Chapter 2469

The fourth brother always listened to the words of the second brother.

So after the second brother finished speaking, the fourth brother nodded: “I think what the second brother said makes sense.

Instead of sitting still and waiting for death, it is better to take the initiative. Elliot must have suspected us.

This is our territory.

Let’s join forces and deal with it. Elliot and his bodyguards, isn’t that as simple as trampling a few ants to death?”

“I think back then, it was easy for us to deal with the Jobin family?” the fourth brother added.

At the beginning, they had set up an inside line in the Jobin family in advance, so they were able to break through the Jobin family’s security team so successfully.

“That’s because we are dealing with Rebecca, not Kyrie.” Nick squinted his eagle eyes, and breathed out a smoke ring, “Elliot is not Rebecca, even if we really kill Elliot easily, thinking that we can sit back and relax like after killing Rebecca! Your thinking is

so naive!”

“Are you afraid that Elliot’s men will come to seek revenge from us? Yonroeville and Aryadelle are so far apart, how many people from Elliot come, we will deal with them! We have an innate geographical advantage, what are we afraid of?”

The second brother

said disdainfully, “If we don’t take the initiative to attack, are we going to wait for Elliot to trouble us?”

Who the hell knows that

Rebecca’s child is actually Avery’s...”

They decided to join forces because Elliot ignored Rebecca and had no feelings for Haze, so they thought that even if they killed

Haze, Elliot would not have any reaction.

On the contrary, it solved a burden for Elliot.

As a result, after they wiped out the Jobin family, Elliot and Avery came to Yonroeville to look for Haze, saying that Haze was their child.

So they naturally couldn’t let Elliot and Avery know that they were responsible for the murder of the Jobin family.

But after all, paper can’t contain fire. Elliot is now determined to find out about this matter, and the answer will come out soon.

“Don’t be so anxious beforehand, he hasn’t found us yet!” Third brother, Nick shook the cigarette ash into the ashtray, and said calmly, “Wait for him to contact us first!”

.....

Aryadelle.

Ever since Elliot left, Avery’s heart flew away with him.

Now that Mike and Hayden were back, Layla and Robert were not clinging to her anymore.

Elliot had been away for two days, and Avery hadn’t had a good night’s sleep in the past two days.

She couldn’t sleep during lunch break, and she couldn’t sleep at night. Because of poor rest, her spirit was not very good.

When people were in a bad mood, they were prone to cranky thoughts and anxiety.

After eating lunch at noon, she went back to her room, found her phone, and wanted to call Elliot.

In fact, she sent a message to Elliot in the morning.

Elliot said that he was a little tired today and would go to bed early.

Avery opened the phone’s address book, and after looking through it, she found Nick’s number.

After hesitating for a moment, she finally dialed Nick’s number.

It was late at night in Yonroeville now.

Avery knew it was not good to call Nick at this point, but Avery couldn't control her worry.

Mike had been instilling in her ears that the murderer might be around for the past two days, causing her to wonder whether the murderer might be them.

After calling the phone for a while, Nick answered the phone.

“Third Brother, did I disturb your sleep?” Avery apologized after the call was connected.
