Chapter 2437

“This is on the outside. If you go to the company, just take off the down jacket directly.” Avery gave his down jacket on and took a

pair of leather gloves from his pocket.

Elliot was stunned. He didn't even remember having such a thing.

“I found it in the cloakroom. You should have bought it before.” Avery said, and forced him to put on leather gloves.

While Avery was putting on Elliot's down jacket and gloves, Mrs. Cooper took out a pair of men's large leather boots.

Mrs. Cooper didn't know when Elliot bought these big leather boots, but it was certain that Elliot had never worn them. Because

this pair of shoes had absolutely no signs of use.

“Put them on.” Avery took the boots from Mrs. Cooper and put them at Elliot's feet.

“I'm short of a hat now, let alone minus ten degrees, even if I go to a place where it is minus twenty degrees, it's fine.” Elliot

crouched down and joked while changing his shoes.

Avery put his down jacket hat on his head: “Isn’t this a hat? If you are cold later, put the hat on.”

After sending the father and daughter away, Avery went back indoors.

At that time, Gwen called.

“Avery, we have already left for the hotel, have you got up yet?”

“I changed my clothes and I am going out.” Avery said, “Where are Tammy and the others?”

“I haven’t called Sister Tammy! Because my house is relatively close to the hotel, so it’s too late to call her when we arrive.”

“Well. Let’s meet again.” After Avery hung up the phone, she immediately went back to her room to change her clothes.

Sterling Group.

Hayes lost sleep last night and came to the company very early today.

He received news from Elliot that Elliot would not come to the company this morning, and asked him to find the vice president.

Hayes didn’t need to be so tense this morning when his boss was not there.

He was struggling last night whether to tell Norah about Gloria.

If he tells to Norah, then he and Norah will be separated. In the future, he can work hard and no longer have to worry about Norah coming to him suddenly.

Reason asked him to do this, but his emotional side made him seize this opportunity, because he could use this to threaten

Gloria. What if Gloria was threatened and hooked?

Gloria's simple face made him want to conquer.

However, Hayes had not made a decision yet.

But he knew very well that his hesitation had already explained the problem.

At noon, he sent a message to Gloria: [Assistant Wiens, are you free tonight? There is something I want to talk to you about.]

Gloria was eating, and when she saw his message, she immediately replied: [Is there anything we need to talk to?]

Gloria's reply made Hayes very angry.

This woman looked innocent and quiet, but she was actually cold-blooded and ruthless.

After thinking for a moment, Hayes dialed Gloria's number.

"Assistant Wiens, someone is looking for you."

Hayes's voice was very low, his voice was gloomy, and it seemed to be a different person from last night.

When Gloria heard his voice, her body instantly became cold.
