Chapter 2509

Siena: “Young Master, why aren’t you wearing pants?”
Go get your pants! Get up quickly. You can’t keep the teacher waiting for you.”

Ten minutes later, Siena pulled Lucas out of the room. The teacher frowned when he saw the two of them chattering.

But seeing the scar on Siena’s face, the teacher’s brows stretched again.

“Teacher, I’ll talk to you alone.” Lucas said to the teacher.

The teacher nodded and followed Lucas to the side. About a quarter of an hour later, after the two finished chatting, the teacher frowned slightly and walked in front of Siena.

The teacher: “Let’s start making up lessons!”

Siena froze for a moment, then looked towards Lucas:

“Young Master, come make up lessons!”

“Siena, you make up! Show me your notes after you finish. The class fee is calculated according to the time.” After Lucas

finished speaking, he nestled her tall body into the sofa and started playing with her mobile phone, “You two go to another room to make up lessons, don’t disturb me.”

Siena: “...”

Teacher: “Siena, let’s go!”

Siena felt weird, but couldn’t tell.

Siena took the teacher to an empty guest room.

After wiping the table clean, Siena took out the books in her schoolbag.

“Siena, what courses do you need to make up? What do you think you lack in knowledge? You can tell me.”

The teacher said.

Siena said embarrassingly: “Teacher, didn’t you chat with the young master just now? Just make up the lessons according to the young master’s needs. I will take notes and give them to the young master.”

The teacher couldn’t help laughing: “He asked me to make up for you, leave him alone.”

Siena: “...”

Teacher: “He asked me to get the salary, don’t talk too much. It doesn’t matter if I pay anyone, as long as the salary is not bad, I will do it. Besides, the young master’s appearance is not suitable for studying at all. Even if he sits here and I give him extra

lessons, he won't listen to it."

Siena: "Teacher, the young master is actually very nice..."

Teacher: "I can see that he treats you very well. He said he was looking for a Teacher, but he ended up giving you extra lessons.

If I were you, I would also think he is nice."

Siena froze: "Teacher, you are not his father who invited him here on his own initiative."

Teacher: "The person who introduced me said that he wants to make up the lessons himself!"

For a moment, Siena couldn't be more moved.

Lucas did not seem to be the kind of person who loved to study.

Whether it was the Teacher his father found for him, or the Teacher he asked his father to find for him, now he asked the Teacher

to give him tutoring, this kindness, Siena would never forget.

After class in the afternoon, Siena went to the kitchen to cook.

After dinner, the teacher gave her two more lessons.

Teachers were paid by the hour, and they got paid as much as the number of classes they took in a day, so as long as Siena

could bear it, it was completely fine for the teacher to take a few more classes.

At 8:00 p.m., Siena sent the teacher away.

After watching the teacher leave, Siena returned to the auxiliary building and closed the door.

“Young Master, thank you for asking the teacher to give me extra lessons! When I am admitted to university...” Siena walked up to Lucas and spoke excitedly.

Lucas got goosebumps: “When you are admitted to university, you don’t need to be my servant.”

Siena froze for a moment: “Young Master, so you mean that?”
