

# When His Eyes Opened

Chapter 2459

Chapter 2459

Elliot put his head on her side and wanted to listen with her.

“Do you know how I got into Sterling Group? Elliot decided to use me after only meeting me...”

Hayes’s voice came from the phone.

Avery was shocked and handed the phone to Elliot. “It seems to be Hayes’s voice, listen carefully.”

Elliot also heard Hayes’s voice.

He turned up the volume on his phone –

“Is it because your resume is particularly good? Or do you have other skills?” Gloria’s voice came.

Elliot looked at Avery: “Isn’t this Gloria’s voice? Your assistant is with my assistant?”

Avery took the mobile phone, pulled Elliot and left the audience.

The two of them came out of the venue, found a quiet corner, and turned on the audio again.

Hearing this, Elliot and Avery’s faces changed.

Unexpectedly, Hayes actually met Norah! And Hayes was able to enter the interview because of Norah’s help!

Eventually he

became Elliot’s assistant.

Elliot clenched his fists tightly, his face ashen.

He sent someone to follow Norah, and the person sent out said that Norah stayed in the apartment every day, staying at home.

Unexpectedly, this did not prevent Norah from playing tricks in secret.

“Listening to Hayes’s tone, it seems like she’s drunk.”

Avery put away her phone after the audio was played,

“Hayes works in the

company during the day, this should have happened at night. Hayes and Gloria.... ..the two of them are

together... No, since

Gloria sent me this audio, she should want to expose

Hayes. It means that she doesn’t like Hayes. Since she doesn’t like Hayes,

why is she talking to Hayes again? It’s strange.”

“You call Gloria to ask what’s going on.” Elliot had

already taken out his mobile phone, planning to let the people who followed

Norah block Norah’s door and prevent Norah from leaving the apartment.

Besides Norah, Elliot also had to deal with Hayes.

Avery found Gloria’s number and dialed it.

Avery: “I can’t get through. I messaged her yesterday and she didn’t reply.”

“Is the account that sent you the email hers?” Elliot continued to ask.

Avery opened the mailbox again and glanced at the sender.

“This is not Gloria’s email account.” Avery replied, “But I have a hunch that this email must have been sent to me by Gloria. If

Hayes knew that there was this recording, he would never let this recording spread. “

“Yeah. I’ll talk to Hayes.” Elliot couldn’t wait to go to Hayes to ask what Norah wanted to use him for. If he asked Norah directly, Norah might not tell the truth.

“Are you going now? Actually, you can find him tomorrow.” Avery saw that it was late today, but he also understood Elliot’s desire to solve his doubts immediately.
