I'm A Quadrillionaire chapter 683

On the yacht from the deserted island to Dark Cape. David and Selena leaned against the yacht's rail, chatting and admiring the scenery along the way. From time to time, fish flew out of the water. It seemed that they were teasing David and Selena.

David was also interested, but, he was also hungry.

He caught a few fish that jumped out of the water. After killing it, he cleaned it. Then, he took out the grill on the yacht.

After that, he started a fire and began grilling the fish on it. The whole process was completed in one go, and he did it without a single pause. Selena watched David catch, kill, and grill the fish without saying a word, but there was a smile on the corner of her mouth.

'The master at the late God Rank could actually grill fish?

'Plus, he looked so skilled.'

She was really curious about what David had been through.

David's talent was absolutely unparalleled and there was no doubt about that.

No matter which force he was born in, he was an absolute core figure.

However, he seemed to know everything.

First, he brought the dying Goldie back from the brink of death, then detoxified her father, and was now grilling fish.

She wanted to get to know David more and more.

Soon, after the fish was grilled, David took out one of them and handed it to Selena. "Miss Selena, you should be hungry too, right? I'll give you one, if it's not enough, you can take more yourself."

"Thank you!" Selena took the grilled fish and thanked him.

Then, she started eating the grilled fish in small bites, but her eyes never left David. He was a late God Ranker, so not everyone could eat the fish a character like him had grilled.

It tasted good, so it seemed that David had some good fundamentals. After David handed one of the grilled fish to Selena, he started to eat while minding his own business.

It was still that familiar taste. However, a fish from the sea tasted much better than a fish reared in a pond.

After a few moments, David finished one. Then, he picked up a second one and started eating. Selena ate only one while David finished the rest. Looking at David devouring the fish ravenously, Selena felt that this late God Rank master seemed to not have the character of a master at all. He was no different from an ordinary person.

After eating, David tidied up the place. Then, he lay on a chair and basked in the sun.

Selena sat next to David and watched him.

David was a little depressed.

Selena had been staring at him since she got on the boat, and her eyes had never left him. She had to sit next to him and watch him regardless of if he was killing fish, grilling fish, or eating fish. Now, when he was lying on a chair and basking in the sun, she was still watching him.

'She's another superficial woman who only cares about my appearance.'

David thought with some pretense in his heart.

After a while, David could not take it anymore. He sat up and looked at Selena's peerless face and asked, "Miss Selena, do I have anything on my face?"

"No," Selena replied.

"Then why do you keep staring at me like this? It's been like this since I got on the boat."

"Can't I do that? Aren't humans' faces meant to be looked at by others?" Selena asked. "That's rude! Think about it from another perspective, if I stared at you from the moment you came up, how would you feel? You would definitely call me a hooligan, right? So, although you are a beauty, I can't call you a hooligan, but you should stop while you can," David said in a depressed manner.

“No, I won't call you a hooligan, but I will be very happy because at least I can attract your attention, but now I've watched you for so long, yet you don't even want to look at me. I feel. very sad,” Selena said seriously.

‘Uh...

David did not know how to answer that. “Am I really that charming now? ‘Even a peerless woman like Selena is falling for me. ‘Frankly speaking, Selena is definitely the most beautiful woman I have ever seen. Even Lorraine cannot compare to her.

‘It's a pity that I already have Celia.

No!

‘Celia is the most beautiful woman in my heart.’

“Miss Selena, tell me, why did you come here?” David asked seriously.

‘Nothing, I just want to thank you.’

“You don't need to thank me. Your father fought against the Dominic family's God Rank guardian to save me, otherwise, he wouldn't have been injured. At the end of the day, I should thank you all,” David said.

He thought Selena was thanking him for detoxifying her father.

“I am not thanking you for saving my father, but I am thanking you for saving us all.”

“What do you mean?” David asked in confusion.

“It's nothing. I just want to thank you for killing the six God Rank guardians and saving us all! If it wasn't for you, none of us would have survived, my Silver Face,” Selena said with a smile as she looked at David.

'Huh?'

David's brain stopped working instantly.

She knew?

'How was that possible?

'My disguise was perfect, and I even changed my clothes, so how could she recognize me?

'She must be lying!

'Yes, she must be! 'I can't admit to that.' "What did you say, Miss Selena? I don't understand," David asked pretentiously. "Don't you understand? Then I'll make it clearer. You, David Lidell, are Silver Face, the captain

of Dark Cape's Red Flame Mercenaries. Is that clear enough?" "Miss Selena, you must be joking! How can I be Silver Face? Silver Face can kill a mid-God Banker in a flash, so he should at least be a few decades old! How old am I? I'm just 22 years old today. It's impossible! Have you heard of the late 22-year-old late God Ranker?». "I have never heard of it." "That's right, it's completely impossible, right?»

"David, if it were someone else, I wouldn't have associated you with Silver Face. After all, you two are too different. Unfortunately, I have a talent, that is, I will never forget anything that I have smelled. And when I smell it a second time, I can be 100% sure of its origin. The first time I smelled you was when you rescued my father, and the second time was when I was about to be killed and you held me in your arms and rescued me, so I won't be wrong." David looked into Selena's alluring eyes and did not speak.

Selena looked into David's eyes too.

The two looked at each other for nearly a minute before David shifted his gaze. He sighed helplessly in his heart. Selena's heart told him that she was not lying, and this was indeed the case. Which meant that even though he put on a disguise, he still smelled the same. David would not doubt people with this kind of talent in the slightest. Thus... his identity as Silver Face was truly exposed. He wondered if Selena told others about the fact that he was Silver Face.

David confirmed his identity as Silver Face, and after being known by Selena, he was not going to continue to pretend anymore. Since she had such talent, pretending to be stupid would not work, so he should just be honest.

“Since Miss Selena already knows my identity, then I have nothing to say. Yes, I am indeed Silver Face, but I don't want to reveal my identity for the time being. I am asking you to help me keep it a secret, Miss Selena,” David sighed and said.

“Why? David, everyone wants to be a person who attracts everyone's attention. I wish the whole world would know how amazing you are, but you are trying your best to hide and try to make yourself mediocre even though your so-called mediocrity is so dazzling to others,” Selena asked curiously, staring at David with a pair of beautiful and seductive eyes.

She really did not quite understand why David was hiding his power. “There's no reason. It's just that I don't like it, and don't you think my strength doesn't match my age at all?”

“Isn't this a better way to show your excellence? From ancient times to the present, you have done things that no one else can do. A 22-year-old late God Ranker is simply unprecedented, and there probably won't be many others like you in the future,” Selena said admiringly.

David's strength was already on the same level as her grandfather, but he was not even as old as her.

He was truly an indescribable monster!

“No, no, no. There is a saying that goes, 'it's the taller trees in the woods that get their tops blown off. If plants are like this, what about people? Once my identity is exposed, many foreign forces will definitely find a way to get rid of me. Therefore, in order to save my life, I have to keep a low profile, understand?’ David explained. ‘It's the taller trees in the woods that get their tops blown off, but that's before you grow. You're already a mighty tree that reaches Heaven now, so what wind can blow your top off? A late God Ranker is at the peak of the world. My grandfather will be 90 soon and he only has the strength of a late God Ranker.’ “Miss Selena, you have no idea. There will always be people better than you in this world. Didn't you hear what Saunder Chris said? The Grandmaster in his family is even more powerful than Old Master Stefani and Old Master Stefani is a peak God Ranker. Once these people discover that I might threaten

them in the future, would they spare me? What if an even stronger old monster that's even more powerful than Old Master Stefani comes to kill me when the time comes? I might not be able to escape with my current strength." Selena thought about it for a while. David was right. Even though he had become a late God Ranker, there were still people who could beat him.

If foreign forces knew that he was a late God Ranker at such a young age, he would definitely be killed.

However, was there really someone who could surpass Mason in this world? She remembered her grandfather once said that the peak God Ranker seemed to have the world's highest combat power. There was simply no one who could reach beyond God Rank now. However, even if a peak God Ranker came along, with David's strength as a late God Ranker, most of them would not be able to escape. "Then... What can I do to help you?" Selena asked. "Miss Selena, as long as you keep this matter a secret and not tell anyone, it will be the greatest help to me. I still need more time to grow and when I am strong enough to no longer fear anyone, then I can reveal my identity. By the way, you didn't tell anyone about this, did

you?"

"No, David, don't worry. I will keep it a secret for you. I won't even tell my father and grandpa," Selena said solemnly. "Thank you, Miss Selena."

"David, we should be friends now, right?" "Yes, definitely," David replied confidently... "Then you should just call me Selena and not Miss Selena, okay? I don't like the sound of it." "Um... Okay! I'll call you Selena from now on."

"David, I have something to ask you."

"Go ahead."

"How did you do this? Even if you start from when you're in your mother's womb, it's only been 23 years. So how can you reach the realm of a late God Ranker? My grandpa used 80 years to reach this realm." "Actually... I have no idea. I just trained and then I reached this stage. I also don't know what exactly happened."

"You're amazing!" exclaimed Selena. "You believe me?" David widened his eyes and asked. He only wanted to put Selena off, but she bought it.

"Yes! Why not!" Selena said.

She believed David.

David was what her grandpa called the one.

Otherwise, there was no other way to explain how he could have reached this realm at his age.

David was more relaxed after resolving the problem regarding his identity being revealed. Even if he was exposed, there was no danger. After all, he was already a peak God Ranker. However, it was his nature to keep a low profile.

He might get killed if several peak God Rankers besieged him. With his cautious nature, he would eliminate the slightest possibility of this happening.

Once he broke through his mind power and upgraded to the God Level limit, he could surpass peak God Rank and ascend to another level by reaching the double limit.

Only then could he be relieved.

He did not have to worry about people finding out about the system.

The two chatted on the yacht.

David suddenly realized something was wrong. 'We didn't take that much time when we came from Dark Cape, did we?

'How long has it been? "Could we have gone... in the wrong direction? 'Aren't we going further and further away from Dark Cape?' David quickly ran to the control room and stopped the boat. Then he walked out and said sheepishly, "Selena, I think we might have been going in the wrong direction! We didn't take that much time to come over, but we still haven't seen Dark Cape even after more time has passed." "Yeah! I noticed long ago," Selena said as she laughed. She had already realized they were going in the wrong direction. She said nothing because she wanted to spend more time alone with David.

“Why didn’t you say anything? We don’t know how far we have gone,” David said in confusion.

“It’s nice to be adrift like this. Just the two of us with no one to disturb us. You’re here anyway.

You can catch, kill, and roast fish, so we won’t starve. It would be better if we could even have a child,” Selena said longingly.
