Chapter 877

Chapter 877

After Luna said that, the hall of the Shoron family house was quiet.

No one thought that Luna would scold the entire Scott family.

They were a prominent force with a God Rank guardian in charge.

How could Luna insult them?

"You... You... You unfilial daughter! You're going to anger me to death!" Forrest pointed at Luna and said in a trembling voice.

"Luna, you're something else. You actually insulted my entire family. Mr. Shoron, if you don't give me a satisfactory answer, I will definitely convey what she said to my family. I believe you know the consequences of insulting the Scott family. It's not something a small family like yours can bear," Matthew said with a gloomy face.

At this point, Wendy took action.

She quickly came to Luna's side and slapped her hard across the face.

Slap!

The slap was very hard.

Although Wendy had just broken through, she was a Tiger Ranker after all.

Even if Luna's hidden strength was considered , she was only at first-class, so naturally, she was not Wendy's opponent.

What was more, Wendy did a sneak attack, and Luna did not expect Wendy to act so suddenly.

Hence, she fell to the ground after being slapped.

A trace of blood flowed from the corner of his mouth.

Five fingerprint marks immediately appeared on half of Luna's face.

“You b*tch, you’re too bold. How dare you scold Mr. Matthew and his family? Who gave you the courage to do so? I think you can’t wait to die. If you want to die, don’t drag the entire Shoron family along with you,” Wendy pointed at Luna and scolded loudly.

She did not hold back with this slap at all.

Luna stood up slowly from the ground, not agitated by the slap on her face.

Instead, she said calmly, “Wendy, I will remember this slap. You guys want to rely on the Scott family, fawn on them and be their lackey, but I don’t want to. I want to be a human, and let me tell you, no one can force me, Luna

Shoron, to do what I don’t want to do.”

Luna was being very unusual today. Everyone in the Shoron family sensed that something was wrong.

In the past, although she was dissatisfied with the arrangement of the family, she would never speak about

She would bury everything deep inside. Not only did she voice it out today, she also scolded the entire Shoron family and the Scott family.

Either this girl was crazy, or somehow, she had gotten the confidence to not be afraid of everyone here, including the Shoron family and the Scott family.

Did Luna meet someone powerful while she was studying?

Forrest and the other elders of the Shoron family looked at Luna suspiciously. “Luna, you... You dare to call us dogs? Don’t forget that you are also a member of the Shoron family. What good will it do for you if you offend the Scott family and the Shoron family loses out? I know, you want to send the helve after the hatchet. You don’t have to marry the Quinn family if the Shoron family loses, right? You’re so evil. How can you let down the Shoron family who has raised you and gave birth to you?” Wendy scolded, feeling flustered and exasperated.

“Wendy, don’t say these righteous words before me. If you want someone to marry into the Quinn family, do it yourself!”

“You have to marry them, whether you want it or not, let me tell you...”

Wendy was interrupted by Matthew before she could finish speaking “Wendy, I’ve said before, Luna scolded the Scott family so she can only be a slave to atone for her sins. As for the Quinn family, they only dare to be so arrogant because of their status as a local force. If not, they’d be just like a family of rubbish. My family can easily destroy them.”

“A slave to atone for my sins? You just want to get me in bed with you. You don’t have to make it sound so righteous. However, this is not entirely impossible, it just depends on whether you are brave enough,” Luna said with a sneer.

“What do you mean by brave enough?” Matthew asked with interest.

“You’ll find out later.” “Good, I’d like to see what tricks you can play.” “Luna, are you hiding something from us?” Forrest interjected.

At this time, his tone was not as angry as before.

There must be something going on behind the scenes that was out of the ordinary.

There must be something behind why Luna was acting like this today.

She should be hiding some trump card.

“You all should wait and see,” Luna said casually.

Then, she said to Wendy, “Wendy, do you think you will win? Not necessarily... Just you wait! I have prepared a big gift for you.”

Chapter 878

It was quiet in the hall after that.

Everyone was waiting for the big gift that Luna had prepared.

Half an hour passed quickly.

A man walked in from outside when everyone was about to lose patience.

David came to the address Luna had sent him.

This time, by repaying Luna a favor, he was also fulfilling one of his wishes.

When he walked into the hall, David saw that Luna's left face was slightly swollen, and he could clearly see five fingerprint marks on it.

Even so, he did not want to ask about it.

It was none of his business.

He just came to pay back his favor.

That was all.

If Luna had not rescued Celia back then, he would not want to have anything to do with this woman at all.

When the people in the hall saw David's face, all of them except for Luna were startled.

All of their eyes widened, and their jaws dropped open. They could not return to their senses for a long time.

'I- Isn't this the partial Super – God Ranker , Silver Face David, from the global live broadcast?

'He's also the number in the world today.

'W-Why is he here?

'Wait...

'Is he...!

All eyes turned to Luna.

When they saw the joy on Luna's face, Matthew and Wendy felt light-headed, and they collapsed on the floor.

They were not stupid. How would they not know what Luna's big gift was now that it had come to this?

If she could get him to come here, Luna could basically do whatever she wanted in the world.

They were just small potatoes. David did not even need to do anything, he just needed to say a few words to annihilate their families.

Meanwhile, Forrest and the other core of the Shoron family were flushed with excitement.

Luna wanted to greet David to prove their relationship

However, when she saw David's indifferent and unapproachable expression, she hesitated.

Luna knew that David had a bad impression of her. He was only here this time to repay her favor for saving Celia.

"Are you Luna's elders?" David asked.

"Yes, M-Mr. David, I am Luna's grandfather," Forrest replied excitedly.

"Luna and I are in the same university, and I owe her a favor. I hope you won't force her to do anything. As for the Quinn family, I was the one who killed Zachary. You should know what to do next."

"Mr. David, you can rest assured that we will not force Luna to do anything she is unwilling to do, and we will train her to be the next head of the family. Lastly, the Shoron family will never cooperate with the Quinn family again," Forrest quickly guaranteed.

David nodded.

Then, he said to Luna, "Luna, I've done what I promised. I hope you will behave."

After he said that, David's figure disappeared from the hall of the Shoron family.

"Farewell, Mr. David!"

Forrest knelt on the ground and cried.

"Farewell, Mr. David!"

The others also knelt on the ground and cried.

Chapter 879

David left the Shoron family.

Luna's favor has been paid off.

As for what the Shoron family would do next, David did not care much.

Of course, David felt that as long as the Shoron family was not stupid, they would not continue to make things hard for Luna and continue to cooperate with the Quinn family after he left.

David was still confident about this as the number one person in the world.

Who did not want to flatter him now?

How could someone be stupid enough to go against him?

After he dealt with Luna, David continued with his plans.

A few days later, he had met almost anyone who used to have a good relationship with him.

He also helped those who needed help.

There was one last thing, and that was to accompany Selena back to the King family. Since he had agreed to do this, David would not miss out on this appointment.

He took his promises seriously.

After he was done with that, David would not come out for a while.

He would prepare himself well for the impending catastrophe.

Although it was reasonable to say that the catastrophe could occur at any time over the next fifty years, be it tomorrow or fifty years from now, David had a hunch.

The catastrophe would come soon and not in fifty years time.

Plus, he would not be able to get through it so easily.

Hence, he had to do his best.

He could not be careless in the slightest.

Otherwise, all of human civilization on Earth would be destroyed by the catastrophe if he did not pay attention.

The King family resurfaced in Capital City.

After David returned to Capital City, he contacted Selena.

Soon, Selena rushed over happily.

The two went to the residence of the King family together.

At this time, the King family had received Selena's notice.

The whole family was in chaos.

They had long been waiting for David, the son-in-law, to come to their house.

They would also urge Selena to do so from time to time.

Now, it was finally time.

To give David a good impression, the whole family sprung into action.

Who was David?

He was a supreme powerhouse at partial Super-God Rank and the number one in the world.

Even if David was the son-in-law of the King family, they could not neglect him in the slightest.

By the time David and Selena reached the King family's residence , all of the family's core members were ready.

They were just waiting for Selena to come back with David.

This extreme enthusiasm made David a little uncomfortable.

Since the King family had always helped Somerland, and they had never stopped in both Mason's era and this era, David's impression of the King family had always been excellent. He had a delightful chat with Delmont as well.

They talked about the world, the situation in Somerland, and the catastrophe.

David also expressed his gratitude to the King family on behalf of Somerland.

He thanked the King family for their contribution to Somerland.

However, while David was chatting with Augustus, Augustus asked him about his marriage arrangement with Selena

David was confused.

For a while, he did not know how to answer this question.

So far, he had not established a relationship with Selena!

However, David also knew this was not the time to tell the truth.

Now that he was here, he had to put on a good show.

If he told the truth, he would be undermining Selena.

In such a situation, it would have been better if he did not come here.

In the end, David could only say that right now, he should focus on the bigger picture.

The catastrophe was the most important thing right now, and everything else was trivial before this.

If he could not get through the catastrophe, then everything else would be in vain.

Augustus also reluctantly accepted this answer for the time being. This little episode would not affect the overall situation.

Chapter 880

Chapter 880

Everything was explained since David had accompanied Selena back to the King family's residence.

Overall, the host and guest were happy that the son-in law came to the house this time.

Both parties were happy, and David had fulfilled his promise.

What he needed to do next was to make every effort to improve his strength so he could cope with the coming catastrophe.

Under David's backing, East League Capitals developed faster and faster.

Their business had spread to almost every corner of the world.

However, this time, no one dared to stand in the way of East League Capitals.

The local forces everywhere welcomed them with open arms and even cooperated with East League Capitals fully.

David's lavish points were also skyrocketing every day.

At the same time, a wave of people practicing martial arts began to sweep the world.

Everyone started advocating for martial arts.

Martial arts movies with actors doing their stunts also became popular.

Stars focusing on martial arts were getting more and more popular. As for other singers and the like, they gradually faded out of the limelight.

David's sculptures were also erected in various provincial cities.

This was a treatment that even Mason did not have.

Mason did almost everything for Somerland , but most people who knew this were from the older generation.

The new generation did not really know much about it.

On the contrary, tens of billions globally saw David save Somerland by himself.

Hence, everyone worshiped David, and this was well understood.

Of course, Mason did not care about these false reputations at all, but instead, he deliberately pushed David to the forefront.

Time flew.

In the blink of an eye, three years had passed.

While everyone was basking in the martial arts tide, many new martial artists emerged worldwide after three

years of training

Somerland had produced the most of them.

Although martial arts required very harsh conditions, the requirements for talent were also very high, and the global population base was too large.

There was bound to be some very talented people.

The major forces also used generous conditions to attract these talents to join, and then fully cultivate them.

David was living alone in a secluded courtyard house in Capital City at this time. He had not been idle for the past three years.

East League Capitals had already become the world's number one consortium.

East League Capitals had shares in more than 90 percent of all companies worldwide.

Its valuation had also surpassed tens of billions and had become a well-deserved behemoth of a company.

David would also find time every year to meet his old friends.

Since Celia and Selena were almost inseparable, David saw Celia, Selena and Pearl the most.

However, besides maintaining an intimate relationship with Celia, David would always control himself regarding

the other women.

This was what was great about David.

His willpower was truly terrifyingly powerful.

Even without system's support, David would have surely made something of himself.

As for how powerful he was now, nobody knew, and this was because he had never done anything in three years.

It was unknown if it was because of the impending catastrophe.

Meanwhile , Mason and several other peak God Rankers had recently broken through to partial Super-God Rank. Meanwhile, many of the late God Rankers had also broken through to become peak God Rankers. This significantly improved the combat power of the human beings on Earth.

This day.

David was basking in the sun in the courtyard with his eyes closed. Suddenly, he opened his eyes.

He gazed through the intense sunlight and looked into the distant void.

He seemed to have seen something coming towards the earth at lightning speed.

It was even close to sub-light speed.

"The catastrophe is here." David muttered to himself.
