

# When His Eyes Opened

Chapter 2512

Chapter 2512

Eric glanced at Layla.

Layla's facial features were actually similar to when she was a teenager, but now she had a more mature temperament.

But Eric knew that Layla's inner world was not that mature.

Because Layla had always lived with her parents, and had always been under the protection of her parents.

She was a really

pampered daughter and a flower in a greenhouse.

Such a person would have a relatively simple personality, and at the same time, his ability to withstand setbacks was a little worse than ordinary people.

"Did your parents urge you?" Eric asked, "Your father probably won't urge you, right?"

"My father wants me to be lonely forever." Layla teased, "What kind of person is my father? It's not unclear. He thinks that all the

good men in the world are in our family. The men outside are not good. So he doesn't want me to fall in love, let alone get

married. He thinks I will be hurt by men."

Eric Can't help laughing: "It's not surprising that your father thinks this way. If I have a lovely daughter like you, I definitely don't want her to get married too early."

"But I'm almost twenty-five years old! I'm not a child long ago. My brother is already an adult!" Layla said and held the straw and took a sip of juice, "Is there any good man around you? Let me introduce him!"

Eric laughed loudly: "Let your parents introduced it. If someone introduced you, I'm afraid you won't be able to pass the test of your parents."

"My mother doesn't care about me so much. My father let me work hard, and my mother let me find someone to fall in love with.

Of course I listen to my mother."

The waiter came over with the dishes, and Layla immediately put the juice cup aside.

"I don't eat much at noon, and I'm starving to death right now." Layla picked up the chopsticks and said to Eric, "You're about to quit the circle, you should be able to eat freely!"

Eric shook his head: "You can wait until you really get out of the circle."

“Then you’d better get out of the circle quickly! You can’t eat casually, it’s terrible.” Layla ate the meat and had an epiphany, “I know why I didn’t enter the entertainment circle. It’s because I watched some female artists’ daily vlogs before, either in the gym, or at work, or eating a diet meal... I don’t want to suffer that.”

Eric: “Yes. After all, I gained ten pounds on camera.”

Layla: “Haha, wait for you If you quit the circle, we can often have dinner together!”

Eric: “Aren’t you looking for a boyfriend? You can find a boyfriend to fall in love with.”

“Could it be that if I have a boyfriend, I can’t have dinner with you?” Layla asked in surprise.

“Aren’t you afraid that your boyfriend will be jealous?

If your boyfriend has dinner with other opposite s-e-x behind your back,

wouldn’t you be jealous?” Eric laughed, “You will know when you fall in love.”

“I Can’t you bring your boyfriend to eat with you?”

Layla glared at him, “You are too careful. We have known each other for so

many years, even if we eat alone, who dares to have an opinion?”

Eric was childish by her, “Then I’ll go back and see if there is any suitable person. If there is, I will recommend it to you.”

Layla was stunned for a moment: “Do you really want to introduce me?”

“It’s not that you asked me to introduce you just now, is it? I know a lot of young men, but basically they are in the circle, I don’t know if you mind.” Eric said. He’s in the entertainment industry, and he’s surrounded by handsome men and beautiful women.

Because he’s a senior, and his popularity had remained high for so many years, so there were many juniors who fawned on him.

“I...” Layla felt a bit stuck in her heart, but she was embarrassed to say it clearly, “Then if you see the right one, push it to me!

Falling in love is not getting married, and my parents won’t say anything.”

“Yeah.” Eric took a sip of coffee, pondered for a few seconds, and reminded, “Even if it’s a relationship, don’t be too casual. Get along first, and don’t trust others too easily.”

“Can’t you trust the person you introduced?” Layla asked back.

Eric: “If you ask me to introduce someone who knows you well and is suitable for you, then I don’t have anyone around me. The ones I know who are suitable for you are all in recent years... But I still suggest you to introduce by other people. They are not in the same circle, and it is difficult to get along with each other.”
