"Great-grandpa , since you are saying that David is the one who severely damaged the Mosley family , doesn't that mean he is about the same level as you?" Julia asked in disbelief.

"He's more than that! If it were me, I would definitely not be able to reach his record. If I guessed correctly, David's strength is almost at its peak," Mason replied with a smile on his face.

"That means he's better than you now?" Julia asked, widening her big, beautiful eyes.

"Yes, he has surpassed me, I really can't imagine. David has reached this stage at such a young age, but the strength gap between peak God Rank is not too large. He can beat, but he can't kill the opponent. Thus, a supreme powerhouse at peak God Rank can only be ranked among the five major forces."

"Great-grandpa, how do you think David did it? He's only twenty-two years old! How is it possible for him to reach this point?" Julia exclaimed.

"There is only one explanation . David was born for this . great era. If we want to resolve the catastrophe in the future, David is the most critical person. Therefore, you must take down David," Mason said seriously.

"But David has achieved such heights now and I'm just an ordinary person, so how could he like me?" Julia said in a low voice.

"Julia, I have looked into David. His current girlfriend is an ordinary person like you, and the two of them have a good relationship. However, David has reached peak God Rank and his physique is terrifyingly strong. A normal woman couldn't satisfy him in some ways, and David is a hot-blooded young man, so I'm sure you'll have a chance."

"Great-grandpa, what... What are you saying? If you say that again, I... I'll ignore you!"

After Julia finished speaking, she was about to turn around and enter the room with a blushing face.

She really liked David because David was the best person she had ever met.

It could be said that he had achieved the ultimate excellence in every aspect.

No woman would not be tempted by such a man.

After more and more contact with David, she also began to sink deeper and deeper into her feelings.

Julia was scared.

She knew her life was over.

Except for David, she would no longer fancy any other man.

Plus, she was not willing to just make do.

If she missed out on David, she might just be single for life.

However, if she were to share David with another woman, then it'd be too... unimaginable!

Besides, even if she wanted to, would David be willing? Would his girlfriend be willing? "No! No! What the hell am I thinking?"

Julia quickly stopped the thought.

"Julia, there are some things that you have to fight for yourself. Once you miss it, it will be too late to regret it. Great-grandpa can't help you with this kind of thing," Mason said with a sigh.

What he regretted most right now was not being able to get Julia and David together.

Otherwise, he would be in peace even if he died.

"Great-grandpa, I got it," Julia replied in a low voice. She knew that Great-grandpa really wanted her to be with David

This was her great-grandpa's wish.

However, what could she do?

She also liked David and she wanted to be with David too.

However, David had made it clear that he had a girlfriend.

Since he had said that, it meant that he had rejected her.

She could not take the initiative to climb into David's bed, right?

The other four major forces were the first to receive news regarding the Mosley family,

Then, it was the forces who were a level below them, such as a powerful family like the King family.

At this time, the King family had not even completely come back to their senses after how Mason damaged the Haran family heavily.

Three days ago, because of Selena's emergency, the King family had to rush to fully support David. Although they sent people to support him, they had also been trying to change Selena's mind.

I'm A Quadrillionaire chapter 782

They were trying to get her to go and persuade David to stop working for Somerland.

Now that the two had slept together, she should bring David back to the King family directly and have him be the son-in-law of the King family with complete peace of mind.

With the talent that David was showing now, with a little training, he could do great things in the future.

He could even help the King family become the sixth major force in the world in the future.

This was also the reason why they did not berate Selena too much after learning that Selena and David had slept together.

They could see David's talent.

Such a person was not too bad for the daughter of the King family.

However, judging from the current situation in Somerland right now, they should bring David back and try to get him to distance himself from Somerland. Otherwise, once Somerland could no longer resist the probing from the Haran family or they were sure that Mason was dead, many forces would go after Somerland

and it would become the target of countless hostile forces abroad. At that time, they would also be implicated. Selena understood what the elders in the family were saying

However, she had no choice now.

At this time, she could not tell them the actual situation. She could only promise them and try to delay for a little longer.

She hoped things would turn around soon.

She was 100% sure that Somerland would not just collapse.

She just did not know how long it would take. She just hoped that it would be soon. In the past two days, the elders in the family had talked to her several times and she did not know how long she could withstand it. Unexpectedly, a piece of news that shocked everyone was released after only three days. Not only was Mason not dead, but he was still alive and well at his peak. In one fell swoop, he inflicted serious damage to the probing team headed by the Haran family.

He killed two late God Rankers and five mid-God Rankers.

This record was simply unbelievable!

With Mason's strength , the entire King family was not his opponent.

The supreme powerhouse at peak God Rank had such terrifying strength. It was really shocking.

As long as Mason the stabilizing force did not collapse, no one would dare to eye Somerland.

This time, the entire King family had to thank Selena.

Because of her relationship with David, the King family had to do their utmost to support Somerland during the time of Somerland's distress.

Although they just wanted to support David, the son-in law of the King family, what was the difference?

Of the dozens of hidden families and sects in Somerland, only they, the King family, fully supported Somerland.

This was enough!

The combined effort of the dozens of other forces was also miles short of the King family. Now that Somerland had stabilized, they, the King

family, would naturally get the most benefit.

At this point, they could not have Selena bring David back and cut ties with Somerland.

The higher David's status was in Somerland, the closer the relationship between the King family and Somerland.

In the end, the more benefits the King family would reap.

With a powerful figure like Mason protecting Somerland, the King family would live peacefully and leisurely in Somerland.

Selena was also relieved to hear the news.

She could finally give the King family an explanation.

I'm A Quadrillionaire chapter 783

I'm A Quadrillionaire chapter 783

However, while the King family was still excited, they got a piece of even more jaw-dropping news.

The Mosley family's, one of the world's five major powers, ancestral home was razed to the ground by a man wearing a mask Not only did the family members suffer heavy casualties, but even the peak God Ranker of the Mosley family, Marlon, was seriously injured by the masked man.

This news was even more incredible than the news of Mason still being alive.

The Mosley family was one of the five major forces in the world, and they had a peak God Ranker!

How important was a supreme powerhouse at peak God Rank?

Just look at Mason in Somerland.

It could be said that as long as Mason was around, Somerland would survive.

When Mason died, Somerland would also disappear.

This was the deterrent power of a peak God Ranker.

Now, the world's top force with a peak God Ranker was toyed with and annihilated by one person without the

victim even being able to fight back.

More importantly, this masked person turned out to be Dark Cape's Silver Face.

One must know that according to the news from the grand event of the chosen ones in Somerland not long ago, Silver Face was very likely to be from Somerland based on his actions.

That was to say, Somerland now had two supreme powerhouses at peak God Rank?

Well...

All the forces in the world who received this news were stunned.

A force with two peak God Rankers? It could only be said that Somerland was so good at hiding.

Just now, it looked so weak, and it looked as if the country was about to be destroyed. However, in the blink of an eye, it became a beast and bared its fangs.

It really caught all the forces a little off guard and shook them to their cores.

Delmont held another family meeting just hours later.

.

The core of the King family was very curious.

A family meeting was just held this morning to announce

the news that Mason had inflicted serious damage to the Haran family, and they were still excited.

Why was he asking for a meeting again?

Did something big happen again? Seeing that everyone was there, Delmont said, "Howard, Selena, both of you attended the grand event of the chosen ones in Somerland and both of you have met Silver Face. Tell us what you think of Silver Face."

Although Howard did not understand why his grandpa had suddenly mentioned Silver Face, he still stood up and said, "Grandpa, we don't know Silver Face that well. He wears a mask all the time and we have never seen his true face, but he is very powerful."

Delmont nodded. "What about you, Selena? Do you have any ideas?"

"No. Grandpa, did you bring all of us together because something happened to Silver Face?" Selena asked.

"I did call all of you here again because of Silver Face," Delmont said with a nod.

"What? What happened to Silver Face? Grandpa, tell me what happened to Silver Face," Selena immediately asked nervously.

She knew the identity of Silver Face.

Silver Face was David, and she regarded David as her future husband.

So, when she heard Grandpa say that something had happened to Silver Face, Selena immediately got nervous.

She was afraid that something bad had happened to David.

Delmont was taken aback by Selena's nervous reaction.

Immediately afterward, he looked at Selena with some shortness of breath and asked, "Selena, tell me, do you know Silver Face?"

"I... I don't, Grandpa, please, tell me what happened to Silver Face."

"Since you don't know Silver Face, why are you so concerned about him? Tell me, do you know him? It's very important, Selena, you've always been a good girl to me, and you wouldn't lie."

"I... I do know Silver Face, but I promised him that I wouldn't reveal his identity. Grandpa, can you tell me what happened to Silver Face first?" Since she could not evade the topic, Selena could only answer honestly.

Now, her biggest concern was what had happened to Silver Face.

"Selena, you... Do you actually know Silver Face? Then... Then, does he know you?" Delmont asked in shock.

He was a little afraid that Selena would only know Silver Face one-sidedly and Silver Face had no idea who she was.

So, he asked again. "Yeah," Selena replied.
