

When His Eyes Opened

Chapter 2523

Chapter 2523

Siena brought the medicine over, opened it, and muttered: “Young Master, I’m the one who got you in trouble this time. You didn’t

want to go out yesterday, so I dragged you out. I was bullied, and it has nothing to do with you. You...”

“Could you please be quiet? I didn’t sleep last night and felt dizzy.” Lucas lay on the bed and closed his eyes, “If my dad finds

you later, don’t talk nonsense. You just said that you were stunned and didn’t know anything at the time.

Don’t let my beating be in vain.”

Siena originally suppressed the tears, but because of his words, the tears couldn’t stop falling down.

“What are you crying for?” Lucas turned his head to the side, seeing Siena’s crying face full of tears, and couldn’t help frowning,

“You don’t listen to what I tell you, do you?”

“I heard it. Aren’t you dizzy? Go to sleep if you feel dizzy!” Siena wiped away her tears, lifted his shirt up, and the injury on his

back immediately appeared in front of his eyes, “It’s all broken, and you still say it doesn’t hurt. Your mouth is so hard, Is it the reincarnation of a duck?”

“What a broken skin. You can’t stand the pain, what kind of man are you?” Siena took out a cotton ball and disinfected his back

with iodophor. “Your father is so heartless. Even though the other party is ignoring you, you insist on admitting your mistake. Isn’t that right and wrong?”

Lucas: “Don’t mention him. Let me lie down quietly for a while.”

“Well, I won’t quarrel with you anymore.” After disinfecting and applying medicine to him, Siena saw that Lucas seemed to be asleep with his eyes closed, so she covered him with a thin quilt and left the room.

Thinking of Lucas being beaten because of herself, Siena felt more and more uncomfortable, and couldn’t do anything.

She returned to the back kitchen of the main building, looking for an opportunity to explain to Master Hogan. If because of her, the relationship between their father and son was destroyed, this was a situation she absolutely did not want to see.

At eight o'clock in the morning, Mr. Hogan came downstairs to have breakfast.

After the housekeeper conveyed Siena's request to see her, Master Xiao agreed to see her.

Mr. Todd led Siena to the dining room.

When Paulina Hogan saw Siena, she immediately frowned: "How could there be such an ugly servant in our family? Mom, did

you invite such an ugly person at home to ward off evil spirits? I couldn't even eat breakfast! "

After Paulina got angry for a while, she said to the servant: "Bring me breakfast to my room, I won't eat here!"

Before Paulina left, she gave Siena a look.

Siena lowered her head in trepidation, and only slightly raised her head after Paulina left.

"What do you want to say, tell me!" Master Hogan said impatiently.

"Master, it's all my fault. Don't blame Young Master Hogan. Yesterday I paid my salary, and I wanted to invite Young Master

Hogan to dinner, so we both went to the city. Young Master Hogan didn't want to go out, but I insisted on him going out. If it's not me, nothing will happen."

Siena took all the faults on herself.

After hearing this, Mr. Hogan was really furious: “He listened to you! I asked you to take care of his daily life, not to take him out to cause trouble! Are you quite proud? You ugly monster! You don’t know how to watch. Are you dating my son? Hehe! Do you think my son can take a fancy to you? The toad wants to eat swan meat!”

Siena didn’t expect Master Hogan to misunderstand, and immediately explained: “Master Hogan, I didn’t have that kind of thought. I-I just think that the young master is taking good care of me, so I want to invite him to dinner. I think he stays at home all day and doesn’t go out, I’m afraid he will be bored.” “You are still quibbling! He told me to find a tutor, but the tutor is giving you extra lessons every day, isn’t it?”

Master Hogan snorted coldly, “You two think I’m a fool! Don’t you know that this family installed a camera in the auxiliary building?”

Siena: “...”

“Siena, I didn’t expect you to be so capable. I told you to disgust Lucas, but you and Lucas got along so well I don’t know

whether to say that you are clever, or that Lucas has a strong taste! Hehehe!” Mrs. Hogan looked at Siena with strange eyes,

“You even took him to provoke the second young master of the Gagnon family. I don’t know the heights of heaven and earth!”

Siena: “It’s all my fault, it has nothing to do with the young master.”

“Okay! For your mother-in-law’s sake, I don’t bother to scold you anymore. From now on, you are no longer a servant of our

Hogan family. Now you go!” Mrs. Hogan said indifferently.
