

Madam Winters's Fight For Her Children Chapter 1101

The beautiful woman's face instantly turned dark.

Ninian, who was on the other side of the call, analyzed the current situation very quickly through the video and conversation.

Her eyes crinkled, and she smiled before she teased, "Young Master Harold, how awesome! Did you just change partners? What about the one sitting in your passenger seat yesterday? Are you not contacting her again?"

"Ninian! You... What nonsense are you talking about?"

When the beautiful woman heard that, her face turned blue from anger.

Ninian then smiled and resumed. "It's okay, Young Master Harold. Even if you're involved with many women and you're flirtatious, you'll always be the most handsome man in my heart. I'll always love you!"

"What the heck? Stop talking nonsense!" Harold's expression darkened as he scolded her.

When the beautiful woman heard his response, her expression lit up slightly.

However, Harold did not stop there. "I get really shy when you say that you love me so suddenly. Haha!" After he spoke, it seemed that he could no longer hold back, and he just kept giggling in a silly way.

The beautiful woman, whose face had just lit up, became speechless.

She glared at the silly man who was giggling, and her eyes were filled with anger. At the next moment, she threw the flower bouquet at his face.

"Hmph! Jerk!"

Jl

Harold was speechless.

The beautiful woman spat on him and left only after she said, "Don't let me see you again."

Harold was stunned, and he subconsciously stretched his hand out to stop the woman from leaving.

On the other side of the call, Ninian was already rolling on the couch and feeling her stomach ache from laughing.

Nerola cast a glance at her while feeling sympathy toward Harold.

Ninian laughed for a long time, and her frustration immediately disappeared.

Indeed, Harold who was at the bottom of the hierarchy in the Winters family was the best solution to solve her worries.

“Okay, Hal, stop looking. She’s gone.” Ninian could not help but call her brother back.

Right then, Harold still felt lost and confused. His handsome face had the expression of someone who had just been wronged. “What is she doing? She’s so unpredictable. She was happy just a moment ago, but she suddenly left in anger. She even called me a jerk! Why am I a jerk? I even bought her flowers and a necklace!”

, “Necklace? It’s not the one you bought from the auction, is it?” Ninian was surprised. “Why would you willingly give her that necklace? Is she your true love?”

“I don’t consider her my true love. We’ve just met twice and chatted for a few days. She said that she wanted it, so I couldn’t turn her down.” As Harold spoke, he scratched his head. “What a shame. She left without getting the necklace. I guess she’ll be very sad once she gets home.”

Listening to her brother’s weird regret, Ninian was speechless.

She just wanted to prank him, but she had awakened her conscience now. “Hal, do you still remember when George bumped into you and Lana not long ago? If George finds out that you’ve got a new girlfriend after a few days, he’ll probably kill you,” she purposely reminded him.

When Harold heard that, he shuddered and agitatedly

said, "What the f*ck?! How could I forget? Luckily, this woman is gone! That was so scary!"

Ninian was nearly defeated by his silliness.

She secretly sighed and thought, 'This was her biological brother! They were biological siblings! She could not despise him!'

Ninian added, "Hal, can you help me check the date of George's flight to Ufyra, Ganstern. I'm worried that I'll meet him on the same flight."

U

"Oh, okay," Young Master Harold answered firmly before he tussled his hair and curiously asked, "Why are all of you going to Ufyra?"

Ninian was at a loss for words.

The atmosphere became very strange and awkward.

"Hal, don't tell me that you've forgotten about Mel's piano concert?" she asked softly.

Harold stared at his sister.

It took him a while before he registered what Ninian had just said.

Melody's piano concert!

Harold was totally stunned.

His complexion turned visibly pale. Then, he cursed in shock and jumped like an enraged cat.

"What the f*ck?!"

"I'm doomed! If Mel realizes that Madam Winters's Fight For Her Children Chapter 1102 I've forgotten about her concert, she'll never forgive me!"

"Ah! Help! What should I do?"

Ninian was speechless. She helplessly massaged her forehead and asked in disappointment, "Hal, can you be more reliable?"

Harold nearly cried when being despised by his youngest and cutest sister.

"I'll stop talking to you now. I'm going to buy a flight ticket. I also have to buy some special local products and presents for Mel!" Harold quickly said, "Bye, Ninian! I'll miss you! I'll always love you! Remember to keep this secret for me! Muack!"

After Harold gave her a flying kiss, he immediately hung up.

Ninian on the couch already felt helpless.

She finally understood why her daddy, George, and Alden always worried about Harold.

TAPI

That was really a lot to worry about him.

After Ninian put down her phone, she sighed and recalled what Harold said in the next second.

TA

Should she also prepare a present for Melody?

She immediately took action. She instantly got up from the couch, went back to her room, and started working.

The next morning, the sun rose very early.

But Ninian refused to wake up.

She was so sleepy. She had worked till the late hours to prepare a gift for her sister before she slept last night.

Off days were rare, so she wanted to sleep until noon!

Her phone rang repeatedly, and it finally woke her up. When Ninian held her phone and took a look, her annoyance instantly died in her throat, and she immediately got up.

"Geo-George!" Ninian stammered. "Why are you calling me?»

"Grapie, did you do something bad?" She heard George's deep and husky voice. "Why do you sound so guilty?"

Ninian gulped. She smiled awkwardly and said, "Why would I do bad things? I just yawned in class, and you caught me. You're really scary!"

As Ninian spoke, she stuck her tongue out and made a face on the other end of the call.

"No wonder you sound like you've just woken up,"

George said. "Do you still remember Mel's concert? Have you bought a ticket? Do you want me to buy one for you?"

"No, I've already bought mine!" Ninian immediately rejected his offer and tried to ask, "George, when will you go over?"

"My flight is tonight."

“So early? But there are two more days to go before Mel’s concert!” Ninian was surprised.

George’s tired voice rang out after he remained silent for a while. “A friend of mine is there for a business trip. I want to take this chance to arrange a meetup.”

“A friend...” Ninian lengthened her intonation, and her eyes glinted. She nodded and said, “Okay, George, all the best to you.”

After Ninian hung up, something flashed in her black grape-like eyes. Then, she turned on her phone and gave Harold a call.

As soon as her call was picked up, she heard Harold begging for mercy.

“Grapie! I’m sorry! I haven’t figured out George’s schedule!” Harold sounded unusually excited. He quickly said, “I got home really late last night. Georgie smelled the scent of the lady’s perfume on me, so he insisted on asking me about how my relationship with your assistant is developing. I was so scared that I just ran away and hid in my room all night.”

“It’s okay, Hal,” Ninian said generously. “I’m already used to your unreliability a long time ago.”

Harold replied, “Grapie, I’ll feel hurt if you say that.”

“Aha!” Ninian raised her head and looked at the sky without caring about him.

After she joked with him, she said, “Hal, I’ve asked Georgie about his schedule. He’ll depart for Ufyra tonight. He says he’s meeting an old friend.”

Ninian dragged her words and nosily said, “According to my sixth sense that uniquely belongs to girls, he must be meeting Raina. No other person will make him purposely rush to meet them. He even sounded like a grieving woman!”

IULI

“Is this true? Are you sure?”

Raina was George’s first girlfriend, and she was also his dream girl whom he had not been able to forget for many years.

When Harold heard his sister-in-law's name, he also became excited. "That's great! Let's book a flight ticket now. We can depart later and go to the airport to spy on them!"

"Huh? Isn't that too so Madam Winters's Fight For Her Children Chapter 1103n?" Ninian was shocked by his enthusiasm. "If we go now and meet Georgie there, how will we explain showing up there at the same time?"

"Don't worry. I have a solution!" Harold seemed to be getting out of bed and putting on his clothes as Ninian could hear the sound of clothes rubbing against each other. "Dear Ninian, wake up now. I'll buy the tickets this instant and go to your house to pick you up! Wait for me!" he said.

Ninian wanted to cry when she looked at the call that ended and heard the robotic beep sound.

Harold acted swiftly whenever it came to gossip that was related to George.

Could she believe that he had a way to find an excuse for her?

But it was clearly too late to think about it now.

Soon, she finished packing her stuff. When she took a look at the Plois – style wall clock, twenty minutes had just passed after her call.

The car honking sound could be heard from downstairs.

She looked down from the windows, and she saw that a sassy pink sports car was parked under the tree downstairs. A 1.8meter-tall man who looked tall, charming, and handsome was standing by the car, which would make people exclaim.

It was Young Master Harold.

During the thirty seconds when Ninian sized him up, a few groups of beautiful ladies already walked past him and flirted with him. Many of them even asked for his number.

Young Master Harold was a gentleman, and he did not turn anyone away. Soon, he was surrounded by them.

When Ninian saw that it seemed to become more and more crowded, she immediately took her luggage and went downstairs.

Come on, this area was the dormitory of various agencies, and people who lived there were celebrities or staff members in the entertainment industry. Her brother stood there so sassily. He would either end up in a scandal or be kidnapped by an agency.

She could not bear to see that.

“Excuse me, please move away! Please move away!” Ninian immediately went downstairs and slowly squeezed into the crowd.

Meanwhile, Harold was still signing his contact number for the crowd. He smiled proudly and said, “I’m sorry, beautiful ladies. I forgot to bring my name cards today, so please bear with me.”

. After he spoke, he smirked.

The women around him became more insane. They screamed while they squeezed their way in, and Ninian was even pushed until she fell into Harold’s arms.

Madam Winters’s Fight For Her Children Chapter 1104 “Grapie!” Harold was shocked. He immediately held his sister’s waist and nervously said, “Are you alright?”

“Ha! If you’re still not leaving, I’ll go and complain to George!” Ninian forcefully lowered her voice and winced her teeth to threaten him despite being stared at by the women.

Harold was speechless.

Harold’s shoulders slumped, and he obediently surrendered. “Okay, I’ll leave with you now.”

“Excuse me, please move away.” Harold protected his sister while they walked through the middle of the beautiful women. When he got back into the car, he could not help but give them a flying kiss.

“Beautiful ladies, I have something to do today. Let’s meet another time!”

As he said that, he winked, and his beautiful eyes were filled with all kinds of charm.

Screams reverberated again from his surroundings.

Ninian covered her face. She could not bear to see this idiot acting sassy again.

Harold brought her along and left before the women's affectionate gaze. Many women continued to look at their backs.

"I've seen this man. He appeared on the financial news. He's said to be a son of the Winters family."

"The Winters family? The legendary Winters family?"

T

"Yes! If we can connect with him, we can work at least ten years less in the entertainment industry."

"Who was that girl just now? She looks quite innocent and beautiful. It's a real shame that she acted quite quickly."

"She seems to be a newcomer who has just joined Younique Entertainment. She's young, but she's quite cunning. Tsk."

"This Mr. Winters looks very flirtatious and disloyal. Let me see how long she will be pampered."

Harold and Ninian did not know about the discussion.

They arrived at the airport very soon.

After Harold handed his car to the professional valet, he held his sister's shoulder and took her to the VIP lane.

At the same time, outside the lane, Zayn had just sent off a top academician from Ganstern's field of psychiatry. When he turned around, he unintentionally spotted Ninian.

TITEL

When he saw her being so intimate with a man, he subconsciously narrowed his eyes.

He took out his phone and captured their backs before he called his assistant again.

"How's Mr. Craig today?"

"He's pretty good. He's filming a fighting scene with the new female lead in the crew," the assistant said. "What's wrong, Zayn? Has anything happened?"

“Nothing.” Zayn looked down before he asked again,

How long is the actress who plays ‘Elliot White’ on leave?”

“I heard it’s about a week. I didn’t ask about it. But when Mr. Craig accidentally heard about it from the director, his expression seemed a little dark.”

“What about his emotions? Did he fall sick?”

“No, everything remained normal.”

“Okay. Take note of Mr. Craig’s condition. If anything happens, report to me.” After Zayn gave his instructions, he hung up.

LL

When he saw the two figures disappearing from the lane, he raised his hand and touched his golden-framed glasses. His gaze became slightly sharp.

Mr. Craig did not have any emotional swings when Ninian was not around.

Could it be that... his insistence had actually been wrong?

TIT

Would Mr. Craig only remain mentally stable and not fall into that situation when Ninian was away?

While Zayn was in a daze, someone suddenly stood in front of him.

He was slightly stunned before he raised his head to look. He saw a handsome and unrestrained face. The man’s

beautiful eyes were full of hostility and ruthlessness.

Was this... the man who had left with Ninian just now?

Why did he suddenly come back?

“What are you looking at?” The man narrowed his eyes and looked at Zayn. The ruthless aura that he emitted did not match his prideful appearance, which suppressed Zayn so much that he nearly could not breathe.

He firmly said, “What are you trying to do to that girl from earlier?”

Right after he spoke, Zayn’s mind went blank.

Then, a ridiculous idea came up in his mind, which made him resist the man's ruthless and cold superior aura.

"You've thought too much! What would I do to Ms. Winters? I just saw a familiar person, so I felt curious and

wanted to confirm my suspicions."

"Familiar?" Harold was stunned slightly. He stared at Zayn coldly. "You know Grapie?"

Madam Winters's Fight For Her Children Chapter 1105

Zayn knew that Grapie was Ninian's nickname, so he nodded. "We're from the same crew. I'm one of the actors' agents. Ms. Winters has added me on WhatsApp."

It was only after the man heard his words that his face finally lit up. His imposing manner also instantly faded, and he became unrestrained and wild again.

"Oh, you're a friend? You should've said so. This is a misunderstanding. I'm sorry, Bro." As Harold spoke, he even patted Zayn's shoulder twice. He did not seem distant at all.

Zayn was speechless.

The two pats were really forceful.

He held himself back from groaning and said, "May I know who you are?"

"A passerby." Harold grinned and said, "I'm also Ms. Winters' guardian angel. Whoever dares to set their mind on her, I'll throw them strong punches and kill them."

Zayn was speechless.

He raised his hand, stroked his nose, and indifferently said, "Don't worry, I don't have any inappropriate thoughts toward Ms. Winters."

After all, he was not the one who had the inappropriate intention.

When Harold saw that Zayn was calm and sincere, his smile became more genuine.

“Excuse me, Bro, I’ve misunderstood you,” Harold said, “ I’ll buy you a drink when there’s a chance next time. I’m going to look for Grapie now. She must be losing her patience now.”

Zayn nodded calmly. “Take care.”

After Harold left, Zayn also turned back.

11

When he looked at the photo that had been captured on his phone, he thought for a while and made a call. “Help me find out who this man is.”

The man seemed unrestrained and harmless, but no ordinary person could be as sensitive and imposing as him.

Most importantly, he was vigilant, and he had an extraordinary desire to protect Ninian.

It was like... he was afraid that Ninian would be harmed.

Had Ninian been injured in the past?

Zayn speedily left the airport with a lot of doubts. Meanwhile, Harold and Ninian boarded their plane. They leaned back in the comfortable first-class cabin and took a big nap.

Soon, they arrived in Ufyra.

Once they got off the plane, Ninian excitedly ran around the airport and searched for a place that was suitable for hiding

What if Raina came to pick up George at night? Where was the most suitable place for them to hide and watch the show?

When Harold saw Ninian disappear into the crowd again and again, he finally could not help but directly go to the airport’s broadcast platform.

“Mdm. Ninian Winters! If you hear this broadcast, please wait at the service counter on the first floor immediately!”

The broadcast was heard thrice.

LULU

It was broadcasted in three languages, including Cairnstanian, Gansternian, and Englian, which attracted almost everyone’s attention.

—
Everyone looked at the service counter on the first floor at the same time to see which girl had lost her family.

Unexpectedly, they did not see a little girl but a beautiful teen girl whose face was red with embarrassment.

But this girl was already eighteen.

When Ninian looked at Harold who was smirking, she finally could not help but shout as she rushed forward and bit him.

“Harold Winters! I won’t spare you!”

“Haha!” Harold hid from her while he laughed. “Please talk nicely. Many people are looking at you!”

When Ninian heard that, she became more enraged. She could not be bothered with her reputation anymore. She just wanted to fight her brother to the end.

Harold moved back while mocking her, “Grapie, stop resisting. Just surrender! You can’t beat me with your little figure!”

Harold smirked and chuckled. When he moved backward, he hit a muscular body.

The imposing person behind him was very familiar.

Harold could not help but turn back and look over. He saw an extremely handsome face but gloomy eyes.

“Harold Winters, Grapie can’t beat you, but what about me?”

Harold became speechless.

He gulped, but Ninian excitedly jumped. “Ah! Ah! Why are you here?”
