

Chapter 5141

Hearing Charlie's words, these twelve people then dispelled their doubts, while still having some vague excitement.

Originally, the antidote was to be taken once every seven days,

But now it was about to be extended to fifteen days,

To them, this was definitely a good thing to celebrate.

When Charlie saw that the twelve people had already jumped up and down,

He took out the twelve antidotes and handed them to them one by one, saying indifferently,

"In five minutes, you will meet me in the next office one by one in the order in which the pills are given out."

After saying that, he added: "By the way, Lord attaches great importance to this new antidote,"

"So if you have any different feelings from the previous antidote during the trial,"

"You must give me detailed feedback, and if there are any significant discoveries,"

"I will definitely claim credit for you to Lord!"

All of them nodded respectfully, then looked at each other,

Picked up the antidote together and put it into their mouths.

Charlie did not stay where he was but came out of the meeting room directly while closing the door behind him.

In a few dozen seconds, these Cavalry guards would realize that this antidote, Would completely eliminate the severe poison in their bodies.

At that time, whether they chose to conceal it or choose to inform on,

It would depend on each of their inner inclination towards the Warriors Den.

Just as Charlie returned to the office next door, the twelve people in the conference room,

Immediately noticed that something was wrong.

One of them was the first to open his eyes and exclaimed in a low voice:

“Gentlemen, why do I feel that the severe poison in my body has disappeared? Could it be my illusion?!”

Another person immediately said, “Mine has also disappeared,”

“..... is indeed gone, it should not be an illusion!”

“Me too!” Another person said excitedly, “Gentlemen, could it be that this new antidote has some kind of bug?”

“It must be!” A man with short hair sitting in the middle said with unconcealed excitement,

“No matter what kind of bug he has, now that this antidote has lifted the severe poison from our bodies,”

“Does this mean that we no longer have to be forced to listen to the organization’s control?”

The man sitting next to him hurriedly asked, “You’re not thinking of betraying the organization, are you?”

“If the organization catches us, I’m afraid we’ll be worse than dead!”

The short-haired man who spoke earlier immediately retorted,

“What are you afraid of? As long as we don’t talk nonsense and tell the envoy,”

“That there is nothing unusual about the antidote, he will definitely give the antidote to others as well!”

After a pause, the man added: “Don’t forget, we have more than two hundred Cavalry guards,”

“Hundreds more family members in the family area, plus thousands of dead soldiers below the copper mine!”

“If the severe poison in everyone’s body can be completely lifted,”

“Neither the commissioner nor the guards around him can be a match for so many of us,”

“And even if we add that special envoy to the mix, it can’t be stronger than us!”

“At that time, we can completely control them and then occupy the entire copper mine!”

Immediately, one of them asked, “What is the significance of occupying the entire copper mine for us?”

“Once the organization knows that this place is out of control,”

“They will definitely send people to besiege us!”

“What’s the fear of a siege? The short-haired man gazed like a torch and said in a cold voice:

“Don’t forget that they used to control us by the antidote and the severe poison in our bodies!”

“Do you guys think I didn’t want to resist them for so many years?”

“I am willing to give my life to resist them, only that they simply don’t give us the chance to duel head-on,”

“And as soon as they stop the supply of the antidote,”

“In seven days at most, all of us will definitely die!”

Chapter 5142

Speaking of this, he said with a firm expression:

“As soon as the poison in everyone’s body is solved,”

“Then we will organize everyone to ask their opinions if they are willing to resist the organization,”

“Then we will use this as a stronghold and fight the organization to the end;”

“If they tend to escape from the organization’s control,”

“Then we will leave Cyprus overnight and flee for a global scattering!”

“There are so many people fleeing at once, even if the organization wants to hunt them down,”

“I’m afraid it’s difficult to chase them over,”

“As long as everyone escapes to be able to remain as anonymous as possible,”

“I believe that there must be some people who can survive and live freely!”

After that, he looked around at the crowd and said impassionedlly,

“Think about it, our ancestors fought their way from the dead to the Cavalry,”

“And have not been able to regain their freedom for hundreds of years,”

“And this bug in the new antidote is our best chance,”

“And it’s a great opportunity that will be fleeting!”

“Once they find out about the bug, then we don’t stand a chance!”

“Do you all really want our children and grandchildren to be forever shackled by this unbreakable poison as well?”

The short-haired man’s words caused the crowd around him to leap forward a bit.

One of them clenched his fist and said with clenched teeth:

“If we don’t seize this opportunity, our future generations will be controlled by this poison for hundreds of years!”

“Since this is a once-in-a-lifetime opportunity, we have to seize it no matter what!”

After saying that, he looked at the short-haired man and said firmly,

“Just say the word on how to do it, my brother, this life, from now on is at your command!”

“Yes, the Right flag chief, we all listen to your command!”

The others have also taken a stand at one time or another.

The short-haired man said with relief, “Good! Since we are all willing to put up a fight,”

“Then we will first set a plan, the top priority right now,”

“Is absolutely not to let that envoy know that there is a problem with this antidote,”

‘So later when he finds us a separate meeting, we must unify the caliber,’

“Say that no problems were found as well as any abnormalities,”

“So that he will definitely let the next batch of people come over to test the medicine,”

“What we have to do is to seize the time before they are brought here,”

“It is to tell them about these situations before, so that they are also the same as us, do not reveal any clues!”

Saying that he gave a slight beating, and continued:

“In addition, I guess that envoy can not always be here,”

“Waiting for all of us Cavalry Guards to test the medicine,”

“And after the Cavalry Guards more than thirty people in charge at all levels to test the medicine,”

“He will definitely distribute the medicine to us,”

“So that we can give our respective men to distribute the medicine,”

“So after we go back, we have to tell the respective men in advance. “

The people immediately nodded and said, “No problem! We all listen to you!”

The short-haired man added: “Later on, while the other two groups are testing the medicine one after another,”

“I have to go down to the mine to meet with a few elders of the dead soldiers and tell them about this,”

“So that they can fight alongside us! We are all from the dead soldiers,”

‘They have not even had the chance to see the sunlight so far,’

“I believe that this once-in-a-lifetime opportunity, they will definitely grasp it with all their might!”

According to his plan, everyone would first take care of the other 20-odd Cavalry guards,”

“Then split up to take care of the other Cavalry guards under their respective command,”

“And finally mobilize the dead soldiers, so that it would be effortless to take the entire copper mine.

However, these people did not know that all the contents of their discussion had entered Charlie’s ears word by word.

The corner of his mouth wiped a smile of appreciation,
