this watch."

She knew the importance of this watch to Sean. If she could take it away, she would not be afraid of Sean going back to his words!

As soon as Amber's words were finished, Sean suddenly looked up, his eyes suddenly bumped into the bottom of her eyes, and clearly saw the sadness and tears at the bottom of her eyes!

Sean paused.

What was Amber crying for?

Wasn't he the one who should cry?!

Or was she jealous when she saw the watch that Manman gave him?

So...She wanted to take this watch away?!

Yes! It must be like this!

Sean figured out the cause and effect, and his eyes were cold again.

“Amber, don’t go too far in bullying me!”

Sean licked his dry lips. His eyes seemed to be covered with all the shades outside the window. They were so thick that they could not be driven away.

He had such deep feelings with Manman. But Amber was not satisfied even though she has driven Manman away from his side!

Now she even thought about this watch!

His mind was in a mess, and the thoughts in his heart were gathered together, rejected, entangled and turned into one.

Amber said she didn’t want Cindy to quit school. It was just a cover! Her real goal was actually this watch!

His guess was right!

Amber wanted to erase everything, the trace that Manman left beside him!

He would never let Amber succeed!

“My tolerance is limited, change to another condition!”

With that, Sean reached out from his tailored trousers, took out his wallet and cell phone, and threw them on the ground: “Cell phone, bank card, anything!”

Chapter 109: I Can Afford to Procrastinate with You. Mom Can’t

0 5 minutes read

When Sean threw his wallet, he couldn’t control his anger. It flew out and hit Amber’s arm with the metal ring. Then her arm turned red.

Amber shrunk her arm in pain and stood up from the ground. Without saying a word, she went to Sean and squatted down, clasped his firm wrist, trying to take off the watch!

In the conflict, a storm was set off in Sean’s eyes. He subconsciously shrunk his hand. Amber used a lot of force. The two people pulled each other, and the wound on Sean’s back was lugged.

He suddenly took a breath, his big body shook. He could not care about the pain and said: “Amber, Like I said, anything but this watch!”

Sean’s wealth was countless. The bank cards in his wallet were all offered by the bank. The unlimited worldwide limited black cards!

Any one was worth more than this watch!

After he took them out, Amber didn't change her mind a bit!

He could only clasp Amber's wrist tightly with his hand. His strength was so powerful that he seemed to crush Amber's bones!

Amber only felt that kind of pain, which stretched all the way to her heart!

"I only want this watch!"

"Sean, you care too little. But this watch is one of them! Only when I get it, I won't worry about you going back on your words! "

Bullshit!

What Amber said was decent and nice!

Who knows what she was thinking?

He didn't care much? It was because others were destroyed by her!

Sean tightly clasped the watch strap on his wrist. A red mark was appeared on his wrist because his strong wrist was pulled by the two of them!

Sean didn't seem to feel the pain. His pale face was covered with a thin layer of red because of anger. He noticed that Amber continued to untie his watch. He scolded in a low voice, "Amber, how dare you!"

Amber was biting her lips. He clasped the watch too tightly. She used only two fingers to firmly held the strap. The two people refused to give in. Sean's eyes were like a heavy sword pointed against her heart and made her heart full of wounds!

Amber took a deep breath, lowered her head and looked at the wristwatch. Her heart was stabbed again. She suddenly laughed and said, "Sean, I know that you care for this watch everyday. And I'm a woman who is careless in using strength..."

"If any marks leave on the strap, don't blame me!"

Amber's words made Sean sick!

This watch was sent to him by Manman. What was it if Amber's mark left on it?

She was sure that he hated her. In order to force him to comply, she even used herself!?

What else did she dare not do?

Sean gnawed at the root of his teeth and said, "let, go!"

She knew that Sean didn't dare to step back forcefully. Amber's eyes glanced coldly towards her.

Her eyes were covered with a mist of water, which made her deceptive eyes look particularly attractive!

Sean's attitude towards Lin Man made her feel a little sad inevitably!

She was holding the watch strap tightly. Her wrist was covered with Sean's big palm. His rough fingertips made Amber's skin on her wrists ache!

The thin temperature rose from where the two people's skin touched, and finally a little sweat came out.

The atmosphere between the two was quiet again, and the sound in the living room was more and more mixed.

"Mom, where is your medicine? You take the medicine first, don't get angry with Dad, OK? "

It was Fang Weiwei's voice. As soon as she finished, Cindy's words were tightly followed: "Grandma, I know you are worried about my Dad, but my mom said that dad is a big hero, he will be okay!"

Hero, that was ironic!

What kind of hero would be clasped by a woman and forced to do what he didn't want to do and say what he didn't want to say?

Sean's eyes turned to Amber's face. Her ability to tell lies was as good as ever!

"Sean, you heard that. I can afford to procrastinate with you. Mom can't. Dad is coming back soon. If you don't agree, when Dad comes in, it will be too late!"

Sean stared at Amber, and his lips curled tightly into an arc. He pressed his inner anger.

"I'll give you my watch if you apologize to Mr. and Mrs. Yue!"

Amber looked at Sean sharply. They were close together, breathing together. But there was no ambiguity!

The force on Amber's hand was loose. Although he didn't take it away, Amber felt Sean's attitude was softened.

Amber's hand moved and waved Sean's hand away. She clasped his wrist, and took the watch off Sean's hand.

She carefully held the watch in her palm, with a funny expression on her face. Many emotions spread in her heart, and Amber could hardly control her tears.

Sean felt disgusted. He turned his head away and looked at the rest of the study.

He knew that the so-called friendship between Amber and Manman had been broken long ago. She didn't like Manman. She took his love token with Manman, and she must hate it so much!

Why did she pretend to look like this in front of him?

Did she really think of him as a fool?

Sean was irritated and reached for his hair impatiently.

With his movements, the soft and tidy black hair became messy. It didn't reduce Sean's charm but made the man look more sexy.

When Amber put the watch away, she got up from the ground, bent over and patted clothes' wrinkles, as well as the dust she got when arguing with Sean.

After a series of actions, Amber took a look at the injured Sean and said:

"Don't worry, I'll give it back to you when it's done."

This was the second time Amber repeated this sentence, which sounded solemn, but it had no credibility for Sean!

Instead of looking at Amber's face, he reached out and pointed to the door of the study, spitting out two words rather coldly:

"Get out!"

Amber's eyes were red for a while, and it was pressed down quickly. The goal was achieved, and she had no nostalgia. She went out of the study without hesitation.

Amber closed the door, Mother Smith stood up from the sofa suddenly, her face and lips were very pale...But after seeing her, Mother Smith still held Shen Ruyun's hand and hurriedly came over.

Mother Smith was not young. Her eyes were slightly red at the moment. It was touching to look at her look.

"How's Sean? Have you made the deal? "

Chapter 110: Dad, Sean didn't abuse me.

0 5 minutes read

Amber White's fingertip moved and said, "Mom, after Dad comes downstairs, I will explain it to him! Sean..."

Speaking about Sean Smith, Amber White suddenly remembered his bloody back!

"He did suffer a bit, but you can rest assured that he will not be yelling with his father again. Would you like to take the medicine first?"

Old Mrs. Smith heard and took a sigh of relief. Because her emotions fluctuated and her health was not good, she felt so tired. She frowned and slowly said:

"You don't persuade me. I will take medicine when things are done!"

Amber White wanted to persuade her again, but she heard the footstep come from the stairs.

They subconsciously turned back and looked at the direction of the stairway. Tomas Smith walked down with anger.

She didn't know if Tomas Smith heard their conversations. He glanced at them and stalked to the study room.

Old Mrs. Smith saw he leave, and she eagerly reached out and pushed Amber White! Because she hoped that Amber White would go up and explain!

Amber White wore high heels. When she got off the car from the hospital to Smith Group in the morning, she twisted her ankle. Because old Mrs. Smith pushed her, she jerked forward one step and pained her ankle.

Amber White felt painful!

Hearing the sound, Tomas Smith stopped, and he looked back.

Amber White took the opportunity to step forward and stopped Tomas Smith. She said: "Dad, Sean didn't abuse me!"

After she said, Tomas Smith was so surprised and he didn't expect that Amber With would say this. Amber White did not give him a chance to talk. "My injury was caused by a taxi driver. And it was Sean who sent me to the hospital, but we were photographed! He was misunderstood by others!"

Tomas Smith did not believe, and asked: "Why are you hungry for a long time? The hospital posted a certificate in the newspaper! Amber, you are an adult. And don't tell me that you forgot to eat!"

Amber White frowned slightly, and she didn't mention Tang Tian deliberately. And she continued to explain: "On the night of Thursday, the company celebrated at Ye Se. I have been uncomfortable for a few days. I went to the bathroom on the way and found an empty room to take a break."

"But I accidentally fell asleep. When I woke up, Ye Se closed. I was missed a day. Everyone in the company knows that! Dad can ask Lu Yi if you don't believe it!"

"Ye Se is not open on Friday, and I didn't take my mobile phone, so I can't ask for help. If it isn't Sean find me in time, maybe I will suffer more!"

After Amber White said, she knelt down to the ground and said: "Dad, I am sorry. I did not explain it clear at first, and let Sean suffer this."

Although the door of the study was closed, Sean Smith could still hear what Amber White said!

He smiled sarcastically.

Amber White was so good at lying, and in a few words, she easily bypassed Tang Tian.

Lying may be about to become her only instinct!

So did she plan to let him praise her later?

Through the study door, the indoor lights were all in the eyes of Sean Smith, but his eyes looked like with a sense of darkness and gloom!

Outside, Tomas Smith was shocked by the action of Amber White. He subconsciously reached out to help her to stand up: "Amber, what are you doing? You stand up first and we can talk."

"Amber, this is your fault. You can say out the truth easily. Now Sean was whipped, and the stock of Smith Group has shrunk! This is how much loss!"

Old Mrs. Smith's heart was also ups and downs. So the truth was that her son not only did not abuse Amber White, but also saved her?

Old Mrs. Smith was so angry that she wanted to enter the study to slap Sean Smith. It was obviously that he did a good thing. In order to be against Tomas Smith, he admitted the crime. He didn't get a compliment, but he was whipped!

How did she give birth to such a fool? !

Thinking of Sean Smith's hurt, old Mrs. Smith felt sorry for him!

Amber White was a bad woman. Sean saved her, but she not only did not thank him, but also looked at Tomas Smith to beat her son!

The blood pressure of old Mrs. Smith was so high and she took a few breaths and then calmed down!

However, Tomas Smith didn't wait to she complained him, and Tomas Smith glanced at Shen Ruyun who said, "Amber, you don't have to grieve yourself for that stinky boy. It is our family who are sorry for you..."

Old Mrs. Smith didn't wait that Tomas Smith finished his words, and she was angry instantly. She got rid of Jiang Xue who supported her and she raised her voice. "What ridiculous words do you say? Why are we sorry for her?"

Instead, she felt that Smith family should be sorry for Sean Smith, because Smith family did not let him get married with Man Man he liked, and let him marry Amber-a bad woman!

However, Tomas Smith still felt that Amber White was wronged. How can she not be wronged?

Old Mrs. Smith's eyes were red because of anger, and Tomas Smith stopped when he saw her. But he was still angry. And he looked at old Mrs. Smith, and said: "A Ru! The child is spoiled by you!"

There was a warm light in the room. After old Mrs. Smith heard Tomas Smith, she was angrier than him: "He is my child. And I have to spoil him. I just have a son left, and he is whipped by you every day. Of course, I am sad, and I am sorry for him."

Tomas Smith heard and he was angrier than before. Sean Smith was also wrong. And it was inevitable that he was angry!

Mr. Smith and Mrs. Smith were so angry, and no one in the living room dared to say something. Amber White saw them and hurriedly stood up from the ground and stopped Tomas Smith and said, "Dad, it is my fault. You shouldn't be angry with Mom."

"Mom hasn't taken medicine yet, and she was angina just now. You shouldn't be angry with her."

Tomas Smith wanted to say something but he say nothing and angered: "Enough!"

Old Mrs. Smith ignored him. Although the room was warm, but the atmosphere was very stiff.

Sean Smith let the servants in the old house go to take the medicine, and then said to Amber White: "Amber, you come with me on the second floor."

Amber White looked at old Mrs. Smith and looked at Tomas Smith. They were not very good-tempered. She really didn't know how they solved the problem after they quarreled?

She said, "Okay."

Before going upstairs, Amber White said to Cindy White: "Cindy, there is a sister who will take the medicine of your grandmother later, and remember to remind your grandmother to take medicine, do you know?"

Cindy White nodded and said: "I know. Mom, don't worry!"

After receiving a response, Amber White stood up straight and followed Tomas to the second floor.

The footsteps gradually drifted away. Jiang Xue could not help but sarcasm: "If Amber is really worried about mother, she shouldn't let daddy whip Sean! I really can't stand her hypocrisy!"
