I'm A Quadrillionaire chapter 787

“Ms. Warner, according to the news I just got, the Mosley family has indeed made a big move. It's unknown who they offended, but the person went to their house.”

“What? The person went to their house? What happened? Please tell me clearly, I'm really anxious,” Pearl asked quickly.

“Someone barged into the ancestral house of the Mosley family yesterday and the castle they owned which had existed for hundreds of years was razed to the ground. It seems that many members of the Mosley family were also killed and injured. This time, it can be said that the Mosley family has suffered heavy losses. I heard that the Mosley family is very domineering, and they are always the bully, so I didn't expect this to happen to them today.”

Pearl was stunned when she heard the news.

The Mosley family's ancestral home was razed to the ground?

The family suffered heavy casualties?

Who would have such intense hatred for the Mosley family?

This was an extermination of the entire family!

Who was the person who despised the Mosley family so much?

Pearl suddenly thought of a figure.

‘Was it... David?

‘He said he's not afraid of the Mosley family and that he'll even surprise me.

‘Could this be it?

‘Is he avenging me with the downfall of the Mosley family?

‘Is it possible?

Very!

There was no such coincidence in the world.

The Mosley family had existed for hundreds of years.

They were very powerful, and they terrified countless people. Yet, they were attacked at this moment and their ancestral home which had existed for more than a hundred years was also destroyed.

Aside from David, Pearl could not think of anyone who would take such a huge risk to do this.

Even if other forces wanted to attack the Mosley family, they would never choose to do so in this way.

However, at this moment, Pearl still had countless question marks in her mind.

She desperately wanted to know the ins and outs of this matter.

'If the Mosley family could be ranked among the five top major forces in the world.

'Then, their strength must not be underestimated.

'If David really was the man who did this to the Mosley family, then how is he now?

'Where is he?

'Did he suffer any injuries?

'Were his injuries serious?

Will he recuperate in a place where there's no one around?

When Pearl thought of this, her heart trembled.

"Do you know who is the one who caused the Mosley family to suffer such heavy damage? Was it a man or a woman? How old are they? How tall are they? How heavy are they?" Pearl asked in a nearly trembling voice.

"Ms. Warner, I don't know all of those details. I only know that this person wears a mask. I don't think anyone knows who they are."

"Oh, alright. T-Thank you, ... I have to go now, so I'll just hang up first."

Pearl hung up the phone with her shaky hands.

She could not stop her tears from falling.

They fell on her desk one by one.

David, was it you?

'Where are you?'

Pearl quickly looked for David's number.

Then, she recomposed herself and called David.

Beep beep beep.

While Pearl was waiting anxiously, someone finally picked up the phone.

Then, a familiar voice said, "Hello, Miss Pearl?"

"David, where are you now?" Pearl asked in a shaky voice.

"What's wrong, Miss Pearl?" David asked.

He could hear that there was something not right due to Pearl's tone.

"Nothing, you tell me where you are."

After Pearl finished speaking, she quickly added, "Don't lie!"

"I'm... cough cough! I'm... cough cough!"

Before David could finish speaking, he coughed several times.

Pearl heard David's continuous coughing and felt a sharp pain in her heart. She could not hold back her tears any longer and they flowed frantically.

She quickly covered her mouth with her hands, trying not to let herself cry out loud.

"David, you... W-What's wrong with you?" Pearl asked in a sobbing voice.

"I'm fine. Cough cough cough! Miss Pearl, it's just a minor cold, don't worry," David replied.

"Where are you right now then?"

"I have something to take care of in Falconia, I'll be back soon, cough cough... Miss Pearl, you don't have to worry about me, it's my first time here, so I'm just... cough cough cough, not used to it. I'll be fine soon enough."

David's constant coughing came through the phone.

Pearl felt as if her heart had been stabbed with a knife.

She was not a fool.

The Mosley family was destroyed, and David happened to be in Falconia.

In addition to that, because of her own affairs, David became a mortal enemy of the Mosley family.

How could such a coincidence occur?

As general manager of East League Capitals, Pearl could be regarded as being in the upper class.

She had long known about the existence of martial artists.

The physique of a martial artist was much better than that of ordinary people.

They could not catch a cold.

David must be injured.

After connecting all the dots, Pearl was almost certain that David was the person who barged into the Mosley residence with a mask and caused all those casualties.

Plus, he only did this because he wanted to avenge her.

Now, he even got injured because he wanted to avenge her.

“David, can you stop lying to me? Are you hurt?” Pearl asked while crying.

“H-How could I get hurt? Miss Pearl, stop overthinking.”

“Yesterday, a person wearing a mask broke into the Mosley family home. They destroyed the ancestral home of the Mosley family that had existed for hundreds of years and caused the Mosley family to suffer heavy casualties . David, are you that person? Apart from you, I can’t think of anyone else who would take such a big risk to do something like that.”

“Miss Pearl, so you... you already know? I was planning to come back and give you a... cough cough cough... surprise.”

When David saw that he had been exposed, he decided to stop hiding.

Pearl would find out sooner or later anyway.

It was just that he was surprised that Pearl would get the news so quickly.

“David, why are you doing this? You didn’t even think about your own safety in order to avenge me. If something happens to you, what should I do?”

Pearl finally could not hold herself back and cried out loudly.

“Miss Pearl, don’t cry. I was confident that I could do it. Otherwise, I wouldn’t be so stupid to directly confront them,” David quickly comforted.

“Confident? If you’re confident, why are you injured?”

“It’s just a minor injury. I’ll be fine after a few days of recuperation. The Mosley family has been almost destroyed by myself, and even their grandmaster was seriously injured. I believe they won’t be able to recover for a long time. What do you think, Miss Pearl? Cough cough cough... I’m amazing, right?”

David said with some pride.

“David, do you think I’d be happy if you did this? You’re wrong!” Pearl said angrily while crying.

“Huh? Miss Pearl... ..”

David did not know how to answer for a while.

Originally, the main purpose of him taking action against the Mosley family this time was to avenge Pearl.

Since Walt the hedonist wanted to use the deterrent power of the Mosley family to force Pearl to submit to him, then he would act directly against the source.

He would destroy Walt's hopes and let him die in despair.

However, Miss Pearl's answer made him a little dazed.

'Shouldn't Miss Pearl be happy and excited?

'Why does she sound so mad?' David was at a loss.
