Chapter 2475

“Who takes care of whom!” Mike teased, “How is your investigation going? Have you got any evidence?”

“I got Gloria’s cell phone. I also replaced her phone card.” Elliot said what he had done in the past few days,

“It’s a pity that I didn’t find any clues about Haze. Gloria was calm and cautious beyond her age. “

“What was this woman thinking? She bought other people’s children and didn’t return them. It was said that she was not the kind of person who would abuse children. Raising children is very expensive. Didn’t she find it burdensome?”

“There are Children who are rich and those who are poor. Poor people can raise children, as long as they don’t starve to death.

Children can also be fed.” After Elliot knew that Haze was bought by Gloria, his worries about Haze were not as deep and painful as before.

Based on his current understanding of Gloria, Gloria should not treat children harshly.

“Gloria was studying at university in Aryadelle. I suspected that Haze had also been taken to Aryadelle by her. In fact, Haze had always been under our noses, but I didn’t notice her.” Elliot revealed his guess.

“Didn’t you spend a lot of money to find a world-renowned detective? Such a powerful detective, but failed to find that Haze is right under your nose?” Mike sneered, “It’s okay to spend so much money without any splash.” Ah!”

“Mr. Mike, please stop mocking my boss. My boss spent money and time to find Haze, don’t mention how uncomfortable I am.”

The bodyguard said distressedly.

“I know! Haze is lost, and I feel bad too! So I saw that he was cheated of so much money by some world-renowned detective, so

I reminded him to stop in time and find Haze in another way.” Mike said.

“I not only found detectives to find Haze.” Elliot said, “I found a lot of detectives to find Haze. I also posted Haze’s photos to the Sky Eye system all over the country...”

“It’s really difficult to find a child as big as a palm.”

The bodyguard spoke for the boss, “Not all children are registered in the

national personnel system. Gloria is from Yonroeville, and maybe the household registration for Haze is in Yonroeville! This kind of floating population is hard to find.”

“Don’t justify yourself. Avery didn’t blame him, and I blamed him. He won’t lose a piece of meat. If you can’t find Haze, look for her slowly!” Mike said, “Maybe she will show up by herself one day.”

“Haze doesn’t know her true identity, how could she show up by herself?” the bodyguard said.

“She is about Elliot’s daughter. Everyone in Yonroeville knows that Gloria can hide her? Surely Gloria didn’t take care of her herself? Can the person who takes care of her bear it? I don’t believe it.”

“Oh, okay! Now that Gloria is dead, I don’t know how Haze is doing. Today’s New Year, I don’t know if Haze is eating well.” The bodyguard suddenly became emotional.

After these words came out, the expressions of Elliot, Mike and Hayden all froze.

The atmosphere in the carriage was very strange.

After arriving at the hotel, Elliot put the luggage back in the room first, and then took Mike and Hayden to have a big meal.

The dinner was warm and good.

Although he knew that Hayden's face was so good when he came here this time, it was because of Avery's phone call, but it still made Elliot dazed.

It seemed that the relationship between the father and son had completely reconciled.

"I asked your mother what you like to eat. The restaurant cooked the dishes according to your mother's instructions." Elliot

explained after Hayden put down the bowls and chopsticks, "Eat more."

"I'm sleepy, I'm going to bed." Hayden could feel his enthusiasm and care.

It was this kind of cautiousness that made Hayden a little uncomfortable.

"Okay. Sleep well and eat." Elliot put down the bowl and chopsticks, planning to send his son back to his room.

If it was normal, Hayden would definitely refuse him to send it.

But today, Hayden didn't refuse.

Mike watched the father and son leave the restaurant with straight eyes.

When have father and son been so harmonious?
