

I'm A Quadrillionaire chapter 786

It seemed that they had completely disappeared in the land of Somerland.

There was no news about them at all.

At this time, they just wanted to find a place to hide well and not get spotted by Somerland.

Otherwise, it would be the day that their entire family would be wiped out.

After what they did in Somerland, they were destined to spend the rest of their lives in fear.

They might be discovered one day and get wiped from the face of the earth.

The next day. Springfield in Somerland.

Inside the headquarters of East League Capitals. Pearl was working in the general manager's office.

After returning to Somerland and experiencing that event with Walt, she only rested for two days before coming back to Springfield to start work.

Although David asked her to take more days off, David was busy, and she got bored staying by herself.

Thus, she came to Springfield and started to work.

Ring ring ring! Ring ring ring! Pearl, who was buried in her work, heard her phone ring.

Then, she picked up the phone and took a look.

It was from a subordinate who had gone abroad with her. Before she left, she also handed over all her work abroad to the subordinate.

"Hello?" Pearl answered the phone. "Hello? Ms. Warner?" A female voice came from the phone.

This chapter is provided by . Visit for daily update.

"Is something wrong?" Pearl asked.

"Ms. Warner, you asked me to secretly inquire about the Mosley family and I just paid a huge price to get some news about the Mosley family from a partner."

"Oh? Tell me now. Has the Mosley family done anything big recently?" Pearl asked eagerly.

When she heard that it was about the Mosley family, she immediately became nervous.

The direct descendant of the Mosley family, Walt, was still being held in Somerland! With the power of the Mosley family, they would not just let this go so easily.

Once the other party got serious, she was really afraid that David might get hurt. David was everything to Pearl now.

Even if David told her not to worry, how could she not?

She had been abroad for a long time, so she had a deep understanding of the power of the Mosley family.

As soon as people heard that surname, everyone whom she got into contact with would run to hide like rats encountering a cat.

There were even several big conglomerates stronger than East League Capitals who were so scared they did not dare to make a peep.

They were terrified by just a surname, which showed how powerful the Mosley

family was.

She also found out that the Mosley family was one of the five top major forces in the world.

Meanwhile, Somerland was also among these five powers.

That was to say, only the entire country of Somerland could compete with the Mosley family. Even if David had a powerful background, he could not match the whole of Somerland.

Once the Mosley family negotiated with Somerland under their family name, David might become an outcast.

What should she do then?

How would she save David?
