

Chapter 5151

Charlie's words shocked Jackson, but also made his heart, at this moment, have mixed feelings.

For one thing, he couldn't figure out why this young man would have such confidence,

To intervene to challenge the immense Warriors Den.

Secondly, he couldn't understand why the same person had different lives,

He and Joseph were both martial arts geniuses,

And their cultivation before the age of thirty was not only overwhelming but even seen as astounding.

The fact that he could cultivate into an eight-star martial artist before the age of thirty,

In the original world of martial artists what he knew, was a complete phoenix's hair,

And it was hard to pick one out of ten thousand.

Therefore, when he decided to enter the world and search for a breakthrough more than a year ago,

He had sighed and lamented for Joseph's future.

At that time, he thought that although Joseph's cultivation was smooth until he was thirty years old,

He was after all under his own tutelage, and the way he cultivated martial arts,

And his own method were exactly the same,

So he was bound to face the embarrassing situation of not being able to make a breakthrough for thirty years in the future.

When he decided to travel in the world, Jackson also told Joseph about his worries,

And he even comforted him and promised him that once he found a chance to break through to the Dark Realm,

He would definitely come back to help him.

However, who would have thought that when he had made up his mind to take the initiative to join the Warriors Den,

Waiting for the opportunity to enter the Warrior Camp and preparing to spend at least ten years seeking a breakthrough in the Camp,

His own disciple, Joseph, had already made it to the Dark Realm in one step.

This huge psychological gap made Jackson's heart very uncomfortable,
And even when facing Joseph, he couldn't help but feel a bit ashamed.
The feeling of a master being overtaken by his disciple really made him have mixed feelings.

Joseph also saw the despondency on his master's face, and immediately said offhandedly:

"Master, Mr. Wade is truly a person with great power,"

"And is the head of the Wade family in China, I believe that with Young Master Wade's strength and potential,"

"Eradicating the Warriors Den in the future is definitely not a problem!"

"And he is generous, repaying grievances with virtue,"

"And convincing people with virtue! I broke all my meridians at first,"

"But Young Master Wade helped me to repair them completely,"

"And in one incense stick, I was able to cross the Ming realm to the fullest.

Jackson's expression was extremely complicated.

He also knew that joining the Warriors Den was the next best thing,

And if he hadn't been unable to break through for decades,

He wouldn't have been willing to suffer such humiliation even if he was beaten to death.

Other than that, when he was in the Cataclysmic Front,

Although he was not the real speaker, he was the master that everyone respected,

And his prestige was even higher than that of Joseph.

But after joining the Warriors Den, he was just a lackey of the Warriors Den.

His status, but is just a guard beside the commissioner,

It seems as if there has been considered under one person,

Above thousands of people, but in fact, he has no command over the Cavalry guard, as well as the dead soldiers.

And he doesn't have any men either, he's just at the side of the festival ambassador to be called upon.

Not to mention that now, he had somehow become a prisoner of the person in front of him.

Thinking of this, he also did not think twice to kneel down on one knee,
Clasped his hands to Charlie and said respectfully,

“Mr. Wade, if you do not mind, my name is Jackson Qiu, and I would like to be by your side with humbleness!”
