

No. 1 Supreme Warrior Chapter 3151 - 3155

Chapter 3151

Luther snorted, and his expression soured. "I don't care if you're a madman; your end will always be gruesome so long as you cross me..."

"You have nothing but your foul mouth to blame. If you didn't say so much, things might have ended better for you. I would've given you a quick, painless death!"

Luther readied himself as his hands quickly moved.

Waves of darkness and light condensed in front of him.

He pushed forward, sending the image right at Jackie. The pentagram formed of the powers of light and darkness constantly spun in the air. As it flew toward Jackie, it absorbed the power of light and darkness in the air!

Jackie raised an eyebrow. Just looking at the power of the pentagram, he could tell that Luther was either fourth or fifth in terms of power among the ten of them. This explained why he was this confident.

Alas, Luther was too naive. He thought of others too simply and thought too highly of himself.

Jackie let out a short laugh, temporarily discarding that thought. He had foreseen Luther's plans, after all.

He did not want to stay there for too long as it would only attract too much attention, having provoked a lot of people.

These people wanted to kill him for the sake of their dignity. Jackie was never afraid of facing anyone head-on, but he was still worried that they would come after him as a group.

Jackie's hands constantly moved as he formed seal after seal that slowly condensed in the air, turning into Soul Swords.

Having complete mastery of Destroying the Void, he did not hold back to finish the battle quickly. A hundred Soul Swords were formed in the air. With a wave, the swords condensed into one massive Soul Sword. He pushed forward, and the massive Soul Sword hurtled right toward the pentagram.

Jackie controlled the sword's trajectory, aiming at the lower left corner to hit where the dark energy was condensing. That was the portion of the pentagram that was black.

He could feel dense soul energy at that part, and he aimed to test what would happen if soul energy clashed against soul energy.

When Luther saw that the Soul Sword was heading to where the power of darkness was condensed, he found it deeply amusing.

He shouted behind the pentagram, "You should forget about your tricks. The power of darkness and light can interchange with each other. Don't think that you can destroy the whole thing by just destroying a part and not the whole! You can't possibly counter me!"

As he said that, the Soul Sword was already right in front of the pentagram, accurately piercing through where the power of darkness was gathered!

Chapter 3152

When the Soul Sword and the power of darkness clashed, it caused no shockwaves. Instead, it was like two balls of flames clashing.

Since they were the same kind of energy, they would absorb each other instead of clashing.

Luther's brow raised in shock at the sight. Amid his confusion, he suddenly felt a change.

He noticed that he had lost control of part of the pentagram!

Feeling it further, he was surprised to notice that the power of darkness had actually fused into the Soul Sword after they clashed, leaving the pentagram. It was no longer in his control!

The next second, Luther felt a chill in his heart. Looking down, he noticed a black energy sword pierced through his chest.

After the darkness left the pentagram, it fused into the Soul Sword, causing it to solidify even more. The pentagram had only been half a meter away from Luther. He never stood a chance in avoiding it.

The pain of his soul being ripped apart from his heart caused Luther's whole body to stiffen. His face started to twist as he fell from the air.

Jackie let out a slight laugh.

He never thought that Destroying the Void would seize control of Luther's dark energy after clashing with it.

In the end, it was because the dark energy and Destroying the Void were from the same form of power, which was the soul attribute. Nonetheless, Destroying the Void's power and grade were far higher than the dark energy.

Destroying the Void was an upper ultimate god rank technique, while Dual Absolutes was only an upper earth rank technique. The two techniques were a whole level apart. Against Destroying the Void, Luther's power was as insignificant as an ant.

Luther was in so much pain that he spasmed on the ground vigorously; Destroying the Void was slowly eating away at his soul. The pain the soul could feel was far greater than any physical pain.

No matter how strong Luther's will was, it was insignificant against such pain. At that moment, he had lost even his most basic rationality. He constantly rolled on the floor as though seeking relief.

Try as he did, however, the pain of his soul being torn apart did not cease.

At that moment, Luther did not look like a chosen disciple from a seventh-grade clan at all, looking more like a common beggar seen on the streets. His body was covered in dirt as he spasmed pathetically.

Jackie's expression remained unchanged at the sight. After all, he had witnessed these scenes countless times. However, the warriors at the viewing area were not as calm as he was.

When they saw the Soul Sword piercing Luther's heart, their expressions stiffened. Their eyes widened as disbelief overwhelmed their features.

The sight of Luther dropping from the air and writhing on the floor deeply affected everyone there.

Everything had happened far too quickly and suddenly. It was completely different from the result they were expecting. No one could accept what happened that easily.

The crowd was completely silent. Even their breathing had become slower. The sight was far too unbelievable!

After a while, someone stammered, "Isn't Jackie an alchemist? Who said he was an alchemist? Since when did alchemists become so strong? He dealt with Luther in one strike! Isn't Luther a chosen disciple of the Dual Sovereign Pavilion?"

"Even if he isn't among the top chosen disciples, he's still a chosen disciple from a seventh-grade clan. How did this happen? How did he lose without a contest?!"

Chapter 3153

“You’re asking me? I have questions, too. I’m wondering if I’m hallucinating right now. Isn’t it all too absurd?!”

At that moment, the disciples from the Dual Sovereign Pavilion all stood up from their seats. They had heard all of the discussions, but their disciples did not participate, allowing others to say what they wanted.

Luther had told his fellow disciples before entering the slaughter gambit not to say anything no matter what they heard, hence their silence. However, the abrupt turn of events made them unable to retain their composure.

They had seen Luther’s tragic scene, which caused them to panic. They wanted to rush into the isolated space to save Luther. However, they knew very well that it was just a pipe dream.

They could not do anything outside, nor were they able to. They were forced to look on as Luther rolled on the ground and cried out in agony.

At that rate, Luther could die!

An inner disciple from the Dual Sovereign Pavilion shouted, “Liar! Jackie isn’t an alchemist! When did alchemists become stronger than us proper warriors?! He’s just been a wolf in sheep’s clothing the whole time. Who said he was an alchemist?!”

He was furious and reluctant to accept it.

Various emotions were present in the hearts of the disciples of the Dual Sovereign Pavilion. They wanted to rush into the crowd, pull out whoever had said that Jackie was an alchemist power, and smack them senseless.

They wanted an explanation as to what was happening!

Everyone in the viewing area had complicated expressions on their faces. After all, the result was too absurd.

Jackie’s odds were at seven point five, the highest among everyone. It meant that he was the weakest even in the eyes of the caretakers. Furthermore, everything he had said and done before had been far too crazy. Even though Jackie viewed everything he had done as normal retaliation, in the eyes of the warriors in the viewing area, his retaliation made no sense!

Disciples from high-grade clans did not allow their honor and pride to be challenged.

Everything that was happening caused everyone there to think that Jackie was just a deranged weakling, yet that weakling had shed the moniker in just one strike.

How could anyone digest the change so easily?

The change had been far too quick, and they were not given any time to prepare themselves before that chance.

“I don’t think he’s an alchemist either!”

“An alchemist can’t possibly be that strong. They put most of their time into mastering alchemy, so they should have no time to train at all, so their power should naturally be weaker than ours!”

“That’s right! It looks like he was just faking it. No wonder he refused to back down to anyone. He was actually that strong. Luther was no match for him at all; he couldn’t even stand up to a single blow!”

“I feel like their exchange is too strange. Jackie let out that massive gray blade. After it pierced into the dark energy, it swallowed it up to strengthen itself. It pierced into Luther’s chest before he could react! Luther had no chance to fight back!”

After that person said that, the warriors around him asked curiously, “You feel like Jackie’s technique can swallow dark energy?”

“That has to be it!” came the reply.

“Otherwise, why did both energies fuse when they clashed?!”

“It looked like they fused, but how could two techniques fuse together? There’s only one reason that could happen, both techniques use the same energy. Thus, the stronger power managed to swallow up the weaker one, strengthening itself!”

Chapter 3154

That person’s eyes were sharp, and he immediately saw through the one most important aspect, two different techniques should not be able to merge.

The reason why Luther lost control of the dark energy was exactly what that person said, Destroying the Void was too strong. After piercing through the energy, Destroying the Void swallowed it to strengthen itself!

The viewing area was filled with fervent discussions. After all, they had just witnessed something that shattered what they had thought before.

Compared to the intensity in the viewing area, the betting area that Rudy was at was much calmer. Of course, the peace did not last that long.

Evan was panting roughly as his whole body quivered. It was not just Evan, even the other disciples from the Pentagonam Clan behind him were all breathing erratically.

Compared to the others, Rudy was noticeably much calmer. He knew how strong Jackie was from the start, so Luther challenging Jackie amused him to no end. Luther had even bragged about how strong he was before.

After hearing all of that, Rudy almost lost control and laughed on the spot.

Luther did not have much longer to live at that point, and Rudy did not even blink an eye!

Evan's breaths grew labored. Even Rudy, who was a few meters away from him, could hear it.

Rudy turned and noticed Evan's eyes had reddened. His fists were clenched tightly, and he looked like he had seen a ghost. Rudy let out a cold laugh, recalling what Evan had said to him before.

Evan had said that he was an ignorant fool and that Jackie was a complete madman. There had been insults hurled at Rudy and Jackie.

Rudy only had one thought in mind at that moment, it was the perfect time for some revenge.

He sneered as he quickly walked to Evan. "Oh, what's wrong? Have you been poisoned? You look a little breathless. Why do you look so bad? Are you alright? Thankfully, I'm an alchemist. If you need any pills, I can sell them to you!"

The moment he said that, Evan almost lost himself in anger.

Evan was no idiot, and he could tell that Rudy had been mocking him. Evan gritted his teeth and looked at Rudy. He wanted to say something in retaliation but found himself unable to.

Rudy raised an eyebrow and said, "With the grudges between Trevor and Jackie, Trevor must be frantically searching for Jackie right now. When he finds Jackie, he'll definitely attack Jackie right away!"

"Trevor thinks that he'll be able to kill Jackie incredibly easily with his skills, so I'm really looking forward to them meeting each other!"

Evan continued panting. His eyes were threatening to pop out of their sockets. If he had heard what Rudy was saying before, he would have rebuked Rudy since he trusted in Trevor's skills. However, he no longer had that confidence.

Jackie had dealt with Luther in one strike, which meant that Jackie was stronger than most warriors. Even he did not have the confidence that he would beat Jackie.

Trevor was stronger than himself but not by a long shot. The chances of Trevor beating Jackie were not that much higher.

Evan's lips twitched, not wanting to see Rudy acting so pleased with himself at that moment.

He took a deep breath and said, "Stop gloating. Trevor's skills are stronger than Luther! There's no telling who'll win if he fights Jackie!"

Rudy let out a laugh as though he heard a joke. "Didn't you hear what Luther said just now? He was using an upper earth rank technique, and he was only a step away from the second level!"

Chapter 3155

"If I'm not mistaken, Trevor's probably at around the same level as Luther. Even if Trevor is stronger than Luther, he's that much stronger!"

Evan's lips quivered. "I'm telling you right now! Don't underestimate Trevor! I myself don't know how strong Trevor is right now. We haven't faced each other for a while. He told me that he has gotten quite a lot stronger since he entered the Whirling World, and if memory serves, he's already passed the hurdle and is now close to or at perfection with his technique! If Jackie fights him, it should be an even match!"

As he said that, his tone was strangely firm as if he had already seen the result.

Rudy was amused, raising an eyebrow as he said, "There's no point saying all of that. Trevor might even be killed before he even meets Jackie. Who knows?"

Evan was furious when he heard that and half-shrieked, "Is speaking nonsense your specialty?! I can assure you that other than Chris and Edward, no one can kill Trevor!"

Evan looked so emotional that it looked like he could pass out at any moment!

Rudy raised an eyebrow and laughed slightly, saying, "Alright. Let's wait and see!"

Jackie slowly walked toward Luther in the isolated space, coldly staring as he watched Luther writhing and rolling about.

At that moment, he could feel that a third of Luther's soul had already been consumed. Even if Jackie stopped at that moment, Luther would still die.

Jackie raised his hand and stopped Destroying the Void from eating Luther's soul, which allowed Luther to finally regain his sanity.

He was panting weakly as the light in his eyes slowly returned. After regaining a bit of himself, he stared at Jackie's calm face.

Luther felt his chest constrict, and he spat out the blood in his mouth. He started to twitch as his eyes were filled with anger and hatred. "Who are you?!"

Jackie's lips twitched helplessly. Many had asked him that same question and why he was 'in a disguise.'

He felt helpless. He clearly never disguised himself, but none of them believed him when he spoke the truth, and they still questioned him in the end.

Jackie raised an eyebrow, starting to think about his interactions with Luther before entering the isolated space.

After thinking about it, he found that the two of them had not even exchanged a look after Luther entered the waiting area.

He sighed in exasperation, "We never even butted heads before, yet you came to me so ready to die. I tried to stop you, but you left me with no choice. You needed to die, anyway. There's no difference if you died to someone else or in my hands..."

Luther had an intense fit of coughs as his whole body shook.

After coughing for a long time, he panted as he said, "I was too careless! Your disguise was too perfect. I thought that you were just a crazy alchemist! If I'd known that you were hiding your skills, I wouldn't have lost to you!"

After hearing that, Jackie felt like it was a complete joke. Even as his death loomed near, Luther was still trying to fool himself.

Jackie calmly said, "Let's not talk about if I disguised myself for now. Let's talk about what would happen if you knew my skills..."

"Actually, there's no need to think about it at all. You know very well that no matter how much more you know, you're just too weak for there to be any changes."
