

When His Eyes Opened

Chapter 2414

Chapter 2414

After a few minutes, the expression on Avery's face became stunned and incredible.

She immediately found Jesse's number and dialed it.

"Ms. Tate, do you have anything to do with me?" Jesse received her call, a little surprised, "Have you eaten yet?"

"Mr. Caldwell, I just read your plan, you said you want to hire a spokesperson, I don't think it's a problem to have a spokesperson. The question is, why do you have to hire Eric? Don't you know he knows me? If we ask him, he won't ask for money."

A few years ago, the Tate Industries was a crisis when Eric chose to come back in order to help her and support the products of the Tate Industries.

He not only wrote a song for Tate Industries's drones, but also posted a product video on Facebook.

Later, the Tate Industries and Eric also signed an endorsement contract, but Eric refused to accept the money at that time.

Avery knew his commercial value, so it was impossible to always take advantage of him.

“Ms. Tate, I know you know Eric. I also know that the two of you have a good relationship. But as far as the matter is concerned,

Eric’s current popularity and influence are beyond the reach of other idol stars. If we can ask Eric to help, our sales data will

definitely double. Maybe more than that.” Jesse looked at this from a business perspective.

Avery understood what Jesse meant, but she still couldn’t get over that hurdle in her heart.

“The influence of our products in the industry is equivalent to Eric’s influence in the entertainment industry. If you don’t ask Eric to

be the spokesperson, who will you ask?” Jesse asked Avery.

Avery couldn’t help laughing and crying: “Mr. Caldwell, you don’t have to promote our products like this. It’s not good to be arrogant.”

Jesse: “I’m telling the truth. Ms. Tate, if you are embarrassed to talk to Eric, then leave this to me.”

“Mr. Caldwell, is there any difference between you and me? Eric doesn’t know that I have returned to work in the Tate Industries.

Isn't this embarrassing for me?" Avery's temples ached...

"If it's just because Eric refuses to accept the money, then I can ask him to accept the money. As long as he accepts the money, it's fine, right?" Jesse didn't want to give up his plan, "I definitely have a way to convince him."

Avery rubbed her brows and said, "please let me think about it again! If you really want to do this, you don't need to come forward. I already knew him. If I asked you to talk, it would seem that I am guilty."

"Ms. Tate, you don't need to think too much. If you are very entangled, you can show my plan to your husband. Listen to his opinion. I believe he will make the right choice." Jesse is very interested in his plan. If he is confident, it can also be said that he has confidence in Elliot.

As a successful businessman, Elliot would definitely not mix personal feelings when dealing with official affairs.

In particular, doing this was beneficial to the company, so Elliot would never look forward and backward like Avery.

"Okay, I'll ask him later." Avery decided to see what Elliot had to say.

Jesse: "Say hello and tell me."

Avery: "Yeah."

"But if it's too late, then you can tell me tomorrow. I'm afraid your husband will misunderstand." Jesse continued.

Avery couldn't help laughing: "Mr. Caldwell, don't worry, my husband won't misunderstand us."

"Why?" Jesse said honestly, "Because I'm ugly?"

Avery laughed out loud.

"Hey, I'm going to eat first. You can find me anytime if you have something to do. I'll be here before 12 p.m."

Jesse said.
