Chapter 2496

Tammy smiled and said, “Avery, didn’t you just say that you were not in a hurry? Hayden, now you can get married in your twenties, okay! When you are in your twenties, your children will be soy sauce. Hayden, what kind of girl do you like? Tell me, I have a lot of resources and contacts...”

“Auntie Tammy, my brother stays in Bridgedale! Even if he falls in love, he must be looking for him in Bridgedale. You should worry about me! I-I’m in my twenties, why don’t you rush me?” Layla was very surprised, “At this age, girls are usually married and have children.”

“Do you think it’s easy to have a baby? It’s super painful. The dysmenorrhea may reach upto 100 times, 1000 times, 10,000 times worse than your usual period!” Tammy wanted Layla to play for a few more years, and when she became more mature, she would pick a suitable husband.

“Tammy, don’t scare Layla into fear of marriage and childbearing.” Avery said.

Tammy: “Am I scaring Layla? I’m just telling the truth. Women have to be more cautious when looking for a partner.”

“You don’t have to be so cautious when you are in love, just like it. Marriage needs to be cautious and cautious.”

Avery said

herself, “Layla is indeed not too young, she seems to have never been in a relationship...”

“Layla is still young.” Elliot interrupted Avery, “Layla just graduated...”

“Dad, I should have graduated a long time ago, but you insisted on me going to graduate school. Why didn’t you ask my brother

to go to graduate school?” Layla said dissatisfiedly.

“Layla, your brother created the Dream Maker Group before he was fifteen years old.” Elliot said, “I don’t ask you to be better

than your brother, I just hope you read more books, increase your knowledge, broaden your horizons, and avoid detours in the

future.”

Layla hit the nail on the head: “Dad, you just don’t want me to marry, so you keep letting me study.”

Elliot’s face was stained with a blush: “Do you want to marry? What’s so good about being married...”

“Dad, I don’t know what’s so good about being married, but I see you and mom talking at home every day. I think mom will definitely not regret marrying.” Layla’s tone was a little sour and jealous, “If I can find a man who I love and he loves me at the same time, I am willing to marry.”

“There will be no more people like you in this world Dad loves your man so much.” Elliot broke Layla’s fantasy, “You don’t need to be in a hurry to fall in love now, just stabilize your job first.”

Layla snorted, “Dad, when I was in school, you asked me to study hard, now I finally started working, and you asked me to work hard. I can’t finish the work.”

“Layla, if you want to fall in love, go for it. Mom supports you.” Avery said against her husband, “Your father just hates about your marriage, that’s why I’ve been instilling in you the idea that other men are not so good except him. I believe there must be many excellent men in this world who are worthy of you. But you need to find out.”

“Mom, I find it so difficult! Those men around me are so immature! I especially hate the kind of men who are obviously immature

but always try to pretend that they are mature.” Layla said here, looking at her younger brother, “For example, Robert.”

“Sister, please do me a favor and let me go!” Robert looked innocent and wronged, “I plan to go to work with my brother during the winter vacation, and you will not see me for a month.”

“Hehe, then I will set off firecrackers happily!” Layla was very happy.

“I suddenly remembered something.” Tammy picked up the wine glass, took a sip of the wine, and said, “Layla, do you still remember when you were a child and said that you would marry Eric when you grew up? Are you still in touch now?”

Layla: “Of course I remember! I even told my mother! My mother was scared to death, so I must never tell my father.”

Elliot frowned. Glancing at Layla and at Avery, he asked: “When did this happen?”

Avery rubbed her temples with her fingers, pretending to lose her memory: “Isn’t this a long time ago? I can’t even remember.”

“Hahahaha! I haven’t seen Eric for a long time, he is married now, is it?” Tammy didn’t think it was a big deal to join in the fun.

Seeing Elliot's face change, he continued to talk about this topic.

“No! If he gets married, it will definitely be reported on the Internet.” Layla said lightly.
