

Chapter 5123

At this time, this freighter with less than 10,000 tons is sailing at full speed on the sea.

The noise and ups and downs of the ship's sailing made them completely unaware that on their left side,

Above the sea, a black shadow was rushing towards them quickly.

And this black shadow is Charlie.

Because of the aura, at this moment, under his feet,

It was like stepping on two invisible air cushions,

And the soles of his feet were about ten centimeters away from the water surface.

Every time he stepped on the waves, there would be a splash of water under his feet.

If it was in the daytime, not only would it be very eye-catching,

But once it was seen by others, their jaws might drop in shock.

However, the sea surface was pitch black at this time, and he was dressed in black,

Making him look like a ghost. Even enemies with a keen sense of smell didn't notice anything unusual.

As the distance from the ship got closer,

Charlie could even see a few sentries with live ammunition standing on the deck and the fence of the bridge.

Like most freighters, although the tonnage of this freighter is not very large,

The structure is also that the cargo warehouse is at the front and middle of the ship, and the entire bridge is at the stern.

The bridge building is the superstructure of the freighter,

Where the wheelhouse that controls the operation of the ship and the living areas of the crew are all concentrated.

At this time, there were six sentinels on board, two of them were at the bow,

Two were on both sides of the ship in the middle, and two were on the outer platform of the highest level of the bridge.

Since there were no other ships visible to the naked eye in the nearby waters,

These sentries were somewhat relaxed, but they just stood routinely,

And the two at the stern even got together and smoked.

Charlie thought about it and chose to board the ship at the stern.

Although most of the other party's personnel were concentrated here,

The environment here was the noisiest because the engines and propellers of the entire ship were also at the stern.

Even if the opponent has martial arts masters, he is not afraid that the opponent will notice it.

The two sentinels smoking at the stern did not notice that the black shadow approached the hull under their noses,

Jumped up from the sea, and climbed directly to the left side of the bridge.

After Charlie searched with spiritual energy,

He found that there were fifteen people in the entire four-story bridge building.

In addition to the two sentinels on the top floor, there are three other people in the cockpit.

Of the remaining ten people, eight are on the third floor and two are on the second floor.

In addition, there were four other people in the engine room below the bridge.

Charlie speculated that the three people in the cockpit and the four people in the engine room,

Should all be staff responsible for the operation of the ship.

The captain may be one of the three people in the cockpit,

But the highest commander on this ship must be not listed here.

As for the real commander, it should be among the ten people on the second and third floors.

Therefore, he concentrated his aura on the second and third floors,

And conducted a more detailed investigation on these ten people.

It didn't matter, he immediately found that the eight people on the second floor,

Were distributed in four small rooms, and one room for two felt like a crew dormitory.

The room where the two people lived on the third floor was much larger,

And the area of one room was equivalent to three crew quarters.

What Charlie didn't expect was that the two people on the third floor were clinging to each other at this moment,

Doing intense movements profusely sweating.

Charlie thought to himself: "Take a boat on a mission, and you can still do things on the boat."

"I think the supreme commander of this boat must be one of them!"

So he jumped in from the railing on the third floor and sneaked into the room.

The three-story rest area in the bridge building.

The area inside the bridge building is very large.

On the third floor, besides the large room where two people are having a good time,

There is also a large meeting room, a dining room, and a bathroom.

Charlie skipped these few empty rooms, and when he came to the door of the innermost room,

The two people inside had just finished fighting.

At this time, he heard a rustle of clothes being put on inside,

And then he heard a man smile and say: "Wait for me, I'll go to the cockpit to take a look."

The other person didn't speak but heard the crooked kissing sound of the two,

And then there was a sound of footsteps approaching the door from far to near.

Charlie held the Soul Piercing Blade in the palm of his right hand and waited for it.

The moment the door opened inward, he saw a middle-aged man flashing out from the door.

Before the other party could react, Charlie rushed in at an extremely fast speed.

Strangled the opponent's neck with his left hand, and then closed the door with his foot.

The opponent's strength is already at the Great Perfection of the Ming Realm,

And seeing Charlie subdue him in an instant, he subconsciously wants to attack with both hands.

However, before he could react, Charlie directly sealed the consciousness of the man in front of him with a trace of aura,

Making him unable to control his body at all,

Before the man figured out what happened, his consciousness was completely imprisoned,

His body stood still, and he couldn't even move his eyelids.

After this person is settled, Charlie intends to do the same,

And then control the woman inside, and then come to interrogate him.

At this time, because there was a nearly two-meter-long corridor inside the door of the room,

The woman in the room didn't know what happened.

But when Charlie stepped into the room, he suddenly found that the person sitting by the bed,

And arranging his clothes at this time turned out to be an old man in his fifties or sixties!

Seeing a man in black break into the room, the old man was startled,

And he reached out to grab the pistol by the bedside!

What Charlie didn't expect was that the old man's movements were extremely fast,

And he held the pistol in his right hand in an instant.

However, although his speed is fast, it is far from Charlie's!
