Chapter 2510

Lucas saw her face disappointed, d\*mn compassion made him explain: “When you go to college, You can find a job near the school. University courses are more difficult than high school. If you continue to study by yourself, you are not afraid that you will not be able to graduate?”

Siena nodded solemnly: “Young Master, what you said makes sense. But why don’t you make up lessons with me? Don’t you

want to go to university too? If we can go to a university, then I can continue to take care of you.”

“You have a good idea.” Lucas poured cold water on her head, “You just want to be in the Hogan family as a servant?”

“There is no distinction between high and low occupations. If you can go to school, take care of you at the same time, and make

money, that would be great!” Siena was afraid that he would misunderstand, and added, “Young Master, I don’t have to earn your family’s money, I just...I like to stay with you. You don’t bully me, and you are very kind to me.”

Lucas was a little hot by her praise, so he picked up the water glass on the coffee table and drank it.

“Who do you see needs to be taken care of after going to college?”

“The young master of a rich family needs it!” Siena replied without thinking, “Miss Paulina is going to college in another place.

Your father hired a nanny for her in the local area to take care of her daily life. If we both get into a university, you don’t need your father to hire another person. Even if your father doesn’t pay me, I can take care of you. If I have time outside of part-time work.”

Seeing her seriousness, Lucas asked, “Which university do you want to go to?”

Siena: “University of Thopiavelle.”

Lucas: “Nothing.”

Siena: “Young Master, don’t hit me!”

Lucas: “I said I’m not good.”

Siena: “...Young Master, are you poor at studying?”

Lucas: “Guess.”

Siena: “I think you are unwilling to learn. If you are willing to learn, you must be better than anyone else.”

Lucas blushed from the praise.

Siena continued to encourage: “Young Master, from tomorrow on, you can make up lessons with me! Let’s take the University of

Thopiavelle exam together. Okay?”

Lucas felt as if he was being held hostage by her:

“You...”

“If you are admitted to University of Thopiavelle, I will tell you a secret.” Siena took a deep breath and said mysteriously, “No one knows this secret.”

Lucas forgot what she wanted to say just now, and was caught by her secret and got attracted.

“What secret do you have?” Lucas couldn’t imagine that such a simple person as her could have any secrets.

“It’s boring to tell you now. Only my mother-in-law and I know this secret. But my mother-in-law has already left.” Siena now

talked to Lucas the most every day, and Lucas had become the only person she could confide in.

“I’m afraid your secret can only be rotten in your stomach.” Lucas laughed at himself, “I can’t get into University of Thopiavelle.”

“Hey, in fact, I might not be able to get into University of Thopiavelle. The score line for University of Thopiavelle is too high.”

Siena sighed suddenly, “That’s where the exam will be! Young master, I still want to thank you. If I have something to do in the future, I must treat you to dinner.”

Lucas: “...”

“Young master, let me add you on Whatsapp.” Siena found the mobile phone from her schoolbag and wanted to exchange contact information with him.

Lucas raised his eyes and looked at her sincere face:

“You have to be promising to invite me to dinner?

What if you are not promising in the future?”

Siena: “...Master, if you say that, I don’t know how to answer you. In fact, I can treat you to dinner when I get paid. But I can’t treat you to expensive food. My salary has to pay off the debt.”

Lucas took his mobile phone, entered her number, and handed it back to her: “In the future, if someone robs you, call me. It’s very late today, go back!”
