Chapter 244I

Tammy: “Drinked it! It’s just a long time ago, and I can’t remember the taste now.”

Gwen: “Ben bought a lot of pigeons. You can go to our house to get them later.”

“Your husband bought it for you, what am I going to get.” Tammy couldn’t help laughing.

“It’s all right, Tammy, you go get it. I’ll buy it again when I don’t have it.” Ben said casually, “Pigeon soup is beautiful.”

Tammy: “But my skin is very good! Since I got rid of the bad habit of staying up late, my skin is getting better and better.”

“Then make up for it!” Ben also felt that there were too many pigeons at home, and with Gwen’s food intake, he didn’t know that she would eat until the Year.

“Won’t you buy less at one time?” Tammy decided to help them.

“Isn’t that for menstruation? Wouldn’t it be bad for Jun to drink too much?” Gwen asked.

“Pfft! Gwen, does pigeon soup regulate menstruation?” Tammy was a little surprised.

“Otherwise, why did Ben buy so many pigeons? I don’t like taking medicine, so he would give me food supplements.” Gwen felt a hint of sweetness in her heart when she said this.

“Where does food tonic have such a big effect? Men are fine if they drink it. I also drink it in the morning.” Ben said calmly.

At this moment, Shea asked in concern, “What’s wrong with you, Gwen?”

“Shea, my period is irregular. It’s been delayed for many days this month.” Gwen said with a smile, “After my wedding, I will go to the hospital to check. Don’t worry.”

“Oh...is it possible that you are pregnant?” Shea said lightly, “If you are pregnant, you will stop menstruating.”

Gwen: “....”

Ben paused while eating, and turned his head to stare at Gwen’s face.

Tammy and Avery also watched Gwen.

“What are you all looking at me doing...I don’t know what’s going on with me...” Gwen’s cheeks burned, she picked up the champagne glass in a panic, and wanted to drink a drink to suppress her shock.

Ben immediately took the wine glass from her hand.

“Are you two not using contraception?” Avery asked.

Gwen was still in the process of petrification, and Ben shook his head.

“Oh, if you don’t use contraception, it is indeed possible to get pregnant.” Avery smiled, “Gwen, you’ll have dinner later, and go to the hospital for a checkup!”

Ben jumped and stood up from his chair.

Ben: “Go to check now!”

“Gwen hasn’t eaten yet!” Avery reminded, “Don’t be so anxious, you’re really about to get pregnant, and if the child is in Gwen’s belly, so she can’t run away.”

“Oh... Oh, eat first.” Ben sat down, picked up his chopsticks, and served Gwen with food.

Gwen was not hungry in the first place, but now that she had this guess, she couldn’t eat anymore.

“I can’t eat, I can’t eat anything. Ben, let’s go to the hospital to see!” Gwen stood up, finished talking to Ben, and looked at the

others, “You guys can eat, don’t worry about us. I’ll tell the result after test reports come out.”

Just like that, Gwen pulled Ben away from the table.

Gwen was wearing high-heeled shoes, and within two steps of walking out, Ben immediately beat her up and picked her up

because he was worried about her falling.

“I really envy the sweet love between the two of them now. After I married Jun, it was never so sweet.”

Tammy sighed, “Although the age difference between the two of them is a bit big, Ben is really obedient to Gwen.”
