I'm A Quadrillionaire chapter 792

Inside the Chris family's castle, an important meeting was being held at this time.

The protagonists of the meeting were the three mysterious families behind Falconia.

The Chris family, the Mosley family, and the Oxis family.

After two big events yesterday, the strength displayed by Somerland shocked everyone.

The two supreme powerhouses at peak God Rank were not something they could contend against alone.

Therefore, the other two families were invited by the Chris family to discuss how to deal with Somerland.

As long as the three families joined forces, then no force in the world could stand against them.

Somerland was no different.

Of course, they could not destroy Somerland either.

They could not kill the two supreme powerhouses at peak God Rank just because they wanted to.

This meeting was also held at the highest level.

The peak God Rankers of the three families had all arrived.

Even Marlon, who was badly injured by David yesterday, was no exception.

When he learned that the masked man who broke into the Mosley family yesterday was from Somerland, Marlon felt very aggrieved.

He wanted to find an opportunity to avenge his family.

At this time, the Chris family wanted to work together, so this was everything the Mosley family could ask for.

The representatives of the three mysterious families attending the meeting were Bieber Chris, Marlon Mosley, and Kaiser Oxis.

“Cough cough cough!”

Marlon sat in the chair, looking sick and coughing constantly.

“Marlon, you seem to be seriously injured,” Kaiser asked.

“It’s indeed pretty serious, and I will need some time to recover,” Marlon replied.

“Tell me about the Silver Face person that you fought against. Since he could injure you like this, he must not be an ordinary person,” Bieber also said.

“He’s very strong and he should be close to the peak. It seems that his combat experience is a little lacking, but he can often predict my attack route and tactics, and respond in advance. He’s someone very contradictory, but real. I don’t really understand him, and I don’t think he’s very old either,” Marlon replied after thinking for a while.

“Is there a specific range since you said he’s not that old?” Kaiser asked.

“I don’t think he’s more than fifty years old,” Marlon replied.

“He’s under fifty years old and he’s almost at the peak? Marlon, are you telling the truth?” Kaiser asked in disbelief.

“Kaiser, don’t doubt my judgment. In our realm, even if the other party wears a mask, we can judge their general age from the look, behavior, voice, and other aspects,” Marlon said seriously.

“He’s about to reach the peak and he can predict the opponent’s attack, but he’s no more than 50 years old? What kind of character is this? The mysterious land of Somerland has a lot of hidden talent indeed.”

“It’s true! Somerland has always been a mysterious place. Even in the most chaotic times, no one dared to step into that place,” Kaiser also agreed.

They all lived through the era of Somerland being on the weaker side a hundred years ago.

Even then, not everyone dared to step into Somerland.

“Bieber, you didn’t just invite us here to talk about these boring things, right? Be more practical. How should we work together? Somerland dares to take action against my family, so I must make them pay the price,” Marlon gritted his teeth and said harshly.

He resented Silver Face, which was also David, so much that he wanted to tear him to pieces.

After this war, not only did the Mosley family lose its prestige, but they also became the laughing stock of many major powers in the world.

How could he endure these grievances?

Kaiser also looked at Bieber at this time.

Since Bieber invited them to this meeting, then he must have an idea in mind.

It depended on whether the idea was in their interests.

As long as it was a situation that would benefit all three of them, they would have no reason to refuse.

“Okay, then I’ll tell you. The reason for inviting you to come here today is indeed to strengthen our cooperation, but it may be a little different from what you have in mind. You have to be mentally prepared,” Bieber said with a smile.

“Oh? How is it different? We’re all ears,” Marlon said disapprovingly.

“That’s right, tell us. Stop talking nonsense.” Kaiser followed suit.

The three of them were old acquaintances who had known each other for more than a hundred years.

Since they came from separate families, they would always fight in open and in secret, so the relationship was not that good.

However, they were all equally powerful.

Therefore, they were not so reserved with each other, and they would say whatever came to mind.

I'm A Quadrillionaire chapter 793

"The reason I invited the two of you here today is because I want you to lead your respective families and become affiliated with my family. The Chris family will be the main decision makers of everything What do you two think?"

Bieber smiled and looked at the two of them.

Marlon and Kaiser looked lifeless.

They wondered if there was something wrong with their ears that caused them to mishear Bieber.

How dare Bieber make such a request?

The three families jointly controlled Falconia for many years.

Although they did not know each other well, they still had a certain understanding of each other.

Everyone's strength was similar, and even if they were strong, they were not much stronger than each other. How dare Bieber say that the two of them should become affiliated families of the Chris family and obey the Chris family's decisions.

This was an insult to both of their families.

They were all among the world's five top major forces and yet the Chris family wanted to devour them.

Where did his courage come from?

"Bieber, are you joking?" Marlon asked in a deep voice.

"I'm not, that's exactly what I meant. I want you two to lead your respective families to submit to me. I'm asking about your opinions on this now," Bieber said with a smile.

Slam!

Kaiser slammed his hand on the table.

He stood up and pointed at Bieber before asking loudly, "Damn you! You want our family to make you our master? Bieber, who do you think you are? Who gave you the

courage to insult us like this? Do you want the three of us to break up? Somerland is powerful now, so do you want us to be defeated by Somerland?" "Or do you think you can devour the both of us just because I'm seriously injured now?" Marlon also said with a gloomy face.

"No, no, no, that's not the case. I didn't mean to insult you guys. Marlon, even if you weren't injured, I would have said that, but now it seems that you don't agree with me," Bieber replied.

"Nonsense. Would you agree if I said that?"

"Bieber, since you dare to say that, you should have a trump card, right? Why don't you show us to see if you are more powerful than us. In your current state, we would never agree. I don't think you would agree too if you were in our shoes."

"That's right. Since I invited you here and dare to say such a thing, I naturally am confident that you will make the right choice to submit to my family,' Bieber said confidently.

"Then show us! Don't hide it, if your family can really display the strength to dominate the world, we might view you as our master."

"You are mistaken, I am not qualified to make you view me as your master."

"Who is qualified then?"

The moment Marlon finished asking, he heard a strange voice.

"Me."

Then, a thin old man walked in.

Bieber quickly got up and greeted respectfully, "Welcome, Grandmaster!"

'Grandmaster?'

Marlon and Kaiser were taken aback.

As far as they knew, the member with the highest status in the Chris family was Bieber.

Who was this old man whom he just called Grandmaster?

How did they not know that the Chris family had such a person that would make the supreme powerhouse at peak God Rank behave so respectfully toward him?

"Who is this?" Marlon asked, looking at the old man.

I'm A Quadrillionaire chapter 794

“Let me introduce you guys, this is the grandmaster of the Chris family, Lord Bourne Chris, who is also the greatest person in the history of my family. Four hundred years ago, he brought glory to the Chris family, and now he's awake, so he will lead the Chris family to shock the whole world and make the Chris family the overlords of the world again. If you submit to my family at this time, you can also occupy a place in the world in the future, otherwise, you can just wait to be destroyed,” Bieber said excitedly.

‘What?’

‘He's from four hundred years ago?’

‘How is this possible?’

‘Even if the strength of the magnetic field is increasing, the average person has a lifespan of about 100 years.

‘Plus, if these peak God Rankers control their consumption and make their organs slow down the aging process, they can only live to about two hundred years old at most.

‘How could someone from four hundred years ago be alive today?’

‘Are you kidding?’

“Bieber, are you kidding? How could someone from four hundred years ago live until now? You and I are both peak God Rankers, no matter how we limit our own consumption, our

lifespan cannot exceed 200 years. Where did you get this old man from? Moreover, you're actually addressing him as Grandmaster? I think you are regressing. Your so-called confidence is him? This is hilarious,” Kaiser said sarcastically.

He would never believe that the old man was someone from four hundred years ago because no one could survive for that long.

Bieber was totally insulting their intelligence.

The skinny old man turned his head and glanced at Kaiser.

It was just a glance, but it made the supreme powerhouse at peak God Rank feel as if he had fallen into an ice cave.

Even Marlon, who was not far from him, felt a terrifying energy spreading.

The two looked at Bourne in shock.

How could this skinny old man put so much pressure on them?

They were supreme powerhouses at peak God Rank, and they were the strongest combat force in the world.

Even the powerhouses at the top would not be able to put so much pressure on them.

Could it be... Kaiser and Marlon thought of one possibility, but they could not believe it.

The two looked at each other when Bieber spoke.

“I forgot to tell the two of you that indeed, peak God Ranker can't live for such a long time, but Lord Bourne surpassed peak God Rank four hundred years ago and he took that small step and reached another level. Plus, my family discovered a huge magnetite with a superimposed magnetic field. In addition to that, Grandmaster practiced a special breathing technique. With so many conditions, he was able to achieve this. Furthermore, Grandmaster has been in a state of slumber for four hundred years and has only just recently woken up.”

‘What?’

Kaiser and Marlon were shocked when they heard this.

They could not hear anything other than ‘Lord Bourne surpassed peak God Rank four hundred years ago and he took that small step and reached another level.’

They had thought of this possibility, but they did not dare to believe it.

Now that they had heard Bieber say it himself, the shock in their hearts could not possibly grow anymore.

Someone actually surpassed peak God Rank!

Moreover, this man was standing in front of them.

No wonder one look from him could put so much pressure on these two peak God Rankers.
