Chapter 2419

If she brought potatoes home, mother-in-law would definitely be very happy.

After a while, the children's screams stopped.

The teachers of each class started to dig potatoes with the children in their class.

Each class was divided into corresponding land, Siena felt that those frightened children should not be frightened by her anymore.

So she dug up the potatoes with peace of mind.

After a while, someone kicked her behind her: "You are ugly! You are a little monster!"

A little boy waved the plastic shovel in his hand and laughed at Siena.

The little boy: "They're afraid of you, but I'm not afraid of you! You ugly, hurry up and leave our kindergarten!"

Siena grabbed the soil in the ground with both hands and roared angrily: "I'm not a monster!"

"You are a monster... You are a monster... You are scarier than a monster!" the little boy shouted, reaching out and pushing Siena to the ground.

Siena was extremely aggrieved, and crystal clear tears flashed in her eyes.

She fought back tears and reminded herself not to cry. At the same time, the small anger in her body also exploded in an instant, and she immediately got up and pushed the little boy.

“What are you two doing?! No fighting!” The teacher saw this scene and immediately came over to stop it.

After an hour.

The mother-in-law went to the kindergarten to pick up Siena and was called aside by the teacher.

“Siena scratched a little boy’s face.” The teacher explained the situation to her mother-in-law, “The parents of that little boy came and said they wanted Siena to apologize, and they were clamoring for us to fire Siena’s grandma, or else go and talk to the other party’s parents!”

The mother-in-law gave Siena a look.

Siena’s eyes were red, and there were tears in them. She lowered her eyes and dared not look at people.

Fortunately, there were no scratches on her face, otherwise her mother-in-law would definitely explode.

The mother-in-law led Siena towards the little boy and his parents.

“Siena will never take the initiative to hit someone. It must be your son who took the initiative to hit Siena, so Siena will fight back.” The mother-in-law was full of breath.

“Mother-in-law, he called me ugly, and he called me a little monster. He’s rude.” Siena endured all the grievances at this time,

“He even kicked me. The first time he kicked me, I didn’t move. He later pushed me with his hands and pushed me down. I was so angry that I fought back.”

A crisp and clear voice landed in the kindergarten hall. Parents who came to pick up their children and children who have not left heard it clearly.

“Even if my son scolds your granddaughter, your granddaughter can’t catch people with her nails! My son is bleeding! If there are scars on his face, wouldn’t he be disfigured?” The woman was aggressive, “Your granddaughter looks like this. It’s scary, can’t you send it to a disabled school like this? You have to send it to a normal kindergarten to scare the children, what do you feel at ease?”

Mother-in-law: “My granddaughter is fine, where is the disability? I think it’s your disability, your eyes blind!”

“You old woman, how dare you scold my wife! Look how I teach you!” The woman’s husband became angry and planned to seek justice for his wife and children.

“You can’t fight here! I saw that this boy beat Siena first! Siena grabbed his face because he grabbed Siena’s hair first! He ripped her hair loose! He’s a badass! Siena is a good girl!” A little girl shouted bravely, “If you guys fight, I’ll call the police uncle!”
