Chapter 2483

After the two of them left, the atmosphere in the dining room suddenly relaxed a lot.

Elliot took the serving chopsticks to pick up food for Hayden.

“Eat vegetables.”

“I don’t want you to pick them up.” Hayden didn’t want to be treated as a child.

“Okay, then pick it up yourself. Eat more.” After Elliot ordered, he looked at Nick, “Do you have anything to say?”

“I really don’t know where Haze is.” Nick shrugged, “It was the second brother who was looking for Kai Wiens. The second brother intends to control Gloria and tell her not to talk nonsense, who knows that she will not want to commit suicide.”

Elliot frowned and did not answer.

When the dinner was about to end, a thought flashed through Elliot’s mind: “I want to visit Jobin’s house. Is anyone there?”

“At this point, there must be no one. The yard is usually locked.” Nick said, “Every time I pass by there, I see that the yard is

locked. I guess someone will clean it every once in a while! You can ask the current person in charge of Jobin Industries. Didn't you find him?"

Jobin Industries and the Jobin family was now under Haze's name.

After all, Haze's body was not found, and Haze's household registration was still in Jobin's house.

"Third brother, did you tamper with Rebecca's relics back then? It stands to reason that Rebecca should have made photo

albums for Haze, but I didn't find any items related to Haze back then. Rebecca's mobile phone was severely damaged, and all

the data was destroyed. The jewelry and other valuables in her bedroom are all there, but there is nothing related to Haze."

"Didn't Rebecca send you photos of Haze's first birthday? Haze's photo albums should have been taken away and burned. I'm

afraid you will feel distressed after seeing them! These are all done by the second brother and the fourth brother. I just promise

not to betray them, even if I participated." Nick said,

"Actually, I personally don't advocate attacking Rebecca. But the second

brother and the fourth brother can't hold back. If I don't go with them, they may Join forces to deal with me. Besides, I was

blinded by interests, so I have nothing to excuse.”

“By the way, there may be pictures of Haze on my old phone. When I went to see Haze, I took a photo. I'll look for it.” After Nick

finished speaking, he put down his wine glass and went to look for the old cell phone.

After Nick left, only Elliot and Hayden were left at the dining table.

Hayden took out his mobile phone and sent a message to Mike about the situation there.

Elliot also took out his phone and sent Avery a message.

—The son bought three missiles.

Avery:[? ? ?]

Elliot: [It probably cost a lot of money. In order to protect me, my son spent money this time.]

Avery: [...]

Avery didn't know about this matter, so she suddenly learned that Hayden's deployment was to buy missiles, and she didn't know what to say for a while.

Elliot: [I am really touched. If only he could call me daddy.]

Avery: [Have you been drinking? Don't push yourself too far. Take it easy.]

Elliot: [Well, he is by my side now, I feel so happy now.]

Avery: [Is there a whereabouts of Haze?]

The smile on Elliot's face disappeared: [No.]
