

Mr Smith 81

Chapter 81: Don't forget whose wife you are!

0 4 minutes read

Sean tapped off Cindy's hands. Though he's angry, but considering the wounds on Cindy's body, he only used small forces.

Sean then retreated half step and looked at Amber: "what if I insist to punish director Lu?"

Amber lowered her head and didn't look at Sean in the eyes. She had a feeling that Lu Yi would come here to talk with her. But Lu Yi had done her countless favors before, how could she let Lu Yi take the punishment, at the thought of this, Amber hurriedly said: "President Smith, I've already said I'm willing to take all the responsibilities."

"Okay, okay, okay." Sean sneered. She's his wife, but now she was protecting another man in front of him! Good for her! Sean felt more and more unsatisfied, he then said in a cold tone: "Amber White, don't forget who is your husband!"

Hearing this, Amber felt uncomfortable all of a sudden! Now he remembered she's his wife, where was he when she had an incident outside the kindergarten? It's Lu Yi who saved her, but now he wanted to punish Lu Yi? Did he want her to be stepped die?

Amber then sipped her lips and said in a low voice: "I always remember who is my husband, but seems President Smith don't want to take me as your wife!"

There were so many people at present, but Amber directly held Cindy with one arm and walked to Sean with bad look, she then pulled up Cindy's sleeve. There were so many bruises above.

"We had such big incident at Golden, President Smith, did you ask one caring word about us since the moment you showed up here?"

Hearing this, Sean became more furious.

But Amber still wanted to continue, Lu Yi then held her arms and whispered: "well, Amber, President Smith is just in anger now, just explain things clear to him, don't hurt feelings because of me!"

Amber then sneered. Lu Yi's words sounded so ironic! She and Sean Smith had been married for three years, but there were no any bit of love containing, by comparison, the affectionate feeling he had with those young models must deeper than hers!

After all, Tang Tian already had his babe!

But of course, Amber couldn't say this directly to Sean, after Lu Yi pulled her, she backed to her senses and remained silent.

But as for Sean Smith, he felt more unhappy.

Lu Yi didn't want Amber to continue, she really did stop there!

What's going on with her? She not only left no dignity for him in public but also listened to another man's words.

Considering her attitude now, how could he believe there's nothing between her and Lu Yi!

He's not blind! Besides, how many times did she have good talks with him?

There were only fierce quarrels between them, about Cindy's wounds before, she blamed it directly on him! Who knows what image he had in her heart?

At the thought of this, he felt more and more furious, suddenly, his phone was ringing, he then took a glance at the screen and directly hung up. After two seconds, Amber's phone was again ringing.

Since the thing happened just now, Amber worried how she was supposed to explain, so she asked Lu Yi to bring her phone here the minute when she came to the hospital. She never thought Sean's father would call her at this moment.

Amber picked up the phone: "Amber, tell me honestly, is it true that Sean abused you?"

Hearing this, Amber stunned there. She knew that uncle Sean had bypass surgery in the heart, so he always didn't feel so well, she never thought uncle would know this so soon.

Sean Smith was not that kind of person, even if their love feelings for each other was not that stable like eleven years ago, she couldn't wrong Sean like this way.

"Of course it's not true, father, don't believe the contents on the newspaper, Sean is your son, don't you know him?"

Amber's explanation didn't make uncle Sean feel any better, there's shivering in his voice.

"Don't cover for that bastard. I'll beat him to die someday! Amber, all of these years, dad felt so sorry to let you feel wronged..."

Amber suddenly didn't know how to explain, because the picture showed that Sean was throwing money at her face.

After all, if she really made the explanations, it would even bring out Tang Tian and Cindy. At that time, Sean did play her a bit, but she also misunderstood him. After all he saved her and picked up Cindy before.

At the thought of this, Amber quickly organised her minds and said in a slow tone: "dad, Sean really didn't beat me, it's the driver who hit me outside of hospital, if it weren't for Sean, there would be so bad things happen to me, it's paparazzi taking those pictures. There's no any evidence to prove that Sean kicked me, how can you believe this? "

Uncle Sean cold humed a voice and said: "that bastard, how can I not know him? He could be absent at the wedding ceremony three years ago, what else could he not do? Even until now, you still defend for him! Um! Amber, tell that bastard to have dinner tonight at our old house, if I don't see him, he no longer needs to be the President of Smith!" uncle Sean then hung up the phone immediately!

Amber kept silent for seconds. She said earlier that Sean's stubborn temperament couldn't just acquired, now seems it's the inheritance from his father! But Sean Smith was really poor, even his father didn't believe him.

Seeing Amber dazed there, Cindy pulled her sleeve and said: "mommy, who called you just now?"

Amber suddenly backed to her mind, she then tapped Cindy's head and said in a low voice: "Cindy, Mommy needs to talk something with daddy, you play with dad Lu on the outside for a while, okay?"

"Mommy, you and daddy have secrets that Cindy cannot hear?"

Cindy felt a bit wronged there, Lu Yi then lowered his body and said to the little one: "Cindy, your daddy and mommy need to talk something now, I'll take you to buy ice-cream, okay?"

Chapter 82: I Had Threatened You Three Years Ago

0 5 minutes read

Cindy's eyes lit up and looked at Amber with hesitation.

Amber was very strict for Cindy's food and snakes. Even in summer, Cindy rarely can eat ice, she was fearing that it would hurt her stomach.

When she saw the small eyes that Cindy longed for, Amber compressed her lips and whispered, "You can only eat one!"

"Great!"

Cindy cheered, and Lu Yi held Cindy to leave the hospital.

Sean saw the interaction of the three people and his face was more gloomy.

In front of him, Amber White did not care about his feeling at all. Generally, maybe the bastard would be more exaggerated. The words of Dad Lu, the last word may have been removed!

As he thought, he felt that he had been betrayed. He only felt angry!

His face was gloomy, and kept looking at Amber's eyes, his eyesight was like ice.

"What are you going to talk to me?"

Sean asked, while pulling a cigarette from his trouser pocket and licking it into his mouth, the white mist spit out from the thinned lips, making the man's face look more sexy and sultry!

His presence was extremely strong, standing in the hospital, still giving Amber a feeling of stagnation.

After all, the two had just argued. Amber had a trace of uncomfortableness on her face. She whispered: "The phone is called by Dad. He asked us to go back house to have dinner this evening! He said that there is something to say."

The father's words were too direct. Amber hesitated for a while, and she changed the lines.

Sean only felt funny.

What can the old man say?

It can only about the morning news had been seen by him, he believed it, he thought that he hit Amber, he had to call him back to give him a good lesson!

Amber said this, it was estimated that she would like that he would go back and hit by the old man!

The man was annoying in his heart, and he took a look at Amber. He did not say a word.

“Mr. Smith, Dad has done heart bypass surgery, and such news, it is estimated that he is also worried about us. The most important thing at the moment is to explain to Dad first, he is not very healthy, if just because of this, he will happen something, it’s not worth that!”

Amber married Sean for three years, for the attitude of the Smith family, she had a scale in her heart, and the relatives were clearly remembered by Amber!

The only person who was kind to her and even helped her, was Sean’s father!

Everyone should know how to gratitude, Amber did not want him to happen anything! So after she finished speaking, she persuaded again: “I will ask Lu Yi for take care of Cindy before we go. Let’s go to the old house now and tell Dad clearly!”

“If you want to go, you can go, I will never go anyway.”

Sean took a sip of smoke and threw the cigarette stalk under his feet and smashed it with bright leather shoes.

Dad, Dad, this damn woman was very affectionate. Who will look at her for her anxiousness?

In the past three years, had she been so cunning that his father changed his attitude?

She words seemed very kind, but after that went to the old house, she was only responsible for watching the show!

No one knew if she will explain it, and his father always wasn’t satisfied with him, he was afraid that after he returned the home, he will be mad at him!

After talking about this sentence, Sean wanted to leave.

Just after taking a step, Amber stretched out and pulled Sean.

“If you always insist on your own opinion, I can do it now. I can go out and see the gossip reporters, have an interview, and tell them how you abused me last night! Was it swollen my face first, or broke my arm first!”

Sean looked incredulously at Amber, but there was nothing in the woman’s eyes except firmness!

She obviously intended to think about it, and planned to do it!

“Amber White, do you want to die? Who gives you the courage to threaten me?”

That night, Amber was injured. The only insider was him, Amber and the driver who was thrown into jail by him. Now he was insulted on the Internet, and they said in a same tone that he was a scum of abusing his wife!

Amber just casually said a few words, everyone will believe it was true!

Oh shit!

That night, he was cheap, so he would care about Amber's business!

He should let Amber in the night, was shut down to death!

In this case, Amber will not threaten him here!

Sean was so angry, and the eyes were like a blade, cut to the body of Amber, if they were substance!

Amber stunned but she was not scared by him. Instead, she smiled and said, "Mr. Smith, I had threatened you three years ago. Why are you so surprised?"

Sean's eyebrows were depressed, and the eyes were oozing an infinite tyrannical factor!

This thing, Amber still dared to mention it?

Sean was almost laughing because of Amber!

Who made her brave? !

Sean was so angry that he lifted the iron palm and buckled the neck of Amber. His eyes were cold: "Do you dare say it again?"

Amber was a little scared, especially the strength of his hand was very heavy. It seemed that the breath of Amber was to be cut off by him. The feeling of stagnation and dullness made Amber instinctively had some fear.

However, Amber smiled. Her eyes looked at Sean with a provocative meaning: "Mr. Smith, have you not seen Lin Man for a long time? You feel that if this matter is not explained clearly, you will have the opportunity to see her in your life? Dad is old, but repairing a little girl is not difficult for him!"

Qin Yan said this sentence, her heart was sad.

After all, Lin Man was a thorn in her heart, but Amber had a sad discovery, the most effective way to deal with Sean, was Lin Man, and only Lin Man!

On this matter, Amber had to admit the loss!

However, when Amber mentioned Lin Man who was the most love woman of Sean, she touched the point of Sean.

As the strength of Sean increased, Amber's face was bruised and her breathing became more and more difficult.

The darkness of Sean's eyes deepened, and the eyes flashed through a haze. Amber even thought, he might want to kill her like this.

He looked at Amber, and he felt a storm in his heart.

Three years ago, his anger for that Manman was driven away by Amber was still in his heart. Sean had not caused the trouble for Amber. He really didn't know why she was so brave and dared to mention the old things!

It was these time, he was so good for Amber, let her forget his power, and dare to provoke him again?

Did he need to give Amber a lesson? Otherwise she will always treat him as a coward, and regard Manman as an item she showed off her achievements, and repeatedly mentioned her showing off?

No way!

Sean's eyelashes was lowered, and a few words squeezed out of the teeth: "Amber White, you are so brave!"

The anger on his body was getting deeper and deeper, and the temperature around him was plummeting.

Before Sean was going to leave, Amber chased two steps. The two walked to the position near the stairwell of the hospital. The place was secret. For a time, no one can find the strange atmosphere between Amber and Sean.

Chapter 83: Director White Was So Good At Giving Orders

0 5 minutes read

This was not a big place, because the man released the anger, and drove away the thin air in front of her, Amber took a deep breath, her face was deep purple.

Sean really wanted to kill her?

No, three years ago, Sean already wanted to kill her!

There was a tear in the eyes of Amber.

Here, Cindy held the ice cream that Lu Yi bought for her, and rushed to the original position of the hospital, but she did not see Sean and Amber.

"Where did Mommy and Daddy go?"

She wrinkled her delicate brows and looked unhappy.

Lu Yi thought, after all, Amber and Sean had something to talk about, so he took Cindy to the stairwell and walked over.

Crossing the green plant that blocked the pedestrian's line of sight, Cindy's ice cream fell from her hand and to the ground. Lu Yi stunned, and his eyes just looked at the ground. Cindy had already broken off the hand of Lu Yi.

She rushed in the direction of Amber and Sean. In the big watery eyes, the tears dripped out quickly, and the fleshy hands pulled Sean: "Daddy, Daddy! Don't beat mommy!"

Cindy shouted and called back the reason of Sean. The scarlet of the man's eyes was reduced. He saw Amber was almost dead because of himself, and he took back the hand.

With the sudden disappearance of his own strength, Amber was unprepared, and the feeling of disengagement that was caused by Sean was still there. She stunned and almost fell to the ground.

If it was not Lu Yi came over and helped Amber, she will certainly be embarrassed inevitably.

Amber coughed a few times, before the breathing was smooth, the dryness of the throat was so strong, the pain of the trachea clinging to it, reminding Amber that what had just happened was true!

She had not reacted yet, Cindy had already cried out.

"Mommy, you lied to me again, Dad really hits you, Dad doesn't love us, Cindy is a bastard..."

Cindy's crying sadly. Because of her sadness, her eyes were red, and the white face was with a feeling of being cheated.

The emotions of the child were not disguised. Amber's heart was hurting, and there was a fascination in front of her!

She just wanted to explain, Lu Yi was also angry and screamed at Sean: "Sean Smith, I thought that the newspaper was misunderstanding you, I did not expect you to be a villain! No matter what Amber did wrong, you shouldn't beat her!"

Sean smiled coldly, and the white infiltrated teeth were glazed by the green light on the hospital's safe exit door.

"Director Lu is better to manage you own affairs, my own wife, what do I want, I don't have to be taught by you!"

Sean's tone was with a bit of ridiculous ridicule, but made Lu Yi speechless.

However, Cindy misunderstood, she was twisting her fingers and cuddling in the arms of Amber, kept crying and can't breath, the tears flowed out of her eyes, she only cried, and that's made Amber sad.

She comforted her subconsciously which was used to coax Cindy before: "Well, don't cry, silly girl, you see it wrong, Mommy's neck has dirty things, and Dad wiped it off."

Cindy looked at Amber and her eyes were full of tears, and she still doubted.

Amber was also panicked, reaching out and wiping her tears and saying: "Wasn't I explained the reason to you before? You also promised me and said that you will not misunderstand your father. Have you forgotten it?"

Cindy shook her head.

Amber knew that her own words had played a role.

Her tears stopped, but because she had not lived with her father since childhood, Cindy had a weak sense of security. She compressed her mouth and asked Sean with red eyes: "Daddy, are Mommy's words true?"

Sean did not pay attention to Cindy.

He skillfully took out a cigarette and put it on his fingertips. He glanced at Cindy, his expression was even lazy.

To do this kind of thing, Amber alone was enough!

Anyway, Amber was always good at deceiving people. She can coax everyone. No matter whether he ignored Cindy or not, Amber White can always let Cindy White believe her words.

Why should he waste his strength?

Sean changed his eyes, then his eyesight fell on the body of Amber, with a bit of carelessness: "pack up things, go back to the old house with me!"

If it is not because that if they separately back to the house, may his father would think that he abuse his wife again, Sean didn't want to say so much with Amber White!

After the words of Sean finished, Amber had not moved yet. Cindy had tightly pulled the sleeves of Amber and asked: "Mommy? Where is the old house? Can Cindy go with you?"

Amber hesitated for a moment.

After marrying Sean, he did not admit that Cindy was the Smith family's child. In these years, Amber heard the snoring from the Smith family. It was nothing more than that Cindy was a bastard, a girl, and she had no qualification to share the property.

Amber did not want Cindy to go to Smith's house.

That was a place where one is apt to get into trouble, if she can, Amber even hoped that Cindy will not be involved in her life.

In particular, when there were three sisters-in-law of Sean in the Smith house, the three women's skills were so strong, and they can cause a trouble easily. Her daughter was only three years old, and she can't bear the attack from any one of them.

Moreover, there's the morning news, Amber can even use her toes to think about it. The three sisters-in-law of Sean must have been in the old house, and even prepared a big basket of disgusting words waiting for her.

Weighed the pros and cons, Amber licked her red lips and whispered: "Cindy, mommy and daddy are going to do things, Cindy follows dad Lu to the recreation ground."

Amber and Lu Yi knew each other for a long time, and they worked together for three years. They had cultivated some tacit understandings of the heart. When Amber's words were just finished, Lu Yi understood what she was worried about.

He was not the first to bring Cindy out, and when he heard the words, he bent down to Cindy and reached out: "Let's go, Cindy, Dad Lu will take you to the recreation ground to play."

Standing on one side as a transparent person, Sean saw that Amber was comforting Cindy, after hearing the words "Dad Lu", the brows were twisted together.

Why would Amber's daughter go out to play with Lu Yi?

Was anyone who can help Amber take care of the child dead?

Sean was uncomfortable in his heart. He glanced at the Amber, and said that "Director White is quite good at giving orders. Director Lu is the Smith group's staff, and I will not approve that he asked for leave."

Sean's lips were picked up. Lu Yi twitched his eyebrows and whispered, "Mr. Smith, you know the system of the Smith group very well. After being late for one hour will be regarded as stay away from work without leave or good reason, and will be deducting all the bonuses of the month. Today, the Smith group has been working normally for more than 2 hours. Is there any necessary of my leave? The public relations department has lost me a day, and there is no big problem at all!"

Chapter 84: Would You Like To See Your Grandparents?

0 5 minutes read

Lu Yi's mood was not good, then Sean's mood became much better. His narrow eyes were smudged with a layer of lightness and the ultimate smile. He even ignored the meaning of his words. Instead, he looked down and looked at Cindy who was still with red eyes and said: "Aren't you calling me Daddy?"

Although she didn't know what did Sean mean, but Cindy still nodded, and even stretched out and dragged Sean's clothes: "Yes! Daddy is my daddy!"

Sea smiled and looked at Lu Yi with a provocative look.

To be honest, he was the first time to discover that this little guy was so cute!

For the first time, he reached out and took the initiative to touch Cindy's head. Even the sound line became mild, not the usual coldness: "Would you like to see your grandparents?"

Cindy's eyes lit up and she threw out a word: "Yes!"

She was delighted with the closeness of Sean with her. When Sean reached out and touched her, she also rubbed the palm of his hand.

The man's palm was stiff, but Cindy did not find his abnormality. Instead, she looked back at Amber and said, "Mommy! You and Daddy are going to see grandparents! The old house is where the grandparents live, right?!"

Her interest in the tone was strong, Amber was the mother of Cindy, how can't she understand the meaning of Cindy that she wanted to go with them?

She looked helplessly and looked at Sean. She stretched her hand and held Cindy in her arms. She said, "Cindy, Mommy and Daddy are back to the old house for some business."

Feeling the rejection of her mother, Cindy's eyes were wronged, and the first time she did not obey to Amber's words.

She rubbed her fingers and said, "Mommy, I have always been very well-behaved! I will not affect you and Daddy, I will not talk, just let me go with you! I want to see my grandparents!"

After listening to Cindy's words, Lu Yi also became worried.

He was Sean's cousin, of course, he was clear that the Smith family was a large dyeing tank, and it was not suitable for Cindy to be involved!

Amber did not let Cindy go with them, in fact, was to protect Cindy!

"Cindy, Dad Lu will buy you Barbie doll, your favorite one! Let your mother take you to the old house to see your grandparents later? This time your mom and dad really have something to do!"

Lu Yi said, reaching out and holding Cindy who was almost persuaded, he intended to leave with her.

Cindy's expression was even more aggrieved: "I want to go to the old house, my father and mother go to see my grandparents, what can they do? Dad Lu, shall we buy Barbie next time?"

Lu Yi took Cindy and walked two steps. He whispered: "But the doll is a limited edition. If you don't go today, you don't know if you can buy it!"

Cindy compressed her lips and was led by Lu Yi towards outside. Her face was still a little wronged.

When Sean saw this, his eyebrows were twisted.

Amber White and Lu Yi, two people, how do they really annoying!

He was a big living person standing here. Amber White was his nominal wife. After he had proposed to bring Cindy to the old house, Amber White also intended to let Cindy and Lu Yi go to play?

The bastard called Lu Yi dad Lu, then was Lu Yi really treating himself as a biological father of Cindy?

Seeing that two people were going to pass by, Sean suddenly leaned down and hugged Cindy from the ground, his lips sewed out a thin trace with a little smile.

"Let's go, Daddy will take you to the old house!"

Cindy's eyes brightened immediately. From the time she met to the present, Sean had been very cold to her. Now Daddy actually hugged her on his own initiative and said that he would take her to the old house.

The little guy had a bright smile on her face, and the black grape-like eyelids turned into a small crescent.

"Yeah! Long live my daddy!"

Sean glanced at Lu Yi proudly, and took a big step toward the stairway. Lu Yi was angry because of the man's provoking eyes.

Amber compressed the lips and subconsciously chased them out.

The situation in the Smith family was complicated, and Sean would only feel that he was just going back to his home. He won't think too much, but she was different!

In the three years of unloving marriage life, she had been suffered a lot from his family. And Sean had always regarded Cindy as a bastard. When she returned to the Smith family, he might have a dispute with his father. At that time, he must left Cindy aside and didn't care about her at all!

He will not care about Cindy at all!

Amber's heart rose with a sense of powerlessness!

She was in a mess, followed Sean all the way to the parking lot outside the hospital.

Sean's legs were long, so he arrived that place first. He opened the front door of the co-pilot with his movements. He put Cindy safely in the position of the co-pilot with one hand, and even locked the seat belt to Cindy

Cindy was very polite to be taught by Amber. She looked at Sean in her eyes and said slowly, "Thank you, Daddy!"

Sean's eyebrows were picked up, when he just turned around, he saw that Amber was coming behind him.

She did not say a word, subconsciously reached out to pull the back door, an action, made Sean angry.

What did Amber White mean? He made her "boyfriend" angry, she couldn't stand it, so she came over and made him angry?

Sitting in the position of Mrs. Smith, damaged his reputation, was ambiguous with his cousin, even dare to make him angry?

Sean was happy before, but now a thin layer of ice was instantly spread on his face. The man reached out and without any hesitate to block the movement of Amber.

His lip line was close together, his eyelids were drooping, and he was arrogant and careless about Amber White. He only thought that this person had made him uncomfortable for three years!

"This is my car!"

Amber's breathe was with a stagnation.

Her presidency was not too short, naturally she can understand the meaning of Sean, he just wanted to tell her that his car, she can not go on it!

Amber didn't want to get on his car. She stopped her movements and looked directly at Sean: "Return Cindy back to me. Even if you want to go back to the old house, it's me who have to go back with my daughter."

Cindy was not recognized by Sean, her identity was special, and she had never been to the old house. Amber was not sure what the people inside would say.

No matter how they discuss her Amber White, it didn't matter, but Cindy was just a child and should not bear such verbal insults!

Moreover, in these years, she worked hard to create an illusion of a happy family for her, she just hoped that Cindy can have a healthy and complete family environment, which was convenient for Cindy to grow!

She couldn't imagine that when Cindy heard those messy rumors, how sad she would be!

Thinking so, Amber's brows condensed out a frown.

Sean glanced at Amber with a trace of interest, he knew very well that how Amber valued Cindy in her heart. Now he looked at the tension of Amber, then he snorted.

Was Amber White worried about that he would abuse Cindy?

Chapter 85: I advise you to go to work honestly!

0.5 minutes read

Just in the hospital, wasn't she very stubborn? When she threatened him, wasn't she logical?

Why should he be quietly unhappy? He had not done anything wrong!

Moreover, if Amber White didn't go to the driver's car on Friday, would there be such a scandal?

Because Amber White was in a scandal, he had to spend time and resources to solve the problem for Amber White. Not only was Amber White ungrateful, she was also worried that he bullied her daughter!

If he had been so shameless, he would have gotten rid of Amber White three years ago.

Sean Smith smiled coldly, and the quiet laughter fell on Amber White's heart, like melted ice and snow, taking away the temperature left in her heart.

Although it was in the hot summer, Sean Smith's smile gave Amber White a cold feeling.

"Director White doesn't have to go to work in the afternoon? Are you going to stay away from work? Smith group is too small to support idle people like you!"

After Sean Smith finished, he subconsciously closed the co-pilot's door. Amber White reached out to stop him. As a result, her wrist was smashed by the door, causing a sharp pain on her right wrist which also hurt Amber White's finger.

Her face was white and her voice was cold, and even the respect she used to talk to Sean Smith was gone.

"Sean Smith! I sent my daughter to kindergarten today, I have already taken time off! Don't make trouble! Cindy is my child! You give her back to me!"

Amber White clutched the co-pilot's door tightly. She subconsciously leaned over to take Cindy out of the car. Sean Smith pulled Amber White away before she touched Cindy and closed the door.

There was no expression on the man's face, but it was very cold: "First, the Smith Group has regulations. On Monday, each department will hold a weekly summary meeting. The department head cannot be absent! Second, if it is not you, I won't get stuck in this ridiculous scandal. Your daughter is following me today. You'd better find a way to clarify things! Don't fool around with other men!"

"Director White, I advise you, go to work honestly!"

It was rare for Sean Smith to say so long sentence. There was a hint of gloom in the man's eyes. Amber White was not blind, she could of course see it!

When Amber White still wanted to say something, the co-pilot's window slid down, Cindy's lovely face was revealed, she blinked at Amber White, her eyelashes trembled like a butterfly!

"Mom, Dad is very good to me. You can go to work with peace of mind."

Her fleshy hands touched the window, reflecting a few obvious dimples, and the black eyes were full of happiness and innocence.

Instead of giving Amber a sense of security, Cindy White's words let her even more worried.

"Cindy..."

Amber White just said two words, the car suddenly started and left a distance.

The woman's pupils contracted violently, and she ran two paces after the car, but was soon distanced!

"Sean Smith!"

Her attention was on Cindy White, and she did not find out when Sean Smith was on the car!

Amber White didn't even promise Sean Smith to take care of Cindy!

In the past three years, Lin Man had gone, Sean Smith was only playing, how could he take care of children!

When Sean Smith got on the car, he stepped on the accelerator and rushed out of the hospital parking lot. When Amber White chased the car, in addition to taking a breath of the car exhausts, the shadow of the car could no longer be seen!

Amber White stood still for half a minute. There was no wind in the hot air, the sky was like a huge cage, covering her between heaven and earth. The woman who repressed to acme desperately kneeled on the ground!

The panic of the accident at the entrance to the kindergarten, and the fear of Cindy being taken away by Sean Smith broke out at this moment.

She was both wronged and unwilling. She felt very desperate, as if overturned the condiments bottles, there were all kinds of flavors, except sweet taste!

Amber White wanted to laugh as well as cry, such a backlog of emotions let her face was distorted for a moment.

She took two heavy breaths, but her vision suddenly blurred. Until a car horn blared in her ear, Amber White stood up. As she tried to make room, her arm was held up.

Amber White turned her head and looked at Lu Yi's anxious eyes.

"Amber White? Why are you here? Didn't you go back to the old house with Sean Smith?"

Amber White shook her head and pressed the tears that almost rushed up. She whispered, "I didn't go, Sean Smith and Cindy went there."

Lu Yi frowned, seeing her lost, he suddenly guessed what Amber White was worried about.

He was silent for a moment. He didn't know how to comfort her. He whispered, "Let's go, I will drive you home. Anyway, you have taken a vacation this morning, go back and have a good day off."

Amber White just wanted to nod. She suddenly remembered what Sean Smith had said before he left. The expression on her face changed and whispered, "No, I want to go back to the company!"

Lu Yi stunned. He looked at Amber White puzzled and asked, "What do you want to do in the company now? You need a break!"

Amber White took a deep breath and she didn't dare to rest now. She didn't know when Sean Smith would return to the company. She needed to clarify the news of abusing wife as soon as possible, otherwise Sean Smith would not let her and Cindy go!

She had many worries in her heart, so she took out her hand and cheered herself. Anyway, she had lived a harder day than today, she had been used to it. She was not easily to be knocked down.

"I went to the company and Sean asked me to clarify the news of wife abuse."

When Lu Yi heard the words she said, he frowned and the tone of his speech was raised by one degree: "Is Sean Smith blind, can't he see the injury on your body? You just got the medicine, the doctor told you to have a rest at least for a week!"

Lu Yi's white face turned red with anger: "I will tell him about it, I will send you home to rest first! You are so hurt, you can't work!"

Amber White was calm, in other words, all of the feelings she had been experiencing had dissipated, now her heart was only rational!

When she heard Lu Yi so angry, Amber White really appreciated him, but refused his proposal: "You don't understand Sean. If he said it, he will count. If I don't go to work in the afternoon, I don't know what he will do again."

Lu Yi: "...

"Lu Yi, I understand my physical condition, I am not so vulnerable, go back to the company first."

Lu Yi couldn't convince Amber White, he frowned again.

There was a lot of people coming and going in the hospital. Amber White had just made a scandal. Her face was very eye-catching. When Lu Yi stopped, they saw someone looking in their direction.

chapter 86: Abuse her? Are you serious?

0 5 minutes read

Lu Yi was stunned.

Because of Amber White's special identity, she couldn't show up in front of people, and couldn't expose her condition of injury.

He could only nod and whispered, "Go ahead, get on the car first, and I will take you to buy a sunglasses first. Before the scandal subsides, you'd better be careful, or another news may appear."

Lu Yi had been the manager of the public relations department for a long time. Amber White could only agree with him, and she followed Lu Yi into the car.

Even when buying sunglasses, he didn't let her get off the car.

Amber White insisted on returning to the company. Lu Yi couldn't change her mind, so he could only drive to the gate of Smith's Group.

.....

Sean Smith drove the car all the way to the road, it was hot, even if the car was air-conditioned, they still didn't feel cool.

When Cindy White got into the car, she finished the seat belt and showed an innocent look.

The man glanced at her and became annoyed.

What's wrong with him, why did he compete with Amber White about this girl?

Even if her nervous expression pleased him, didn't he have to abuse himself by bring the child he hated?
!

Moreover, it was noon. The old Smith made an appointment for dinner, was he going to take Cindy White back now?

He wasn't a idiot. Now the old man thought that he had bullied Amber White. If he went back now, he would be whipped.

Amber White was not there, who was going to make the old man happy?

The man stepped on the brakes, and Maserati stopped at the side of the road. Cindy White went ahead because of inertia.

"Daddy?"

Sean Smith took a glance at Cindy White.

Every time when he faced Amber White, he would be an idiot, and he would do something that made him look down on himself. For example, picked Cindy White up!

He took a sigh of relief and his eyes were cold.

“Aren’t we going to visit grandparents?”

Cindy White asked curiously. When Sean Smith was about to answer, his phone rang.

So he stopped the talk and took a look at the phone. The man didn’t have the habit of saving the phone number, but his memory was always good. After scanning the screen, he answered.

“Gu, what’s up?”

Then he heard the man’s voice from the other side: “Sean, I was about to praise you that you haven’t on the news about some affairs with those models this week. But ha-ha, you changed the theme!”

“Abuse your wife, are you serious? Ha-ha-ha!”

Gu Jinyan had already known that it was not a small news if TINA disclosed it, although the credibility was not so high, he would still laugh at Sean Smith.

Sean Smith was not a star, but it seemed that many medias tried to found some news about him, now they even reported that he abused his wife.

Gu Jinyan felt so funny!

Sean Smith’s face turned black, he was so annoyed now that he bit his teeth. He asked after a long time: “Gu Jinyan, are you enough?”

The friendship between the two was good. It’s rare for Sean Smith to call his full name, this time, it was obviously he was angry. but Gu Jinyan didn’t stop, he still laughed.

Sean Smith’s expression was even worse.

“You call me for laughing at me? Damned! ”

When Gu Jinyan realized that Sean Smit wanted to hang up, Gu Jinyan said keeping back his smile: “Am I that kind of person? There is something that I need to talk to you. I am in your office now. Where are you?”

Sean Smith was too lazy to answer Gu Jinyan, but Gu Jinyan was not angry, he just whispered: “come back first, I am waiting for you in your office!”

When Sean Smith finished the call, he threw the phone on the backseat and then turned to the opposite direction.

“Dad, don’t we go to my grandparents?”

His mouth twisted, then took a glance at Cindy White and sneered: “Go back to the company first.”

Cindy nodded her head vaguely.

Even if he had a good car, but he could do nothing when met the traffic jam. When they were close to the Smith's Group, the traffic was so bad.

When they went downstairs, the sun outside was even bigger, and even the air-conditioning inside the car couldn't keep them cool.

The situation was eased when he drove the car to the underground parking lot.

He turned and was focused on the car parked in front of him with a careless gaze.

Lu Yi got out of the car, then he went to the position of the co-pilot, he opened the door, and helped Amber White out of the car.

Amber White was an exquisite woman with a pair of bare pink high heels on her feet. At the entrance of Jinyang Kindergarten, her leg was slightly scratched, but she was thinking about how to stop the news, so when she got out of the car, she didn't pay attention and her leg touched the door. The pricking made her leg instinctively shrink. But she couldn't control her strength. She fell into the arms of Lu Yi.

After Lu Yi helped her stand up again, he lowered his eyebrows and asked, "How? is it serious?"

Amber White shook her head.

Sean Smith was in the car, he couldn't hear their conversation, only seeing that the two people hugged and their expressions were ambiguous!

A gloomy light flashed in his eyes.

There were too many people at there, how could Amber White behave like this? She could seduce other even in parking lot where many people in and out!

He felt he was cheated by the woman. Angrily, he tapped the horn of the steering wheel twice, and the perfectly functioning car let out a high-pitched honk

His stepped on the gas pedal and drove past the president's dedicated parking space with a gloomy look.

Lu Yi and Amber White stood on the side of the driveway, and when Sean Smith drove to the side. He protected her subconsciously.

But...the car hit his elbow.

Amber White only heard a snoring sound. She reached out and held Lu Yi, and her eyes turned to the car.

Her pupils shrank suddenly.

Amber White knew Sean Smith's car. He had a lot of cars, but he loved this Maserati, and rarely changed the car!

She felt bad. When they heard the sound of the car whistling, the two had already moved to the side of the road, but she was injured and her movement was a little slower. If he was not for protecting her, Lu Yi would not be injured!

She was a little scared, but there were more worries. she touched Lu Yi's arm that was hit by the car, and said with an anxious tone: "Lu Yi, are you okay?"

"I'm fine!"

Then he looked at the direction of the car, the underground garage was very dark, and the lights upon were exceptionally weak, which made his face a bit pale.

"Sorry, if it is not because of me, you will not be hit." Amber White followed his gaze and glanced at the car. She said: "He may still be angry with me, so he is angry with you,too. I'm really sorry."

Chapter 87: Why should I be jealous?

0 5 minutes read

Lu Yi's lips bent and he smiled. "I'm fine, go ahead!"

"Let's go to the hospital to take a CT!" Amber White pulled Lu Yi and whispered, "I just heard the voice, you seem to be hit hard, go to the hospital to check!"

Lu Yi smiled and said, "I really don't need it. I'm sure I'm the one who loves me the most. The voice was loud and sounds very serious, but actually it is not serious at all!"

Lu Yi grabbed Amber White's arm, which was holding tight to his clothes, and then moved his elbow and whispered, "look, I'm really ok! Let's go up first. Sean's mood is changeable. Staying here will only stimulate him."

Sean Smith stopped the car and looked gloomy in the direction of the rearview mirror. Seeing the two men still pulling each other, a gloomy expression appeared on his face.

On Friday night, he heard Amber White calling his name in deep slumber, he thought she liked him very much,now it seemed that it was not like that!

She took the position of Mrs.Smith trying all ways, just wanting the power and status of the Smith family.

He ignored her for three years, finally, she really couldn't help it! Her original nature was exposed!

It's just that Amber White didn't have good taste in choosing men this time. Lu Yi was just a director of Smith Goup and not as good-looking as him. Could he afford what she wants?! Was Amber White blind?
!

He noticed that he actually compared Lu Yi with himself. Sean Smith's face was stiff and his expression was more unnatural.

Sean Smith's silence made Cindy White, who was sitting in the co-pilot position somewhat confused. After a while she stretched out the meaty hand and held Sean Smith's clothes and whispered, "Dad, are you jealous?"

Cindy White's words made Sean Smith's eyebrows frown. He sneered and replied without hesitation: "Are you kidding me, why should I be jealous?"

He only liked Manman in his life, and Manman was gentle, innocent, considerate, and would not be like Amber White messing up with men!

He was sick if he gave up such a good Manman, and went to envy for such a woman!

Sean Smith took a cool look at Cindy White, this little bastard still wanted to mislead him? !

no way!

Cindy White saw Sean Smith retorting, she then looked at Sean Smith with a puzzled look and whispered, "If you are not jealous, why did you just hit Dad Lu?"

Sean Smith stunned and glanced at Cindy White. The girl stared at him intently, and the black grape-like eyes seemed to be dotted with stars.

Her staring gave Sean Smith a feeling that he had to answer the question seriously.

The man licked his lips and pinched his fingers unconsciously, his eyes slightly removed from Cindy White's face with a guilty conscience.

"I am smoking! I didn't notice him!"

After answering, Sean Smith's mouth twitched again. Why did he answer Cindy White's question?

Why was he guilty?

It was Amber who messed up with others, not him!

The guilty person should be Amber White and Lu Yi.

Sean Smith felt a bit uncomfortable and always felt that Amber White and Cindy White were born to be make him unhappy!

No one could make him happy!

The man cursed lowly and just reached out to unlock the central locking on the car. Cindy White's soft voice sounded: "Since it's not careful, dad has to get off and apologize to Lu Dad."

Although Cindy White didn't know what smoking was, she subconsciously raised a well-behaved smile to Sean Smith. She looked lovely, but Sean Smith's eyebrows frowned.

Apologize to Lu Yi?

He would apologize to Lu Yi only if he was sick!

Lu Yi was going to coax his wife to bed, and he had no idea of being a cuckold. Why apologize!

Sean Smith was particularly angry and raised his voice against Cindy White: "Who told you to call her Lu Dad? Amber White?"

Lu Yi's interest in Amber White was showed on his face. Wasn't Amber White was very capable when she resisted him.

But when it was Lu Yi's turn, she was like a blind, or did Amber White deliberately let Cindy call him like this, just to mess up his good cousin?

The man cursed with a low voice and his face became slightly sharp.

The child's mind was sensitive, and Cindy White instinctively felt that Sean Smith was in a bad mood and subconsciously answered his question: "I call him like that myself."

Sean Smith's eyes fell on Cindy White's body. The little guy swallowed and said lowly: "Kindergarten children have mom and dad to pick up, but Cindy only has mom..."

She said when looked up at Sean Smith cautiously. After seeing the haze on the man's face, the sound following became smaller and smaller, and finally disappeared into the carriage.

Sean Smith was even more angry. He sneered and his tone became more and more harsh: "So you just recognize Dad casually? Um?"

Feeling the anger of Sean Smith, Cindy White recalled how Sean Smith punched his opponent in the picture hanging in the wall of Hai Wan Xiang Xie.

She licked her lips, and there was a trace of fear in her eyes. The tone of her voice also brought a little vibrato: "Does Dad disagree?"

Sean Smith took Cindy White's fears into his eyes. He pinched his eyebrows and controlled his emotions. The tone was as gentle as possible: "Your mother didn't teach you where you come from? A child only have one dad and one mom, do you know that?"

Cindy White shook her head in grievances.

Sean Smith didn't know, because he refused to recognize Cindy White, Amber White and Cindy were ridiculed always. Amber White felt that she owed Cindy, so she wouldn't stop Cindy from getting close to her friends.

It was just a name, Cindy would naturally change it when she grew up!

Moreover, when Cindy White called Lu Yi Lu's father, Lu Yi did not reject it, and Amber White also let it go!

Women would be gentle to children and hope her children can live a better life!

He only sneered and concluded that Amber White had an abnormal relationship with Lu Yi. His face was getting more and more gloomy. He pointed to Lu Yi who was holding by Amber White and said to Cindy White : "I and him, you can only choose one!"

Cindy White looked at Lu Yi and turned to look at Sean Smith with an obvious hesitation on her face.

This look was obviously comparing Lu Yi with him!

Sean Smith cursed in his heart!

Cindy White was really the daughter of Amber White. When they chose people, they were all blind!

Chapter 88: Choose Me Or Him?

0 5 minutes read

Was there necessary to compare Lu Yi and him?

On the influence, Lu Yi was not as good as him, on the financial resources, Lu Yi was not as good as him! On the background, Lu Yi was not as good as him, either! On the appearance, Lu Yi couldn't compare with him at all, and Sean really didn't understand that why would Amber White hesitate!

Fuck!

Amber White and Cindy had problems with their eyes. He would help them check their eyes sooner or later!

"You are going to choose Lu Yi? Um?"

Cindy bit her lip and said, "But Dad Lu had sent me to school, bought me snacks, and often sent me small gifts..."

She was wronged and she had tears in her eyes.

Sean sneered in his heart.

Cindy, such a small annoying child knew nothing!

Lu Yi was so good to her, wasn't he just wanting to be her stepfather?

While others wanted to trap Amber, the small annoying child was grateful. Sure enough, she was pretty like Amber White, they both looked very smart, in fact, they were both foolish!

"If you are well-behaved, I can occasionally take you to school!"

Cindy's eyes were bright, and Sean interrupted Cindy's pleasure: "Choose me or him?"

"Choose Daddy."

Cindy's voice was very low, but there was no one in the underground garage. The environment of the carriage was also a little bit depressing, but Sean still heard it.

His lips were picked up, and a glimpse of proud quickly disappeared!

Of course, Cindy did not find the strangeness of Sean. She held Sean's clothes tightly and her eyes were full of desire: "Daddy, will you really take the time to send me to school?"

Sean raised his hand and opened the seat belt for Cindy. The sorrow on his face disappeared, and the light fell on his face.

"You must first change the name of Lu Yi, then I will consider this matter."

After talking off the car, Sean opened the front passenger's door and took Cindy out in the underground parking lot.

He was very tall, Cindy looked up at his face and couldn't see his expression.

"Okay!"

Sean's eyebrows bent a little, but there was no smile on his face. He walked outside the garage with big paces. Cindy ran to catch up with Sean and stretched out to hold the man's big hand.

He looked down at Cindy.

In view of the fact that Cindy did not choose Lu Yi, the man who was coaxed by Cindy rarely had a good temper and did not get rid of her hand. Instead, he took Cindy into the Smith Group.

Although Sean had not been working in the Smith group for a long time, his influence was still very big. He acted decisively and was resolute and rigorous. He was rigorous and calm, so in just over a month, he had took a good development of the Smith group.

When he walked into the hall holding a child, people around were all surprised.

In the past three years, Sean's news of dating with different women was endless, plus the scandal of abusing his wife, so everyone did not associate Cindy with Amber. They only thought that she was an illegitimate daughter...

Sean took Cindy went straight to the president's special elevator. The things on the newspaper had always been raging and changing!

The man did not care about the people's strangeness, directly carrying Cindy to the top floor of the president's office, when the door opened, Sean saw that Gu Jinyan sitting in his position to play the phone!

The man twisted his eyebrows and did not speak. Gu Jinyan had heard the sound and turned over and looked over.

Seeing the little girl who was holding in the hands of Sean, Gu Jinyan did not hold back, and laughed again. "Sean, is Amber killed by you, so you have to take care the child on your own? Hahaha..."

Sean's eyebrows jumped, but before he talking, Cindy had already retorted: "My mother said dad didn't beat her! Uncle, don't talk nonsense!"

Gu Jinyan nodded and smiled. He walked over from behind the desk and reached out and touched Cindy's head and whispered, "Okay, your father is a good person, he did not hit your mother!"

He said and his eyes were moving in the direction of Sean, and although the expression on his face looked serious, the interests in the eyes became more apparent.

Sean stared at Gu Jinyan, whispered: "Fine! Say something important, why are you looking for me?"

Gu Jinyan's lips were curved, sitting down on the sofa, with one hand on the arm of the sofa, then he said with a faint tone, "Don't you let me investigate the identity of TINA? So I come here and tell you, I didn't find it out!"

This was his order when TINA said that she wanted to expose him.

Two years ago, TINA broke Manman's heart, which was not easy to fix, and let his life return to the days before Manman could be found. He had already hated TINA!

The first time he was unprepared, this time he specifically let Gu Jinyan pay attention to her, but he still could not find her out.

Sean looked at Gu Jinyan with some surprises. The latter spread his hands and said: "The IP address of TINA upload scandal is in a small Internet cafe. There are more people passing by, and I can not make sure who he is!"

Sean nodded. TINA had offended many people in the circle. It was reasonable that he was reluctant to reveal his true identity!

The man's tongue touched the corner of his lips and his eyes flashed.

Gu Jinyan glanced at him and smiled and asked: "Have you ever offended anyone?"

The sunlight behind the blinds was refracted from the cracks, and the men's dark black enamel was dotted with a tan through the men's thick and dense eyelashes.

The air stagnated with the words of Gu Jinyan.

The eyesight of Sean fell on his body, whose face was calm, but it made people afraid somehow.

Gu Jinyan: "..."

He cursed with a low voice and laughed out: "Yes, you are such a character, every day you are offending people, how can you remember that?"

Although Sean was dissatisfied, what he said was also a fact. But he can't find a way to refute him, so the man only calmly asked: "Have you searched Amber White?"

When he asked this, Gu Jinyan's surprised. He curved his lips and said, "What? Amber has been hit like this. Do you still suspect that she self directed this play?"

Sean snorted.

Gu Jinyan really looked down on Amber White!

She was like a little strong cockroach who can't die!

How serious was the stampede event, if a usual woman was in that event, she must have been weak in the bed, but Amber can even seduce men!

He reached out and took off his thin suit jacket and hung it on the hanger behind the office door. His voice was low: "She had done it before, right?"

Chapter 89 Help me to call sister-in-law

0 4 minutes read

Originally, Cindy had no any interests to the words of Sean and Gu Jinyan, but later, when Sean mentioned Amber, she again tilted her head and listened again.

After few seconds, the little girl then said with an unhappy tone:“daddy, my mommy is not a bad person.” Cindy said so seriously.

But Sean then sneered. How could a three-year-old kid tell bad and good! If Amber wasn't bad, how could she use the bone marrow thing to blackmail his mother and drove away Manman so that she got to be Mrs Smith? In public, she's so good at pretending, besides, Cindy was her daughter, she couldn't tell the little one the thing she had done before?

Sean didn't want to argue with the little one, after all, he hadn't found out who Tina was, and Gu Jinyan was also not sure if the person was indeed Amber, at this moment, Sean felt a bit stuffy in the heart, he then took a look at Gu Jinyan and stopped the subject! Since he got up in the early morning, nothing went right with him, even Gu Jinyan now seemed to be a bit annoying!

“Anything else? If not, just go back to your company!”

“...” Gu Jinyan suddenly became speechless, he had never seen a person who could change his looks so fast! Sean was so inhuman! He just sat there and sipped his lips. There's a sense of hesitation flashing out from his eyes.

“Sean, where's Amber? How is she? I just saw the news of her getting hurt, is she okay?”

Hearing this, Sean then asked with an unpredictable look:“Gu, seems it's none of your business!” he frowned there with cold sight.

Sean knew Gu Jinyan so well, though he asked about Amber now, it didn't mean he had a crush on her, nevertheless, Sean still felt a bit uncomfortable.

Gu Jinyan touched his face and said with a smile:“can you make a phone call to my sister-in-law? I need to ask her about something!”

Sean was picking up a document from the desk, hearing words of 'sister-in-law', his face suddenly got darker.

“Fuck! Gu, what's wrong with your brain? Call her sister-in-law? So gross!”

“No, if you need to call her, you do it yourself!”

The air-conditioner inside was still on, there's fog covering over Sean's face.

Gu Jinyan felt a bit unsatisfied, he then said:“you two are a real couple, if I don't call Amber sister-in-law, are you expecting me to call Tang Tian this? Sean, you seem to be a bit overreacted, couldn't you..”

Hearing this, Sean raised his feet to kick Gu Jinyan, Gu Jinyan just sat there and suddenly jumped up from sofa flexibly.

Sean then took a look at Gu Jinyan with anger:“what thing you want to ask her? You cannot hear truth from that woman's mouth!”

“Daddy! Mommy never lies!” Cindy suddenly said, she looked up at Sean with a serious look.

Sean again sneered.

Never told lies? How come he didn't remember they had sex before? Why she insisted the little bastard was his daughter? At the thought of this, there's some mocking senses in Sean's smiles, he then looked at Gu Jinyan with cold sight.

Sean didn't answer the little one, Cindy just sat on the sofa with a pouting look, then she took out one fairy tale book to read.

Gu Jinyan then added: "I have been calling Lu Xiangxiang these two days, but sadly I couldn't get in touch with her, so I want to ask Amber if she know anything about Xiangxiang."

Hearing this, Sean then took a glance at Gu Jinyan. He suddenly bursted into a big laughter and asked: "Gu, are you haveing a crush on Lu Xiangxiang?"

Gu Jinyan instantly stunned there and retreated one step: "are you kidding me? We two are only good friends."

"Sean, can you do me this favor? Just ask Amber one simple question, don't be so mean!"

Sean felt angry the minute when he heard Amber's name. Had it not been for Gu Jinyan, he wouldn't have turned around and seen Amber and Lu Yi being so close together! They even attached together when they parted!

How could she tell him there's nothing between they two! He's not that blind!

Sean cold humed a voice, he suddenly remembered that the department of public relations was next door to the marketing department, since the big news had already come out, Amber now had more reasons to be with Lu Yi. If she really went to PR department and attached close with Lu Yi, he would be so shameless!

At the thought of this, Sean felt more furious, he then pinched the document in his hand with a strong force, the tidy fold instantly got a layer of drapes! After few seconds, he seemed to think through something and walked behind the desk with strides, then he picked up the phone to dail the number of marketing department.

After two beepings, someone answered the phone. The female voice was so soft: "hello, marketing department of Smith company."

Though Sean didn't like Amber, he's so sensitive to her voice, he could immediately tell if the person was her as long as the person spoke.

He then asked in a cold tone: "where's Amber? Let her answer the phone!"

It's Shen who picked up the phone, she knew the call was from President, so her body got instantly stiff there, she then said in a slow voice: "President, director White went to PR department, she needs to discuss the abusing news with director Lu..."

Hearing this, Sean hurriedly hung up the phone! It's also what he expected! But he actually did thought she would hold some dignity! Sean now felt he was a total fool! Though he had already thought Amber would went to PR, he still wanted to confirm!

Once there were scandals, PR department would surely make the clarification, as a director of marketing department, what was she doing there in PR? Was she really taken him as a bastard who liked to wear green hats?

At this moment, Sean looked so bad on the face.

Gu Jinyan and Cindy were all dazed there, they had no idea why he suddenly hung up the phone!

Gu Jinyan took a glance at Sean and asked him in a low voice: "well? How did Amber say?"

Shit!

He hadn't even talked with Amber, how could he ask her about Lu Xiangxiang!

Sean walked out from the desk with a gloomy face, he then sipped his lips and said in a cold tone: "go, let's go find Amber!"

Chapter 90: Gu's time was precious

0 4 minutes read

After the two people walked few steps, Cindy then got up from sofa and ran besides Sean, she held Sean's sleeve and said: "daddy, I also want to look for mommy."

Sean was thinking how to punish Amber, but the pleasure sense in his eyebrow suddenly dissipated because of Cindy. He reached his hands to hold still Cindy's tilting body, his look turned to be so gloomy all of a sudden, he then said to the little one in a rigid tone:

"we need to talk something with your mommy, what are you doing? Go read your book!"

Hearing this, the lights in Cindy's eyes instantly went out, though there's tints of unwillingness on her face, she still turned back to the office.

Seeing this, Gu Jinyan secretly laughed there. Sean ignored Gu Jinyan and went directly to the PR department.

Since the news about Sean was sent out in the morning, the stock of Smith had been shrinking continuously. Lu Yi was also absent at the beginning, so everyone all went into panic.

After Amber and Lu Yi went back to the company, they immediately called up a meeting! People of PR department all sat in the meeting room to discuss solutions. There's only one person standing at the door of meeting room, seeing Sean here, the man dared not to stop. After all, everyone in the company knew Sean. So Sean pushed open the door smoothly!

Suddenly, the person who was talking paused there. Everyone at present all looked at the gateway.

Sean looked around the meeting room, after seeing Lu Yi and Amber sitting together with gaps between, the gloomy look on Sean finally softened a bit. He paused there, after sensing his behavior, his body again went stiff, it was more like that he caught his wife cheating on him.

Shit!

Sean felt that it's more because of the news in the morning that caused him being like this! Besides, he's now at the company, he only worried that Amber couldn't control herself well to humiliate him! So his behavior was normal!

At the thought of this, Sean felt much better, he just stayed silent there, people at present all went in a daze. Finally Lu Yi spoke.

"President Smith, why are you here?"

Sean just sneered, he didn't answer Lu Yi's questions, instead he talked to Amber: "Amber White, come out for seconds!"

There were so many people at present, if Amber said no, everyone would assume the news to be true, then it would be more difficult to make the clarification.

Amber then stood up and walked towards Sean.

After they walked out of meeting room, Amber held her chest with two arms while looked at Sean: "what's wrong?"

Sean didn't say a word, instead he pulled Amber's arm to walk outside of PR department. Amber got hurt in the arms, in order to attend the meeting here, she only wore a thin coat to cover the wounds. As Sean touched on her wounds by strong forces, Amber felt so in pain!

"Sean Smith, what are you doing? You hurt me! Let me go!"

Sean stopped there for seconds, the look on his face turned to be complicated and confusing.

Hum! He only touched her, now she said she felt hurtful, why didn't she say this to Lu Yi? He did see her throwing herself at Lu Yi when she got off the car.

Sean bit his teeth, since this woman liked Lu Yi so much, why the hell was she messing up with him and Manman? She only needed to tell him her feelings, then he would surely let her chasing after Lu Yi!

Now she's Mrs Smith, so she should behave herself!

How could a woman like her who changed her feelings so fast be called good one? At this moment, all of Sean's emotions were hidden in the corner of his mouth. He suddenly loosed his hands, as he walked with fast speed at first, Amber kind fell down on the ground! She held still her body and looked at Sean: "President Smith, if you don't have things to tell me, I need to go back to PR department now!"

"Of course I have things to tell you." Sean took a look at Amber with a spurious smile, she then said in a mocking tone: "to you, only the thing that involves director Lu can be serious thing?" Amber's eyelashes trembled, she took so much pressure to deal with this scandal only for his sake, how could he assume there's something between her and Lu Yi?

Sean Smith was so unreasonable! Amber sneered: "President Smith, no matter what you are planning to tell me, can we talk about this tomorrow? The priority now is to deal with the scandal and recover those unnecessary losses." Amber then turned around, but at the next second, Sean again pulled her arm and said with so cold sight:

“director White, don’t take yourself so seriously, things still can go back on it’s normal way even without you.” “the PR will surely deal with this, but...Gu Jinyan has been looking all over for you! Who are you? How could you trouble him to wait you for a meeting that still can go on even without you?”

“...”

Gu Jinyan was walking over after answering the phone call. Hearing this, he became speechless. “...”

Sean tried so hard to help him, somehow he didn’t know how to ask Amber some private questions! Besides, Sean’s words sounded more like a sarcasm!

Amber took a look at Gu Jinyan, she knew this person so well, on the one hand, he’s Sean’s good friend, on the other hand, he’s in good relations with Lu Xiangxiang!

Well! Amber suddenly remembered that Gu Jinyan once bought men’s underwear for Lu Xiangxiang, she couldn’t understand what’s really between them! But considering the temperament of Lu Xiangxiang, maybe he did have some unusual bromes.

Gu Jinyan now looked for her? What for? There’s tints of doubts flashing out of her eyes. “President Gu, are you looking for me?”

Gu Jinyan nodded and took few looks at the gate of PR department, he then said in a low voice: “sister-in-law, here is not the right place to talk, let’s go to Sean’s office, okay?”

PR department was next to marketing department, as their identity were special, there were always passersby staring at them.

After few seconds hesitation, Amber looked back at the meeting room, she then nodded!
