

When His Eyes Opened Chapter 2535

Chapter 2535

As soon as Siena left, Master Hogan came.

When Lucas saw his father, his temples twitched violently.

“Lucas, I heard what you said to Siena just now. I am narrow-minded.” Master Hogan said, “Your stepmother poisoned your dog, so you transferred your affection for the dog to Siena. Don’t worry, I won’t drive her away again.”

“What about the tutor?” Lucas asked.

Master Hogan: “I can invite the tutor again. But you and Piper need to have a good relationship. Piper likes you very much. If you can be with her...”

“She just wants to play with me, and won’t marry me. I thought you could understand.” Lucas sneered, “If you want to climb others, others think the same way.”

“Hehe! It doesn’t matter! If you have a good relationship with her now, others will not dare to bully you. I don’t have to humbly apologize for the sake of the Gagnon family.” Master Hogan stared at his son’s face, and continued, “You can’t study, I don’t want to force you. But if you can make good use of your advantages, you will definitely be able to find a wife with good conditions in the future.”

Lucas: “My advantage?”

“It’s your face. Otherwise, why do you think Piper has taken a fancy to you?” Master Hogan felt that Lucas was going to get angry again, so after finishing speaking, he immediately changed the subject, “Your second elder brother will be back in two days. I picked him up later. If you don’t get along with your first elder brother and younger sister, you can have a good chat with your second elder brother then. He has a good personality.”

Aryadelle.

Eric’s last concert would be held in the largest stadium in Avonsville.

Tammy dragged her family to Foster’s house at noon.

“Avery, look at my new coat, does it look good?” Tammy said, turning around in front of Avery.

"It looks good! You look good in anything you wear." Avery boasted, "Are you and Kara wearing mother-child outfits?"

"That's right! I wanted to buy one for Jun, but he refused to wear it. Hmph!" Tammy said, taking off Jun's fur coat.

"Avery, tell me, how can a man wear fur? If I wear it like this, I will be so eye-catching! I don't want to be watched." Jun defended himself.

"I didn't force you to wear it, and you're wronged. Eric just wears fur, he looks good!" After Tammy said this, Layla came down from the stairs.

"Auntie Tammy, what Eric is wearing is imitation animal fur, not real fur." Layla explained to Eric.

"Hahaha! I didn't even pay attention! I only saw him wearing furs, so I wanted to buy one for your uncle Jun, but unfortunately he refused to wear it." Tammy said, and asked, "Layla, what are you wearing today?"

"Just wear this skirt and add a coat over it." Layla was wearing a long white dress. Although it was a long-sleeved dress but it was still too cool.

Elliot looked at Layla and asked, "It's minus five degrees outside today, aren't you afraid of freezing?"

"I don't stay outside for a long time. It won't be cold." Layla insisted on wearing a skirt.

Avery teased Elliot: "When you were young, you never wore long johns in winter. What can you say about your daughter?"

Elliot: "Honey, save me some face."

Avery: "Okay. Thank you for accompanying us to the concert today."

Elliot glanced at his watch: "Can we leave now?"

Avery: "If it's past now, you can just enter the venue when you arrive at the scene."

Elliot was about to say, 'Then leave later', Layla took the lead and said, "Let's set off!"
