

I'm A Quadrillionaire by Xiruo Huang Chapter 829

Chapter 829 His lackeys walked over and were promptly slapped by Mont.

Slap!

Mont scolded them loudly, "You're all useless! You can't even stop a car from driving off! You think he'd actually dare to drive into you?"

The lackeys were still shaking in fear, and they kept their heads down, not daring to say a word.

After venting his anger, Mont walked back to Greenwood University

He had just taken a few steps when he saw a crowd watching the scene at the entrance.

His fury resurfaced, and he shouted uglily, "What do you think you're looking at? Keep looking and I'll carve your eyes out! I'm telling you, Selena belongs to me. Anyone who dares to think about her will be chopped up and fed to the dogs."

No one present dared to refute him as they all knew how powerful Mont was. They did not dare nor had the power to offend him.

Mont only moved on once he saw the look of fear on everyone's faces.

He was still thinking about what David said.

He could only imagine how nice it would feel to sleep with both Selena and Celia at the same time. He felt excited just thinking about it.

Still, he did not believe what David said, since in his eyes David was just a random young man who was spending his father's money and driving a stupid G-Wagon.

David was hardly a competitor to him, but he believed that he should still confirm his theory first.

Soon, it was time for lunch break, so Celia and Selena left the school gates under the many devouring gazes of male students.

David was already waiting at the campus gates. Once the two ladies got into the car, he started the engine.

At the same time, a black car followed secretly behind until they arrived at Celia's villa and saw David and the other two go inside.

The car only drove away when the sky darkened.

ignored it since the car did not actually do anything to harm them.

Moreover, Celia either spent her time with him or Selena, who was a Dragon Rank master, so he knew that she was safe.

A Dragon Rank master was already very strong compared to ordinary people, so Celia was relatively safe.

Hidden aristocratic families and sects would usually be terrified too when they heard the King family name, and if David's deductions were correct, the black car was most likely sent by the trust fund kid this morning, and was after Selena.

In another high-class villa area in Capital City, Mont, who had been in conflict with David that morning, was currently flirting with a pretty lady in revealing clothes.

Ring ring ring!

Mont's phone rang and he picked it up. "Mr. Mont, we followed the car to South Mountain Villa Garden and watched them enter the same villa. No one came out again until we left at night."

The moment he heard that, Mont threw the phone onto the floor.

Bang!

The pretty lady in revealing clothes beside him fell to her knees in shock.

Mont was infuriated.

He did not expect David to be telling the truth and to actually be living with the two ladies.

It meant that David had already taken his goddess' first time, which made Mont felt extremely jealous. His anger made him lightheaded.

It was rare for him to fall for someone so there was no way he would allow someone else to claim his goddess before him.

'No!

'Even if he took her first time , Selena will still be mine!

And as for him, guess I'll just have to erase him from the world.'

Chapter 830

The next day, David sent the two ladies to Greenwood University's entrance again. This time, he did not get out of the car and only watched the two ladies walk into campus before he drove off.

When he was about to arrive at the villa area, a dump truck stopped in his way while he was driving past a rather secluded road.

More than a dozen men stood in front of the truck while two corporate sedans followed him from behind.

More than a dozen other men got out of from the corporate sedans with a metal pipe in hand.

David chuckled.

He did not want to waste time with these people, so he stepped hard on the accelerator and rushed forward.

Those men did not think that David would still dare to drive away when the road was already blocked off, so they quickly dashed to the side.

Bang!

David's G-Wagon crashed into the garbage truck and managed to push the truck away before driving off.

The thirty to forty men stood dazed in place.

This was the last thing they had expected to happen.

'Since when did a G-Wagon get so powerful?

'How did it push the truck away?'

This was beyond their imagination.

Obviously, a G-Wagon could not push a dump truck away, but David used his materialized mind power to clear the path and created such an effect.

Back at the villa, David was about to make a call and find out who those men were to teach them a lesson when his phone suddenly rang.

David picked it up and heard Celia's frantic voice.

"David, something bad happened. Come to school quickly, Miss Selena beat someone up."

"What happened? Tell me slowly."

“Some trust – fund kid called Mont started flirting with Miss Selena and he said some really disgusting things, then Miss Selena beat up him pretty bad.”

“Oh, that’s fine. As long as he’s still alive, there’s nothing to worry about. Relax, Selena will deal with it.”

“Are you sure? I think Mont’s crippled now. His family is pretty powerful and he’s a known trust fund kid in school. Will Miss Selena get taken away?”

“She won’t. Selena’s family is much more powerful than Mont’s, so there’s no need to worry about something as small as this.”

“Oh, okay, then.”

David ended the call with Celia and moved on from the matter because he knew that the King family would deal with this.

After beating Mont up, Selena continued with class as if nothing had happened at all. All her classmates looked at Selena in fear.

The scene was terrifying, and Mont was most likely crippled now.

This new goddess was not someone they could offend, not with how she could continue with classes calmly after beating someone up.

More importantly, no one had come to trouble Selena for her actions while even Mont, the famed trust – fund kid from the powerful Xander family, was no match for her.

Mont was lying unconscious in a bed in Capital City’s Champion Hospital’s intensive care unit, while a middle aged woman laid beside him and sobbed.
